Assembly Bill No. 194.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 612.

AN ACT relating to professions; providing for the certification of behavioral healthcare peer recovery support specialists by the Board of Examiners for Alcohol, Drug and Gambling Counselors; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes the Board of Examiners for Alcohol, Drug and Gambling Counselors and authorizes the Board to license or certify persons engaged in the practice or clinical practice of counseling alcohol and drug abusers and problem gamblers. (Chapter 641C of NRS)

Sections 4-7 of this bill require the Board to issue a certificate as a behavioral healthcare peer recovery support specialist to authorize a person to give nonprofessional, nonclinical assistance for long-term recovery from substance use and other mental disorders by sharing appropriate portions of the person's own recovery. **Section 6** establishes the requirements for obtaining a certificate as a behavioral healthcare peer recovery support specialist which include the payment of a fee for the application, issuance or renewal of a certificate pursuant to **section 18**. **Section 7** authorizes a behavioral healthcare peer recovery support specialist to engage in the practice of providing behavioral healthcare peer recovery support specialist services only under ~~[the]~~ supervision ~~[of certain licensed or certified professionals or in accordance with a plan of supervision approved by the Board.]~~ **: (1) provided by the entity or organization for whom the behavioral healthcare peer recovery support specialist works; and (2) conducted by a documented and qualified staff member.**

Sections ~~[9-13,]~~ 9-10, 11-13, 15-17 and 19-22 of this bill make conforming changes concerning behavioral healthcare peer recovery support specialists and the practice of providing behavioral healthcare peer recovery support specialist services.

Sections 1 and 2 of this bill provide that the provisions governing psychologists, behavior analysts, assistant behavior analysts, autism behavior interventionists **,** ~~[and]~~ social workers **and clinical social workers** do not apply to a person who **: (1)** is a behavioral healthcare peer recovery support specialist ~~[.]~~ **; or (2) volunteers for a nonprofit agency or organization and, as part of his or her duties, engages in the practice of providing behavioral healthcare peer recovery support specialist services. Section 10.5 of this bill provides that the provisions governing alcohol, drug and**

gambling counselors and behavioral healthcare peer recovery support specialists do not apply to a person who volunteers for a nonprofit agency or organization and, as part of his or her duties, engages in the practice of providing behavioral healthcare peer recovery support specialist services.

Section 8 of this bill provides that the practice of providing behavioral healthcare peer recovery support specialist services is a learned profession that affects public health, safety and welfare and is subject to regulation.

Section 14 of this bill requires each applicant for a certificate as a behavioral healthcare peer recovery support specialist to pass a written ~~[and oral]~~ examination.

Section 23 of this bill prohibits a person who is not licensed or certified by the Board from engaging in the practice of providing behavioral healthcare peer recovery support specialist services.

Sections 24 and 25 of this bill require a behavioral healthcare peer recovery support specialist to report the abuse, neglect, exploitation, isolation or abandonment of an older person or a vulnerable person and provide that a person is guilty of a misdemeanor for failing to do so.

Existing law authorizes peer support recovery organizations to provide peer supportive services relating to mental health, addiction or substance abuse to persons who are 18 years of age or older and who suffer from mental illness or addiction or identify themselves as at risk for mental illness or addiction. (NRS 449.01563) Under existing law such services do not require the person offering the supportive services to be licensed. (NRS 449.01566) Section 28 of this bill removes the language which provides that a person offering ~~[behavioral healthcare]~~ peer ~~[recovery]~~ support services does not need to be licensed. **Section 35.5 of this bill provides that a person engaging in the practice of providing behavioral healthcare peer recovery support specialist services on or before July 1, 2017, has 2 years from that date to meet the requirements for certification and obtain a certificate, as required by this bill.**

Assembly Bill No. 211.

Bill read second time.

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 544.

AN ACT relating to labor; ~~[authorizing a court to award treble damages in an action to recover unpaid wages;]~~ **increasing the amount of the administrative penalty that may be imposed by the Labor Commissioner for the violation of certain requirements relating to wages and compensation; authorizing the Labor Commissioner, under certain circumstances, to award money to persons harmed by such a violation; requiring the Labor Commissioner to post on an Internet website the business name and address of an employer that willfully violates certain requirements relating to wages and compensation;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[This bill authorizes a court to award treble damages to an employee who prevails in an action or proceeding to recover unpaid wages.]~~

Existing law establishes certain requirements and prohibitions concerning the wages and compensation that must be paid to employees. An employer who violates such a requirement or prohibition is guilty of a misdemeanor. In addition to any other penalty or remedy, the Labor Commissioner is authorized to impose an administrative penalty of not more than $5,000. (NRS 608.005-608.195, 608.250-608.290)

Sections 1.3 and 1.4 of this bill increase the maximum amount of the administrative penalty the Labor Commissioner may impose from $5,000 to $10,000 and authorize the Labor Commissioner to award money to a person who is harmed by a violation of the laws relating to wages and compensation if the Labor Commissioner determines that it is in the best interest of this State to do so. Sections 1.3 and 1.4 also limit the amount of the award to the wages and benefits lost as a result of the violation or the amount of the proceeds of the administrative penalty recovered, whichever is less. Additionally, sections 1.3 and 1.4 require the Labor Commissioner to post the business name and address of any employer determined by the Labor Commissioner to have willfully violated the requirements and prohibitions concerning the wages that must be paid to employees on the Labor Commissioner's Internet website.

This bill also requires the Labor Commissioner to post on the Internet website the name and business address of an employer who willfully

violates certain labor laws. Sections 1.3 and 1.4 also authorize the Labor Commissioner to adopt regulations to carry out the provisions of these sections.

Section 1.1 of this bill requires all money collected by the Labor Commissioner as an administrative penalty imposed pursuant to sections 1.3 and 1.4 of this bill to be accounted for separately and used only for awards to persons who were harmed by a violation of the laws governing wages and compensation. Sections 2, 2.3 and 2.5 of this bill make conforming changes to reflect the other changes in the bill. Section 3 of this bill provides that the provisions of this bill apply to any actions and proceedings brought before a final decision has been rendered in the action or proceeding.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~[Chapter 608 of NRS is hereby amended by adding thereto a new section to read as follows:~~

~~*If an employee prevails in any action or proceeding to recover wages which are not paid in accordance with the provisions of this chapter, the employee may recover an amount that is treble the amount of the unpaid wages.]~~ **(Deleted by amendment.)**

607.160 1. The Labor Commissioner:

(a) Shall enforce all labor laws of the State of Nevada:

(1) Without regard to whether an employee or worker is lawfully or unlawfully employed; and

(2) The enforcement of which is not specifically and exclusively vested in any other officer, board or commission.

(b) May adopt regulations to carry out the provisions of paragraph (a).

2. If the Labor Commissioner has reason to believe that a person is violating or has violated a labor law or regulation, the Labor Commissioner may take any appropriate action against the person to enforce the labor law or regulation whether or not a claim or complaint has been made to the Labor Commissioner concerning the violation.

3. Before the Labor Commissioner may enforce an administrative penalty against a person who violates a labor law or regulation, the Labor Commissioner must provide the person with notice and an opportunity for a hearing as set forth in NRS 607.207.

4. In determining the amount of any administrative penalty to be imposed against a person who violates a labor law or regulation, the Labor Commissioner shall consider the person's previous record of compliance with the labor laws and regulations and the severity of the violation.

5. All money collected by the Labor Commissioner as an administrative penalty must be deposited in the State General Fund. ***Money collected as an administrative penalty imposed pursuant to section 1.3 or 1.4 of this act***

must be accounted for separately and used only for awards made by the Labor Commissioner pursuant to sections 1.3 and 1.4 of this act.

6. The actions and remedies authorized by the labor laws are cumulative. If a person violates a labor law or regulation, the Labor Commissioner may seek a civil remedy, impose an administrative penalty or take other administrative action against the person whether or not the person is prosecuted, convicted or punished for the violation in a criminal proceeding. The imposition of a civil remedy, an administrative penalty or other administrative action against the person does not operate as a defense in any criminal proceeding brought against the person.

7. If, after due inquiry, the Labor Commissioner believes that a person who is financially unable to employ counsel has a valid and enforceable claim for wages, commissions or other demands, the Labor Commissioner may present the facts to the Attorney General. The Attorney General shall prosecute the claim if the Attorney General determines that the claim is valid and enforceable.

Sec. 1.2. **Chapter 608 of NRS is hereby amended by adding thereto the provisions set forth as sections 1.3 and 1.4 of this act.**

2. Upon receipt of the proceeds of an administrative penalty imposed pursuant to subsection 1, the Labor Commissioner may, if he or she determines that it is in the best interest of this State, award to a person harmed by the violation for which the administrative penalty was imposed an amount of money that is equal to the lesser of:

(a) Three times the amount of the wages and benefits lost as a result of the violation; or

(b) The amount of the proceeds of the administrative penalty.

3. If the Labor Commissioner determines that an employer's violation of NRS 608.005 to 608.195, inclusive, or any regulation adopted pursuant thereto was willful, the Labor Commissioner shall post the business name and address of the employer on an Internet website maintained by the Labor Commissioner.

4. The Labor Commissioner may adopt regulations to carry out the provisions of this section.

Sec. 1.4. ***1. If an employer violates any provision of NRS 608.250 or any regulation adopted pursuant thereto, the Labor Commissioner, in addition to any other remedy or penalty, may impose against the employer an administrative penalty of not more than $10,000 for each such violation.***

2. Upon receipt of the proceeds of an administrative penalty imposed pursuant to subsection 1, the Labor Commissioner may, if he or she determines that it is in the best interest of this State, award to a person

harmed by the violation for which the administrative penalty was imposed an amount of money that is equal to the lesser of:

(a) Three times the amount of the wages and benefits lost as a result of the violation; or

(b) The amount of the proceeds of the administrative penalty.

Sec. 2. This chapter shall be known and may be cited as the Nevada Parks, Trails and Open Space District Act.

Sec. 3. 1. It is hereby declared as a matter of legislative determination that:

(a) The organization of parks, trails and open space districts having the purposes, powers, rights, privileges and immunities provided in this chapter will serve a public use and will promote the health, safety, prosperity, security and general welfare of the inhabitants thereof and of the State of Nevada;

(b) The acquisition, construction, reconstruction, restoration, improvement, maintenance and operation of any facility, improvement or project authorized in this chapter is in the public interest and constitutes a part of the established and permanent policy of the State of Nevada; and

(c) Each district organized pursuant to the provisions of this chapter shall be a body corporate and politic and a quasi-municipal corporation. For the accomplishment of these purposes the provisions of this chapter shall be broadly construed.

2. It is hereby further declared that the provisions of this chapter are not intended to provide a method for financing the costs of developing private property.

3. It is hereby further declared as a matter of legislative determination that the notice provided for in this chapter for each hearing and action to be taken is reasonably calculated to inform the parties of all proceedings which may directly and adversely affect their legally protected interests.

Sec. 4. As used in this chapter, unless the context otherwise requires:

1. "Board of trustees" and "board" alone each means the board of trustees of a district.

2. "Clerk" means:

2. This chapter, without reference to other statutes of the State, except as specifically provided in this chapter, shall constitute full authority for the authorization and issuance of bonds hereunder. No other law with regard to the authorization or issuance of bonds that provides for an election, requires an approval, or in any way impedes or restricts the carrying out of the acts authorized by this chapter to be done shall be construed as applying to any proceedings taken under this chapter or acts done pursuant thereto, it being intended that this chapter shall provide a separate method of accomplishing its objectives, and not an exclusive one. This chapter must not be construed as repealing, amending or changing any such other law.

Sec. 7. 1. Except as otherwise provided in this chapter, the governing body of any county, city or town within this State is hereby vested with jurisdiction, power and authority to create one or more districts within the county, city or town which it serves.

2. No member of a governing body shall be disqualified to perform any duty imposed by this chapter by reason of ownership of property within any proposed district.

Sec. 8. 1. The creation of a district may be initiated by:

(a) A resolution adopted by the governing body of any county, city or town; or

(b) Except as otherwise provided in subsection 2, a petition submitted by any owner of property proposed to be located in the district to the governing body of a county, city or town.

2. If the proposed boundaries of a district include areas within more than one county, city or town and the creation of the district is initiated by petition pursuant to paragraph (b) of subsection 1, the petition must be submitted to the governing body of the county, city or town in which is located the largest proportion of the geographic area of the proposed district.

3. A resolution adopted pursuant to paragraph (a) of subsection 1 or a petition submitted pursuant to paragraph (b) of subsection 1 must set forth the proposed name, powers, purpose and boundaries of the district.

4. A district may be entirely within or entirely without, or partly within or partly without, one or more counties, cities and towns and the district may consist of noncontiguous tracts or parcels of property.

Sec. 9. After the creation of a district is initiated pursuant to section 8 of this act, the clerk shall mail written notice to all property owners within the proposed district informing the property owners of the proposed creation of a district. The notice must set forth the proposed name, powers, purpose and boundaries of the district and the time and place of the hearing that will be held by the governing body to determine whether to create the district and where the person may protest its creation.

Sec. 10. 1. Any person who owns property which is located within the proposed area of the district may, on or before the date of the hearing, submit a written protest to the creation of the district.

2. The governing body shall give full consideration to all protests which have been submitted and hear all persons desiring to be heard and, thereafter, adopt an ordinance creating the district or determining that the district must not be created.

3. Except as otherwise provided in section 11 of this act, at the hearing to consider the creation of the district or at a subsequent hearing to which the hearing is adjourned, the governing body may create the district by ordinance if the governing body makes findings that the creation of the district is economically sound and feasible.

4. Any ordinance creating a district may contain changes to the proposed name, powers, purpose or boundaries of the district as may be considered by the governing body to be equitable and necessary.

Sec. 11. A governing body shall not create a district pursuant to the provisions of this chapter:

1. If, at or before the hearing held pursuant to section 10 of this act, a majority of property owners within the proposed district submit written protests to the creation of the district pursuant to that section;

2. If the proposed boundaries of a district include areas within more than one county, city or town and the governing bodies of all such counties, cities and towns have not entered into an interlocal agreement that includes, without limitation, the consent of each governing body to the creation of the district; or

3. If the proposed boundaries of a district overlap with the boundaries of one or more general improvement districts created pursuant to chapter 318 of NRS and the board of trustees of each such general improvement district has not by resolution consented to the creation of the district.

Sec. 12. 1. Except as otherwise provided in subsection 2, the adoption of an ordinance creating a district establishes the regular organization of the district, which is a governmental subdivision of this State, a body corporate and politic and a quasi-municipal corporation.

2. Within 30 days immediately following the effective date of such ordinance any person who has filed a written protest, as provided in section 10 of this act, shall have the right to commence an action in any court of competent jurisdiction to set aside such determination. Thereafter all actions or suits attacking the regularity, validity and correctness of that ordinance and all proceedings, determinations and instruments taken, adopted or made before such ordinance's final passage, shall be perpetually barred.

3. Within 30 days immediately following the effective date of the ordinance creating the district, the governing body shall cause to be filed a copy of the ordinance in the office of the clerk and shall cause to be filed an additional copy of the ordinance in the Office of the Secretary of State, which filings shall be without fee and be otherwise in the same manner as articles of incorporation are required to be filed under chapter 78 of NRS.

Sec. 13. 1. After adopting an ordinance creating a district and before appointing the first board of trustees for the district, the governing body is, ex officio, the board of trustees for the district.

2. While acting as the board of trustees, the governing body shall establish:

(a) Accounting practices and procedures for the district;

(b) Auditing practices and procedures to be used by the district;

(c) A budget for the district; and

(d) Management standards for the district.

3. After the governing body has performed the duties required by subsection 2, it must appoint five persons to serve as the first board of trustees of the district. The persons appointed to the board of trustees pursuant to this section must be qualified electors of the district. The appointed trustees must determine by lot which three appointed trustees serve 4 year terms and which two appointed trustees serve 2 year terms.

4. The governing body may remove any appointed trustee for cause shown.

5. The members of the board of trustees must file with the clerk their oaths of office and corporate surety bonds, at the expense of the district, the bonds to be in an amount not more than $10,000 each, the form and exact amount thereof to be approved and determined, respectively, by the governing body, conditioned for the faithful performance of their duties as trustees. The governing body may from time to time, upon good cause shown, increase or decrease the amount of the bond.

Sec. 14. 1. The board shall choose one of its members as chair of the board and president of the district, and shall elect a secretary and a treasurer of the board and of the district, who may or may not be members of the board. The secretary and the treasurer may be one person.

Any other officer or trustee who actually receives or disburses money of the district shall furnish a bond as provided in this subsection. The governing body may, upon good cause shown, increase or decrease the amount of that bond.

5. Except as otherwise provided in this subsection, each member of a board of trustees of a district organized pursuant to this chapter may receive as compensation for his or her service not more than $6,000 per year. The compensation of the members of a board is payable monthly, if the budget is adequate and a majority of the members of the board vote in favor of such compensation, but no member of the board may receive any other compensation for his or her service to the district as an employee or otherwise. Each member of the board must receive the same amount of compensation. If a majority of the members of the board vote in favor of an increase in the compensation of the trustees, the increase may not become effective until January 1 of the calendar year immediately following the next biennial election of the district as set forth in section 16 of this act.

Sec. 15. 1. The board shall, by resolution, designate the place where the office or principal place of the district is to be located, which must be

within the corporate limits of the district and which may be changed by resolution of the board. Copies of all those resolutions must be filed with the clerk within 5 days after their adoption. The official records and files of the district must be kept at that office and must be open to public inspection as provided in NRS 239.010.

(a) In more than one county, the general election for trustees of the district must be conducted by the county clerk of the county in which is located the largest proportion of the geographic area of the district simultaneously with the general election of that county.

(b) Wholly within the boundaries of a city, the general election for trustees of the district must be conducted by the city clerk and held simultaneously with the general city election of the city.

3. The first biennial election of the district must be held simultaneously with the first general election described in subsection 1 that is held after the creation of the district.

4. At the first biennial election, there must be elected by the qualified electors of the district three qualified electors to serve as trustees of the board. At the second biennial election, there must be elected by the qualified electors of the district two qualified electors.

Sec. 20. 1. Except as otherwise provided in subsection 2, no trustee may:

(a) Become a contractor under any contract or order for supplies or any other kind of contract authorized by the board, or to be in any manner interested, directly or indirectly, as principal, in any kind of contract so authorized.

(b) Be interested in any contract made by the board or to be a purchaser or to be interested in any purchase or sale made by the board.

2. The board may purchase supplies or contract for services for the district from one of its members, when not to do so would be a great inconvenience, but the member from whom the supplies are to be bought or with whom the contract for services is to be made shall not vote upon the allowance of the purchase or contract. If the purchase is made or contract let by competitive bidding, the bid of a member of the board may be accepted only if the member is the lowest responsible bidder.

3. Any contract made in violation of the provisions of subsection 1 may be declared void.

Sec. 22. A board has each of the basic powers enumerated in this chapter and designated in the organizational proceedings of the district

and other provisions supplemental thereto in this chapter, or otherwise authorized by law.

Sec. 23. 1. Sec. 27. A board may:

1. Manage, control and supervise all the business and affairs of the district.

2. Acquire, improve, equip, operate and maintain any district project.

Sec. 29. 1. A board may construct and maintain works and establish and maintain facilities, improvements or projects across or along any public street or highway, and in, upon or over any vacant public lands, which public lands are, or may become, the property of this State, and to construct works and establish and maintain facilities, improvements or projects across any stream of water or watercourse.

2. The board shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as to impair completely or unnecessarily the usefulness thereof.

Sec. 30. 1. A board may establish, and from time to time increase or decrease, fees or special assessments for facilities, improvements or projects and pledge the revenue for the payment of any indebtedness or special obligations of the district.

2. All fees or special assessments constitute a perpetual lien on and against the property located within the district. A perpetual lien is prior and superior to all liens, claims and titles other than liens of general taxes and other special assessments and is not subject to extinguishment by the sale of any property on account of nonpayment of any liens, claims and titles

including the liens of general taxes and other special assessments. A perpetual lien must be foreclosed in the same manner as provided by the laws of this State for the foreclosure of mechanics' liens. Before any lien is foreclosed, the board shall hold a hearing thereon after providing notice thereof by publication and by registered or certified first-class mail, postage prepaid, addressed to the last known owner at his or her last known address according to the records of the district and the real property assessment roll in the county in which the property is located.

3. The board may provide for a basic penalty for nonpayment of the charges within the time and in the manner prescribed by it. The board may prescribe and enforce regulations that set forth the date on which a charge becomes delinquent. The board may provide for collection of the penalties provided for in this section.

4. A lien against the property served is not effective until a notice of the lien, separately prepared for each lot affected, is:

(a) Mailed to the last known owner at his or her last known address according to the records of the district and the real property assessment roll of the county in which the property is located;

(b) Delivered by the board to the office of the county recorder of the county within which the property subject to such lien is located;

(d) Indexed in the real estate index as deeds and other conveyances are required by law to be indexed.

Sec. 31. 1. Any board which has adopted fees or special assessments pursuant to this chapter may, by resolution or by separate resolutions, elect to have such charges for the forthcoming fiscal year collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, the county's general taxes. In such event, it shall cause a written report to be prepared and filed with the secretary, which shall contain a description of each parcel of real property in the district and the amount of the charge for each parcel for such year, computed in conformity with the charges prescribed by the resolution.

2. The real property may be described by reference to maps prepared by and on file in the office of the county assessor or by descriptions used by the county assessor, or by reference to plats or maps on file in the office of the secretary.

3. The secretary shall cause notice of the filing of the report and of a time and place of hearing thereon to be published once a week for 2 weeks prior to the date set for hearing, in a newspaper of general circulation printed and published within the district if there is one and if not then in

such paper printed and published in a county within which the district is located.

4. Before the board may have such charges collected on the tax roll, the secretary shall cause a notice in writing of the filing of the report proposing to have such charges for the forthcoming fiscal year collected on the tax roll and of the time and place of hearing thereon, to be mailed to each person to whom any parcel or parcels of real property described in the report is assessed in the last equalized assessment roll available on the date the report is prepared, at the address shown on the assessment roll or as known to the secretary. If the board adopts the report, then the requirements for notice in writing to the persons to whom parcels of real property are assessed does not apply to hearings on reports prepared in subsequent fiscal years but notice by publication as provided in this section is adequate.

5. At the time stated in the notice, the board shall hear and consider all objections or protests, if any, to the report referred to in the notice and may continue the hearing from time to time. If the board finds that protest is made by the owners of a majority of separate parcels of property described in the report, then the report must not be adopted and the charges must be collected separately from the tax roll and must not constitute a lien against any parcel or parcels of land.

6. Upon the conclusion of the hearing, the board may adopt, revise, change, reduce or modify any charge or overrule any or all objections and shall make its determination upon each charge as described in the report, which determination is final.

7. After the hearing, when the board has made a final decision on a fee or special assessment to be collected on the county tax roll, the secretary shall prepare and file a final report, which shall contain a description of each parcel in the district and the amount of the charge, with the county assessor for inclusion on the assessment roll. If a report is filed after the closing of the assessment roll but before the extension of the tax roll, the auditor shall insert the charges in such extension.

8. The amount of the charges shall constitute a lien against the lot or parcel of land against which the charge has been imposed as of the time when the lien of taxes on the roll attach.

9. The county treasurer shall include the amount of the charges on bills for taxes levied against the respective lots and parcels of land. Thereafter the amount of the charges shall be collected at the same time and in the same manner and by the same persons as, together with and not separately from, the general taxes for the county. The charges shall become delinquent at the same time as such taxes and are subject to the same delinquency penalties.

10. All laws applicable to the levy, collection and enforcement of general taxes of the county, including, without limitation, those pertaining

to the matters of delinquency, correction, cancellation, refund, redemption and sale, are applicable to such charges.

11. The county treasurer may issue separate bills for such charges and separate receipts for collection on account of such charges.

Sec. 32. 1. When a district is contained wholly within a city or town, the board may convey to such city or town, at the discretion of the district and with the consent of the governing body of the city or town, all of the property of the district upon the condition that such city or town:

(a) Will operate and maintain such property; and

(b) Assumes all of the indebtedness of such district upon such conditions as the governing body of the city or town and the board of the district may agree.

2. Upon such conveyance and assumption of indebtedness the district shall be dissolved and a certificate to such effect shall be signed by the clerical officer of the city or town and filed with the Secretary of State and clerk of the county or city in which the ordinance creating the district was filed.

Sec. 33. 1. Any county, city, town, special district or owner may sell, lease, grant, convey, transfer or pay over to any district, with or without consideration, any facility, improvement or project, or any part thereof, or any interest in real or personal property or any money available for the construction, improvement, maintenance or operation of any facility, improvement or project.

2. Any county, city, town or special district may transfer, assign and set over to any district any contracts which may have been awarded by the county, city, town or special district for the construction of facilities, improvements or projects not begun or completed.

Sec. 34. In addition to the other means for providing revenue for the district, a board may levy and collect ad valorem taxes on and against all taxable property within the district.

Sec. 35. 1. To levy and collect ad valorem taxes, a board shall determine, in each year, the amount of money necessary to be raised by taxation, taking into consideration other sources of revenue of the district, and shall fix a rate of levy which, when levied upon every dollar of assessed valuation of taxable property within the district, and together with other revenues, will raise the amount required by the district annually to supply money for paying:

(a) The expenses of organization and the costs of operating and maintaining the facilities, improvements and projects of the district; and

(b) The costs of facilities, improvements and projects of the district and, when due, all interest on and principal of general obligation bonds and other general obligations of the district.

➥ In the event of accruing defaults or deficiencies, an additional levy may be made as provided in section 36 of this act. The board shall identify separately the rate of tax which is levied pursuant to paragraph (a) and the

rate which is levied pursuant to paragraph (b) and shall make such information available to the public upon request. The board shall not continue to levy a rate of tax pursuant to paragraph (b) after the cost to the district of acquiring the particular facility, improvement or project for which the rate was levied has been recovered in full.

2. The board shall certify to the board of county commissioners, at the same time as fixed by law for certifying thereto tax levies of incorporated cities, the rate so fixed with directions that at the time and in the manner required by law for levying taxes for county purposes such board of county commissioners shall levy such tax upon the assessed valuation of all taxable property within the district, in addition to such other taxes as may be levied by such board of county commissioners at the rate so fixed and determined.

Sec. 36. 1. A board, in certifying annual levies, must take into account the maturing general obligation indebtedness for the ensuing year as provided in its contracts, maturing general obligation bonds and interest on such bonds, and deficiencies and defaults of prior years, and make ample provision for the payment thereof.

2. If the money produced from such levies, together with other revenues of the district, is not sufficient punctually to pay the annual installments on such obligations, and interest thereon, and to pay defaults and deficiencies, the board shall make such additional levies of taxes as may be necessary for such purposes, and such taxes must be made and continue to be levied until the general obligation indebtedness of the district is fully paid but must not continue after that date.

Sec. 37. 1. The body having authority to levy taxes within each county shall levy the taxes provided in this chapter.

2. All officials charged with the duty of collecting taxes shall collect such taxes at the time and in the same form and manner, and with like interest and penalties, as other taxes are collected and when collected shall pay the same to the district ordering its levy and collection. The payment of such collections shall be made monthly to the treasurer of the district and paid into the depository thereof to the credit of the district.

3. All taxes levied under this chapter, together with interest thereon and penalties for default in payment thereof, and all costs of collecting the same, shall constitute, until paid, a perpetual lien on and against the property taxed; and such lien shall be on a parity with the tax lien of other general taxes.

Sec. 38. If the taxes levied are not paid as provided in this chapter, the property subject to the tax lien shall be sold and the proceeds thereof shall be paid over to the district according to the provisions of the laws applicable to tax sales and redemptions.

Sec. 39. Whenever any indebtedness or other obligations have been incurred by a district, it shall be lawful for the board to levy taxes and collect revenue for the purpose of creating funds in such amount as the

Sec. 40. 1. The boundary of any district organized under the provisions of this chapter may be changed in the manner prescribed in sections 41 and 42 of this act, but the change of boundaries of the district must not impair nor affect its organization, nor shall it affect, impair or discharge any contract, obligation, lien or charge on which it or the property therein might be liable or chargeable had such change of boundaries not been made.

2. Property included within or annexed to a district shall be subject to the payment of taxes, assessments and charges, as provided in section 42 of this act. Real property excluded from a district shall thereafter be subject to the levy of taxes for the payment of its proportionate share of any indebtedness of the district outstanding at the time of such exclusion, and shall be subject to any outstanding special assessment lien thereon. Personal property may be excluded from a district on such terms and conditions as may be prescribed by the board of the district involved.

Sec. 41. 1. A fee owner of real property located in the district, or the fee owners of any real properties which are contiguous to each other and which constitute a portion of the district may file with the board a petition requesting that such lands be excluded from the district.

4. The board at the time and place mentioned in the notice, or at the times to which the hearing of the petition may be adjourned, shall proceed to hear the petition and all objections thereto, presented in writing by any person showing cause why the request of the petition should not be granted.

5. The filing of such petition shall be deemed and taken as an assent by each and all such petitioners to the exclusion from the district of the property mentioned in the petition, or any part thereof.

6. The board, if it deems it not for the best interest of the district that the property mentioned in the petition, or portion thereof, be excluded from the district, must order that the petition be denied in whole or in part, as the case may be.

7. If the board deems it for the best interest of the district that the property mentioned in the petition, or some portion thereof be excluded from the district, the board must order that the petition be granted in whole or in part, as the case may be.

8. There shall be no withdrawal from a petition after consideration by the board nor shall further objection be filed except in case of fraud or misrepresentation.

9. Upon allowance of such petition, the board shall file for record a certified copy of its resolution making such change, as provided in section 12 of this act.

Sec. 42. The boundaries of a district may be enlarged by the inclusion of additional real property therein in the following manner:

The board shall hear the petition at an open meeting after publishing the notice of the filing of such petition, and of the place, time and date of such meeting, and the names and addresses of the petitioners. The board shall grant or deny the petition and the action of the board is final and conclusive. If the petition is granted as to all or any of the real property therein described, the board must make an order to that effect, and file it for record as provided in section 12 of this act.

5. If the costs of extending the facilities, improvements or projects of the district are paid by the property owners of the area to be included within the district, these property owners are entitled to receive any money

charged and collected by the district when additional property owners utilize the facilities, improvements or projects which were extended.

6. The board of trustees of the district shall pay to the property owners pro rata shares of the money charged and collected.

7. After the date of its inclusion in such district, such property is subject to all of the taxes and charges imposed by the district, and is liable for its proportionate share of existing general obligation bonded indebtedness of the district but it is not liable for any taxes or charges levied or assessed prior to its inclusion in the district, nor shall its entry into the district be made subject to or contingent upon the payment or assumption of any penalty, toll or charge, other than any reasonable annexation charge which the board may fix and uniformly assess and the tolls and charges which are uniformly made, assessed or levied for the entire district. Such charges shall be computed in such a manner as not to place a new charge against the district members nor penalize the area annexed.

Sec. 43. 1. Upon the conditions and under the circumstances set forth in this chapter, a district may borrow money and issue the following securities to evidence such borrowing:

AN ACT relating to public employment; providing generally that the criminal history of an applicant or other qualified person under consideration for a position in the unclassified or classified service of the State may be considered only after the applicant has been certified by the Administrator of the Division of Human Resource Management of the Department of Administration or after a conditional offer of employment has been made to the applicant; prohibiting the Administrator, when examining an applicant for a position in the classified service of the State, from considering the criminal history of the applicant; providing that, except in certain circumstances, the criminal history of a person may serve as the basis for the Administrator to refuse to certify an applicant or for rescission of a conditional offer of employment in the unclassified or classified service of the State only after consideration of certain factors relating to the criminal history of the person; providing for written notice to a person if the criminal history of the person is the basis for the Administrator's refusal to certify the person or for the rescission of a conditional offer of employment; establishing similar provisions relating to the consideration by the governing body of a county**,** ~~[or]~~ incorporated city **or unincorporated town** of the criminal history of an applicant for employment by a county**,** ~~[or]~~ incorporated city ~~[.]~~ **or unincorporated town; authorizing the filing of a complaint with the Nevada Equal Rights Commission under certain circumstances;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law governs generally the employment of persons in the classified and unclassified service of the State. Existing law further establishes the duties of the Administrator of the Division of Human Resource Management of the Department of Administration with regard to administering competitive examinations of persons seeking employment in the classified service of the State and maintaining a list of eligible persons for employment in the classified service. (Chapter 284 of NRS) Under existing law, the Administrator may refuse to examine an applicant or refuse to certify an eligible person if the person has been found guilty of any crime involving moral turpitude or of infamous or notoriously disgraceful conduct. (NRS 284.240)

Section 2 of this bill provides, with exceptions, that the criminal history of an applicant or other qualified person under consideration for employment in the unclassified service of the State may be considered only after an appointing authority has made a conditional offer of employment to the applicant or, if applicable, the applicant has been certified by the Administrator. **Section 3** of this bill prohibits the Administrator from considering the criminal history of an applicant in examining the applicant.

Additionally, **section 3** provides, with exceptions, that the criminal history of an applicant for a position in the classified service may be considered only after the applicant has been certified by the Administrator or an appointing authority has made a conditional offer of employment to the applicant. **Sections 2 and 3** set forth specific factors that must be considered by an appointing authority or the Administrator before the criminal history of an applicant may be used as the basis for rescinding a conditional offer of employment or for rejection of the applicant, including: (1) whether any criminal offense committed by the person directly relates to the responsibilities of the position for which the person has applied; (2) the nature and severity of each criminal offense committed by the person; (3) the age of the person at the time of the commission of each criminal offense; (4) the period of time between the commission of each criminal offense and the date of the application for employment; and (5) any information or documentation demonstrating the person's rehabilitation. **Sections 5, ~~[and]~~ 6 and 6.3** of this bill establish similar provisions relating to the consideration by the governing body of a county**, ~~[or]~~** incorporated city **or unincorporated town, respectively,** of the criminal history of an applicant for employment by the county**, ~~[or]~~** incorporated city **~~[,]~~ or unincorporated town. Sections 2, 3, 5, ~~[and]~~ 6 and 6.3** provide that if the criminal history of an applicant is used as the basis for rejecting the applicant or rescinding a conditional offer of employment extended to the applicant, the appointing authority or the governing body of the county **~~[or]~~ , incorporated** city **~~[,]~~ or unincorporated town,** as applicable, must provide to the applicant a written statement which must specifically state the evidence presented and the reason for the rejection of the applicant or rescission of the conditional offer of employment. **Sections 2, 3, 5, 6 and 6.3 also prohibit the appointing authority or the governing body of a county, incorporated city or unincorporated town from considering certain criminal records. Sections 2, 3, 5, 6 and 6.3 also require the appointing authority or the governing body of a county, incorporated city or unincorporated town to include certain information in an application for employment. Sections 2, 3, 5, 6 and 6.3 do not apply to applicants for employment with a public safety agency.**

Existing law declares certain employment practices to be unlawful and authorizes any person injured by such a practice to file a complaint with the Nevada Equal Rights Commission. Generally, the Commission has jurisdiction only over practices involving discrimination on the basis of race, color, sex and certain other enumerated characteristics. (NRS 613.330, 613.405) Section 6.5 of this bill provides that an employer that is subject to the requirements of section 2, 3, 5, 6 or 6.3 and fails to follow the procedure required by those sections in considering the criminal history of an applicant for employment thereby engages in an unlawful employment practice. Section 6.7 of this bill provides that the applicant in such a case may file a complaint with the Commission, regardless of

whether the complaint is based on race, color, sex or some other characteristic enumerated in existing law.

Legislative Counsel's Digest:

Existing law authorizes the Commissioner of Insurance to regulate insurance in this State. (NRS 679B.120) This bill adds to, revises and repeals various provisions of existing law, primarily in title 57 of NRS, relating to the regulation of insurance in this State.

Sections 2-13 of this bill authorize the Commissioner to place an insurer under administrative supervision and set forth the requirements for such supervision. **Section 6** authorizes the Commissioner to place an insurer under administrative supervision under specified circumstances, including, without limitation, when the insurer is in a hazardous financial condition, when the insurer appears to have exceeded its powers or if an insurer agrees to be placed under such supervision. **Section 6** further provides for the duration of the administrative supervision and the release of the insurer from administrative supervision. **Section 7** designates the Commissioner or an appointee thereof as the administrative supervisor of an insurer under administrative supervision, authorizes the Commissioner to limit the actions of such an insurer and lists various types of actions which the Commissioner may prohibit the insurer from taking without obtaining advance approval from the Commissioner or appointee. **Sections 3 and 4** define, for the purposes of **sections 2-13**, the terms "Commissioner" and "insurer." Both terms are currently defined for the purposes of existing law, but **sections 3 and 4** provide more expansive definitions for the purposes of **sections 2-13**. (NRS 679A.060, 679A.100) **Section 5** expressly makes **sections 2-13** apply to insurers and other persons, including, without limitation, a person purporting to be an insurer, organizing to be an insurer or holding himself or herself out as organizing to be an insurer. **Section 8** governs the use and confidentiality of information relating to the administrative supervision of an insurer. **Section 9** establishes provisions governing the contesting or reviewing of decisions made by the Commissioner or an appointee thereof pursuant to **sections 2-13**. **Section 10** ensures that the Commissioner may institute delinquency proceedings against an insurer without regard to whether the insurer is or was under administrative supervision. **Section 11** authorizes the Commissioner, a designee of the Commissioner and an attorney or other persons to meet, for specified purposes, outside the presence of other persons. **Section 12** authorizes the Commissioner to adopt regulations and to employ various persons to carry out the administrative supervision of an insurer. **Section 12** further authorizes the Commissioner to require the insurer under administrative supervision to pay the compensation and expenses of the persons the Commissioner appoints and employs for the purposes of the administrative supervision. **Section 13** provides that the

Commissioner and his or her employees and agents are not liable for actions taken pursuant to **sections 2-13**.

Section 14 of this bill revises the information the Commissioner is required to collect regarding closed claims for medical malpractice. (NRS 679B.144) **Sections 117 and 118** remove the requirement to report certain information regarding closed claims for medical malpractice. (NRS 690B.250, 690B.260) **Section 119** of this bill revises requirements concerning professional liability insurance for essential medical specialties. (NRS 690B.350) **Section 120** of this bill revises requirements concerning information to be gathered and reports to be provided by the Commissioner concerning medical malpractice insurance. (NRS 690B.360)

Sections 15, 21, 26, 27, 29-32, 164 and 165 of this bill replace various references to insurance agents, brokers and solicitors, which are undefined terms, with the term "producer of insurance," which is defined as "a person required to be licensed under the laws of this state to sell, solicit or negotiate insurance." (NRS 679A.117)

Section 16 of this bill requires an insurer to which the Commissioner has issued a certificate of authority to notify the Commissioner of material changes to the information provided by the insurer to the Commissioner in the insurer's application for a certificate of authority. **Section 18** of this bill authorizes a life insurer or multiple lines insurer to issue life or health insurance policies under its own name and under additional titles. (NRS 680A.240)

Existing law requires an authorized insurer annually to file with the Commissioner a full and true statement of the insurer's financial condition, transactions and affairs as of the previous December 31 and makes confidential certain information submitted to the Division of Insurance of the Department of Business and Industry. (NRS 680A.270) **Section 19** of this bill expands the confidentiality provision to include all work papers, documents and materials prepared for the purpose of submitting the statement or by or on behalf of the Division. **Section 19** also authorizes the insurer to file, as an exhibit separate from the annual statement, specified disclosures of compensation paid to or on behalf of an insurer's officers, directors or employees and makes such information confidential.

Section 20 of this bill expands the applicability of the monetary penalty required to be imposed for a delay by an insurer in properly filing an annual statement. (NRS 680A.280) **Section 24** of this bill narrows the definition of the term "managing general agent" to include the management of an underwriting office. (NRS 683A.060) **Section 25** of this bill removes the willfulness requirement from one of the grounds for which the Commissioner may suspend or revoke the certificate of registration of an administrator **~~[.]~~ and replaces it with a knowingly requirement.** (NRS 683A.0892) **Section 33** of this bill revises the duties of an insurer with regard to the use of information in a consumer credit report. (NRS 686A.680)

Section 22 of this bill authorizes the Commissioner to adopt regulations governing certain arrangements for reinsurance, including, without limitation, the amounts and forms of security which must be held pursuant to those arrangements.

Section 28 of this bill provides for the automatic suspension of the license of a motor vehicle physical damage appraiser if the appraiser does not file a replacement bond for a required surety bond in the event of the cancellation of the required surety bond. (NRS 684B.030) **Section 86** of this bill revises provisions governing the cancellation, nonrenewal or increase in premiums for renewal of a policy of motor vehicle insurance as the result of the filing of certain claims. (NRS 687B.385)

Section 35 of this bill defines the term "large-deductible agreement" as certain agreements in which the policyholder must bear the risk of loss of a specified amount of $25,000 or more per claim or occurrence covered under the policy of industrial insurance. **Section 38** of this bill requires full collateralization of the outstanding obligations owed under a large-deductible agreement and limits the size of the policyholder's obligations under the large-deductible agreement. **Section 39** of this bill generally prohibits an insurer from issuing or renewing a policy of industrial insurance which includes a large-deductible agreement if the insurer is in a hazardous financial condition. **Section 37** of this bill limits the applicability of **sections 38 and 39** to policies of industrial insurance with large-deductible agreements which are issued by insurers with both ratings below specified levels and surpluses below specified amounts. **Section 37** further specifies that **sections 38 and 39** only apply to policies of industrial insurance issued or renewed on or after January 1, 2018, and which are not issued to a governmental entity. **Section 166** of this bill revises the definition of the term "tangible net worth" in relation to industrial insurance, specifically self-insured employers and associations of self-insured employers. (NRS 616A.330)

Existing law provides for the Commissioner to consider each proposed increase or decrease in the rates of various kinds and lines of insurance. (NRS 686B.070) **Section 36** of this bill creates new procedures for the Commissioner to consider each proposed increase or decrease in the rates of health plans for individual health insurance, group and blanket health insurance, health insurance for small employers, nonprofit corporations for hospital, medical and dental services, health maintenance organizations, plans for dental care and prepaid limited health service organizations. **Section 44** of this bill clarifies that the existing procedures for considering a proposed increase or decrease do not apply to the insurers subject to the provisions of **section 36**. (NRS 686B.110)

Sections 88 and 89 of this bill revise existing provisions relating to health benefit plans by specifying that the group market and small group market being considered in these provisions must be the "small employer" group market. (NRS 687B.490, 687B.500)

Sec. 33. NRS 686A.680 is hereby amended to read as follows:

686A.680 ***1.*** An insurer that uses information from a consumer credit report shall not:

~~[~~1.~~]~~ ***(a)*** Use an insurance score that is calculated using income, gender, address, zip code, ethnic group, religion, marital status or nationality of the

consumer as a factor, or would otherwise lead to unfair or invidious discrimination.

~~[~~2.~~]~~ ***(b)*** Deny, cancel or fail to renew a policy on the basis of credit information unless the insurer also considers other applicable underwriting factors that are independent of credit information and not expressly prohibited by this section.

~~[~~3.~~]~~ ***(c)*** Base renewal rates for a policy upon credit information unless the insurer also considers other applicable factors independent of credit information.

~~[~~4.~~]~~ ***(d)*** Take an adverse action against an applicant or policyholder based on the applicant or policyholder not having a credit card account unless the insurer also considers other applicable factors independent of credit information.

~~[~~5.~~]~~ ***(e)*** Consider an absence of credit information or an inability to calculate an insurance score in underwriting or rating a policy unless the insurer does any one of the following:

~~[~~(a)~~]~~ ***(1)*** Treats the applicant or policyholder as otherwise approved by the Commissioner, after the insurer presents to the Commissioner information indicating that such an absence or inability relates to the risk for the insurer.

~~[~~(b)~~]~~ ***(2)*** Treats the applicant or policyholder as if the applicant or policyholder had neutral credit information, as defined by the insurer.

~~[~~(c)~~]~~ ***(3)*** Excludes the use of credit information as a factor, and uses only underwriting criteria other than credit information.

~~[~~6.~~]~~ ***(f)*** Take an adverse action against an applicant or policyholder based on credit information, unless an insurer obtains and uses a consumer credit report issued or an insurance score calculated within 90 days from the date the policy is first written or renewal is issued.

~~[7. Except as otherwise provided in this subsection, use credit information regarding a policyholder without obtaining an updated consumer credit report regarding the policyholder and recalculating the insurance score at least once every 36 months. At the time of the annual renewal of a policyholder's policy, the insurer shall, upon the request of the policyholder or the policyholder's agent, reunderwrite and rerate the policy based upon a current consumer credit report or insurance score. An insurer need not, at the request of a policyholder or the policyholder's agent, recalculate the insurance score of or obtain an updated consumer credit report of the policyholder more frequently than once in any 12 month period. An insurer may, at its discretion, obtain an updated consumer credit report regarding a policyholder more frequently than once every 36 months, if to do so is consistent with the underwriting guidelines of the insurer. An insurer does not need to obtain an updated consumer credit report for a policyholder if any one of the following applies:~~

~~(a) The insurer is treating the policyholder as otherwise approved by the Commissioner.~~

~~(b) The policyholder is in the most favorably priced tier of the insurer and all affiliates of the insurer. With respect to such a policyholder, the insurer may elect to obtain an updated consumer credit report if to do so is consistent with the underwriting guidelines of the insurer.~~

~~(c) Credit information was not used for underwriting or rating the policyholder when the policy was initially written. The fact that credit information was not used initially does not preclude an insurer from using such information subsequently when underwriting or rating such a policyholder upon renewal, if to do so is consistent with the underwriting guidelines of the insurer.~~

~~(d) The insurer reevaluates the policyholder at least once every 36 months based upon underwriting or rating factors other than credit information.~~

~~8.~~ ***(g)*** Use the following as a negative factor in any insurance scoring methodology or in reviewing credit information for the purpose of underwriting or rating a policy:

~~[(a)]~~ ***(1)*** Credit inquiries not initiated by the applicant or policyholder, or inquiries requested by the applicant or policyholder for his or her own credit information.

~~[(b)]~~ ***(2)*** Inquiries relating to insurance coverage, if so identified on the consumer credit report.

~~[(c)]~~ ***(3)*** Collection accounts relating to medical treatment, if so identified on the consumer credit report.

~~[(d)]~~ ***(4)*** Multiple lender inquiries, if identified on the consumer credit report as being related to home loans or mortgages and made within 30 days of one another, unless only one inquiry is considered.

~~[(e)]~~ ***(5)*** Multiple lender inquiries, if identified on the consumer credit report as being related to a loan for an automobile and made within 30 days of one another, unless only one inquiry is considered.

2. Except as otherwise provided in this subsection, at the time of the annual renewal of a policyholder's policy, an insurer that uses information from a consumer credit report shall, upon the request of the policyholder or the policyholder's agent, reunderwrite and rerate the policy based upon a current consumer credit report or insurance score. An insurer need not, at the request of a policyholder or the policyholder's agent, recalculate the insurance score of or obtain an updated consumer credit report of the policyholder more frequently than once in any 12-month period.

Sec. 34. Chapter 686B of NRS is hereby amended by adding thereto the provisions set forth as sections 35 to 39, inclusive, of this act.

Sec. 35. ***"Large-deductible agreement" means any combination of one or more policies, endorsements, contracts or security arrangements, which provide for the policyholder to bear the risk of loss of a specified amount of $25,000 or more per claim or occurrence covered under a policy of industrial insurance and which may be subject to an aggregate limit of the policyholder's reimbursement obligations.***

Sec. 36. *1. The Commissioner shall consider each proposed increase or decrease in the rate of a health plan issued pursuant to the provisions of chapter 689A, 689B, 689C, 695B, 695C, 695D or 695F of NRS, including, without limitation, long-term care and Medicare supplement plans, filed with the Commissioner pursuant to subsection 1 of NRS 686B.070. If the Commissioner finds that a proposed increase will result in a rate which is not in compliance with NRS 686B.050 or subsection 3 of NRS 686B.070, the Commissioner shall disapprove the proposal. The Commissioner shall approve or disapprove each proposal not later than 60 days after the proposal is determined by the Commissioner to be complete pursuant to subsection 4. If the Commissioner fails to approve or disapprove the proposal within that period, the proposal shall be deemed approved.*

2. Whenever an insurer has no legally effective rates as a result of the Commissioner's disapproval of rates or other act, the Commissioner shall on request specify interim rates for the insurer that are high enough to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by the Commissioner. When new rates become legally effective, the Commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimis must not be required.

3. If the Commissioner disapproves a proposed rate pursuant to subsection 1, and an insurer requests a hearing to determine the validity of the action of the Commissioner, the insurer has the burden of showing compliance with the applicable standards for rates established in NRS 686B.010 to 686B.1799, inclusive, and sections 35 to 39, inclusive, of this act. Any such hearing must be held:

(a) Within 30 days after the request for a hearing has been submitted to the Commissioner; or

(b) Within a period agreed upon by the insurer and the Commissioner.

➥ If the hearing is not held within the period specified in paragraph (a) or (b), or if the Commissioner fails to issue an order concerning the proposed rate for which the hearing is held within 45 days after the hearing, the proposed rate shall be deemed approved.

4. The Commissioner shall by regulation specify the documents or any other information which must be included in a proposal to increase or decrease a rate submitted to the Commissioner pursuant to subsection 1. Each such proposal shall be deemed complete upon its filing with the Commissioner, unless the Commissioner, within 15 business days after the proposal is filed with the Commissioner, determines that the proposal is incomplete because the proposal does not comply with the regulations adopted by the Commissioner pursuant to this subsection.

Sec. 37. *This section and sections 38 and 39 of this act apply to any policy of industrial insurance which:*

1. Is issued by an insurer which:

(a) Has a rating of ~~[not]~~ less than "A-" from A.M. Best Company, Inc., or a substantially equivalent rating from another rating agency, as determined by the Commissioner; and

(b) Has less than $200,000,000 in surplus, with surplus calculated as the difference between the insurer's net admitted assets and the insurer's total liabilities;

2. Contains a large-deductible agreement;

3. Is not issued to a federal, state or local governmental entity; and

4. Is issued for delivery or renewed on or after January 1, 2018.

Sec. 38. ***An insurer shall:***

1. Require full collateralization of the outstanding obligations owed under a large-deductible agreement using one of the following methods:

(a) A surety bond issued by a surety insurer authorized to transact such insurance in this State, and whose financial strength and size ratings from A.M. Best Company, Inc., are not less than "A" and "V," respectively, or are substantially equivalent ratings from another rating agency, as determined by the Commissioner;

(b) An irrevocable letter of credit issued by a financial institution with an office physically located within this State, and the deposits of which are federally insured; or

(c) Cash or securities held in trust by a third party or the insurer and subject to a trust agreement for the express purpose of securing the policyholder's obligation under a large-deductible agreement, provided that if the assets are held by the insurer, those assets may not be commingled with the insurer's other assets; and

2. Limit the size of the policyholder's obligations under a large-deductible agreement to 20 percent of the total net worth of the policyholder at the inception of the policy and again at each renewal, as determined by an audited financial statement as of the most recent fiscal year-end for which such a statement is available, with the total net worth of the policyholder calculated as the difference between the total assets and the total liabilities of the policyholder.

Sec. 39. ***Except when otherwise specifically approved by the Commissioner in writing or by electronic communication, any insurer determined to be in a hazardous financial condition pursuant to NRS 680A.205, or the equivalent provisions of law in any other state as determined by the Commissioner, is prohibited from issuing or renewing a policy that includes a large-deductible agreement.***

Sec. 40. NRS 686B.010 is hereby amended to read as follows:

686B.010 1. The Legislature intends that NRS 686B.010 to 686B.1799, inclusive, ***and sections 35 to 39, inclusive, of this act*** be liberally construed to achieve the purposes stated in subsection 2, which constitute an aid and guide to interpretation but not an independent source of power.

2. The purposes of NRS 686B.010 to 686B.1799, inclusive, ***and sections 35 to 39, inclusive, of this act*** are to:

(a) Protect policyholders and the public against the adverse effects of excessive, inadequate or unfairly discriminatory rates;

(b) Encourage, as the most effective way to produce rates that conform to the standards of paragraph (a), independent action by and reasonable price competition among insurers;

(c) Provide formal regulatory controls for use if independent action and price competition fail;

(d) Authorize cooperative action among insurers in the rate-making process, and to regulate such cooperation in order to prevent practices that tend to bring about monopoly or to lessen or destroy competition;

(e) Encourage the most efficient and economic marketing practices; and

(f) Regulate the business of insurance in a manner that will preclude application of federal antitrust laws.

Sec. 41. NRS 686B.020 is hereby amended to read as follows:

686B.020 As used in NRS 686B.010 to 686B.1799, inclusive, ***and sections 35 to 39, inclusive, of this act,*** unless the context otherwise requires:

686B.110 1. ~~[The]~~ ***Except as otherwise provided in section 36 of this act, the*** Commissioner shall consider each proposed increase or decrease in the rate of any kind or line of insurance or subdivision thereof filed with the Commissioner pursuant to subsection 1 of NRS 686B.070. The Commissioner shall approve or disapprove each proposal no later than 30 days after it is determined by the Commissioner to be complete pursuant to subsection 6. If the Commissioner fails to approve or disapprove the proposal within that period, the proposal shall be deemed approved.

2. If the Commissioner disapproves a proposed increase or decrease in any rate pursuant to subsection 1, the Commissioner shall send a written notice of disapproval to the insurer or the rate service organization that filed

3. The request for reconsideration must be received by the Commissioner not more than 30 days after the insurer or rate service organization receives the written notice of disapproval from the Commissioner, except that if the insurer or rate service organization requests, in writing, an extension of 30 additional days in which to request a reconsideration, the Commissioner shall grant the extension. A request for reconsideration submitted pursuant to this subsection may include, without limitation, any documents or other information for review by the Commissioner in reconsidering the proposal. Each such proposal shall be deemed complete upon its filing with the Commissioner, unless the Commissioner, within 15 business days after the proposal is filed with the Commissioner, determines that the proposal is incomplete because the proposal does not comply with the regulations adopted by the Commissioner pursuant to this subsection. The Commissioner shall notify the insurer or rate service organization if the Commissioner determines that the proposal is incomplete. The notice must be sent within 15 business days after the proposal is filed with the Commissioner and must set forth the documents or other information that is required to complete the proposal. The Commissioner may disapprove the proposal if the insurer or rate service organization fails to provide the documents or other information to the Commissioner within 30 days after the insurer or rate service organization receives the notice that the proposal is incomplete. Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the rights of a person in any written book or record which is copyrighted pursuant to federal law.

2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate the confidential information from the information included in the public book or record that is not otherwise confidential.

Assembly Bill No. 272.

Bill read third time.

The following amendment was proposed by Assemblyman Frierson:

Amendment No. 556.

AN ACT relating to elections; authorizing each county and city clerk to establish polling places where any registered voter of the county or city, respectively, may vote in person on the day of certain elections; requiring, under certain circumstances, county and city clerks to establish polling places within the boundaries of Indian reservations and colonies; requiring the preparation and use of electronic rosters; authorizing voting materials to be provided in certain languages; authorizing county and city clerks to extend

the period for early voting; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a county clerk to establish the boundaries of election precincts and authorizes election precincts to be combined into election districts. (NRS 293.205-293.209) Existing law prohibits a person from applying for or receiving a ballot at any election precinct or district other than the one at which the person is entitled to vote. (NRS 293.730) **Section 2** of this bill authorizes a county clerk to establish one or more polling places in the county where any person entitled to vote in the county by personal appearance may do so on the day of a primary or general election. If any such polling place is established: (1) **section 3** of this bill requires, with limited exception, the county clerk to publicize the location of such polling places; and (2) **section 4** of this bill requires the county clerk to prepare a roster of eligible voters in the county for any such polling place. **Section 5** of this bill sets forth the procedure for a person to vote in person at any such polling place. **Sections 27-30** of this bill set forth corresponding provisions authorizing city clerks to establish polling places where any person who is entitled to vote in the city by personal appearance may do so on the day of the primary city or general city election. **Sections 8, 10-15, 18, 22-25, 33-37 and 40-42** of this bill make conforming changes.

Sections 6 and 31 of this bill require, under certain circumstances, county and city clerks, respectively, to establish at least one polling place within the boundaries of an Indian reservation or Indian colony at a location or locations approved by the Indian tribe.

Existing law generally requires a voter to sign his or her name in a roster when the voter applies to vote in person. (NRS 293.277, 293.285, 293C.270, 293C.275) Existing law also provides that a roster may be in printed or electronic form. **Section 7** of this bill requires a roster to be in electronic form. **Sections 19 and 21** of this bill make conforming changes. **Sections 5, 12, 12.5, 13, 17.5, 17.7, 30, 34, 34.5 and 35** of this bill allow a person to sign a signature card rather than the roster.

Existing law requires voting materials to be provided in English and any other languages necessary to be in compliance with federal law. (NRS 293.2699) **Section 9** of this bill authorizes a county or city clerk to provide voting materials in additional languages if the clerk determines that there is a significant and substantial need for such.

Existing law authorizes a county or city clerk to establish permanent polling places for early voting by personal appearance and provides that the period for early voting begins the third Saturday preceding an election and extends through the Friday before election day, Sundays and federal holidays excepted. (NRS 293.3564, 293.3568, 293C.3564, 293C.3568) **Sections 15 and 37** of this bill require a county or city clerk to establish at least one permanent polling place for early voting. **Sections 16 and 38** of this bill authorize a county or city clerk to extend the period for early voting through

the Sunday before election day. **Sections 17 and 39** of this bill require, under certain circumstances, a county or city clerk to establish at least one temporary place for early voting within the boundaries of an Indian reservation or Indian colony.

GENERAL FILE AND THIRD READING

Assembly Bill No. 328.

Bill read third time.

The following amendment was proposed by Assemblyman Daly:

Amendment No. 620.

AN ACT relating to professions; establishing limitations on the employment or retention of attorneys by certain regulatory bodies; requiring attorneys who contract with certain regulatory bodies to act as legal counsel for the regulatory body to carry professional liability insurance that satisfies certain criteria; requiring the Department of Administration to adopt regulations relating to the financial operation and administration of certain

regulatory bodies; revising the qualifications for the executive director or executive secretary of certain regulatory bodies; revising the disciplinary process for certain regulatory bodies which administer occupational licensing; ~~[providing certain immunity for independent contractors who act as legal counsel for certain regulatory bodies;]~~ revising requirements for certain regulatory bodies of this State to prepare a balance sheet or hire a public accountant or accounting firm to conduct an audit of the body for a fiscal year; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law generally imposes certain requirements on regulatory bodies that regulate professions in this State. (Chapter 622 of NRS) **Section 2** of this bill prohibits an attorney from being employed as legal counsel by more than one regulatory body. **Section 2** further requires an attorney who contracts with a regulatory body to act as legal counsel as an independent contractor to carry a policy of professional liability insurance that names the State as an additional insured in the insurance policy. ~~[Section 30 of this bill extends the sovereign immunity of the State to an attorney who contracts with a regulatory body to act as legal counsel.]~~ **Section 4** of this bill prohibits a person from being employed as an executive director or executive secretary by more than one regulatory body and requires a person employed by a regulatory body as an executive director or executive secretary to be a resident of this State. **Section 3** of this bill requires the Department of Administration to adopt regulations that establish standards for the financial operation and administration of regulatory bodies.

Existing law requires regulatory bodies to comply with certain administrative procedures governing the disciplinary process for licensees. (Chapter 622A of NRS) Existing law also provides an exemption for certain regulatory bodies from having to comply with the uniform disciplinary process. (NRS 622A.120) **Section 8** of this bill removes the exemption for regulatory bodies that issue professional licenses and are not under the direct supervision of a department of the Executive Branch of State Government. **Section 6** of this bill prohibits a deputy attorney general from acting as legal counsel for a regulatory body in a contested case if he or she prosecuted the contested case before the regulatory body. **Section 7** of this bill prohibits an attorney who is employed or retained as legal counsel to a regulatory body from prosecuting a contested case before the regulatory body at any time while employed or retained by the regulatory body. ~~[Section 10 of this bill provides immunity from civil liability for persons who contract with regulatory bodies as independent contractors to act as legal counsel for a regulatory body and who participate in the disciplinary process of a regulatory body.]~~

Existing law, with certain exceptions, requires certain regulatory bodies of this State which: (1) receive less than $75,000 in revenue during a fiscal year to prepare a balance sheet for that fiscal year; or (2) receive $75,000 or more in revenue during any fiscal year to hire a public accountant or accounting

firm to conduct an audit of the regulatory body's fiscal records for that fiscal year. Upon completion of the balance sheet or audit, existing law requires the regulatory body to file the balance sheet or a report of the audit with the Legislative Auditor and the Chief of the Budget Division of the Office of Finance on or before December 1 following the end of that fiscal year. (NRS 218G.400) **Section 30.5** of this bill increases from $75,000 to $200,000 the amount of revenue received in any fiscal year for the purpose of determining whether a regulatory body is required to prepare a balance sheet or hire a public accountant or accounting firm to conduct the audit and subsequently file a report of the audit with the Legislative Auditor and the Chief of the Budget Division.

Assembly Bill No. 372.

Bill read third time.

The following amendment was proposed by Assemblywoman Bilbray-Axelrod:

Amendment No. 575.

AN ACT relating to intercollegiate athletics; enacting the Revised Uniform Athlete Agents Act (2015); repealing the Uniform Athletes' Agents Act; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law enacted and subsequently amended the Uniform Athletes' Agents Act. Generally, the Uniform Athletes' Agent Act requires an athlete agent to register with the Secretary of State and prohibits certain conduct by athlete agents. (NRS 398.400-398.620) This bill repeals the Uniform Athletes' Agents Act and enacts the Revised Uniform Athlete Agents Act (2015), except that **section 20.3** maintains existing law governing the applicability of the provisions of law governing athlete agents and **section 20.**7 maintains existing law governing the confidentiality of certain information or documents obtained by, or filed with, the Secretary of State.

Section 5 of this bill generally defines an athlete agent subject to the provisions of the Revised Uniform Athlete Agents Act (2015) as an individual who: (1) directly or indirectly induces or attempts to induce a student athlete to enter an agency contract; (2) for compensation procures or attempts to procure employment for a student athlete as a professional athlete; (3) for compensation or the anticipation of compensation advises a student athlete on his or her finance or business affairs; or (4) in anticipation of representing a student athlete gives something of value to the athlete or another person.

Section 22 of this bill prohibits an individual from acting as an athlete agent without registering with the Secretary of State. **Section 23** of this bill requires an applicant for such registration to disclose certain information including, without limitation, training, experience and education, any conviction of a felony**_ ~~[~~**~~or crime of moral turpitude,~~**~~]~~** any administrative or judicial determination that the applicant has made a false or deceptive representation and whether the applicant's license as an athlete agent has been denied, suspended or revoked in any state or has been the subject or cause of any sanction, suspension or declaration of ineligibility.

Sections 23 and 24 of this bill require reciprocal registration of an athlete agent if: (1) the agent is issued a certificate of registration by another state and the registration has not been suspended or revoked; (2) no action involving the athlete agent's conduct as an athlete agent is pending in any state; and (3) the application and registration requirements of the other state are substantially similar to or more restrictive than the law in this State.

Section 29 of this bill maintains existing law by requiring the Secretary of State to establish by regulation fees for the registration or renewal of registration as an athlete agent.

Sections 30-32 of this bill contain the requirements for entering an agency contract. **Section 30** requires such a contract to include, without limitation, a statement that the athlete agent is registered in the state in which the contract is signed, list any other state in which the agent is registered and set forth compensation of the athlete agent. The contract must be accompanied by a separate record signed by the student athlete acknowledging that signing the contract may result in the loss of eligibility to participate in the athlete's sport. **Section 31** requires both the agent and the student athlete to give notice of the contract to the athletic director of the affected educational institution within 72 hours of signing the agreement or before the athlete's next scheduled event, whichever occurs first. **Section 31** further specifies additional circumstances under which an athlete agent or student athlete must notify an athletic director or educational institution of information concerning the relationship between the athlete agent and the student athlete. **Section 32** provides a student athlete with a right to cancel an agency contract not more than 14 days after the contract is signed.

Section 33 of this bill requires athlete agents to maintain executed contracts and other specified records for a period of 5 years, including information about represented individuals and recruitment.

Section 34 of this bill prohibits an athlete agent from: (1) providing materially false or misleading information, promises or representations with the intent of influencing a student athlete to enter into an agency contract; (2) furnishing anything of value to a student athlete before that athlete enters into an agency contract; (3) furnishing anything of value to an individual other than a student athlete; (4) initiating contact with a student athlete unless registered under the Revised Uniform Athlete Agents Act (2015); (5) failing to create, retain or permit inspection of required records; (6) failing to register where required; (7) providing materially false or misleading information in an application for registration or renewal thereof; (8) predating or postdating an agency contract; (9) failing to notify a student athlete that signing an agency contract may make the student athlete ineligible to participate as a student athlete in that sport; or (10) encouraging another individual to take on behalf of the agent an action the agent is prohibited from taking. **Section 35** of this bill provides that a person who violates any provision of **section 34** of this bill is guilty of a misdemeanor and must be required to pay restitution. **Section 36** of this bill authorizes a

student athlete or educational institution to bring a civil action against an athlete agent for damages, and authorizes the student athlete or educational institution to be awarded actual damages, as well as costs and reasonable attorney's fees.

Sections 39-41 of this bill revise provisions governing the enforcement of the Uniform Athletes' Agents Act so that those provisions apply to the enforcement of the provisions of this bill. **Section 40** further increases the maximum administrative fine that may be imposed by the Secretary of State from $25,000 to $50,000.

2. The Secretary of State may suspend or revoke the registration of an individual registered under subsection 3 of section 23 of this act or renewed under subsection 5 of section 24 of this act for any reason for which the Secretary of State could have refused to grant or renew registration or for conduct that would justify refusal to issue a certificate of registration under subsection 2 of section 24 of this act.

Forms are revised to include a statement that a candidate understands that filing a false statement is a gross misdemeanor. A person's actual and legal domicile is clarified. The Secretary of State may establish forms of alternative proof of residence.

Assembly Bill 100 prohibits a provision in contracts for public works that requires a prime contractor to waive, release, or extinguish a claim or right for damages or an extension of time that the prime contractor may otherwise possess or acquire as a result of delay, acceleration, disruption, or an impact event that is unreasonable under the circumstances, that was not within the contemplation of the parties at the time the agreement was entered into, or for which the prime contractor is not responsible.

Assembly Bill 123 revises provisions governing the creation of a series by a limited-liability company, LLC. If the LLC's articles of organization that are filed with the Secretary of State or the operating agreement authorize the creation of a series, then the registered agent of the company is deemed to be the registered agent for each series. Each series may be served with any legal process, notice, or demand required or authorized by law by serving the registered agent of the limited-liability company that authorized the creation of the series. In addition, a series may be created without the filing of articles of organization with the Secretary of State by the adoption of an operating agreement by the members of the series. A series may sue and be sued; make contracts; and purchase, own, and convey property in the name of the series.

If the series name does not indicate it is a series and does not contain the name of the LLC that created the series, then the series is deemed to be doing business under an assumed or fictitious name. Such a series is required to file a certificate with the county clerk stating the name and address of the LLC authorized to create the series. This bill is effective on October 1, 2017.

It authorizes the Board to issue licenses in two new practice areas, structural integration and reflexology. The measure changes the name of the Board to the Board of Massage Therapy and modifies the composition of the Board to include a member licensed to practice in each of the two new areas. It also allows local governments to regulate a massage, reflexology, and structural integration establishment in a manner that is more stringent than regulations adopted by the Board.

Finally, A.B. 179 provides that licenses issued by the Board are valid for two years and allows the Board to, by regulation, charge up to $350 for a license renewal. Assembly Bill No. 188.

Bill read third time.

Remarks by Assemblymen Diaz, Pickard, Miller, and Edwards.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 188 makes various changes to provisions governing the Silver State Opportunity Grant Program. Specifically, the bill changes from 15 to 12 the minimum number of credit hours in which a student must enroll in order to be eligible for the Program; extends eligibility to students who are enrolled in fewer than 12 credit hours during their final semester of study in a program; allows a student to request from his or her college a waiver from the credit-hour requirement in cases of hardship; allows a student who has lost eligibility due to the credit-hour requirement to regain eligibility if he or she satisfies that requirement in a subsequent semester while not receiving the grant; specifies that if a student who has lost eligibility due to the credit-hour requirement fails to meet the requirement a second time, he or she is no longer eligible; and provides that money allocated to a college for the Program does not revert and any remaining amount must be carried forward to provide future grants for students.

For those that do not sit on the Education Committee, Mr. Speaker, I do have some statistics from the College of Southern Nevada regarding the 82 out of 191 students who lost access to this grant funding. Sixty-seven percent of them said they underestimated the amount of time it would take to take a full load of 15 credits. Eighty-two percent said they had children under the age of 18 years in the home. Sixty-eight percent said they worked either full-time or part-time, and the vast majority of students who worked full-time were minority students.

Basically with this bill, Mr. Speaker, I am seeking to hear to needs of hardworking Nevadans in our state who are working, having families, and making sure they are staying in school so they can get retrained or they can move up the economic ladder. We are making this investment so they can continue to strive and make progress and take care of their families.

ASSEMBLYMAN PICKARD:

I rise today in opposition to Assembly Bill 188 for a simple reason: There are simply not the resources available to expand what was originally targeted to a narrow set of students who are attempting to graduate on time. At some point we may have to look at what we can realistically do, and I think this is that time. The simple fact is, we do not have the resources to do this now. The Silver State Opportunity Grant has provided many young people opportunities they might not otherwise have had, and I cannot, in good conscience, risk putting these students in a place where we cannot financially follow through on the promises we have made. I urge my colleagues to vote no.

ASSEMBLYWOMAN MILLER:

I rise in support of Assembly Bill 188 because I feel that we need to do whatever we can to enable people to complete college. It is about reducing barriers, and if we look at the reduction down to 12 credits, 12 credits is what colleges and universities consider full time. It is also what is considered full time by the federal government in order to obtain financial aid and loans and such. We are not minimizing the requirements, but we are understanding that community colleges and universities, especially here in Nevada—many students are commuting to schools. They are also working, raising families, working other jobs, and so I stand in support. It is about helping more students get through the process. It is not about the sprint; it is about the marathon.

ASSEMBLYMAN EDWARDS:

I rise in opposition to this for a simple reason: The Silver State Opportunity Grant Program is not meant for everyone. It is meant for those who can get up to 15 credit hours and graduate on time. The statistics from NSHE [Nevada System of Higher Education] have been absolutely clear; using the program as it is now, 200 percent more people graduate on time. This is a program that is working. It is working to help kids graduate and graduate on time and get into the workforce. Let us not mess with something that is working. So many other things in the educational field are not; this one does. Please vote no.

Assembly Bill 258 declares the legislative intent for the creation of the Nevada Commission for Women as the advancement of women toward full equality in all areas. The bill also requires appointments to the Commission to reflect the diversity of the state insofar as practicable. The measure also allows the Chair, Vice Chair, and other officers to serve one additional term in that capacity beyond the initial one-year term. This bill is effective on July 1, 2017.

Assembly Bill 259 provides for the vacating of certain judgments of conviction and sealing of records related to marijuana. If a person is convicted of a misdemeanor for the possession of one ounce or less of marijuana or other certain offenses involving marijuana, the person may petition the court to vacate the judgment and seal all documents relating to that case.

ASSEMBLYMAN PICKARD:

I rise in reluctant opposition to Assembly Bill 259. I am sympathetic to issues of addiction and recovery, but as an attorney practicing family law, I have seen firsthand the effects that drug abuse has on our families and our young people. Removing consequences of conduct known at the time to be wrong does not help anyone overcome anything. I do not believe it helps those convicted learn from their mistakes, so I am encouraging my colleagues to vote no.

ASSEMBLYMAN WHEELER:

I rise in opposition to Assembly Bill 259. As a former law enforcement officer, let me assure you that retroactively lessening criminal drug offenses will do nothing to make our streets safer. From day one of this legislative session, I have been outspoken on the importance of fighting those who are hooking up our young people on drugs. This legislation only gives them the

opportunity to spend more time prowling our streets and less time thinking about the effects of their actions. I urge my colleagues to vote no.

ASSEMBLYMAN MCCURDY:

We are all familiar with the war on drugs, mandatory minimum sentencing and the effect on our nation's prison population. According to the National Conference of State Legislatures, between 1980 and 2009, there was a 138 percent increase in the arrest rate for possessing or using drugs and a 77 percent increase on the arrest rate for selling or manufacturing drugs. Let us be clear: A.B. 259 lays out the legislative groundwork for the changing times in our state. Nevada voted in November to legalize recreational marijuana, and our laws must reflect those results. We have an opportunity to make our criminal justice system fair and equitable for everyone, and I urge all my colleagues to please vote in support of A.B. 259.

Remarks by Assemblywoman Tolles.

ASSEMBLYWOMAN TOLLES:

Assembly Bill 260 revises the provisions and penalties for certain acts relating to prostitution. A customer who is found guilty of engaging in prostitution or soliciting prostitution is guilty of a misdemeanor and must pay a mandatory fine. In addition, the court is required to impose a civil penalty on a customer who is found guilty of such an offense. All civil penalties collected are to be used for enforcement and certified treatment programs. Community service may be performed in lieu of all or partial payment of the civil penalty. The court is authorized to discharge the person and dismiss the proceedings against the person upon the person's fulfilling the terms and conditions of the treatment program. The discharge and dismissal may only occur once. This bill is effective on October 1, 2017.

The purpose of this bill is to propose graduated penalties, for the existing crime of solicitation of prostitution, on the customer and allows funds for fines to be used for enforcement and prevention programs. Nevada had the highest number of calls per capita to the National Human Trafficking Hotline in 2015. Although there is much more that needs to be done to assist victims and prosecute traffickers, much of the attention in recent years has been on those two aspects, but little has been done to address the demand side of the equation. Efforts to reduce the demand for the illegal sex trade industry are necessary if the end goal is to reduce the amount of victims that are targeted, recruited, and sold by traffickers. I would urge this body to please support A.B. 260.

Assembly Bill 262 provides that a person who repossesses a vehicle before default or commits any act against a consumer in violation of the Uniform Commercial Code has committed a deceptive trade practice.

The bill also makes changes to provisions related to surety bonds for vehicle and off-highway vehicle sellers and manufacturers. It requires the surety to appoint the Commissioner of Insurance as its agent. Additionally, the bill expands the uses for which a consumer may make a claim against a surety bond of a motor vehicle broker.

The bill also provides that if an employer, insurer, or third-party administrator denies an occupational disease claim for lung disease or heart disease and the claimant ultimately prevails, the employer, insurer, or administrator must pay the claimant's reasonable attorney's fees and associated costs. Assembly Bill 268 authorizes a person convicted of a felony to file a postconviction petition requesting to pay the cost of a genetic marker analysis. If such a petition is filed, the court is required to order a genetic marker analysis. The petition is subject to the same requirements imposed for a postconviction petition for genetic marker analysis; however, there is no requirement for a hearing on the petition. The petitioner is required to indicate in the petition whether he or she prefers to have a specific forensic laboratory conduct the analysis and to select from certain forensic laboratories in certain circumstances. If the court selects a forensic

laboratory operated outside Nevada to conduct or oversee the genetic marker analysis, the state is authorized to charge the petitioner a reasonable fee for the cataloging of evidence and transferring the evidence to the forensic laboratory. The petitioner who files the petition requesting to pay the cost of the genetic marker analysis is required to pay the cost before the analysis is performed and is not eligible for an exemption from payment.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 272 authorizes county and city clerks to establish polling places where any registered voter may vote in person on the day of a primary or general election. These sites must be published unless all sites accommodate any eligible voter. For any such polling place, the clerk shall prepare a roster of all eligible voters in the county or city, as applicable.

The clerk may extend the period for early voting through the Sunday before the election day and determine the hours of operation during that time. Election materials may be prepared in the language of a minority group if the clerk determines there is a significant need.

If a tribe submits a request by the deadlines as provided, at least one polling place must be established on an Indian reservation or colony for a primary or general election as well as a temporary branch polling place for early voting. A clerk is not required to establish a polling place under certain circumstances. Any proposed location must satisfy criteria established by the clerk to locate any other polling place. A voter whose signature does not match the roster or signature card may verify identity through other procedures. This bill is effective on July 1, 2017, for the purpose of adopting regulations and performing other preparatory administrative tasks and on January 1, 2018, for all other purposes.

Your hardworking committee on Legislative Operations and Elections worked very hard on the current iteration of your bill to make sure that it was palatable and workable by every stakeholder that we were involving. We worked with the Deputy Secretary of State, Mr. Thorley, and we also worked with the rural clerks as well as the urban clerks of Washoe and Clark Counties. I urge this body to support the measure.

Furthermore, with respect to the statewide performance evaluation system, it replaces the performance designation of "minimally effective" with a designation of "developing." Additionally, it provides for peer observations rather than peer evaluations of teachers. Moreover, it adds a member to the Teachers and Leaders Council of Nevada and prohibits the use of the statewide performance evaluation system to evaluate a district administrator who provides direct supervision of a school principal and who also serves as district superintendent. ASSEMBLYMAN FLORES:

Assembly Bill 324 amends the provisions governing document preparation services by clarifying the definition of such a service, requiring registration with the Secretary of State. A person who provides document preparation services is prohibited from advertising or representing himself or herself as a paralegal or legal assistant unless they are operating under the direction or supervision of an attorney.

In this building, we often have the conversation about educating the community on how we have a lot of predatory businesses out there. We continuously put in place parameters to protect the community against these predatory businesses, but we did not have a mechanism to go after them because we did not have enough resources at the Secretary of State level. What we are doing now is creating a fund. All the money that is paid into it by document preparation services will automatically and forcefully be used to educate the community and to go after these predatory businesses. Beyond that, we have a lot of people out there in the community advertising themselves as paralegals—they use the word "legal" within the title of their business—but they are not working under the supervision of an attorney, and we are cleaning that up. We are going to get rid of this garbage in the state and hopefully this bill is getting us a step closer to that.

Amendment No. 627.

AN ACT relating to government land; reducing the number of independent appraisals of state land required before such land may be offered for sale or lease; revising certain restrictions on the performance of an appraisal of certain government land by an appraiser; revising provisions relating to the Revolving Account for Land Management; removing an exemption from procedural requirements for the sale or lease of state land for a lease of residential property with a term of 1 year or less; revising provisions relating to the requirement that the Administrator of the Division of State Lands of the State Department of Conservation and Natural Resources develop and make certain information useful to land use planning available to cities and counties; ~~[revising provisions relating to the lease of state land for less than fair market value to certain persons who intend to locate or expand a business in this State;]~~ repealing obsolete provisions regarding the Lincoln County Pilot Land Development and Disposal Law; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Division of State Lands of the State Department of Conservation and Natural Resources must acquire and hold in the name of the State all land and interests in land owned or required by the State, with certain exceptions. (NRS 321.001) The Administrator of the Division is, ex officio, the State Land Registrar. (NRS 321.010)

Existing law requires, with certain exceptions, the State Land Registrar to obtain two independent appraisals of any state land before offering the land for sale or lease. (NRS 321.007) **Section 1** of this bill decreases to one the number of independent appraisals that the State Land Registrar is required to obtain before offering state land for sale or lease.

Existing law also prohibits an appraiser from appraising state land if the appraiser or a person related to the appraiser within the first degree of consanguinity or affinity has an interest in the land or an adjoining property. **Section 1** expands the prohibited degree of consanguinity or affinity of the appraiser's relative to the third degree of consanguinity or affinity.

Existing law creates the Revolving Account for Land Management as a special account in the State General Fund. Money in the Account must be used to pay the expenses relating to the management of land held by the Division of State Lands, including, without limitation, expenses for appraisals and surveys, construction of fences and barriers for vehicles and the cleanup and maintenance of the land. (NRS 321.067) **Section 2** of this bill authorizes money in the Account also to be used to pay expenses relating to the acquisition of or interests in land. **Section 2** also provides that the expenses for which money in the Account may be used may include land surveys, required assessments of the land, including surveys of the

biological, environmental and cultural conditions and resources of the land, and any required mitigation of the land.

Existing law authorizes the State Land Registrar to request an allocation to the Revolving Account from the Contingency Account in the State General Fund if the balance in the Revolving Account is below $5,000. **Section 2** of this bill raises that amount to $20,000.

Existing law provides procedural requirements for the sale or lease of state land and exempts from those requirements any lease of residential property with a term of 1 year or less. (NRS 321.335) **Section 3** of this bill removes that exemption.

Existing law requires the Administrator of the Division of State Lands to: (1) administer the activities of the State Land Use Planning Agency; and (2) develop and distribute information that is useful to land use planning. Existing law also gives priority to the activities of the State Land Use Planning Agency in the provision of technical assistance in areas of this State where such assistance is requested. (NRS 321.710) **Section 3.5** of this bill limits the entities to which priority in the provision of technical assistance must be given to counties and cities.

Existing law requires the Administrator of the Division of State Lands to develop and make available to cities and counties certain specified information useful to land use planning. (NRS 321.720) **Section 4** of this bill removes the requirement that the Administrator develop and make available to cities and counties: (1) statewide data relating to population densities and trends, economic and environmental characteristics and trends, and directions and extent of urban and rural growth; (2) projections of the nature and quantity of land needed and suitable for various purposes; and (3) a continuously revised inventory of the environmental, geological and physical conditions which influence the desirability of various uses of land. **Section 4** also requires the Administrator, to the extent practicable, to compile the information developed and make the compilation available to counties and cities.

~~**[**Existing law authorizes, if certain requirements are fulfilled, the lease of state land for less than the fair market value of the land for the first year of the lease if the lessee intends to locate or expand a business in this State. (NRS 322.061) Section 5 of this bill removes a number of the requirements that must be fulfilled, including requirements relating to the number of employees of the business, the capital investment in this State by the business, the average hourly wage paid by the business to employees in this State and the benefits provided by the business.**]**~~

Existing law prohibits an appraiser who appraises any real property that is offered for sale or lease by a board of county commissioners or the governing body of an incorporated city from conducting the appraisal if the appraiser or a person related to the appraiser within the first degree of consanguinity or affinity has an interest in the real property or an adjoining property. (NRS 244.2795, 268.059) **Sections 6 and 7** of this bill expand the prohibited

degree of consanguinity or affinity of the person from the first degree of consanguinity or affinity to the third degree of consanguinity or affinity and, in certain circumstances, the second degree of consanguinity or affinity.

Section 9 of this bill repeals obsolete provisions relating to the Lincoln County Pilot Land Development and Disposal Law. (NRS 321.540-321.590)

Sec. 3. NRS 321.335 is hereby amended to read as follows:

321.335 1. Except as otherwise provided in NRS 321.008, 321.125, 322.061, 322.063, 322.065 or 322.075, except as otherwise required by federal law, except for land that is sold or leased to a public utility, as defined in NRS 704.020, to be used for a public purpose, except for land that is sold or leased to a state or local governmental entity, except for a lease which is part of a contract entered into pursuant to chapter 333 of NRS and except for an agreement entered into pursuant to the provisions of NRS 277.080 to 277.170, inclusive, ~~[or a lease of residential property with a term of 1 year or~~

2. Whenever the State Land Registrar deems it to be in the best interests of the State of Nevada that any lands owned by the State and not used or set apart for public purposes be sold or leased, the State Land Registrar may, with the approval of the State Board of Examiners and the Interim Finance Committee, cause those lands to be sold or leased upon sealed bids, or oral offer after the opening of sealed bids for cash or pursuant to a contract of sale or lease, at a price not less than the highest appraised value for the lands plus the costs of appraisal and publication of notice of sale or lease.

3. Before offering any land for sale or lease, the State Land Registrar shall comply with the provisions of NRS 321.007.

4. After complying with the provisions of NRS 321.007, the State Land Registrar shall cause a notice of sale or lease to be published once a week for 4 consecutive weeks in a newspaper of general circulation published in the county where the land to be sold or leased is situated, and in such other newspapers as the State Land Registrar deems appropriate. If there is no newspaper published in the county where the land to be sold or leased is situated, the notice must be so published in a newspaper published in this State having a general circulation in the county where the land is situated.

(a) Except as otherwise provided in this paragraph, obtain two independent appraisals of the real property before selling or leasing it. The appraisal or appraisals, as applicable, must have been prepared not more than 6 months before the date on which the real property is offered for sale or lease.

(b) Select the one independent appraiser or two independent appraisers, as applicable, from the list of appraisers established pursuant to subsection 2.

(b) Be organized at random and rotated from time to time.

3. An appraiser chosen pursuant to subsection 1 must provide a disclosure statement which includes, without limitation, all sources of income that may constitute a conflict of interest and any relationship with the real property owner or the owner of an adjoining real property.

4. An appraiser shall not perform an appraisal on any real property for sale or lease by the board of county commissioners if ~~[~~the~~]~~ ***:***

5. If real property is sold or leased in violation of the provisions of this section:

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 341 authorizes an attorney who represents a child in a juvenile proceeding to consult and seek appointment from a social worker, a mental health professional, an educator, or any other expert the attorney deems appropriate. In addition, this measure urges the Nevada Supreme Court to adopt rules for attorneys who represent juveniles to ensure effective assistance of counsel in proceedings. These rules may include, but are not limited to, minimum requirements for courses, programs, and continuing legal education in order to provide effective representation of juveniles; standards for professional conduct specific to juvenile justice; and minimum requirements for attorneys who represent juveniles and are employed by the Office of the State Public Defender.

Two thousand seventeen marks the fiftieth anniversary of the United States Supreme Court's decision *In re Gault*. As most of us know, a young man named Gerald Gault was accused of making obscene phone calls to a neighbor's house. His parents came home and he was gone; they did not know where he was. They had to search around and found out he was in a juvenile detention facility. There were no transcripts of his hearing, no attorney. The United States

Supreme Court *In re Gault* ruled that children have the same constitutional rights as an adult would have when there is a chance of deprivation of their liberty. This bill is meant to recognize that fiftieth anniversary of *In re Gault* and to try to seek to provide further protections of juveniles who find themselves in that situation here in our state.

Assembly Bill 350 requires employers within the executive department of state government to provide an in-person orientation to a new employee during the employee's regular work hours within 30 days after the employee's date of hire or within a reasonable time thereafter. Additionally, the bill requires an employing state agency to allow an employee organization that has at least 100 paying members to give a presentation of at least 30 minutes during the orientation. Finally, the bill requires an employing state agency to provide such an employee organization with certain information concerning a newly hired employee and to allow such an employee organization to meet with an employee who is unable to attend the employee orientation within the required time. This bill is effective on July 1, 2017.

ASSEMBLYMAN EDWARDS:

I rise today in opposition to Assembly Bill 350 for a simple reason. This legislation permits an existing public employee union to pitch employees on the perks of joining the union, all on the taxpayer's dime. These types of activities should not be done on the people's time. We in the Legislature should not promote the misuse of our employees' work hours like this. I urge all my colleagues to vote no.

ASSEMBLYWOMAN CARLTON:

I rise in support of Assembly Bill 350. To my colleague from Mesquite, in reference to pitching something on the taxpayer's dime, there are numerous times when for-profit businesses come in to an employees' hall, and they pitch health insurance, care insurance, all different types

of things. So if we are going to allow for-profit businesses to come in and pitch their business to employees, I believe the employees have the right to hear from someone who might actually represent their interests.

Assembly Bill 376 requires a criminal complaint to be filed within 72 hours after a person is arrested without an arrest warrant. The measure authorizes 48-hour extensions that could be granted by the magistrate, but only for good cause shown.

During the hearing in front of your Judiciary Committee, there were examples of persons who were arrested on low-level charges and a complaint had not been filed, sometimes for over a week, sometimes longer. This bill will go a long way to remedy that and to make sure that if a charge is going to be filed, it is going to be filed promptly. Prior to this, the definition in statute was "forthwith" and even though forthwith seems very quick to me, it was not always quick in practice.

I do want to thank the Chairman of your Judiciary Committee because he did get everybody together in The Wood Shed and worked out a compromise that was agreeable to all sides.

The prosecuting attorney must demonstrate that adequate cause exists for the court to grant leave to seek an indictment. The prosecuting attorney must give notice of an application to the attorney for the defendant at least 24 hours before the hearing on the application.

The measure also provides for the refiling of charges in cases where the prosecuting attorney applied for and was granted leave of the court and where the state has a good faith belief that the defendant has regained competency and a compelling interest in bringing charges again and the period for commencing the criminal action has not lapsed. Finally, the prosecuting attorney is required to give at least 24 hours' notice of the application to the defendant's attorney.

ASSEMBLYMAN THOMPSON:

Assembly Bill 384 provides, with exceptions, that the criminal history of an applicant or other qualified person under consideration for employment in a state agency or local government may be considered only after an appointing authority has made a conditional offer of employment. The bill also sets forth specific factors that must be considered by an appointing authority or the administrator before the criminal history of an applicant may be used as the basis for rescinding a conditional offer of employment or for rejection of the applicant. Additionally, if an appointing authority rejects an applicant based on his or her criminal history, the appointing authority must provide a written statement specifying the reason for the rejection.

Assembly Bill 384 is our opportunity to get on the map to truly be a state that allows fair chances and second chances for people. This is also known nationally as Ban the Box. I do want to clarify some things that some of my colleagues have come to me and asked. Is this just a re-entry bill for people that are immediately coming out of our prison system? That is part of it. I want to share with you that we all have people in our communities that have made bad choices at a younger age, and they are adults with families and they need to provide for their families just like anyone else. Good, bad, or indifferent, they did some bad things in the past, but they have rehabilitated themselves and they are looking to do better. This is going to be an opportunity for them to fairly compete for a job in state, county, or city government and be able to get good benefits for their families. I would truly urge your support to help us Ban the Box in the state of Nevada.

ASSEMBLYMAN CARRILLO:

Assembly Bill 391 creates the crime of bestiality punishable as a gross misdemeanor or a category D felony, depending upon the circumstances. The bill defines the elements of the crime, requires relinquishment of the animal, and prohibits a person convicted of bestiality from owning, residing, or working in a location where animals are present. The court may also require persons convicted of the crime to undergo psychiatric counseling at their expense and payment of any costs associated with care or maintenance of an animal involved in the crime. Finally the bill defines "sexual conduct" and excludes veterinary medical procedures, animal husbandry practices, or similar activities from the definition.

This bill is effective on October 1, 2017.

ASSEMBLYMAN ELLIOT ANDERSON:

I rise under Order of Business 12 to ask the sponsor a question. To my colleague from District 18, I had some concerns about the rule of lenity in criminal law. If you are not aware of that, it is basically the tie-goes-to-the-runner provision of criminal law. We need to ensure that the statutory language is very clear and understandable so that this law is enforced. Could you just help me understand exactly what conduct is covered, and specifically in section 1, subsection 5(a), the definition of an "animal"? It says any living thing. Does that include the other kingdoms such as plants, fungi, protista, and monera?

ASSEMBLYMAN CARRILLO:

To my colleague from Assembly District 15, that is no.

ASSEMBLYMAN ELLIOT ANDERSON:

I just think we should hold our horses a bit, Mr. Speaker. I appreciate the follow-up.

I think the record should reflect that our colleague weaseled out of that question that I just asked. I think it is very important to have a clear record. The legal world is a dog-eat-dog world, and constituent letters in support have rained in like cats and dogs. We need to make sure that attorneys do not engage in any monkey business with this law that we are proposing. We need to grab the bull by the horns rather than wing it to ensure that the citizens of Nevada do not have a cow, man.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 393 sets forth legislative findings relating to proposed changes in zoning and hillside development standards on the undeveloped lands adjacent to the Sunrise and Frenchman Mountains in Clark County. The bill declares that it is consistent with the Legislature's intent that the Clark County Board of Commissioners strengthen, as necessary in order to promote responsible development and preserve important natural resources, the existing zoning and hillside development standards on the undeveloped desert lands adjacent to the western faces of Sunrise and Frenchman Mountains.

For those of us who come from southern Nevada, I think we realize what a treasure Sunrise and Frenchman Mountains are. It is natural desert landscape very close to the city and to urban areas. There are opportunities for hiking and camping up there. There is a geological treasure there called the Frenchman Mountain Great Unconformity, which is one of the few places in the world you can see billions of years of geologic age there. Development is an issue there. This aims to try to urge the Clark County Board of Commissioners that development needs to be done responsibly to try to preserve that natural treasure we have. For those not from Clark County, I urge you to try to visit Sunrise Mountain and Frenchman Mountain when you get a chance. It is a treasure and the area touches a lot of different Assembly and Senate districts, and I urge its passage.

MOTIONS, RESOLUTIONS AND NOTICES

Motion carried.

Assembly Bill No. 163.

Bill read third time.

The following amendment was proposed by Assemblyman Flores:

Amendment No. 628.

AN ACT relating to financial services; requiring a person who is licensed to operate certain loan services to verify a customer's ability to repay the loan before making certain short-term loans to the customer; requiring a person who makes a deferred deposit loan to offer an extended payment plan under certain circumstances; revising provisions governing defaults, lengths of term and grace periods relating to certain short-term loans; requiring certain notices to be posted by a person who is licensed to operate certain loan services; revising the requirements for making a title loan; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes standards and procedures governing the making of certain short-term loans, commonly referred to as "payday loans," "high-interest loans" and "title loans." (Chapter 604A of NRS) **Section 1.3** of this bill: (1) prohibits a person from making such a loan unless the person has determined that the customer has the ability to repay the loan; and (2) establishes the factors that the person making the loan must consider when determining whether a customer has the ability to repay the loan. **Section 1.3 also requires that the loan comply with the statutory requirements applicable to the type of loan involved.** **Section 1.7** of this bill requires a person who makes a deferred deposit loan to offer an extended payment plan to the customer under certain circumstances.

Existing law allows for a person making a payday loan, high-interest loan or title loan to offer the customer a grace period concerning repayment of the loan. (NRS 604A.210) **Section 3** of this bill distinguishes a grace period from an extension of a loan ~~[.]~~ **that complies with certain statutory requirements.** **Section 4** of this bill prohibits a person making the loan from granting a grace period for the purpose of artificially increasing the amount a customer qualifies to borrow ~~[.]~~ **, or, with certain exceptions, from conditioning the grace period on the customer's agreement to a new loan or a modification of the terms of the existing loan or the charging of interest at a rate in excess of that provided by the existing loan agreement.**

Existing law requires a person making a payday loan, high-interest loan or title loan to post certain notices in a conspicuous place in every location at which the person conducts business. (NRS 604A.405) **Section 5** of this bill provides that the person must post a notice of the existing requirement that the person must offer a repayment plan to a customer who defaults on a loan before the person commences specified collection actions. **Section 5** also provides that the person must post a notice that states the process for

customers to file a complaint with the Office of the Commissioner of Financial Institutions.

Existing law sets forth certain restrictions on the actions of a person licensed to operate certain loan services. (NRS 604A.440) **Section 6** of this bill adds to those restrictions a limitation on the reinitiation of electronic debit transactions.

Existing law provides restrictions on the making of title loans. (NRS 604A.450) **Section 7** of this bill adds to those restrictions by specifying that the customer must legally own the vehicle which secures the loan and that the person making the loan cannot consider the income, except for the customer's community income, of anyone who is not a legal owner of the vehicle who enters into a loan agreement with the licensee when determining whether the customer has the ability to repay the loan.

Section 8 of this bill makes conforming changes.

ASSEMBLYMAN OHRENSCHALL:

Assembly Bill 420 adds exceptions to the current prohibition on access by offenders to telecommunications devices, for conducting allowable visits or correspondence; facilitating or participating in correctional activities; or performing educational, vocational, or legal research. The bill also authorizes the Nevada Department of Corrections to impose a charge on offenders for videoconferencing visits to defray the costs of the service. The charge would be established by regulation, with the approval of the Board of State Prison Commissioners.

The Director of Nevada's Department of Corrections, James Dzurenda, testified before the Committee on Corrections, Parole, and Probation on this measure. Some of the benefits of this

measure that were brought out by Director Dzurenda in the Committee were trying to increase contact between offenders and their families through these video visits. Many of our state Nevada Department of Corrections facilities are very far from our urban centers, and travel for families is often very difficult, if not impossible. As to the communications devices that would be given to offenders in someone's cell, they would only be allowed to work on an intranet system. They would have no access to the outside and they would be used for educational purposes, for filing a kite for medical reasons—letting the authorities there at the facility know if a prisoner might be suicidal, might have a health issue—and it would save a lot on the current paper system. I urge your support.

ASSEMBLYMAN ELLISON:

I stand in opposition to Assembly Bill 420. I have serious concerns about the security protections in place when giving electronic devices to inmates. I am joined in these concerns by law enforcement across Nevada and by good, hard-working people in my home town of Elko. Safer streets for Nevada families do not begin by giving special privileges to felons. They begin by making sure they are properly rehabilitated and then that they are getting the help and training they need. I urge my colleagues to vote no.

ASSEMBLYWOMAN CARLTON:

A question to the sponsor of Assembly Bill 420: Was there any indication of what the cost might be? I support the idea that we are allowing folks to get educational issues dealt with and stay in touch with family, because we know family can be one of the most important things in the success as folks get ready to leave the institution. I am just curious if there was any indication on the cost, because I always have a problem when we are asking for folks to pay for part of their incarceration.

ASSEMBLYMAN OHRENSCHALL:

Certainly there is a fiscal note on the bill; the fiscal note is zero. Testimony at the committee hearing was that as to the video visits with family that would be allowed, which would be a supplement to the current phone call system, there would be a cost and that would be assessed to the offender, or the family of the offender would have to try to put money on their books, although I think there is now a new system where they would put money on the third-party contractor's system in the name of that loved one or relative so they can contact the family member.

As to the electronic tablets that would be allowed for educational purposes that are only to be used internally for communication with the officials in the prison, what I have learned from the Director is that he is expecting that these will be donated, as has recently been done in Colorado. I am not foreseeing a cost there in terms of the electronic communication devices that would be used internally—and only internally—but as to the external devices that would allow communication with family for video visits, that cost would be assessed to the offenders, as I understand it.

ASSEMBLYWOMAN CARLTON:

Thank you, Mr. Speaker, and I know it is unusual to have a second but I do support this. If they do not know how to operate some type of computer device as they come out of the institution, they are going to be way behind, so just being able to put your hands on one and be familiar with one is great. I know that the dollar amount will come through regulations, so the body will have a chance through the regulatory process to look at those dollar amounts. I just want to send the message that I want to make sure this is fair and equitable and we do not price people out of an opportunity to succeed.

MR. SPEAKER:

Thank you, Assemblywoman. Assemblyman Ohrenschall, I believe you convinced her. Do you want to add to that?

ASSEMBLYMAN OHRENSCHALL:

In front of your Committee on Corrections, Parole, and Probation, there was testimony about how things have changed for many offenders. Many offenders might have gone in to NDOC

[Nevada Department of Corrections] when you sat down with a pen and filled out an application for a job. Now, it is almost impossible to find a place where you sit down with a pen; most of the time you have to do it online. If we release offenders once they are paroled or expire their sentence and they have no idea how to do that, we are certainly, I don't think, helping set them up for success. Again, I urge your support.

ASSEMBLYMAN PICKARD:

I appreciate the intent of this bill. I certainly understand Director Dzurenda's intention. In fact, I believe his testimony was that he provides the videoconferencing for visits as it is, and so I support that piece. After recent discussions, however, with law enforcement, there are some concerns about how this might be used. In talking to the Division Director, he suggested that this could be more appropriately dealt with in regulation, so I am going to reluctantly change to a no on this and encourage this to occur within the regulation.

ASSEMBLYMAN OSCARSON:

Assembly Bill 429 enacts the Psychology Interjurisdictional Compact of the Association of State and Provincial Psychology Boards. The interstate compact allows a person who is licensed as a psychologist in a state that is a member of the Compact to provide services to patients in other states that are members of the Compact through telehealth or in person under certain conditions. Before providing such services, the Compact requires a psychologist to meet certain specified requirements.

The governing body of the Compact, the Psychology Interjurisdictional Compact Commission, is authorized to access certain information and make certain determinations regarding the provision of services by a psychologist in a state that is a member of the Compact under certain circumstances. Psychologists who provide services in states other than those in which they are licensed under the Compact are subject to the jurisdiction of the state in which they provide services, and such a state can revoke the authorization to practice in that state. The Commission is authorized to, one, collect an annual assessment from each state that is a member of the Compact to fund the operations of the Commission; two, make rules concerning the administration of the Compact and the practice of psychology across state lines under the Compact; and three, resolve disputes among states that are members of the Compact related to the Compact.

Finally, the measure clarifies that a psychologist who is authorized to practice in this state pursuant to the Compact is authorized to engage in the same activities as a psychologist who is licensed in this state.

This bill is effective on October 1, 2017, but the Compact is effective upon ratification by seven states. Currently, only Arizona and Utah have ratified the Compact.

A district attorney or the Attorney General is required to ensure that any property seized during a search conducted pursuant to such a search warrant is reviewed to determine whether the attorney-client privilege is applicable and returned to the attorney from whom the property was seized if the seized property is subject to the attorney-client privilege.

This bill also requires each new member of these behavioral health care boards to complete an orientation and requires these boards to establish policies concerning compensation and reviewing staff performance. Further, A.B. 457 allows these boards to enter into agreements with the Department of Health and Human Services to carry out or improve the performance of their duties.

These behavioral health care boards are also required to adopt online application forms for the issuance or renewal of a license or certificate, and the bill provides an appeals process for persons aggrieved by a determination of a board in refusing to issue or renew a license or certificate or imposing discipline. Additionally, A.B. 457 requires these boards to adopt certain regulations and further requires the Commission on Behavioral Health to review the regulations before they are submitted to the Legislative Commission for approval.

Finally, the bill alters the composition of the Commission on Behavioral Health. The provisions of the bill revising the qualifications and terms of certain members of the Commission on Behavioral Health are effective on October 1, 2017. The remaining provisions are effective upon passage and approval for the purpose of adopting regulations and performing other necessary administrative tasks and on January 1, 2018, for all other purposes.

Finally, the bill requires submittal of a report to the Legislature no later than August 31 of each even-numbered year on expenditures from the Wildlife Account and information on the effectiveness and outcomes of the programs and activities funded by the Account.

ASSEMBLYMAN HANSEN:

I rise in opposition to Assembly Bill 101. I was actually involved with this in 2001 and helped get this program in place. Since its inception back in 2001, the sportsmen of Nevada have put almost $6.5 million into this program. Those fees were very specifically paid with a very specific intention. What we are doing with this bill is diluting that, at best. You cannot mix funds; when it comes to predator control, you cannot use those dollars to enhance big game programs. It is not allowed under the Pittman-Robertson rules. I would urge us all to vote no.

We had to pass, last session, a requirement that the Department of Wildlife use 80 percent of those funds to actually do what the program was intended to do. The reason we had to do that was that this particular agency is very hesitant, and in many cases actually opposed to the very programs that the Legislature has tried to put into place. On behalf of the hundreds of thousands of Nevada sportsmen, including myself, I would like to urge this body to keep those fees for the programs they were very specifically intended for.

Thank you, Mr. Speaker, and I urge everyone to vote no on Assembly Bill 101.

MOTIONS, RESOLUTIONS AND NOTICES

Motion carried.

GENERAL FILE AND THIRD READING

Assembly Bill No. 298.

Bill read third time.

Remarks by Assemblywoman Carlton.

ASSEMBLYWOMAN CARLTON:

Assembly Bill 298 sets forth in detail the process to be followed by the State Engineer when soliciting, reviewing, approving, and amending monitoring, management, and mitigation plans, so-called 3M Plans. The measure adds definitions for related terms and delineates the components of a 3M Plan.

The bill adds statements of legislative policy to encourage applicants for a permit to appropriate water or change the point of diversion to work with affected parties prior to the hearing by the State Engineer and to encourage the use of 3M Plans. Legislative declarations are included to support the State Engineer's use of existing law on 3M Plans and to state that the bill is intended to clarify, but not change, existing interpretations of water law. The bill also provides that it applies to appropriation or point of diversion applications retroactively and prospectively. The bill is effective upon passage and approval.

Assembly Bill 298 is the result of months of work and a wide array of interested water stakeholders from all over the state. As we might all guess, with any bill relating to water, there is a lot of interest in changes to this bill after it was introduced. Assembly Bill 298 clarifies

Nevada water law as it relates to monitoring, management, and mitigation plans. The term already exists in the statutes and the State Engineer currently uses these plans as a tool in management of our resources. As was so aptly put by former Assemblywoman Marcia de Braga years ago, the saying that has been said in this state about water: Whiskey is for drinking and water is for fighting. I hope that you support Assembly Bill 298 so that this discussion can continue.

The bill also extends the authority to request the imposition of the residential construction tax for all school districts and requires the board of county commissioners to approve such a request unless the board finds that the request was not justified. Additionally, among other provisions, the measure one, expands the purposes for which the proceeds of the residential construction tax may be used to include modernization of school buildings and necessary appurtenances; two, restricts the area or areas in which proceeds are authorized to be used to only those areas specified in the request for the imposition of the tax; and three, specifies a deadline for the collection of the tax. The cap on the annual assessment levied on property in an irrigation district for the payment of ordinary expenses is raised from $1.50 to $1.70 per acre,

and the cap on the annual assessment for capital improvements is raised from $5.00 to $5.70 per acre.

Resolution ordered transmitted to the Senate.

Assembly Joint Resolution No. 5.

Resolution read third time.

Remarks by Assemblyman Elliot Anderson.

ASSEMBLYMAN ELLIOT ANDERSON:

Assembly Joint Resolution 5 proposes to amend the *Nevada Constitution* to remove the constitutional provisions relating to the election and duties of the Board of Regents of the University of Nevada. The Legislature shall provide by law for the governance, control, and management of the University. Proceeds of public lands donated for the support of the institution shall be invested by the state of Nevada as required by law.

Constitutional governance serves as an antiquated way to govern higher education, and Nevada is the only state that has its entire system governed by a single elected board with constitutional status. Although there are several variations among states, some of which are in constitutions, we are the only state that has the exact combination of higher education governance characteristics as we do. We are an outlier.

The only reason the Board of Regents is in the *Constitution* in the first place was to access the Morrill Land Grant Act upon statehood without any action on the part of the Legislature. The notion that the Legislature does not have a role in higher education governance persists despite the plain language of the *Constitution* and prevents us from really adapting to the state's demographic, economic, and workforce needs. These interpretations fly in the face of the plain language and the attempt of the framers—there was, in fact, a Washoe County lawyer and a delegate to the Second Constitutional Convention that added in that language to ensure that it would not be inferred, that we would have the situation that we have now. Unfortunately, in 1948 we had some case law that has gone contrary to that. Assembly Joint Resolution 5 is just seeking to put it back in that place.

I want to address one argument that I have heard a few times in opposition in regards to A.J.R. 5. I have heard a few people say that this is too strong a measure or the wrong message. I disagree with that because what this does is put the Board of Regents in the Nevada System of Higher Education in the same place as every other governing body and agency in the state. I do not think that is too strong or too much to ask. They would simply be in the same shoes as every other Executive Branch board and agency. I have also discussed with colleagues some other middle ground options. My colleague in the Senate who is cosponsoring the bill and I have tried a few other options, and we were not able to do that because of this language. That is what I am seeking to do, what we are seeking to do, and I would appreciate the body's support.

Resolution read third time.

Remarks by Assemblymen Swank, Hansen, and Edwards.

ASSEMBLYWOMAN SWANK:

Assembly Joint Resolution 13 expresses the support of the Nevada Legislature for the designation of the Basin and Range National Monument and Gold Butte National Monument under the federal Antiquities Act of 1906. The resolution cites the myriad natural and cultural resources within the area of the two National Monuments and the support of Nevadans for such designations. The resolution also urges Congress to oppose efforts to weaken the Antiquities Act or to reverse the designations of the two National Monuments in Nevada.

ASSEMBLYMAN HANSEN:

I rise in opposition to Assembly Joint Resolution 13. This act, these two new monuments, in fact, are a gross abuse of the Antiquities Act. The Antiquities Act was passed in the age of Theodore Roosevelt with the specific purpose of protecting Anasazi and the Indian ruins in the canyons mainly in Arizona. The idea of using this now to essentially lock up over a million acres in Nevada is absolutely something this body should oppose. It is a gross abuse of federal executive authority. I would just add up: You have 1 million acres now that is basically blocked off from any uses; you have 3 million in the nuclear test site; you have 2.5 million in wilderness study areas; you have 900,000 acres now with the naval test range.

We are slowly but surely allowing the federal government to lock our people off the use of its own public domain. As a sportsman, and I know for a lot of sportsman organizations, their biggest fear is the loss of access to the public domain. I would encourage this body to not allow the federal abuse of power through the Executive Branch. We should say no to this. If, in fact, we wanted to have this monument, it should be just like the Yucca Mountain situation. We should be able to discuss it and vote on it right here in this Chamber.

ASSEMBLYMAN EDWARDS:

Gold Butte is in my district. I and my constituents are not happy with the Obama Administration's designation of Gold Butte as a national monument. The history of the government's handling of the Gold Butte area has been anti-ranching, anti-agriculture, and anti-public. It has consistently reduced grazing, shut off more roads, and this designation will only make more restrictions.

As for the Antiquities Act of 1906, it actually requires the government to take the minimal amount of land to protect things of historical value. In the case of Gold Butte, there are about a hundred acres of land to protect but the Obama Administration cordoned off 300,000 acres. That is like saying the entire Las Vegas metropolitan area needs to be cordoned off to protect the Mormon Fort. Suffice it to say that the feds did a gross overreach in my district, and I hope the Legislature will not turn around and thank them for it. I ask all of you to vote no.

It also allows the Labor Commissioner to award some or all of the administrative penalty to a person harmed by a violation in certain circumstances and requires the Labor Commissioner to publish on its website a list of those found to have willfully violated requirements related to the payment of wages and compensation.

Assembly Bill No. 163.

Bill read third time.

Remarks by Assemblyman Flores.

ASSEMBLYMAN FLORES:

Assembly Bill 163 requires a deferred deposit, high-interest, or title lender to determine whether a person has the ability to repay a loan before the loan is made and establishes the factors that the lender must use to make that determination. The bill also specifies that a lender, with certain exceptions, may not consider the income of any other person who is not the person taking out the loan when making a determination of the person's ability to repay a loan. In addition, it prohibits a title lender from making a loan to a person who does not legally own the vehicle being used to secure the loan.

This bill was the by-product of issues that were identified in the industry and constituents coming forth with ways that they had been taken advantage of. In the true spirit of this bill, the good actors came to the table, we worked for weeks and hours with sometimes not very much progress, but we finally got there. In the true spirit of the bad actors, they did not come to the table and, in fact, came to this building and played games. Their *modus operandi* was to continue that and I wanted to point that out. I look forward to continuing to work with the stakeholders. I am incredibly grateful for everybody who came to the table. We are going to take people off the treadmill of debt, and I am incredibly honored to have had the opportunity to sponsor this.

Assemblyman Ellison moved the adoption of the resolution.

Remarks by Assemblymen Ellison, Spiegel, Elliot Anderson, Ohrenschall, Hambrick, Hansen, Daly, and Mr. Speaker.

ASSEMBLYMAN ELLISON:

Today I am honored to show respect for a great statesman, a friend, a colleague, and my mentor. I am sorry. This is emotional. I watched this man do so much for Elko, rural Nevada, and the state, and this country. A lot of you do not know that State Assemblyman John Carpenter—put on your hats if you have them—State Assemblyman John Carpenter was one of the leading proponents of PILT [payment in lieu of taxes] and it was important. A lot of people

do not realize that without that, some of these counties would not have survived through the years.

Mr. Carpenter, as we just read, had 19 grandchildren, 7 great-grandchildren. One of them is Kayla who will graduate from West Point this month. She was flown in for this service from the Marshall Islands. There are also three other grandchildren that will graduate from college this month: Kensie, Brittany, and Stephanie.

In addition to the service in this body, John Carpenter also served 14 years as Elko County Commissioner and is also known as the "Assemblyman of Humor and Love" of Nevada. State Assemblyman Carpenter served 27 years in this body, and his friends and family are here today to show respect and honor for what Mr. Carpenter did. I cannot go on about what his accomplishments were, there were so many. The college would not have been built; the convention center would not have been built; a lot of the facilities in Elko would not have been built if it was not for his force and how the people felt about him and the gratitude he had. He went door to door, he and his colleagues, knocking on doors to try to get the convention center enough votes. People said it was going to cost too much; they called it the white elephant. But they pushed and pushed and pushed and he got that facility built.

A lot of people know John Carpenter from the Jarbidge Shovel Brigade. That was a big fight. His heart was into this so much after what they did in South Canyon. Mr. Carpenter and his colleague, Mr. Gerber, went out there and brought this giant shovel into Elko. It was kind of funny because everybody that sponsored this could put their names on this shovel. There were thousands of names on this. I put my wife, my children, and it got to the point where I said they are going to retire my horses. So I got the markers and put my horses' names on this shovel. It was a good deal and they had a large parade and people showed up in South Canyon to protest them closing that road up in Jarbidge.

That was just one of the things he did. I could go on and on about his accomplishments. I am just so proud, Mr. Speaker, that you allowed us to do this today in honor of Mr. Carpenter. I do not think this would have happened if it was not for you allowing us to do this. There are a lot of friends here on the floor that would like to say a few words.

ASSEMBLYWOMAN SPIEGEL:

I am really delighted to be able to say these words to Mr. Carpenter's family. I was really pleased and privileged to serve with him. Early in my legislative career, I learned an awful lot from him. I was inducted into the Cowboy Hall of Fame, and I still proudly have the certificate on the wall of my office. But the most important thing I learned from Mr. Carpenter was the cowboy code of ethics and the cowboy code of honor. The thing is, he did not just teach it to me by giving me words on a piece of paper, he taught it by example. He was absolutely somebody that we could all learn from, and respect, and admire. I am privileged to have known him and I am glad we are doing this today. I thank you all for sharing him with the state of Nevada; we are a much better place because of him.

ASSEMBLYMAN ELLIOT ANDERSON:

I did not get a chance to serve with Mr. Carpenter but I did get to work in the building when he was here and got to spend some time talking with him. He said the same advice to everyone but I will never forget the best advice that I have ever heard in this building. I think it is worth sharing today—Never ask your barber if you need a haircut. It was an impactful thing for me. It helped me sort through the information I get in this building, which is a really important thing for all of us. It is profound advice yet delivered in such a simple way that makes you think. I thought that was pretty impressive to be able to convey such important information in very simplistic words. That is, to me, the mark of someone who is really good—to be able to express so much in so few words. I wanted to leave the body with that because I think it is a very important thing to remember as you are in this building.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Assembly Concurrent Resolution 11. I had the privilege of getting to know Assemblyman Carpenter; both I and my mom got to serve with him. When my mom was a freshman in the 1995 Session, the house was evenly divided. John was probably the ranking

member on most of the committees she served on, and he was always very kind to her. They stayed friends even when she left the Legislature and after he left the Legislature.

He was a great friend to me when I got elected in 2006 and would always take time to listen to me and my concerns about bills. There were times where I would go and talk to him about a bill that came from the prosecutorial bar and I would give him my bleeding heart liberal pitch. Every now and then he would listen, and he became a bleeding heart liberal. There were many bills that I didn't get a chance to talk to him on and he would, in Judiciary Committee—that is where I got to know him the best—he would play devil's advocate. He would champion the civil libertarian cause, and he would say Well, what would happen if I were arrested and a complaint was not filed in 24 hours or 48 hours? What kind of recourse would I have? He would really put himself in the shoes of our constituents and see how bills would affect our constituents. Back when I first got elected, before computers, we still had bill books. Very often, long after floor ended or in the morning after committee ended before floor started, he would be here sitting, reading word for word every bill. He was so serious about his job and wanted to make sure he did not cast a wrong vote and he did not just go along to get along and cast an erroneous vote that would hurt his constituents.

I think back to the Judiciary Committee when Chairman Anderson chaired it and former Speaker Buckley was on that committee that I served on. They used to joke about the CAB law firm—Carpenter, Anderson, Buckley—because if you could get all three of them to agree on something, you would be okay. You would probably get that bill through Judiciary Committee. But if C, A, or B did not agree on that, you would probably have some trouble.

No disrespect to anyone who is in the Chamber, but I certainly think he was probably the most thoughtful, hardworking legislator I ever met. I think if you could go back and ask former Speaker Buckley, former Chairman Anderson, people from Clark County and Washoe County if they would have been comfortable with John Carpenter being governor, being he was from one of the pioneer counties, not from one of the urban centers, I think that they would have said yes. In many ways I think he might be the last—at least the last person I have met from one of the pioneer counties—that you talk to leaders from Clark and Washoe, and they would say Yeah, he would be very fair if he were governor. He would have treated all parts of the state fairly.

I miss him dearly and give my regards to his family for sharing him with us. I know that after he left the Legislature he served on the Ethics Commission and continued his public service. His last session of the Legislature I remember coincided with Senator Dean Rhodes retiring and I asked John, You are going to run for Senate, right? You have to run for Senate. We cannot not have you in this building, not have someone like you. He said No, I think it is time for me to go. It is time to let some new people take over. I always wondered—Roseann had a lot of health problems and needed a lot of surgery, and I thought that maybe was it—but I did not expect us to lose him so soon. He certainly has always been the kind of legislator I have aspired to be, have not attained that yet, but I have always aspired to be like Assemblyman Carpenter because he is truly the most hardworking legislator I ever served with.

ASSEMBLYMAN HAMBRICK:

Mr. Carpenter, former Assemblyman Carpenter, was not necessarily known for his poetry. My colleague from Assembly District 4 and I were freshmen, and I can remember where Mr. Carpenter sat right on the front up here. We would walk over and ask him a question. He would look at us very thoughtfully and say Just read the damn bill. So we did not ask him that very often.

He served this state with honor and distinction. Former Assemblyman Stewart and Mr. Carpenter are rare commodities these days, because when they would shake your hand and say a deal is a deal, you could take that to the bank. Sadly, in today's environment—not in this body, of course, but in today's environment—that is not always the case. I am sure he is looking down on us right now and saying Just get the damn work done.

ASSEMBLYMAN HANSEN:

What I remember most about Mr. Carpenter is the fact that he was such an ardent proponent of the *United States Constitution*. John Carpenter was an ardent believer in the idea that Nevada should control its public lands. He was probably the most dedicated Nevadan that you could ever meet; I don't think there was anybody that stood up more for the state of Nevada and had

more respect on all sides of the aisle. He had that kind of commonsense way that you find in people that are working out on the land all of the time, and you just have a natural respect for people like him.

I do not remember when I first met him, but I do remember the last time I saw him. In my district we had a problem with some ranchers who, frankly, were getting treated very badly by the Bureau of Land Management, and John Carpenter helped put together a whole group of people to go up there and actually see what was going on out on the range and help explain to everybody what the actual conditions of the forage were, in this case, for these ranchers. I think he had to be at least 84 or 85 years old on that tour.

My remembrances of him—I was on the shovel brigade; I actually raised 500 shovels. I think John and Senator Rhodes were the founders of the Sagebrush Rebellion. These are hard-core people who spent their whole lives living on the range in Nevada and had more common sense than all of us in this room combined, frankly.

So I just want to say to his family, thank you for sharing him with us for those 86 years, and thank you for all of the great work he did for the state of Nevada. Hopefully some of you will carry on that tradition.

ASSEMBLYMAN DALY:

I, like my colleague, did not get a chance to serve with Mr. Carpenter. He was termed out my first session. But I did get to work with John on a couple of bills and various things, and I remember one bill in particular that I was working on. Assembly Bill 444—I remember the number—was for double penalties in work zones. It was trying to protect construction workers out on the road. I do remember at the time John Carpenter put an amendment on that bill, and I thought it was a good amendment; I thought it would help me get a few votes. The amendment was to put the blue lights—at the time it was against the law to have blue lights on anything other than a police official car—so we put the blue lights on the back of the NDOT [Nevada Department of Transportation] truck and the other vehicles. Every time I go by one of those blue lights, I think of John. Now I hope the rest of you will as well. Double penalties in work zones, I am sure saved lives, and helped people from getting injured. But I will tell you, every time in a snowstorm, you see those blue lights a lot quicker than you see amber or red or anything else. I can guarantee you that that change also saved lives. That was one of the things that you might not have known about some of the work that he did. He made a bill I was working on better and made the state better too.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I was not able to serve with the Assemblyman but I was able to advocate on behalf of Clark County and that is how I met Mr. Carpenter. I will say this: Everybody knows how much I care about the institution and the integrity of this process, and he was the perfect example of the integrity of this process. I will also say whether it was in his office, in committee, or on this floor, nothing that he did or said let me know what party he was. He voted how he voted and did what he thought was the right thing but it never, ever—on this floor, in committee, or in his office—came from him with a partisan slant. I think that was my example of being a true statesman. We miss him and we carry on his spirit because he did it the right way.

ASSEMBLYMAN ELLISON:

I thank my colleagues for the remarks. There will be a lot more shared today with the family, I am sure. I would like all the family members to stand. You can see they have flown sons and daughters and grandchildren and great-grandchildren from all over the country to be here today to show respect to their father and grandfather. I think it is so important.

I would like to hand the resolution to Linda. As we were growing up when Mr. Carpenter had the gas station at Cimarron West, we gave her a nickname, Dipstick. She was always asking how to check the oil in the cars. He taught his kids work ethics. I am so proud to have known him; John was like a father to me. Mr. Speaker, I stand with these great people. Please show them your honor and respect for them being here today.

Resolution adopted and ordered transmitted to the Senate.

Mr. Speaker announced if there were no objections, the Assembly would recess subject to the call of the Chair.

THE EIGHTY-SIXTH DAY

CARSON CITY (Tuesday), May 2, 2017

Assembly called to order at 12:02 p.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Bishop Ruwolf Hrothulf.

I would like to ask that you not bow your heads today. Instead, take this moment to look around the room at all of the men and women here, in this moment, sharing together this extraordinary universal gift of life and of dedicating ourselves to working toward improving the lives of the people in our state.

This is a room in which there are many challenging debates, many moments of tension, of ideological division, of frustration. But this is also a room where, by the very fact of being human, we have much more in common than we have differences. We share the same spectrum of potential for care, for compassion, for fear, for joy, for love. We respect this universal gift of life.

In this room, let us therefore cherish and celebrate our shared humanness, our shared capacity for reason and compassion, our shared love for the people of our state, for our constitution, for our democracy—and let us root our policymaking process in these values that are relevant to all Nevadans, regardless of religious belief or nonbelief. In gratitude and in love, in reason and in compassion, let us work together for a better Nevada.

AMEN.

Pledge of allegiance to the Flag.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Joint Resolution No. 2.

The following Senate amendment was read:

Amendment No. 515.

ASSEMBLY JOINT RESOLUTION—Proposing to amend the Nevada Constitution to require the recognition of all marriages regardless of gender.

Legislative Counsel's Digest:

Section 21 of Article 1 of the Nevada Constitution provides that only a marriage between a male and a female person may be recognized and given effect in this State. The United States Supreme Court, however, held in 2015 that the right to marry is guaranteed by the Fourteenth Amendment to the United States Constitution and that same-sex couples may not be deprived of that right. *See Obergefell v. Hodges*, 135 S. Ct. 2584 (2015). Under the Supremacy Clause of the United States Constitution, federal constitutional law supersedes state constitutional law in most cases. (U.S. Const. Art. VI, cl. 2) As a result, Section 21 of Article 1 of the Nevada Constitution is not enforceable.

This resolution amends Section 21 of Article 1 of the Nevada Constitution to require the State of Nevada and its political subdivisions to recognize all marriages regardless of gender. **In addition, this resolution establishes the rights of religious organizations and members of the clergy to refuse to perform marriages on the basis of gender or other factors, and specifically provides that a person does not have a right to make a claim against a religious organization or member of the clergy for refusing to perform a marriage.** This resolution further provides that all legally valid marriages must be treated equally under the law.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That Section 21 of Article 1 of the Nevada Constitution be amended to read as follows:

~~[~~Sec:~~]~~ ***Sec.*** 21. ~~[~~Limitation on recognition~~]~~ ***Recognition*** of marriage. ~~[Only a marriage between a male and female person shall be recognized and given effect in this state.]~~

1. The State of Nevada and its political subdivisions shall recognize marriages and issue marriage licenses to couples regardless of gender.

2. Religious organizations and members of the clergy have the right to refuse to solemnize a marriage, and no person has the right to make any claim against a religious organization or member of the clergy for such a refusal.

3. All legally valid marriages must be treated equally under the law.

Assemblywoman Diaz moved that the Assembly concur in the Senate Amendment No. 515 to Assembly Joint Resolution No. 2.

Lord God, it's with honor and gratitude that we come before You today with our prayers and our petitions. Remembering the instruction You have given in scripture, "God resists the proud, but He gives grace to the humble," let that be us today, Lord, humble servants ready and willing to do Your work.

Lord, as we celebrated the National Day of Prayer yesterday, I was reminded to pray every day for this great Nation and for the men and women in this room who give their time and service to be the voice of the people, in our home state of Nevada. Amendment No. 640.

AN ACT relating to health care professionals; prohibiting certain health care professionals from providing sexual orientation or gender identity conversion therapy to a minor; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[~~Existing law regulates~~]~~ **Under existing law, the Legislature has the power to regulate licensed health care professionals for the benefit of the public's health, safety and welfare and to protect the well-being of patients from ineffective or harmful professional services. (*Dent v. West Virginia*, 129 U.S. 114, 122-23 (1889); *Hawker v. New York*, 170 U.S. 189, 191-95 (1898); *State ex rel. Kassabian v. State Bd. of Med. Exam'rs*, 68 Nev. 455, 463-65 (1951)) In exercising that power, the Legislature has enacted existing laws that regulate** homeopathic physicians, advanced practitioners of homeopathy, homeopathic assistants and certain mental health professionals including psychiatrists, psychologists, licensed marriage and family therapists, certain registered nurses and certain licensed clinical or independent social workers. (Chapters 630, 630A, 632, 633 and 641-641B of NRS) ~~[~~This~~]~~

The purpose of this bill is to protect the well-being of children who are under 18 years of age by prohibiting such licensed health care professionals from providing children with conversion therapies, which are any practices or treatments that seek to change the sexual orientation or gender identity of the children. In section 1 of this bill, the Legislature finds and declares that there is a legitimate and compelling need to protect the well-being of children from the harmful and destructive effects of conversion therapies because such therapies have not been proven to be medically or clinically effective but have been shown to have a high potential to cause substantial harm to the physical and psychological well-being of children who are much more vulnerable to the potentially traumatic effects of such intensive conversion therapies.

To carry out the Legislature's objectives, section 1.5 of this bill prohibits homeopathic physicians, advanced practitioners of homeopathy, homeopathic assistants and certain mental health professionals from providing sexual orientation or gender identity conversion ~~[therapy to a person who is]~~ **therapies to children who are** under 18 years of age. **However, there is nothing in this bill that regulates or prohibits licensed health care professionals from engaging in expressive speech or religious counseling with such children if the licensed health care professionals:**

(1) are acting in their pastoral or religious capacity as members of the clergy or as religious counselors; and (2) do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity.

This bill is modeled on similar laws enacted in California and New Jersey. (Cal. Bus. & Prof. Code §§ 865 et seq.; N.J. Stat. Ann. §§ 45:1-54 et seq.) In interpreting those laws, courts have determined that the laws do not regulate or prohibit licensed health care professionals from engaging in expressive speech or religious counseling with children who are under 18 years of age if the licensed health care professionals: (1) are acting in their pastoral or religious capacity as members of the clergy or as religious counselors; and (2) do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity. In addition, courts have also held that the laws: (1) are a constitutional exercise of the legislative power to regulate licensed health care professionals for the benefit of the public's health, safety and welfare and to protect the well-being of children from ineffective or harmful professional services; (2) do not violate any rights to freedom of speech, association or religion and are not unconstitutionally overbroad or vague under the First and Fourteenth Amendments to the United States Constitution; and (3) do not violate any other fundamental or substantive due process rights of licensed health care professionals or the parents or children who seek their professional services. (*Pickup v. Brown*, 740 F.3d 1208 (9th Cir. 2014), *cert. denied*, 134 S.Ct. 2871 and 2881 (2014); *Welch v. Brown*, 834 F.3d 1041 (9th Cir. 2016), *cert. denied*, No. 16-845, --- S.Ct. --- (May 1, 2017); *King v. Governor of New Jersey*, 767 F.3d 216 (3d Cir. 2014), *cert. denied*, 135 S.Ct. 2048 (2015); *Doe v. Governor of New Jersey*, 783 F.3d 150 (3d Cir. 2015), *cert. denied*, 136 S.Ct. 1155 (2016))

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **1. The Legislature hereby finds that:**

(a) For the past several decades, there has been a growing consensus among medical and mental health professionals that conversion therapies, which involve any practices or treatments that seek to change the sexual orientation or gender identity of a patient, also known as reparative therapies or sexual orientation change efforts:

(1) Have been based on developmental theories whose scientific validity is questionable;

(2) Have relied on anecdotal reports of cures that have not been tested, substantiated or verified by any rigorous scientific research or peer-reviewed studies; and

(3) Have not been proven to be medically or clinically effective but have been shown to have a high potential to cause substantial harm to

the physical and psychological well-being of the patient, especially children under 18 years of age because they are much more vulnerable to the potentially traumatic effects of such intensive conversion therapies.

(b) A significant number of well-known and well-respected professional and scientific organizations have publicly denounced or disavowed conversion therapies because of the highly doubtful effectiveness and highly probable harmfulness of such therapies. Such organizations include, without limitation, the American Psychological Association, American Psychiatric Association, American Psychoanalytic Association, American Counseling Association Governing Council, American Medical Association Council on Scientific Affairs, American Academy of Child and Adolescent Psychiatry, American Academy of Pediatrics, American School Counselor Association, National Association of Social Workers and Pan American Health Organization.

(c) Such organizations have determined that conversion therapies may be particularly harmful or destructive to children because such therapies:

(1) Aggravate and intensify harmful or destructive feelings, including, without limitation, confusion, depression, guilt, shame, stress, loneliness, helplessness, hopelessness, pointlessness, disappointment, self-blame, self-hatred, low self-esteem, marginalization, dehumanization, hostility, anger, betrayal or loss of faith, belief, interest, concern or motivation; and

(2) Increase the risk of harmful or destructive behaviors, including, without limitation, social withdrawal, isolation, substance abuse, suicide, deception, high-risk sexual behaviors and unlawful behaviors.

2. The Legislature hereby declares that there is a legitimate and compelling need to protect the well-being of children who are under 18 years of age from the harmful and destructive effects of conversion therapies by prohibiting certain licensed health care professionals from providing children with conversion therapies because such therapies have not been proven to be medically or clinically effective but have been shown to have a high potential to cause substantial harm to the physical and psychological well-being of children, who are much more vulnerable to the potentially traumatic effects of such intensive conversion therapies.

Sec. 1.5. Chapter 629 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A psychotherapist shall not provide any conversion therapy to a person who is under 18 years of age regardless of the willingness of the person or his or her parent or legal guardian to authorize such therapy.

2. Any violation of subsection 1 is a ground for disciplinary action by a state board that licenses a psychotherapist as defined in subsection 3.

3. As used in this section:

(a) "Conversion therapy" means any practice or treatment that seeks to change the sexual orientation or gender identity of a person, including, without limitation, a practice or treatment that seeks to change behaviors or gender expressions or to eliminate or reduce sexual or romantic attractions or feelings toward persons of the same gender. The term does not include counseling that:

(1) Provides assistance to a person undergoing gender transition; or

(2) Provides acceptance, support and understanding of a person or facilitates a person's ability to cope, social support and identity exploration and development, including, without limitation, an intervention to prevent or address unlawful conduct or unsafe sexual practices that is neutral as to the sexual-orientation of the person receiving the intervention and does not seek to change the sexual orientation or gender identity of the person receiving the intervention.

(b) "Psychotherapist" means:

(1) A psychiatrist licensed to practice medicine in this State pursuant to chapter 630;

(2) A homeopathic physician, advanced practitioner of homeopathy or homeopathic assistant licensed or certified pursuant to chapter 630A or NRS;

(3) A psychiatrist licensed to practice medicine in this State pursuant to chapter 633;

(4) A psychologist licensed to practice in this State pursuant to chapter 641 of NRS;

(5) A social worker licensed in this State as an independent social worker or a clinical social worker pursuant to chapter 641B of NRS;

(6) A registered nurse holding a master's degree in the field of psychiatric nursing and licensed to practice professional nursing in this State pursuant to chapter 632 of NRS;

(7) A marriage and family therapist or clinical professional counselor licensed in this State pursuant to chapter 641A of NRS; or

(8) A person who provides counseling services as part of his or her training for any of the professions listed in subparagraphs (1) to (7), inclusive.

Sec. 2. This act becomes effective:

1. Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks necessary to carry out the provisions of this act; and

2. On January 1, 2018, for all other purposes.

Assemblyman Araujo moved the adoption of the amendment.

Remarks by Assemblymen Araujo, Hansen, and Wheeler.

Assemblywoman Benitez-Thompson requested that the remarks made by Assemblyman Araujo be entered in the journal.

ASSEMBLYMAN ARAUJO:

Amendment No. 640 amends the Legislative Counsel's Digest to add citations to recent case law which upholds the regulatory and constitutional concepts on which the bill's provisions are modeled. It adds findings related to the lack of scientific evidence supporting the use of conversion therapies and the number of professional organizations who have disavowed or denounced such therapies. It also adds a legislative declaration regarding the legitimate and compelling needs to protect the well-being of children under the age of 18 from the harmful effects of conversion therapies. Lastly, it clarifies that there is nothing in Senate Bill 201 that regulates or prohibits licensed health care professionals from engaging in expressive speech or religious counseling with such children if the licensed health care professionals are acting in their pastoral or religious capacity as members of the clergy or as religious counselors and do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity.

Assemblywoman Carlton moved the adoption of the resolution.
Remarks by Assemblymen Carlton, Spiegel, and Ohrenschall.

ASSEMBLYWOMAN CARLTON:

I rise today to speak on behalf of this resolution inducting former Assemblyman John E.—affectionately known as Jack—Jeffrey into the Assembly Wall of Distinction. Jack Jeffrey was deeply involved in the business of the Assembly for 36 years. He was a member of this body for 16 years, from 1974 through 1990. Then for 20 more years, from 1990 to 2010, he was a lobbyist for the workers in this state. Few were associated with this institution for so long a time or had so much influence on all of its decisions.

Jack's entire career had one central theme; he was an advocate for the rights and interests of the working men and women of this state. He was intimately familiar with their problems and their needs because he was one of them. Jack worked for many years as an electrician in the construction industry. He had served as secretary-treasurer of the Southern Nevada Building and Construction Trades Council. Jack understood the important place that unions play in our society and our economy. He knew the importance of collective bargaining. Jack knew from personal experience the devastating effect that workplace accidents and diseases have on workers and on their families.

During his legislative career, Jack was successful in enacting laws on workplace safety, workers compensation, industrial diseases, and group insurance. He sponsored legislation granting bidding preferences on public works projects for Nevada contractors who hire local workers. Because of his efforts, the workers in our state are happier, healthier, safer, and more secure. I remember one instance personally in my first year in the Legislature where a committee member that I served with in Commerce and Labor asked Mr. Jeffrey, So what would you say if by enacting this it means a guy loses his job? Jack responded without hesitation saying, I would rather knock on the door of that wife and say your husband lost his job than knock on that door and say your husband is not coming home.

In ancient Rome, there was a special officer called a tribune. A tribune was charged with the responsibility of protecting the rights of the common people. He could intervene on their behalf to block laws that were unfavorable to their interests or to stop legal proceedings that might harm them. We do not have such an officer in our government, but Jack Jeffrey took that responsibility upon himself.

On a personal level, those of us who had the opportunity to work with this great man can attest to his kindness and his concern for others. I was a beneficiary of that kindness. He spoke softly, but when it was time to speak up for fairness and decency, he used his voice. We love him, and we miss him.

By placing Jack on the Wall of Distinction, we are saying something important about the kind of men and women that we revere and admire. No one deserves this honor more. I urge you to vote for this resolution.

ASSEMBLYWOMAN SPIEGEL:

I rise in support of Assembly Resolution 5. During my first term, my first session, the first bill that I had was a bidding preference bill. Jack Jeffrey came out to testify in support of my bill. He told everyone, and me, that he had introduced the very first bidding preference bill in this body. He worked with me on that bill; he worked with me through that session. He taught me a lot about the legislative process and shared the institutional knowledge that he had in serving the people of Nevada for decades. Given that we were both from Henderson, I felt this special affinity for Mr. Jeffrey and the work that he did. He actually helped to make me a much, much better legislator. I am indebted to him for his service, as I think we all are, either directly or indirectly, and I urge everyone's support of this resolution.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Assembly Resolution No. 5. There are a few people I have met in my life that I truly think I was so lucky to meet. Jack Jeffrey is one of those people. I am sure I must have met him as a kid growing up in the Democratic Party, but I first really remember meeting him in 1994 when he was chairman of the Southern Nevada Central Labor Council. I was just in

awe of this man who was very quiet but fought so hard for the workers he represented. He was a workhorse not a show horse; he got things done. If you look at Jack Jeffrey, at his time in the Assembly from 1974 up to 1990, and if you think back to the 1940s and '50s, there was a time in southern Nevada when Pittman was a bigger city than Henderson. He really helped put Henderson on the map. In the '80s, he was Majority Leader for about three different sessions. With Senator Gibson in the Senate, he really fought hard to make Henderson grow.

He certainly would have given the shirt off his back to help someone; he was a true humanitarian. My family has been touched by the Jeffreys and by his acts of kindness. I would like to say, like my colleague from Henderson, that he helped to make me a better legislator, but I think I have given up on that. He did help me become a better person. He helped me try to make sure I always think of how I can try to help people. He taught me loyalty to my friends and family. He was an exceptional man. I told his widow today that they broke the mold when they made Jack and I wish he were with us today. I feel honored to have known him. He was a tremendous labor leader, a tremendous legislative leader; I wish we had been able to keep him longer.

Resolution adopted unanimously.

By Assemblymen Frierson, Benitez-Thompson and Paul Anderson:

Assembly Resolution No. 6—Adding former Assemblyman Lynn Hettrick to the Assembly Wall of Distinction.

WHEREAS, The Assembly of the Legislature of the State of Nevada has established a Wall of Distinction for those past members of the Assembly, selected by leadership, who served with great distinction and who made exemplary contributions to the State of Nevada; and

WHEREAS, Lynn C. Hettrick was born in Carmel, California, in 1944 and attended Claremont Men's College before pursuing a career as an entrepreneur and investment manager; and

WHEREAS, After moving to Gardnerville, Nevada, in 1970, Lynn Hettrick became deeply involved in the community and civic affairs; and

WHEREAS, In 1992, Lynn Hettrick was elected to the Nevada Assembly representing District 39 where he served with distinction for 14 years; and

WHEREAS, During the 1995 Session, the Assembly, for the first time in the history of Nevada, was evenly divided with 21 Republicans and 21 Democrats and Lynn Hettrick was elected as Co-Speaker, sharing that office with Assemblyman Joseph E. (Joe) Dini Jr.; and

WHEREAS, Despite the great potential for conflict, Lynn Hettrick led his party in a manner that made the 1995 Session become regarded as one of the least contentious and smoothest running sessions; and

WHEREAS, Lynn Hettrick went on to serve as Assembly Minority Floor Leader from 1997 to 2005; and

WHEREAS, During his service in the Assembly, Lynn Hettrick served on numerous standing committees, including 12 years on the Committee on Ways and Means and the Interim Finance Committee; and

WHEREAS, Lynn Hettrick represented Nevada on several national organizations, serving as Chair of the Council of State Governments (CSG) and of CSG West where he was instrumental in establishing the Western Legislative Academy to provide training for new legislators; and

WHEREAS, After leaving the Legislature, Lynn Hettrick went on to serve as Deputy Chief of Staff for former Governor Jim Gibbons; and

WHEREAS, Lynn Hettrick was selected in 2008 by the Board of Regents of the University of Nevada to receive the Distinguished Nevadan award, an honor bestowed on prominent individuals for significant achievements in the cultural, scientific or social advancement of Nevada; now, therefore, be it

RESOLVED BY THE ASSEMBLY OF THE STATE OF NEVADA, That, for his 14 years of dedicated service to the Assembly, Lynn C. Hettrick is hereby added to the Assembly Wall of Distinction; and be it further

RESOLVED, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to former Assemblyman Lynn C. Hettrick.

Assemblyman Paul Anderson moved the adoption of the resolution.

Remarks by Assemblyman Paul Anderson.

ASSEMBLYMAN PAUL ANDERSON:

It is a pleasure for me to speak today about one of the most capable and distinguished legislators to have served in the Nevada State Assembly. Lynn Hettrick was born in Carmel, California, and in honor of my birth year, he moved to Gardnerville, Nevada. Lynn soon established himself as a proficient and successful businessman and a concerned and involved member of his community.

When he was elected to the Assembly in 1992, Lynn brought with him a wealth of experience, an encyclopedic knowledge of business and commerce, and a rich supply of entrepreneurial energy. Assemblyman Hettrick served for 14 years and for 12 of those years, he led the Republican caucus.

When the Legislature convened for the 1995 Session, Nevada faced a situation that was unique in the history of our state. The Assembly was evenly divided between the two parties. This division could have led to gridlock, political paralysis, and intensified partisanship, but to his credit, Lynn Hettrick and former Speaker Joe Dini, Jr., his counterpart across the aisle, made the 1995 Session one of the smoothest running and least contentious sessions in our history.

William Blackstone, the great 18th century expositor of the English common law, called "the science of legislation the noblest and most difficult of any." There has been much discussion over the years of what makes a truly great legislator. A great legislator must be honest and trustworthy. He must be energetic and diligent. He must have a talent for getting things done. He must be able to hold in his mind a multitude of details while at the same time never losing sight of his ultimate goals. He must be fair, reasonable, and courteous even in the face of provocation and pressure. He must be principled without being dogmatic. He must be firm, and at the same time, flexible. He must be both a tactician and a strategist.

Lynn Hettrick possessed all these qualities in the highest degree. Nevada is a better place and the Nevada Legislature is a stronger institution because of him. It is fitting and proper that he should take his place on the Assembly Wall of Distinction.

Resolution adopted unanimously.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, May 8, 2017

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 7.

SHERRY RODRIGUEZ
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 7.

Assemblyman Oscarson moved the adoption of the resolution.

Remarks by Assemblyman Oscarson.

ASSEMBLYMAN OSCARSON:

Nevada has a long history and close relationship with the Republic of China, Taiwan. In 1979, the Nevada Legislature adopted Senate Concurrent Resolution No. 10, which recognized the Republic of China, Taiwan, for its democratic way of life, high standard of living, and respect for fundamental human rights. These are Taiwanese values, Mr. Speaker, and they are also American values.

In 1985, with Senate Joint Resolution No. 33, Nevada invited Taiwan to become a sister state and the invitation to our gratitude was accepted. Since that year, our already close relationship has only deepened. Trade has not only expanded, but flourished. For a testament to our friendship, look no further than the building we stand in today. The seals that decorate the

outside façade of each Chamber were a gift from the Taiwanese people. In addition, cultural exchanges and visits by officials have further strengthened our mutual admiration and respect.

Mr. Speaker, for their commitment to democratic principles, their longtime loyalty to the great state of Nevada, and our shared passion for human rights, I urge my colleagues to join me in welcoming the Taiwanese people today and giving their favorable consideration to this resolution.

Resolution adopted and ordered transmitted to the Senate.

THE NINETY-THIRD DAY

CARSON CITY (Tuesday), May 9, 2017

Assembly called to order at 12:21 p.m.

Mr. Speaker presiding.

Roll call.

All present except Assemblymen Neal, Pickard, and Woodbury, who were excused.

Prayer by the Chaplain, Rabbi Evon J. Yakar.

I am honored to be here this morning. I am grateful for this opportunity to share words of prayer with all of you and certainly for your efforts on behalf of the citizens of the state of Nevada.

At this time of year, in the Jewish tradition, we are in the period of time called the *counting of the Omer*. In both the Biblical books of Leviticus and Deuteronomy, we are charged to count the seven weeks between the festivals of Passover and that of Shavuot. Passover marks our freedom from Egyptian bondage, and Shavuot, seven weeks later, points to the time the Israelites stood at Mt. Sinai receiving Torah. In synagogues the world over, there is a ritual of announcing the number of the day in this period of counting every evening, and today marks the twenty-eighth day of the *Omer*.

You all engage in this practice in your own way. Today marks the ninety-third day of the 79th Session. And while this may be a simple banal practice on the outside, there is an opportunity to be seized here. An 11th century sage, Rabbi Bachya Ibn Pakuda wrote, "Days are like scrolls; write on them only what you want to be remembered."

May the One who blessed our ancestors continue to bless us. May this Presence of the Divine, the Source of Creation, the Mystery of the Universe, whatever is our belief, encourage us to choose our words and our actions wisely, for they become the ink on our scrolls of each day. May each of us use the discernment to march on our own journey from the freedoms with which we are blessed to our own moments of learning and discovery symbolized by Sinai.

We pray: *HaMakom*—May the One Who is Ever Present grant each of us the ability to live up to our responsibilities and to ensure the ink we choose to write with on each day honors all those we serve.

AMEN.

Pledge of allegiance to the Flag.

Assemblywoman Benitez-Thompson moved that further reading of the Journal be dispensed with and the Speaker and Chief Clerk be authorized to make the necessary corrections and additions.

Motion carried.

MESSAGES FROM THE SENATE

SENATE CHAMBER, Carson City, May 9, 2017

To the Honorable the Assembly:

I have the honor to inform your honorable body that the Senate on this day adopted Senate Concurrent Resolution No. 8.

SHERRY RODRIGUEZ
Assistant Secretary of the Senate

MOTIONS, RESOLUTIONS AND NOTICES

Senate Concurrent Resolution No. 8.

Assemblywoman Carlton moved the adoption of the resolution.

Remarks by Assemblymen Carlton and Ohrenschall.

ASSEMBLYWOMAN CARLTON:

It is with affection and sadness mingled together that I rise today to speak about my friend, Gary Gray. Though Gary's name is not a household word in Nevada, very few people have made a deeper and more lasting impression on the Nevada Legislature.

Many of you will remember Gary as the spouse of our fellow legislator and Clark County Commissioner, affectionately known as Chris G. Others will remember his stellar and astonishingly successful career as a political consultant. Still others will remember the role he played in the Assembly Democratic Caucus.

Gary was born in South Dakota in 1946. His father, who worked for the United States Department of Agriculture, whetted Gary's appetite for politics by introducing him to such notable political leaders as Hubert H. Humphrey and George McGovern.

This early introduction helped to launch him toward a career as a truly great political consultant. As Jon Ralston put it, "Gary mastered the art of targeting voters, mobilizing special interests and electing political candidates, especially Democratic legislators." In the mid-1980s, he formed the Assembly Democratic Caucus, a well-oiled electoral machine that kept the people's house of the Legislature in Democratic hands for more than two decades. Gary also helped elect Bob Miller twice as Governor. Many other political consultants have taken a page or two from his playbook, but none can boast such a proud record.

Gary was an adventurous world traveler, having visited 135 countries on all 7 continents. In his travel blog, "Gray on the Road," he urged his readers to "break the tether of organized tours, cruises and tight planning and launch out on your own." He said in over 50 years of travel on every continent—and usually without reservations or really much of a plan, as I am sure his wife can attest, other than a loose outline—he only spent one night on the street, and he said that was one of the best nights of his life.

Gary has been called a renaissance man. He had many talents. He was a great teacher with a passionate love for English literature, especially Shakespeare. He could write a poem or cook a delicious meal. Gary could design a house or make a stained glass window. He loved good music, good stories, good conversation, and good friends. Gary enjoyed life to the fullest. In fact, he used to like to quote Rosalind Russell, "Life is a banquet, and most poor suckers are starving to death."

Gary was also an idealist. He believed in the essential goodness of human beings and he tried to make the world a better place, not only through his political work, but also through personal kindness and service. Whether he was mentoring high school students or sitting on the board for a senior housing project, he gave freely of his time to help others.

In short, Gary was one helluva guy. He was an exceptional person. I will always cherish my memories of his association and friendship. My heart goes out to his wife and my friend and to his many friends.

The resolution that is before us is a small token of our esteem and a fitting tribute to this great and good Nevadan. I urge all of you to give it your enthusiastic support.

ASSEMBLYMAN OHRENSCHALL:

I rise in support of Senate Concurrent Resolution No. 8. The first time I remember meeting Gary was in 1994 when my mom was running for Assembly. Former Assemblyman David Goldwater, who is in the gallery, former Speaker Buckley, and my mom were all first-time candidates running for Democratic seats. I was 21 years old and I was going to be my mom's campaign manager. I dearly wanted to see her win and get elected.

I remember a training that the Assembly Democratic Caucus threw and I realized that this man, Gary Gray, could teach me how. He taught me how to run a campaign, how to talk to voters. He told some wonderful stories that day during the training about campaigning with some greats who were in this building like Norman Ty Hilbrecht. He tells a story of walking door to door with Assemblyman Hilbrecht and a big German shepherd rushing through the screen door and attacking them. Gary said From now on whenever you knock on a door, if there is a screen door, put your foot on the corner and then knock on the door. Then you can talk to the voter. He told stories about the naked constituent who would come to the door sans clothing and how you handle that situation. I remember the story he told about Eileen Brookman and how much he loved her. He would show up at 8 a.m. to walk precincts with her and it would be noon before they ever got out. That is one thing we do not want to do to our volunteers.

I remember Gary always said that elections are not won, they are lost. I think about that every election; I try to live by his words. He was a great political strategist but he was also a great friend. He always encouraged me as I got to get him more through the years. Whenever I would go to a Democratic event I would see his pickup truck with his 1982 Harry Reid bumper sticker on the back and I would say Oh, good, Gary is here; I will get to talk to him—somebody I like I get to talk to. I miss seeing that truck and that bumper sticker when I go to Democratic events now. He was a wonderful man and I wish he were still with us. I am glad I got to know him. I urge support of this resolution.

Resolution adopted unanimously.

The following amendment was proposed by Assemblyman Hansen:

Amendment No. 644.

AN ACT relating to health care professionals; prohibiting certain health care professionals from providing **certain types of** sexual orientation or gender identity conversion ~~[therapy]~~ **therapies** to a minor; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Legislature has the power to regulate licensed health care professionals for the benefit of the public's health, safety and welfare and to protect the well-being of patients from ineffective or harmful professional services. (*Dent v. West Virginia*, 129 U.S. 114, 122-23 (1889); *Hawker v. New York*, 170 U.S. 189, 191-95 (1898); *State ex rel. Kassabian v. State Bd. of Med. Exam'rs*, 68 Nev. 455, 463-65 (1951)) In exercising that power, the Legislature has enacted existing laws that regulate homeopathic physicians, advanced practitioners of homeopathy, homeopathic assistants and certain mental health professionals including psychiatrists, psychologists, licensed marriage and family therapists, certain registered nurses and certain licensed clinical or independent social workers. (Chapters 630, 630A, 632, 633 and 641-641B of NRS)

The purpose of this bill is to protect the well-being of children who are under 18 years of age by prohibiting such licensed health care professionals from providing children with **aversive** conversion therapies, which are any practices or treatments that seek to change the sexual orientation or gender identity of the children ~~[.]~~ **and which involve application of any type of behavioral conditioning or modification in which noxious or painful stimuli, confinement, isolation or deprivation are used, in whole or in part, for the purpose of changing, eliminating or reducing behaviors or gender expressions.** In **section 1** of this bill, the Legislature finds and

declares that there is a legitimate and compelling need to protect the well-being of children from the harmful and destructive effects of **aversive** conversion therapies because such therapies ~~[have not been proven to be medically or clinically effective but have been shown to]~~ have a high potential to cause substantial harm to the physical and psychological well-being of children who are much more vulnerable to the potentially traumatic effects of such ~~[intensive]~~ **aversive** conversion therapies.

To carry out the Legislature's objectives, **section 1.5** of this bill prohibits homeopathic physicians, advanced practitioners of homeopathy, homeopathic assistants and certain mental health professionals from providing ~~[sexual orientation or gender identity]~~ **aversive** conversion therapies to children who are under 18 years of age. However, ~~[there is nothing in this bill that regulates or prohibits licensed health care professionals from engaging in expressive speech or religious counseling with such children if the licensed health care professionals: (1) are acting in their pastoral or religious capacity as members of the clergy or as religious counselors; and (2) do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity.~~

~~This bill is modeled on similar laws enacted in California and New Jersey. (Cal. Bus. & Prof. Code §§ 865 et seq.; N.J. Stat. Ann. §§ 45:1-54 et seq.) In interpreting those laws, courts have determined that the laws do not regulate or prohibit licensed health care professionals from engaging in expressive speech or religious counseling with children who are under 18 years of age if the licensed health care professionals: (1) are acting in their pastoral or religious capacity as members of the clergy or as religious counselors; and (2) do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity. In addition, courts have also held that the laws: (1) are a constitutional exercise of the legislative power to regulate licensed health care professionals for the benefit of the public's health, safety and welfare and to protect the well-being of children from ineffective or harmful professional services; (2) do not violate any rights to freedom of speech, association or religion and are not unconstitutionally overbroad or vague under the First and Fourteenth Amendments to the United States Constitution; and (3) do not violate any other fundamental or substantive due process rights of licensed health care professionals or the parents or children who seek their professional services. (Pickup v. Brown, 740 F.3d 1208 (9th Cir. 2014), cert. denied, 134 S.Ct. 2871 and 2881 (2014); Welch v. Brown, 834 F.3d 1041 (9th Cir. 2016), cert. denied, No. 16-845, --- S.Ct. --- (May 1, 2017); King v. Governor of New Jersey, 767 F.3d 216 (3d Cir. 2014), cert. denied, 135 S.Ct. 2048 (2015); Doe v. THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. 1. The Legislature hereby finds that:

(a) For the past several decades, there has been a growing consensus among medical and mental health professionals that **aversive** conversion therapies, which involve any practices or treatments that seek to change the sexual orientation or gender identity of a patient, also known as reparative therapies or sexual orientation change efforts ~~[~~:

~~(1) Have been based on developmental theories whose scientific validity is questionable;~~

~~(2) Have relied on anecdotal reports of cures that have not been tested, substantiated or verified by any rigorous scientific research or peer-reviewed studies; and~~

~~(3) Have not been proven to be medically or clinically effective but have been shown to~~] **, and which involve application to the patient of any type of behavioral conditioning or modification in which noxious or painful stimuli, confinement, isolation or deprivation are used, in whole or in part, for the purpose of changing, eliminating or reducing behaviors or gender expressions,** have a high potential to cause substantial harm to the physical and psychological well-being of the patient, especially children under 18 years of age because they are much more vulnerable to the potentially traumatic effects of such ~~[intensive]~~ **aversive** conversion therapies.

(b) A significant number of well-known and well-respected professional and scientific organizations have publicly denounced or disavowed **aversive** conversion therapies because of the ~~[highly doubtful effectiveness and]~~ highly probable harmfulness of such therapies. Such organizations include, without limitation, the American Psychological Association, American Psychiatric Association, American Psychoanalytic Association, American Counseling Association Governing Council, American Medical Association Council on Scientific Affairs, American Academy of Child and Adolescent Psychiatry, American Academy of Pediatrics, American School Counselor Association, National Association of Social Workers and Pan American Health Organization.

(c) Such organizations have determined that **aversive** conversion therapies may be particularly harmful or destructive to children because such therapies:

(1) Aggravate and intensify harmful or destructive feelings, including, without limitation, confusion, depression, guilt, shame, stress, loneliness, helplessness, hopelessness, pointlessness, disappointment, self-blame, self-hatred, low self-esteem, marginalization, dehumanization, hostility, anger, betrayal or loss of faith, belief, interest, concern or motivation; and

(2) Increase the risk of harmful or destructive behaviors, including, without limitation, social withdrawal, isolation, substance abuse, suicide, deception, high-risk sexual behaviors and unlawful behaviors.

2. The Legislature hereby declares that there is a legitimate and compelling need to protect the well-being of children who are under 18 years of age from the harmful and destructive effects of **aversive** conversion therapies by prohibiting certain licensed health care professionals from providing children with **aversive** conversion therapies because such therapies ~~[have not been proven to be medically or clinically effective but have been shown to]~~ have a high potential to cause substantial harm to the physical and psychological well-being of children, who are much more vulnerable to the potentially traumatic effects of such ~~[intensive]~~ **aversive** conversion therapies.

Sec. 1.5. Chapter 629 of NRS is hereby amended by adding thereto a new section to read as follows:

1. A psychotherapist shall not provide any aversive conversion therapy to a person who is under 18 years of age regardless of the willingness of the person or his or her parent or legal guardian to authorize such therapy.

2. Any violation of subsection 1 is a ground for disciplinary action by a state board that licenses a psychotherapist as defined in subsection 3.

3. As used in this section:

(a) ~~[“Conversion]~~ “Aversive conversion therapy” means any practice or treatment that ~~[seeks]~~ :

(1) Seeks to change the sexual orientation or gender identity of a person, including, without limitation, a practice or treatment that seeks to change behaviors or gender expressions or to eliminate or reduce sexual or romantic attractions or feelings toward persons of the same gender ~~[.]~~ ; and

(2) Involves application to the person of any type of behavioral conditioning or modification in which noxious or painful stimuli, confinement, isolation or deprivation are used, in whole or in part, for the purpose of changing, eliminating or reducing behaviors or gender expressions, including, without limitation:

(I) Inducing nausea, vomiting or paralysis, administering electric shocks, targeting parts of the body with any snaps, slaps, pinches, hits, intrusions or other noxious or painful stimuli or using any noxious or painful light, images, video, audio, noise, sounds, odors, smells or other stimuli;

(II) Confining or isolating the person in any small space, darkened area, locked room or other confining or isolating situation; or

(III) Depriving the person of food, water, sleep, medicine or other essentials.

(b) The term “aversive conversion therapy” does not include any non-aversive conversion therapy, including, without limitation, counseling that:

(1) Provides spiritual or other support and guidance to a person which uses speech alone to assist the person in discussing or achieving the desired sexual orientation or gender identity;

(2) Provides assistance to a person undergoing gender transition; or

~~[(2)]~~ (3) Provides acceptance, support and understanding of a person or facilitates a person's ability to cope, social support and identity exploration and development, including, without limitation, an intervention to prevent or address unlawful conduct or unsafe sexual practices that is neutral as to the sexual-orientation of the person receiving the intervention and does not seek to change the sexual orientation or gender identity of the person receiving the intervention.

~~[(b)]~~ (c) "Psychotherapist" means:

(1) A psychiatrist licensed to practice medicine in this State pursuant to chapter 630;

(2) A homeopathic physician, advanced practitioner of homeopathy or homeopathic assistant licensed or certified pursuant to chapter 630A or NRS;

(3) A psychiatrist licensed to practice medicine in this State pursuant to chapter 633;

(4) A psychologist licensed to practice in this State pursuant to chapter 641 of NRS;

(5) A social worker licensed in this State as an independent social worker or a clinical social worker pursuant to chapter 641B of NRS;

(6) A registered nurse holding a master's degree in the field of psychiatric nursing and licensed to practice professional nursing in this State pursuant to chapter 632 of NRS;

(7) A marriage and family therapist or clinical professional counselor licensed in this State pursuant to chapter 641A of NRS; or

(8) A person who provides counseling services as part of his or her training for any of the professions listed in subparagraphs (1) to (7), inclusive.

Sec. 2. This act becomes effective:

1. Upon passage and approval for the purpose of adopting any regulations and performing any other preparatory administrative tasks necessary to carry out the provisions of this act; and

2. On January 1, 2018, for all other purposes.

GENERAL FILE AND THIRD READING

Senate Bill No. 201.

Remarks by Assemblymen Thompson, Edwards, Tolles, Bilbray-Axelrod, and Araujo.

ASSEMBLYMAN THOMPSON:

Senate Bill 201 prohibits a psychotherapist from providing sexual orientation or gender identity conversion therapy to a person who is under 18 years of age. The measure does not include provisions that regulate or prohibit licensed health care professionals from engaging in expressive speech or religious counseling with a person who is under 18 years of age if the licensed health care professionals are acting in their pastoral or religious capacity as members of the clergy or as religious counselors and do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity.

Conversion therapy is dangerous and an unethical practice that has been openly discredited and scrutinized by health care professionals across the country due to the devastating consequences on our young people. Due to the lack of sound data and scientific validity, the American Psychiatric Association recommends that ethical practitioners refrain from attempts to change individuals' sexual orientation. This form of therapy is an inhumane practice that targets some of our most vulnerable populations and groups in society, causing harm to our minors and leaving of lifetime of negative consequences that can lead to increased depression, homelessness, substance abuse, and negative self-image, ultimately leading to self-destructive behavior and higher rates of suicide. Senate Bill 201 protects the well-being of our minors by prohibiting health care professionals from using sexual orientation change efforts on persons under age 18. I urge our body to support Senate Bill 201.

ASSEMBLYMAN EDWARDS:

Conversion therapy is a terrible thing, and no one should have to undergo it. Not only has it been totally disproven as an effective form of therapy, it is simply dangerous, and I had hoped to be able to vote to ban it. But we also have an obligation to look at how broad this bill is written. We cannot ban those questioning their sexuality from having conversations with people they trust, whether they be those in religious life, parents, or counselors. That is effectively what this bill leads to.

I had hoped that we could see some amendments to tighten up the legislation and ensure that the proper protections were in place. In fact, I know that several people have tried to add in reasonable language that would have done exactly that. I commend them and thank them for their efforts. Sadly, they were not successful. Without clear language that protects parents, clergy, doctors, and patients and does not clearly preserve unfettered dialogue and parental rights, we should not adopt this. As I read this bill, we solve one problem but create three more. Without clear legislative language to prevent those problems, I cannot vote for this bill and must urge my colleagues not to vote for it either.

ASSEMBLYWOMAN TOLLES:

I want to restate the amended language. As the preamble states, which according to LCB [Legislative Counsel Bureau] would be used by the courts to determine free speech and religious liberty protections, there is nothing in this bill that regulates or prohibits licensed health care professionals from engaging in expressive speech or religious counseling with such children if the licensed health care professionals are acting in their pastoral or religious capacity as members of the clergy or as religious counselors and do not hold themselves out as operating pursuant to their professional licenses when so acting in their pastoral or religious capacity.

The American Medical Association, American Psychological Association, American Psychiatric Association, American Academy of Pediatrics, American Association of Marriage and Family Therapists, American Counseling Organization, National Association of Social Workers, World Health Organization, and others have opposed conversion therapy practices along with a growing number of religious and evangelical leaders and organizations who have joined in the dismissal of the effectiveness of these programs. Additionally, many of the leaders of ex-gay ministries have since apologized to the LGBT community and closed the door on their organizations.

I understand that there have been concerns raised about broader interpretations of this legislation and unintended consequences for individuals seeking counsel relating to their faith and questions about sexuality and gender. But after listening to the testimony of the sponsor on record, reviewing the scholarly research on conversion therapy as it is traditionally understood, looking at the other states that have already enacted similar legislation without incident, and examining the protections laid out both in this bill and by courts specifically addressing concerns of free speech and religious counseling regarding this topic, I feel reassured that the concerns raised do not warrant the opposition to the stated intentions of this legislation.

I want to take just a moment to thank the sponsor and the Assemblyman from District 3 for the amended language. The culture wars have left a great deal of damage to all sides engaged in these debates, and oftentimes, between the political posturing and the rhetoric, we forget that there are real people, families, individuals, and organizations that are impacted by these political debates. I believe that by offering the amended language on this, as well as on other legislation we have heard like A.J.R. 2 and A.B. 99, this bill has made space for individuals to remain protected from the harmful effects without impeding on free speech and religious liberty. I want to personally thank the Assemblyman for bringing that amended language, and I will support.

ASSEMBLYWOMAN BILBRAY-AXELROD:

I rise in support of Senate Bill 201. As has been stated by my colleagues from Assembly Districts 11 and 25, conversion therapy is dangerous and has been widely discredited by mainstream medical and mental health organizations for decades. Kids are especially vulnerable to conversion therapy, and it can lead to depression, drug use, homelessness, and suicide. Despite its danger, some practitioners continue to push this terrible, terrible practice, and they use it in a socially biased way against the members of the LGBTQ communities.

On a personal note, I think if my daughter was a child in this position, it would be love and support that she would need, not me or anyone else telling her to be different. I am glad this body will take steps to prevent licensed medical providers from offering these services and urge you to support S.B. 201.

ASSEMBLYMAN ARAUJO:

I rise in support of Senate Bill 201. For many years now I have had the honor and privilege of working directly with youth in Nevada that identify as LGBTQ. Some are too scared to come out. Some are out but are scared of the consequences of coming out. We in Nevada have a unique position we can currently take. We have made a lot of progress this session already with passage of Assembly Bill 99 and passage of other measures to ensure that our youth are feeling protected. This is going to take us another step forward.

I want to be able to say that I serve in the Legislature in a state that offers nothing but love and support to our youth, regardless of who they are. I want us to be able to stand proudly and say that we are becoming a model state for what progress should look like. I want us to be able to stand proudly and look at our youth, our future, and tell them that they are beautiful and that we love them regardless, and that we want to see them thrive. We can only do that if we take these steps forward to ensure that we are not hurting them, but instead we are helping them and offering them nothing but love and nurturing.

I urge this body to please look beyond the politics and think of these youth. Think of what they have to go through. Think of the fears that consume their lives every single day. Sit on that and please consider supporting Senate Bill 201. It is good for our youth, it is good for our future, and it is good for Nevada.

Senate Joint Resolution No. 10.

Resolution read third time.

Remarks by Assemblyman Elliot Anderson.

ASSEMBLYMAN ELLIOT ANDERSON:

Senate Joint Resolution No. 10 repeals, rescinds, cancels, and nullifies each previous resolution passed by the Nevada Legislature that requested the Congress of the United States to convene a constitutional convention pursuant to Article V of the *United States Constitution*. The resolution urges other state legislatures to do the same.

Our *Constitution* is far from perfect, but an Article V constitutional convention is not in the Nation's interest at this time. I do not need to tell anyone that there is high-pitched partisan warfare going on in our nation's capital and about the influence of money and politics. The *Constitution*, for all its imperfections, is a rock of stability in an uncertain time. Therefore, I would urge you to support this to rescind our calls for an Article V constitutional convention to ensure that our *Constitution* continues to be that rock.

Assembly called to order at 12:15 p.m.

Mr. Speaker presiding.

Roll called.

All present except Assemblymen Hambrick, Thompson, and Woodbury, who were excused.

Prayer by the Chaplain, Pastor Harvey Turner.

Heavenly Father, I come to You in the Name of the Lord Jesus Christ and by the power of the Holy Spirit. I come to You on behalf of these leaders who are present in this room that You would grant them wisdom and insight that is beyond them.

Father, I ask that You would lead them in such a way that they give a voice to the voiceless. Guard them from the temptation of making decisions out of self-interest and let them make decisions that will cause human flourishing for those they've been elected to serve. May they always be mindful of the poor, the unborn, the oppressed, the immigrant, and the marginalized. Guard them from the temptation of making decisions that will benefit special interests or favor those who are in a position to advance their political career.

May justice be at the forefront of their minds and may the law that You have written on their hearts be their guide. Thank You that You have given us rulers and authorities, I know that Your Word says that they are ministers of Your common grace to all people. Enlighten their work with divine light.

I pray this in the name of Your Son, the Lord Jesus, who is the King above all Kings, and because his kingdom reigns above all empires of men including the state of Nevada.

AMEN.

Pledge of allegiance to the Flag.

Remarks by Assemblyman Frierson.

ASSEMBLYMAN FRIERSON:

Today we remember Robert S. Ferraro; a native Nevadan, who had one of the longest and most successful careers in public service in Nevada's history. Bob was born and grew up in Paradise Valley, a beautiful desert oasis about 40 miles north of Winnemucca. He attended a one room school house for his early education and graduated from Humboldt County High School, in Winnemucca, making the eighty mile round trip every day, and earning the reputation of having the fastest car on the road. Bob attended the University of Nevada, Reno, where he earned a Bachelor's Degree in Agriculture and a Master's Degree in Agronomy and Range Management and was President of the Young Democrats Club.

In 1966, he moved his young family to Pakistan, working for the United States Agency for International Development. Three years later he took a position as a chemical engineer at PEPCON [Pacific Engineering and Production Company of Nevada] in Boulder City. In 1976, he was elected to the Boulder City Council and began his 31 years of public service that included six terms as Mayor, serving on various boards, including the Las Vegas Convention and Visitors Authority; the Bolder City Hospital Foundation; Nevada Development Authority; and the Clark, County District Board of Health.

Those who were fortunate enough to know Bob will always remember him as a happy, optimistic, gregarious person, and a complete joy to be around. We will all certainly miss him, and the State of Nevada will certainly miss him, and I urge you all to join me in supporting this resolution.

Remarks by Assemblyman Kramer.

ASSEMBLYMAN KRAMER:

Senate Bill 57 revises provisions governing the Nevada Commission for the Reconstruction of the V & T Railway. Specifically, the bill removes the Board of County Commissioners of Douglas, Lyon, and Washoe Counties from the governing bodies of the Commission and relieves Douglas, Lyon, and Washoe Counties from any requirement to fund the Commission's budget. However, the provisions of this bill do not apply to impair any existing bond or bond obligations if a county has issued bonds to fund its share of the Commission's budget before October 1, 2017.

It reduces the number of members of the Commission from nine to five; eliminates the authority of the Commission to enter into an agreement with the district attorney or treasurer of Douglas, Lyon, and Washoe Counties as of October 1, 2017; and terminates any agreement between the Commission and those persons as of that date.

This bill is effective on October 1, 2017.

Legislative Counsel's Digest:

Existing law authorizes the Board of Dental Examiners of Nevada, upon its own motion, and requires the Board, upon a verified complaint by any person, to investigate a person who practices dentistry in this State for allegations of actions that would support disciplinary action. (NRS 631.363)

Section 1 of this bill requires the Board to appoint a panel of three people, consisting of two members of the Board and one holder of a license to practice dentistry or dental hygiene in this State, to review an investigation and informal hearing conducted by an investigator appointed by the Board. **Section 1** requires such a panel to review: (1) all files and records collected or produced by the investigator; (2) findings of fact and conclusions prepared by the investigator and submitted to the Board; and (3) any other information deemed necessary by the panel. **Section 1** further requires: (1) a review panel to submit a recommendation to the Board as to whether the findings and recommendations of the investigation should be accepted by the Board; and (2) the Board to review and consider the findings and recommendations of the review panel before taking any disciplinary action against a person or taking any other action relating to a complaint filed with the Board. **Section 3** of this bill requires a hearing officer or panel to review and consider the findings and recommendations of a review panel before taking disciplinary action against a person. **Section 5** of this bill provides that any records or information obtained by a review panel are deemed confidential. **Section 6** of this bill extends to members of a review panel the immunity from civil liability provided under existing law to members and employees of the Board.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 662.

Legislative Counsel's Digest:

Under existing law, the trustee under a deed of trust concerning owner-occupied housing has the power to sell the property to which the deed of trust applies, subject to certain restrictions. (NRS 107.080, 107.085, 107.086) Existing law requires such a sale to be made: (1) in a county whose population is less than 100,000 (currently all counties other than Clark and Washoe Counties), at the courthouse in the county in which the property or some part thereof is situated; or (2) in a county whose population is 100,000 or more (currently Clark and Washoe Counties), at the public location in the county designated by the governing body of the county for that purpose. (NRS 107.081) **Section 1** of this bill removes the population cap to require any such sale to be made at a public location in the county designated by the governing body of the county for that purpose.

Existing law requires a financial institution that is a mortgagee or beneficiary of a deed of trust under certain residential mortgage loans to provide to the Division of Financial Institutions of the Department of Business and Industry the name and certain contact information of a person to whom: (1) a borrower or a representative of a borrower must send information and notices to facilitate a mediation under the Foreclosure Mediation Program; and (2) a unit-owners' association must mail notices concerning the foreclosure of the association's lien on a unit. Existing law further requires the Division to maintain this information on its Internet website and provide a prominent display of, or a link to, this information on the home page of its Internet website. (NRS 657.110) Section 1.5 of this bill requires any mortgagee or beneficiary of a deed of trust under a residential mortgage loan to provide the Division with such contact information.

Senate Bill No. 278 of the 2013 Legislative Session (S.B. 278): (1) established an expedited process for the foreclosure of abandoned residential property; and (2) authorized a board of county commissioners or the governing body of an incorporated city to establish by ordinance a registry of abandoned residential real property and a registry of real property in danger of becoming abandoned. (Chapter 330, Statutes of Nevada 2013, p. 1543) The provisions of S.B. 278 expire by limitation on June 30, 2017. **Section 2** of this bill extends the prospective expiration of the provisions of S.B. 278 to June 30, 2021.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 107.081 is hereby amended to read as follows:

The following amendment was proposed by the Committee on Ways and Means:

Amendment No. 647.

AN ACT relating to State Government; revising qualifications for certain members of the State Public Works Board; revising qualifications for administrators of certain divisions of State Government; providing that the State Library, Archives and Public Records Administrator is in the unclassified service of the State; authorizing the Chief Medical Officer to maintain a clinical practice under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, certain members appointed to the State Public Works Board must be licensed in this State as a general building contractor or general engineering contractor. **Section 1** of this bill provides that such members may also be appointed if they were licensed in the past.

Existing law requires the Administrator of the State Public Works Division of the Department of Administration to have a master's degree or doctoral degree in certain subjects and certain experience. Existing law also requires the Deputy Administrator of the Public Works - Professional Services Section to be a licensed professional engineer or a registered architect if the Administrator is not. Section 2.5 of this bill provides that the Administrator may be a licensed professional engineer or a registered architect in lieu of having a master's degree or doctoral degree in the specified fields and the required experience. Section 2.5 also requires the Deputy Administrator of the Public Works - Professional Services Section to be a licensed professional engineer or a registered architect, regardless of the Administrator's qualifications.

Existing law requires the Administrator of the Division of Internal Audits of the Office of Finance to be a certified public accountant licensed in this State or a public accountant qualified under existing law. The Administrator

must also have at least 5 years of certain professional experience. (NRS 353A.041) **Section 3** of this bill provides that in order to qualify for the position, the Administrator may instead be a certified internal auditor or government auditing professional or have a master's degree in business administration, accounting, finance or a closely related field. **Section 3** also requires the Administrator to have at least 6 years of certain professional experience.

Section 4 of this bill provides that the State Library, Archives and Public Records Administrator is in the unclassified service rather than the classified service of the State.

Existing law requires the Administrator of the Division of Health Care Financing and Policy of the Department of Health and Human Services to have a degree in public administration, business administration or a similar field of study. (NRS 422.2354) **Section 5** of this bill instead, requires the Director of the Department to give preference to a person who has a degree in these fields.

Existing law prohibits the Chief Medical Officer from engaging in any other business or occupation. (NRS 439.110) **Section 10** of this bill removes this restriction and authorizes the Chief Medical Officer, with the approval of the Director, to maintain a clinical practice.

SECOND READING AND AMENDMENT

Senate Bill No. 31.

Bill read second time.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 675.

AN ACT relating to motor vehicles; revising the requirements for registering certain commercial motor vehicles; revising procedures for registration, renewal of registration and revocation of registration by the Department of Motor Vehicles relating to certain commercial motor vehicles and motor carriers who are subject to certain out-of-service orders; authorizing a peace officer to impound or seize the license plates from certain commercial motor vehicles operated by a motor carrier who is subject to

certain out-of-service orders; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, most motor vehicles, trailers and semitrailers intended to be operated upon any highway in this State must be registered with the Department of Motor Vehicles. (NRS 482.205) **Section 5** of this bill requires a motor carrier operating in intrastate commerce and registering a commercial motor vehicle, other than a farm vehicle, that weighs in excess of 26,000 pounds to: (1) obtain an identification number from the United States Department of Transportation, known as a "USDOT number"; (2) display the USDOT number on each commercial vehicle weighing in excess of 26,000 pounds that is operated by the motor carrier in intrastate commerce; and (3) notify the Department of Motor Vehicles of the name of the motor carrier who is responsible for the safety of each such vehicle. **Sections 8, 10 and 11** of this bill authorize the Department to refuse to register, refuse to renew the registration of or revoke the registration of any such commercial motor vehicle if the motor carrier does not comply with the requirements of **section 5** or if the motor carrier responsible for the safety of the commercial motor vehicle is subject to an out-of-service order, as that term is defined in certain regulations of the Federal Motor Carrier Safety Administration of the United States Department of Transportation. (49 C.F.R. Parts 385 and 386) The Department of Motor Vehicles may, pursuant to **sections 8, 10 and 11**, refuse to register, refuse to renew the registration of or revoke the registration of all such commercial motor vehicles being operated by the motor carrier in intrastate commerce. **Section 5** also requires a motor carrier operating a motor vehicle registered in this State to transport hazardous material to: (1) obtain a USDOT number from the United States Department of Transportation; (2) display the USDOT number on each commercial motor vehicle that is operated by the motor carrier in intrastate commerce; and (3) notify the Department of Motor Vehicles of the name of the motor carrier who is responsible for the safety of each such vehicle. Existing law makes it a misdemeanor to violate the requirements of **section 5**. (NRS 482.555) **Section 6** of this bill requires the Department of Transportation to adopt regulations setting forth each provision of certain federal regulations which, when a violation of those regulations is the basis for a temporary prohibition, qualifies the temporary prohibition as an out-of-service order. **Section 7** of this bill requires any application for registration or renewal of registration of any commercial motor vehicle that is required to obtain a USDOT number from the United States Department of Transportation to be submitted to the Motor Carrier Division of the Department of Motor Vehicles.

Existing law authorizes the Department of Motor Vehicles to enter into an agreement with a motor carrier or a service provider which authorizes the motor carrier or service provider to register, transfer or renew the registration of certain motor vehicles owned or operated by the motor carrier and to issue registration credentials on behalf of the Motor Carrier Division of the

Department. (NRS 482.217, 706.188) **Sections 10 and 19** of this bill authorize the Department to revoke the registration of a commercial motor vehicle weighing over 26,000 pounds, operating in intrastate commerce and registered by a motor carrier or service provider if the Department determines that the motor carrier responsible for the safety of the commercial motor vehicle is subject to an out-of-service order. The Department may also, pursuant to **sections 10 and 19**: (1) revoke the registration of all the commercial motor vehicles weighing over 26,000 pounds, operating in intrastate commerce and registered by a motor carrier who is subject to an out-of-service order; and (2) revoke the motor carrier or service provider's authority to register motor vehicles. **Section 10 also provides that a motor carrier who has entered into an agreement with the Department which allows the motor carrier to register and transfer or renew the registration of any vehicle of the motor carrier is only obligated to provide a bond if required by the Department.**

Existing law requires, for every motortruck, truck-tractor or bus, the payment of an additional fee for registration that is based on the weight of the vehicle. Such a vehicle which weighs not less than 26,001 pounds and not more than 80,000 pounds must pay a fee of $17 for each 1,000 pounds, with a maximum fee of $1,360. (NRS 482.482) **Section 13.5** of this bill increases the weight limit for such a vehicle, to the extent authorized by federal law, from a minimum of not less than 80,001 pounds to a maximum of not more than 83,000 pounds, ~~[and increases the]~~ **but does not increase the** maximum fee ~~[commensurately to $1,411.]~~ **of $1,360.**

Existing law provides that under the Interstate Highway User Fee Apportionment Act the Department of Motor Vehicles may enter into agreements with certain departments or agencies of other states or countries to provide for certain exemptions and the proration of certain fees and taxes for certain commercial motor vehicles used in interstate commerce. (NRS 706.801, 706.826) **Section 23** of this bill requires an operator applying to register a commercial motor vehicle to operate in this State under such an apportionment agreement to provide the Department of Motor Vehicles with the operator's USDOT number issued by the United States Department of Transportation and to identify the motor carrier responsible for the safety of each commercial motor vehicle registered. **Section 18** of this bill authorizes the Department of Motor Vehicles to refuse to register or refuse to renew the registration of any such commercial motor vehicle that weighs more than 10,000 pounds if the operator does not comply with the requirements to provide a USDOT number or to identify a motor carrier responsible for the safety of the commercial motor vehicle, or if the motor carrier responsible for the safety of the commercial motor vehicle is subject to an out-of-service order. **Section 18** authorizes the Department to revoke the registration and plates, licenses, emblems, certificates or other devices of any such commercial motor vehicle registered to the motor carrier responsible for the

safety of the commercial motor vehicle that is subject to an out-of-service order.

Section 14 of this bill authorizes a peace officer to seize the license plates from a commercial motor vehicle if the motor carrier responsible for the safety of the commercial motor vehicle is subject to an out-of-service order and the commercial motor vehicle is: (1) registered or operating as an apportioned vehicle in interstate commerce and weighs in excess of 10,000 pounds; (2) registered in this State, operating in intrastate commerce and weighs in excess of 26,000 pounds; or (3) transporting hazardous material. If the motor carrier responsible for the safety of the commercial motor vehicle is not the registered owner of the vehicle, the peace officer may impound the commercial motor vehicle, and must notify the registered owner of the impoundment. Upon seizing any license plates based on an out-of-service order, **section 14** requires the peace officer to send the license plates to the Department of Motor Vehicles, which must follow existing procedures to revoke the registration of the commercial motor vehicle. (NRS 482.465)

Existing law requires the Administrator of the Aging and Disability Services Division of the Department of Health and Human Services to appoint the State Long-Term Care Ombudsman to advocate for the protection of the health, safety, welfare and rights of residents of facilities for long-term care. (NRS 427A.125) **Existing law defines "resident" as a person who is 60 years of age or older. (NRS 427A.0295) Section 1 of this bill revises the definition of "resident" to mean any resident of a facility for long-term care and thus enables the Ombudsman to advocate for any resident of a long-term care facility.**

Existing law ~~[also]~~ requires the Ombudsman, under the direction of the Administrator, to review, recommend and provide advice concerning governmental policies which affect long-term care facilities. (NRS 427A.145) **Section ~~[1]~~ 1.5** of this bill revises this provision to authorize the Ombudsman to independently analyze, monitor and provide recommendations for changes to federal, state and local governmental actions and policies relating to facilities for long-term care.

Existing law authorizes the Administrator to appoint one or more advocates to assist the Ombudsman. Existing law further authorizes the Administrator to: (1) create a volunteer advocacy program within the Division to be administered by the Ombudsman under the direction of the Administrator; and (2) appoint volunteer advocates. (NRS 427A.127) Existing federal regulations require the Ombudsman to determine the designation of representatives of the Office of the Ombudsman. (45 C.F.R. § 1324.13(c)) **Section 2** of this bill transfers to the Ombudsman the authority to: (1) appoint advocates; and (2) create and administer a volunteer advocacy program.

Existing law authorizes the Ombudsman and his or her advocates to inspect the records of a facility for long-term care. Under certain circumstances, the Ombudsman is required to obtain the informed consent of the resident or his or her guardian or representative before inspecting certain records relating to the resident. (NRS 427A.145) **Section 3** of this bill requires the Ombudsman and his or her advocates to comply with certain federal regulations relating to consent before inspecting the medical and personal financial records of the resident. **Section 3** further provides that, in accordance with federal regulations, informed consent may be obtained orally, visually, in writing or through the use of auxiliary aids.

Existing law requires certain professionals, including any employee of the Department of Health and Human Services, who know or have reasonable

cause to believe that an older person has been abused, neglected, exploited, isolated or abandoned to report, in certain circumstances, such abuse, neglect, exploitation, isolation or abandonment to: (1) the local office of the Aging and Disability Services Division of the Department; (2) a police department or sheriff's office; or (3) a toll-free telephone service designated by the Aging and Disability Services Division. (NRS 200.5093) Existing federal regulations require the Ombudsman and certain representatives of the Ombudsman to be exempted from this reporting requirement. (45 C.F.R. § 1324.11(e)(3)(iv)) **Section 4** of this bill exempts the Ombudsman and his or her advocates and volunteers from the requirement to report the abuse, neglect, exploitation, isolation or abandonment of an older person when federal regulations require the Ombudsman and his or her advocates and volunteers to be exempted from that requirement.

Existing law authorizes the Administrator of the Division to direct the Ombudsman or his or her advocate to investigate a complaint involving a person who is less than 60 years of age. **Section 5** of this bill repeals this provision **~~[.]~~ as section 1 revises the definition of "resident" to include any person who resides in a facility for long-term care.**

The following amendment was proposed by the Committee on Judiciary:
Amendment No. 683.
AN ACT relating to common-interest communities; ~~[revises]~~ **revising the manner in which an association is required to provide notice of a change in the governing documents of the association; revising** provisions governing the cancellation of a resale of a home or unit in a common-interest community; and providing other matters properly relating thereto.
Legislative Counsel's Digest:
Existing law prescribes the manner in which a unit-owners' association must generally provide certain notices to a unit's owner when the manner of notice is not otherwise specified by another particular statutory provision. (NRS 116.31068) Existing law further sets forth specific methods which are required for delivery of a copy of a change to the governing documents of an association. (NRS 116.12065) Section 1 of this bill eliminates the specific methods of delivery in this provision, thus providing for the delivery of a copy of a change to the governing documents of an association in the manner generally required under other provisions of law. (NRS 116.31068)
Existing law requires an owner of a home or unit in a common-interest community or his or her authorized agent to furnish a purchaser of the home or unit in a resale transaction with certain information, included in a resale package. Existing law also requires a purchaser of a home or unit in a common-interest community to hand-deliver or mail to the unit's owner or his or her authorized agent a notice of cancellation of the contract of

purchase. (NRS 116.4109) **Section ~~[1]~~ 1.5** of this bill authorizes the purchaser to deliver a notice of cancellation by electronic transmission.

Section 2 of this bill amends existing law to add to the information statement provided as part of a purchase of a unit in a common-interest community a statement relating to a purchaser's option to deliver a notice of cancellation of a contract of purchase by electronic transmission. (NRS 116.41095)

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **NRS 116.12065 is hereby amended to read as follows:**

116.12065 If any change is made to the governing documents of an association, the secretary or other officer specified in the bylaws of the association shall, within 30 days after the change is made, prepare and cause to be ~~[hand-delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner,]~~ ***delivered*** a copy of the change that was made.

~~[Section 1.]~~ ***Sec. 1.5.*** NRS 116.4109 is hereby amended to read as follows:

116.4109 1. Except in the case of a sale in which delivery of a public offering statement is required, or unless exempt under subsection 2 of NRS 116.4101, a unit's owner or his or her authorized agent shall, at the expense of the unit's owner, furnish to a purchaser a resale package containing all of the following:

(a) A copy of the declaration, other than any plats, the bylaws, the rules or regulations of the association and the information statement required by NRS 116.41095.

(b) A statement from the association setting forth the amount of the monthly assessment for common expenses and any unpaid obligation of any kind, including, without limitation, management fees, transfer fees, fines, penalties, interest, collection costs, foreclosure fees and attorney's fees currently due from the selling unit's owner.

(c) A copy of the current operating budget of the association and current year-to-date financial statement for the association, which must include a summary of the reserves of the association required by NRS 116.31152 and which must include, without limitation, a summary of the information described in paragraphs (a) to (e), inclusive, of subsection 3 of NRS 116.31152.

(d) A statement of any unsatisfied judgments or pending legal actions against the association and the status of any pending legal actions relating to the common-interest community of which the unit's owner has actual knowledge.

(e) A statement of any transfer fees, transaction fees or any other fees associated with the resale of a unit.

(f) In addition to any other document, a statement describing all current and expected fees or charges for each unit, including, without limitation, association fees, fines, assessments, late charges or penalties, interest rates on delinquent assessments, additional costs for collecting past due fines and charges for opening or closing any file for each unit.

2. The purchaser may, by written notice, cancel the contract of purchase until midnight of the fifth calendar day following the date of receipt of the resale package described in subsection 1, and the contract for purchase must contain a provision to that effect. If the purchaser elects to cancel a contract pursuant to this subsection, the purchaser must hand deliver the notice of cancellation to the unit's owner or his or her authorized agent ***,*** ~~[or]~~ mail the notice of cancellation by prepaid United States mail to the unit's owner or his or her authorized agent ~~[.]~~ ***or deliver the notice of cancellation by electronic transmission to the unit's owner or his or her authorized agent.*** Cancellation is without penalty, and all payments made by the purchaser before cancellation must be refunded promptly. If the purchaser has accepted a conveyance of the unit, the purchaser is not entitled to:

(a) Cancel the contract pursuant to this subsection; or

(b) Damages, rescission or other relief based solely on the ground that the unit's owner or his or her authorized agent failed to furnish the resale package, or any portion thereof, as required by this section.

3. Within 10 days after receipt of a written request by a unit's owner or his or her authorized agent, the association shall furnish all of the following to the unit's owner or his or her authorized agent for inclusion in the resale package:

(a) Copies of the documents required pursuant to paragraphs (a) and (c) of subsection 1; and

(b) A certificate containing the information necessary to enable the unit's owner to comply with paragraphs (b), (d), (e) and (f) of subsection 1.

4. If the association furnishes the documents and certificate pursuant to subsection 3:

(a) The unit's owner or his or her authorized agent shall include the documents and certificate in the resale package provided to the purchaser, and neither the unit's owner nor his or her authorized agent is liable to the purchaser for any erroneous information provided by the association and included in the documents and certificate.

(b) The association may charge the unit's owner a reasonable fee to cover the cost of preparing the certificate furnished pursuant to subsection 3. Such a fee must be based on the actual cost the association incurs to fulfill the requirements of this section in preparing the certificate. The Commission shall adopt regulations establishing the maximum amount of the fee that an association may charge for preparing the certificate.

(c) The other documents furnished pursuant to subsection 3 must be provided in electronic format to the unit's owner. The association may charge the unit's owner a fee, not to exceed $20, to provide such documents in

electronic format. If the association is unable to provide such documents in electronic format, the association may charge the unit's owner a reasonable fee, not to exceed 25 cents per page for the first 10 pages, and 10 cents per page thereafter, to cover the cost of copying.

(d) Except for the fees allowed pursuant to paragraphs (b) and (c), the association may not charge the unit's owner any other fees for preparing or furnishing the documents and certificate pursuant to subsection 3.

5. Neither a purchaser nor the purchaser's interest in a unit is liable for any unpaid assessment or fee greater than the amount set forth in the documents and certificate prepared by the association. If the association fails to furnish the documents and certificate within the 10 days allowed by this section, the purchaser is not liable for the delinquent assessment.

6. Upon the request of a unit's owner or his or her authorized agent, or upon the request of a purchaser to whom the unit's owner has provided a resale package pursuant to this section or his or her authorized agent, the association shall make the entire study of the reserves of the association which is required by NRS 116.31152 reasonably available for the unit's owner, purchaser or authorized agent to inspect, examine, photocopy and audit. The study must be made available at the business office of the association or some other suitable location within the county where the common-interest community is situated or, if it is situated in more than one county, within one of those counties.

7. A unit's owner, the authorized agent of the unit's owner or the holder of a security interest on the unit may request a statement of demand from the association. Not later than 10 days after receipt of a written request from the unit's owner, the authorized agent of the unit's owner or the holder of a security interest on the unit for a statement of demand, the association shall furnish a statement of demand to the person who requested the statement. The association may charge a fee of not more than $150 to prepare and furnish a statement of demand pursuant to this subsection and an additional fee of not more than $100 to furnish a statement of demand within 3 days after receipt of a written request for a statement of demand. The statement of demand:

(a) Must set forth the amount of the monthly assessment for common expenses and any unpaid obligation of any kind, including, without limitation, management fees, transfer fees, fines, penalties, interest, collection costs, foreclosure fees and attorney's fees currently due from the selling unit's owner; and

(b) Remains effective for the period specified in the statement of demand, which must not be less than 15 business days after the date of delivery by the association to the unit's owner, the authorized agent of the unit's owner or the holder of a security interest on the unit, whichever is applicable.

8. If the association becomes aware of an error in a statement of demand furnished pursuant to subsection 7 during the period in which the statement of demand is effective but before the consummation of a resale for which a

resale package was furnished pursuant to subsection 1, the association must deliver a replacement statement of demand to the person who requested the statement of demand. Unless the person who requested the statement of demand receives a replacement statement of demand, the person may rely upon the accuracy of the information set forth in the statement of demand provided by the association for the resale. Payment of the amount set forth in the statement of demand constitutes full payment of the amount due from the selling unit's owner.

Sec. 2. NRS 116.41095 is hereby amended to read as follows:

116.41095 The information statement required by NRS 116.4103 and 116.4109 must be in substantially the following form:

BEFORE YOU PURCHASE PROPERTY IN A
COMMON-INTEREST COMMUNITY
DID YOU KNOW . . .

1. YOU GENERALLY HAVE 5 DAYS TO CANCEL THE PURCHASE AGREEMENT?

When you enter into a purchase agreement to buy a home or unit in a common-interest community, in most cases you should receive either a public offering statement, if you are the original purchaser of the home or unit, or a resale package, if you are not the original purchaser. The law generally provides for a 5-day period in which you have the right to cancel the purchase agreement. The 5-day period begins on different starting dates, depending on whether you receive a public offering statement or a resale package. Upon receiving a public offering statement or a resale package, you should make sure you are informed of the deadline for exercising your right to cancel. In order to exercise your right to cancel, the law generally requires that you hand deliver the notice of cancellation to the seller within the 5-day period, or mail the notice of cancellation to the seller by prepaid United States mail within the 5-day period. ***Alternatively, if you are not the original purchaser and received a resale package, you may deliver the notice of cancellation by electronic transmission to the seller within the 5-day period in order to exercise your right to cancel.*** For more information regarding your right to cancel, see Nevada Revised Statutes 116.4108, if you received a public offering statement, or Nevada Revised Statutes 116.4109, if you received a resale package.

2. YOU ARE AGREEING TO RESTRICTIONS ON HOW YOU CAN USE YOUR PROPERTY?

These restrictions are contained in a document known as the Declaration of Covenants, Conditions and Restrictions. The CC&Rs become a part of the title to your property. They bind you and every future owner of the property whether or not you have read them or had them explained to you. The CC&Rs, together with other "governing documents" (such as association bylaws and rules and regulations), are intended to

preserve the character and value of properties in the community, but may also restrict what you can do to improve or change your property and limit how you use and enjoy your property. By purchasing a property encumbered by CC&Rs, you are agreeing to limitations that could affect your lifestyle and freedom of choice. You should review the CC&Rs, and other governing documents before purchasing to make sure that these limitations and controls are acceptable to you. Certain provisions in the CC&Rs and other governing documents may be superseded by contrary provisions of chapter 116 of the Nevada Revised Statutes. The Nevada Revised Statutes are available at the Internet address **http://www.leg.state.nv.us/nrs/**.

3. YOU WILL HAVE TO PAY OWNERS' ASSESSMENTS FOR AS LONG AS YOU OWN YOUR PROPERTY?

As an owner in a common-interest community, you are responsible for paying your share of expenses relating to the common elements, such as landscaping, shared amenities and the operation of any homeowners' association. The obligation to pay these assessments binds you and every future owner of the property. Owners' fees are usually assessed by the homeowners' association and due monthly. You have to pay dues whether or not you agree with the way the association is managing the property or spending the assessments. The executive board of the association may have the power to change and increase the amount of the assessment and to levy special assessments against your property to meet extraordinary expenses. In some communities, major components of the common elements of the community such as roofs and private roads must be maintained and replaced by the association. If the association is not well managed or fails to provide adequate funding for reserves to repair, replace and restore common elements, you may be required to pay large, special assessments to accomplish these tasks.

4. IF YOU FAIL TO PAY OWNERS' ASSESSMENTS, YOU COULD LOSE YOUR HOME?

If you do not pay these assessments when due, the association usually has the power to collect them by selling your property in a nonjudicial foreclosure sale. If fees become delinquent, you may also be required to pay penalties and the association's costs and attorney's fees to become current. If you dispute the obligation or its amount, your only remedy to avoid the loss of your home may be to file a lawsuit and ask a court to intervene in the dispute.

5. YOU MAY BECOME A MEMBER OF A HOMEOWNERS' ASSOCIATION THAT HAS THE POWER TO AFFECT HOW YOU USE AND ENJOY YOUR PROPERTY?

Many common-interest communities have a homeowners' association. In a new development, the association will usually be controlled by the developer until a certain number of units have been sold. After the period of developer control, the association may be controlled by

property owners like yourself who are elected by homeowners to sit on an executive board and other boards and committees formed by the association. The association, and its executive board, are responsible for assessing homeowners for the cost of operating the association and the common or shared elements of the community and for the day to day operation and management of the community. Because homeowners sitting on the executive board and other boards and committees of the association may not have the experience or professional background required to understand and carry out the responsibilities of the association properly, the association may hire professional community managers to carry out these responsibilities.

Homeowners' associations operate on democratic principles. Some decisions require all homeowners to vote, some decisions are made by the executive board or other boards or committees established by the association or governing documents. Although the actions of the association and its executive board are governed by state laws, the CC&Rs and other documents that govern the common-interest community, decisions made by these persons will affect your use and enjoyment of your property, your lifestyle and freedom of choice, and your cost of living in the community. You may not agree with decisions made by the association or its governing bodies even though the decisions are ones which the association is authorized to make. Decisions may be made by a few persons on the executive board or governing bodies that do not necessarily reflect the view of the majority of homeowners in the community. If you do not agree with decisions made by the association, its executive board or other governing bodies, your remedy is typically to attempt to use the democratic processes of the association to seek the election of members of the executive board or other governing bodies that are more responsive to your needs. If you have a dispute with the association, its executive board or other governing bodies, you may be able to resolve the dispute through the complaint, investigation and intervention process administered by the Office of the Ombudsman for Owners in Common-Interest Communities and Condominium Hotels, the Nevada Real Estate Division and the Commission for Common-Interest Communities and Condominium Hotels. However, to resolve some disputes, you may have to mediate or arbitrate the dispute and, if mediation or arbitration is unsuccessful, you may have to file a lawsuit and ask a court to resolve the dispute. In addition to your personal cost in mediation or arbitration, or to prosecute a lawsuit, you may be responsible for paying your share of the association's cost in defending against your claim.

6. YOU ARE REQUIRED TO PROVIDE PROSPECTIVE PURCHASERS OF YOUR PROPERTY WITH INFORMATION ABOUT LIVING IN YOUR COMMON-INTEREST COMMUNITY?

The law requires you to provide a prospective purchaser of your property with a copy of the community's governing documents, including the CC&Rs, association bylaws, and rules and regulations, as well as a copy of this document. You are also required to provide a copy of the association's current year-to-date financial statement, including, without limitation, the most recent audited or reviewed financial statement, a copy of the association's operating budget and information regarding the amount of the monthly assessment for common expenses, including the amount set aside as reserves for the repair, replacement and restoration of common elements. You are also required to inform prospective purchasers of any outstanding judgments or lawsuits pending against the association of which you are aware. Senate Bill No. 15.
Bill read third time.
Remarks by Assemblyman Wheeler.

ASSEMBLYMAN WHEELER:
Senate Bill 15 clarifies the difference between duplicate license plates and replacement license plates by defining "replacement number plate" to mean a license plate that previously was issued but has been expired for a continuous period of more than 18 months. The bill also provides that certain plates which are substantially in the same color and form as plates commonly referred to as old-style blue license plates, which were manufactured between January 1, 1982, and June 30, 2015, are not subject to the requirement that the Department of Motor Vehicles reissue the plates every eight years.
The measure further provides that the 125th and 150th commemorative license plates also are exempt from that reissuance requirement. Finally, the bill revises the citation for a "hunter's permit" to conform to the newly amended version of the International Registration Plan.

Senate Bill 19 establishes certain requirements for students who wish to enroll in dual credit courses. This bill requires each school district and charter school to enter into a cooperative agreement with at least one community college, state college, or university to offer dual credit courses to students. A student who successfully completes a workforce development program from an authorized post-secondary institution must be allowed to apply the credit received toward a related credential, certificate, or degree.

The bill requires a school district board of trustees to prepare a written notice identifying dual credit courses available to students enrolled within the district, including charter schools. It also requires each academic plan for a student enrolled in a dual credit course to address how the course will enable the student to achieve post-graduation goals.

Finally, Senate Bill 19 prohibits the State Board of Education from unreasonably limiting the number of dual credit courses in which a student may enroll.

Senate Bill No. 202.

Remarks by Assemblymen Daly and Hansen.

ASSEMBLYMAN DALY:

Senate Bill 202 amends the Charter of the City of Sparks to require ward-only voting in a general election for each member of the Council; it requires that regardless of the number of candidates for an office at the primary election. If one candidate receives a majority of the votes at the primary election, he or she must be declared elected to the office, and no general election for the office need be held.

It requires that newly elected municipal judges be licensed members of the State Bar of Nevada. This measure is effective on October 1, 2017.

ASSEMBLYMAN HANSEN:

I rise in opposition to Senate Bill 202. I was born and raised in Sparks and represent a section of it still. I am very concerned about two sections of the bill. First, municipal court judges only deal with misdemeanors and things under that. There is no reason they have to be the highly trained lawyers that we need. I do not think the citizens of Sparks are improperly served by allowing people who are not necessarily judges to run for that office.

The other thing that really disturbs me is section 3 of the bill which says that if a candidate receives a majority in the primary election, they are automatically the winner of the election cycle. The problem with that is primaries are done in tandem with the other primaries where there are, in fact, partisan races. What happens is that people in Nevada, one-third of which are nonpartisan registered—we are down to 33 percent Republican and 39 percent Democrat. The rest of them will essentially be eliminated from selecting their own people. We had a bill last session, which I am sad to say I voted for, that I am trying to correct. We are slowly but surely eliminating the ability of people who are nonpartisan or a member of a small third party to be able to make certain selections. I think we have to be very careful. I think both parties are very anxious to try to court the vote of people who are not registered with either of the two major parties, and this bill actually disenfranchises them to a certain extent. I strongly urge my colleagues, especially those who believe so strongly that everybody in this state should have the right to vote, to say no to this bill.

ASSEMBLYMAN DALY:

I would like to clarify for the record that the election for city council members are nonpartisan. Every voter in the City of Sparks is allowed to vote for those nonpartisan races in the primary, and you have to get over 50 percent in that race in order to be declared the winner. No one is disenfranchised; everyone has the right to vote in every party, because it is a nonpartisan race.

THE ONE HUNDRED AND FIRST DAY

CARSON CITY (Wednesday), May 17, 2017

Assembly called to order at 12:26 p.m.

Mr. Speaker presiding.

Roll called.

All present.

Prayer by the Chaplain, Reverend Chad Adamik.

Creator God, we give sincere thanks for this opportunity to meet in this Assembly Chamber to conduct the business of our state. May we listen to one another intently, with the purpose of bettering ourselves and our community.

May we humbly accept the responsibilities assigned to us. May we carry out each of these responsibilities to the best of our capabilities.

This Chamber is composed of many old and fast friends, acquaintances of a very brief time, those who strive together and some who have never met. Permit no one to leave here a stranger or less of a person than when arriving.

Since each of us is a part of all we have ever witnessed, let what we have observed be to Your good and available to all.

There are those among us who have come many miles to either witness or to be a part of today's proceedings. Grant that they may return safely to their homes and their families.

All of these things, and whaterver else you see that we need, be granted to us. In Your many Holy Names we pray.

AMEN.

Pledge of allegiance to the Flag led by Messiah Smith.

Speaker of the Assembly

By the Committee on Legislative Operations and Elections:

Assembly Joint Resolution No. 14—Proposing to amend the Nevada Constitution to ensure access to affordable emergency medical care to all persons in this State.

WHEREAS, The charges for health care services rendered as a result of an emergency are often exorbitant; and

WHEREAS, Persons in the State of Nevada, some of whom are not indigent but do not have health insurance or are underinsured are often made to pay highly inflated prices for emergency medical care; and

WHEREAS, Such exorbitant pricing discourages persons from seeking necessary care and can be devastating financially to those who do seek such care; and

WHEREAS, It is of the utmost importance that all persons in this State have access to affordable health care services when needed as a result of an emergency; and

WHEREAS, It is unconscionable for hospitals and independent facilities for emergency medical care to charge inflated rates for health care services provided as a result of an emergency to middle and lower income persons to subsidize the lower rates paid by public and private insurers; now, therefore, be it

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That a new section, designated Section 17, be added to Article 15 of the Nevada Constitution to read as follows:

Sec. 17. 1. No hospital or independent facility for emergency medical care shall deny treatment or services to a person who arrives at the hospital or facility seeking medically necessary emergency services, regardless of whether the person has health insurance and regardless of the ability of the person to pay for such services.

2. All persons in this State have a right to receive emergency medical care and services at a reasonable cost, and no hospital or independent facility for emergency medical care shall charge for any treatment, service or medication or other product provided to a person who arrives at a hospital or facility seeking medically necessary emergency services, whether or not the person has insurance, an amount which is greater than 150 percent of the lowest rate which the hospital or facility has agreed to accept from a federal public insurer for the treatment, service or medication or other product.

3. The provisions of subsections 1 and 2 are self-executing. The Legislature may provide by law for a different rate than provided in subsection 2 if the Legislature establishes, by law, a commission to ensure that hospitals and independent facilities for emergency medical care provide medically necessary emergency services at a reasonable cost. If such a commission is established, the Legislature shall provide for the appointment of the members and fix, by law, their duties consistent with the provisions of this section.

SECOND READING AND AMENDMENT

Senate Bill No. 33.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 684.

AN ACT relating to real property; prohibiting the foreclosure of real property owned by certain military personnel or their dependents in certain circumstances; prohibiting the foreclosure of a lien against a unit in a common-interest community owned by certain military personnel or their dependents in certain circumstances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The federal Servicemembers Civil Relief Act, 50 U.S.C. § 3901 et seq., generally provides for the temporary suspension of certain judicial and administrative proceedings and transactions that could adversely affect the civil rights of a servicemember during his or her military service. (50 U.S.C. § 3902) The Act provides that in any action filed during, or within 1 year after, a servicemember's period of military service to enforce an obligation on real or personal property owned by a servicemember that: (1) originated before the period of such military service and for which the servicemember is still obligated; and (2) is secured by a mortgage, trust deed or other security in the nature of a mortgage, a court is generally authorized or required, depending on the circumstances, to stay the proceedings or adjust the obligation to preserve the interests of all parties. The Act further provides that absent a court order or agreement, a sale, foreclosure or seizure of property for a breach of any such obligation is not valid if it is made during or within 1 year after the period of the servicemember's military service. Any person who knowingly makes or causes to be made a sale, foreclosure or seizure of property in violation of such a provision, or knowingly attempts to do so, is guilty of a misdemeanor. (50 U.S.C. § 3953) Additionally, the Act provides that upon application to a court, a dependent of a servicemember is entitled to the protections offered to a servicemember if the ability of the dependent to comply with certain obligations is materially affected by the servicemember's military service. (50 U.S.C. § 3959)

The provisions of the Act that grant protection from a sale, foreclosure or seizure of property for a period of 1 year after a servicemember's military service currently remain effective until December 31, 2017, and on January 1, 2018, the period of protection will decrease to 90 days. (Section 710(d) of the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012, Public Law 112-154, 126 Stat. 1208; section 2 of the Foreclosure Relief and Extension for Servicemembers Act of 2015, Public Law 114-142, 130 Stat. 326)

Section 1 of this bill grants under Nevada law the period of protection currently provided under federal law. **Section 1** provides that if a mortgagor or grantor of a deed of trust under a residential mortgage loan is a servicemember or, in certain circumstances, a dependent of a servicemember, a person is generally prohibited from initiating or directing or authorizing another person to initiate a foreclosure sale during any period the servicemember is on active duty or deployment or for a period of 1 year immediately following the end of such active duty or deployment. **Section 1** also provides that in any civil action for a foreclosure sale that is filed against a servicemember or, if applicable, a dependent of a servicemember while the servicemember is on active duty or deployment or during the 1-year period immediately following the end of such active duty or deployment, the court is authorized or required, depending on the circumstances, to stay the proceedings in the action for a certain period or adjust the obligation to preserve the interests of the parties unless the court determines that the ability of the servicemember or dependent to comply with the terms of the obligation secured by the residential mortgage loan is not materially affected by the servicemember's active duty or deployment. **Section 1** additionally provides that any such protection against foreclosure only applies to a residential mortgage loan that was secured before the servicemember was called to active duty or deployment. **Section 1** further provides that any person who knowingly initiates or directs or authorizes another person to initiate a foreclosure sale in violation of the provisions of **section 1**, other than a trustee who initiates a foreclosure sale pursuant to the direction or authorization of another person, is guilty of a misdemeanor and may be liable for actual damages, reasonable attorney's fees and costs incurred by the injured party. In imposing any such liability and determining whether to reduce such liability, a court is required to take into consideration any due diligence used by the person before he or she initiated or directed or authorized another person to initiate the foreclosure sale. Finally, **section 1** provides that any applicable statute of limitations or period within which a servicemember is required to submit proof of service that is prescribed by state law is tolled during the period of protection provided pursuant to **section 1**.

Section 5.3 of this bill applies the applicable provisions set forth in **section 1** to the foreclosure of a lien of a unit-owners' association against a unit in a common-interest community and provides that if a unit's owner or

his or her successor in interest is a servicemember or, in certain circumstances, a dependent of a servicemember, an association is generally prohibited from initiating the foreclosure of a lien by sale during any period the servicemember is on active duty or deployment or for a period of 1 year immediately following the end of such active duty or deployment. **Section 5.3** also requires a unit-owners' association to: (1) inform each unit's owner or his or her successor in interest that if the person is a servicemember or a dependent of a servicemember, he or she may be entitled to certain protections pursuant to **section 5.3**; and (2) give the person the opportunity to provide any information required to enable the association to verify whether the person is entitled to the protections set forth in **section 5.3**, including, without limitation, the social security number and date of birth of the person. **Section 5.3** also requires that before an association takes certain action relating to the foreclosure of a lien by sale, the association must, if such information is provided, verify whether a unit's owner or his or her successor in interest is entitled to the protections set forth in **section 5.3** or, if such information is not provided, make a good faith effort to verify whether a unit's owner or his or her successor in interest is entitled to such protections.

(2) A proposed repayment plan; and

(3) A notice of the right to contest the past due obligation at a hearing before the executive board and the procedures for requesting such a hearing; and

(b) Within 30 days after the date on which the information described in paragraph (a) is mailed, the past due obligation has not been paid in full or the unit's owner or his or her successor in interest has not entered into a repayment plan or requested a hearing before the executive board. If the unit's owner or his or her successor in interest requests a hearing or enters into a repayment plan within 30 days after the date on which the information described in paragraph (a) is mailed and is unsuccessful at the hearing or fails to make a payment under the repayment plan within 10 days after the due date, the association may take any lawful action pursuant to subsection 1 to enforce its lien.

5. The association may not foreclose a lien by sale if the association has not mailed a copy of the notice of default and election to sell and a copy of the notice of sale to each holder of a security interest on the unit in the manner and subject to the requirements set forth in subsection 2 of NRS 116.31163 and paragraph (d) of subsection 1 of NRS 116.311635.

Senate Bill No. 50.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 717.

AN ACT relating to health care; establishing a procedure for a person to execute an advance directive for psychiatric care to direct a physician or other provider of health care in the event that the person is incapable of making or communicating decisions regarding psychiatric care; requiring a physician or provider of health care to make a reasonable inquiry to determine whether a person has executed such an advance directive under certain circumstances; requiring a physician or provider of health care to comply with such an advance directive under certain circumstances; providing immunity from civil or criminal liability, or discipline for unprofessional conduct, to a physician or provider of health care under certain circumstances relating to compliance with such an advance directive; authorizing a person to register an advance directive for psychiatric care with the Secretary of State for deposit in the Registry of Advance Directives for Health Care; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a person may provide an advance directive concerning his or her health care in the form of a durable power of attorney for health care decisions, a declaration governing the withholding or withdrawal of life-sustaining treatment, a Physician Order for Life-Sustaining Treatment form or a do-not-resuscitate order. (NRS 162A.700-162A.865, 449.535-449.690, 449.694, 449.800-449.860, 450B.420) Existing law also provides for a Registry of Advance Directives for Health Care, in which certain health records of a patient may be deposited to facilitate treatment of that patient by any health care provider. (NRS 449.900-449.965)

Section 8 of this bill authorizes a person who is of sound mind and who is 18 or more years of age or an emancipated minor to execute an advance directive for psychiatric care to direct any provider of health care on how he or she wishes psychiatric care to be provided in the event that he or she is incapable of making decisions concerning such care or communicating such decisions. **Section 8** also authorizes a person to designate another person to make decisions for him or her in the event that he or she is incapable of making such decisions. **Section 9** of this bill sets forth a sample form that may be used by a person wishing to execute an advance directive for psychiatric care. **Sections 10 and 11** of this bill establish the circumstances under which an advance directive for psychiatric care becomes operative.

Section 13 of this bill provides that a person may revoke his or her advance directive for psychiatric care at any time, as long as he or she is capable of making such a decision at the time. **Sections 12 and 13** of this bill require a physician or other provider of health care to enter an advance directive for psychiatric care or a revocation of such an advance directive into the medical record of the person executing the advance directive or revocation. **Section 17** of this bill provides that an advance directive for psychiatric care validly executed pursuant to the laws of another state is valid in this State.

Section 14 of this bill sets forth the following circumstances under which a physician or other provider of health care may not comply with an advance directive for psychiatric care: (1) compliance with the advance directive is not consistent with generally accepted standards of care; (2) compliance is not consistent with the availability of treatments requested in the advance directive; (3) compliance would violate applicable laws; (4) the person executing the advance directive is involuntarily admitted to a mental health facility and a course of treatment is required by law; or (5) compliance would endanger the life of the person executing the advance directive or any other person. **Section 15** of this bill requires a physician or other provider of health care to promptly transfer the care of a person executing an advance directive if the provider is unable to comply with his or her advance directive.

Section 16 of this bill: (1) requires a physician or other provider of health care to make a reasonable inquiry as to whether a person determined to be incapable of making decisions relating to his or her psychiatric care has executed an advance directive for psychiatric care; and (2) shields a physician or other provider of health care from civil or criminal liability, or discipline for unprofessional conduct, under certain circumstances for actions taken or not taken relating to a person's psychiatric care.

Section 18 of this bill adds an advance directive for psychiatric care to the definition of "advance directive" for purposes of registering such an advance directive with the Secretary of State for deposit in the Registry of Advance Directives for Health Care.

NOTICE TO PHYSICIAN OR OTHER PROVIDER OF HEALTH CARE

Under Nevada law, a person may use this advance directive to provide consent or refuse to consent to future psychiatric care if the person later becomes incapable of making or communicating those decisions. By executing a durable power of attorney for health care as set forth in NRS 162A.700 to 162A.865, inclusive, the person may also appoint an agent to make decisions regarding psychiatric care for the person when incapable. A person is "incapable" for the purposes of this advance directive when in the opinion of two providers of health

care, one of whom must be a physician or licensed psychologist and the other of whom must be a physician, a physician assistant, a licensed psychologist, a psychiatrist or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120, the person currently lacks sufficient understanding or capacity to make or communicate decisions regarding psychiatric care. If a person is determined to be incapable, the person may be found capable when, in the opinion of the person's attending physician or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120 and has an established relationship with the person, the person has regained sufficient understanding or capacity to make or communicate decisions regarding psychiatric care. This document becomes effective upon its proper execution and remains valid for a period of 2 years after the date of its execution unless revoked. Upon being presented with this advance directive, the physician or other provider of health care must make it a part of the person's medical record. The physician or other provider must act in accordance with the statements expressed in the advance directive when the person is determined to be incapable, except as otherwise provided in section 14 of this act. The physician or other provider shall promptly notify the principal and, if applicable, the agent of the principal, and document in the principal's medical record any act or omission that is not in compliance with any part of an advance directive. A physician or other provider may rely upon the authority of a signed, witnessed, dated and notarized advance directive.

Sec. 10. *An advance directive for psychiatric care becomes operative when it is communicated to a physician or any other provider of health care and the principal is determined by two providers of health care, one of whom must be the attending physician or a licensed psychologist and the other of whom must be a physician, a physician assistant, a licensed psychologist, a psychiatrist or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120, to be no longer able to make or communicate decisions regarding the provision of psychiatric care. If the principal is determined to be no longer able to make or communicate decisions regarding the provision of psychiatric care and subsequently the principal's attending physician or an advance practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120 and has an established relationship with the principal determines that the principal has regained the ability to make or communicate decisions regarding the provision of psychiatric care, the advance directive is no longer operative. When the advance directive is operative, a physician and any other provider of health care shall act in accordance with the provisions of the advance directive and with the instructions of a person designated pursuant to section 8 of this act, or comply with the requirements of section 15 of this act to transfer the care of the principal.*

Sec. 11. *Sections 2 to 17, inclusive, of this act create no presumption concerning the intention of a person who has revoked or has not executed an advance directive for psychiatric care.*

Sec. 12. *Upon being presented with an advance directive for psychiatric care, an attending physician or other provider of health care shall make the advance directive a part of the principal's medical record.*

Sec. 13. *1. A principal may revoke an advance directive for psychiatric care at any time and in any manner, as long as the principal is capable of making such a decision. The principal may exercise this right of revocation in any manner by which the principal is able to communicate an intent to revoke and by notifying the attending physician or other provider of health care of the revocation.*

2. The attending physician or other provider of health care shall make the revocation part of the principal's medical record.

Sec. 14. *1. When acting under the authority of an advance directive for psychiatric care, an attending physician or other provider of health care shall comply with the advance directive unless:*

(a) Compliance, in the opinion of the attending physician or other provider, is not consistent with generally accepted standards of care for the provision of psychiatric care for the benefit of the principal;

(b) Compliance is not consistent with the availability of psychiatric care requested;

(c) Compliance is not consistent with applicable law;

(d) The principal is admitted to a mental health facility or hospital pursuant to NRS 433A.145 to 433A.330, inclusive, and a course of treatment is required pursuant to those provisions; or

(e) Compliance, in the opinion of the attending physician or other provider, is not consistent with appropriate psychiatric care in case of an emergency endangering the life or health of the principal or another person.

2. In the event that one part of the advance directive is unable to be followed because of any of the circumstances set forth in subsection 1, all other parts of the advance directive must be followed.

Sec. 15. *A physician or other provider of health care who is unable to comply with sections 2 to 17, inclusive, of this act shall take all reasonable steps as promptly as practicable to transfer the psychiatric care of the principal to another physician or provider of health care.*

Sec. 16. *1. If two providers of health care, one of whom is a physician or a licensed psychologist and the other of whom is a physician, a physician assistant, a licensed psychologist, a psychiatrist or an advanced practice registered nurse who has the psychiatric training and experience prescribed by the State Board of Nursing pursuant to NRS 632.120, determine that a person is incapable of consenting or refusing to consent to psychiatric care, a physician or other provider of health care treating the person must make a reasonable inquiry as to whether the person has executed an advance directive for psychiatric care.*

2. A physician or other provider of health care <u>acting in accord with reasonable medical standards</u> is not subject to civil or criminal liability, or discipline for unprofessional conduct, for:

(a) Complying with a direction given or a decision made by a person that the physician or other provider believes, in good faith, has authority to act as an agent for a principal concerning decisions relating to psychiatric care;

(b) Refusing to comply with a direction given or a decision made by a person based on a good faith belief that the person lacks the authority to act as an agency for a principal concerning decisions relating to psychiatric care;

(c) Giving effect to an advance directive for psychiatric care that the physician or other provider assumed was valid;

(d) Disclosing information concerning psychiatric care to another person based on a good faith belief that such disclosure was either authorized or required;

(e) Refusing to comply with a direction given or a decision made by a person because of conflicts with the physician's or other provider's contractual network or payment policy restrictions;

(f) Refusing to comply with a direction given or a decision made by a person if such direction or decision violates accepted medical or clinical standards of care;

(g) Making a determination that causes an advance directive to become effective; or

(h) Failing to determine that a person lacks sufficient understanding or capacity to make or communicate decisions regarding psychiatric care, thereby preventing an advance directive from becoming effective.

3. A physician or other provider of health care whose action pursuant to sections 2 to 17, inclusive, of this act is in accord with reasonable medical standards is not subject to civil or criminal liability, or discipline for unprofessional conduct, with respect to that action.

4. Sec. 17. ***1. An advance directive for psychiatric care executed in another state in compliance with the law of that state or of this State is valid for purposes of sections 2 to 17, inclusive, of this act.***

2. An instrument executed anywhere before the effective date of this act which clearly expresses the intent of the person executing the instrument to direct the provision of psychiatric care for the person when the person is otherwise rendered incapable of communicating with his or her attending physician, if executed in a manner which attests voluntary execution and has not been subsequently revoked, is effective under sections 2 to 17, inclusive, of this act.

3. As used in this section, "state" includes the District of Columbia, the Commonwealth of Puerto Rico and a territory or insular possession subject to the jurisdiction of the United States.

Senate Bill No. 31.

Bill read third time.

Remarks by Assemblyman Ellison.

ASSEMBLYMAN ELLISON:

Senate Bill 31 requires certain intrastate commercial motor vehicles that are required to register with the Department of Motor Vehicles [DMV] to do so through the Motor Carrier Division and to obtain a United States Department of Transportation [USDOT] number. This requirement applies to intrastate commercial motor vehicles, other than farm vehicles, over 26,000 pounds or commercial motor vehicles transporting hazardous materials, regardless of weight. If the motor carrier responsible for any vehicles that are required to obtain a USDOT number are subject to certain out-of-service orders issued by a federal or state entity, the DMV may refuse to register vehicles of the carrier, revoke the registration of vehicles of the motor carrier, or refuse to renew the registration of vehicles of the motor carrier.

A peace officer may seize the license plates of an intrastate vehicle if the motor carrier is subject to certain out-of-service orders, send the plates to the DMV, and notify the motor carrier. If the motor carrier is not the registered owner of the vehicle, a peace officer may impound the vehicle and notify the owner of the impoundment.

Finally, S.B. 31 adds an authorization for DMV to register a commercial motor vehicle up to 83,000 pounds if operation of the truck is authorized by federal law.

This measure is effective upon passage and approval for the purposes of adopting regulations and performing other preparatory tasks. For all other purposes, S.B. 31 is effective on July 1, 2020.

ASSEMBLYMAN HANSEN:

Senate Bill 491 authorizes counties whose population is less than 100,000—currently all counties other than Clark and Washoe Counties—to lease mechanical voting systems and mechanical recording devices from the Secretary of State without the option to purchase such systems and devices. Under the bill, the county would agree to maintain and insure the machines for the duration of the lease agreement, but the state would retain ownership. Like existing provisions authorizing a lease-purchase option for voting systems, this option would require a two-year agreement between the county and the Secretary of State, with an

exclusive option for the county to extend the term of the agreement for like periods of two years at a time. The measure provides that the aggregate of rental payments under the two-year agreement must not exceed 10 percent of the purchase price of the systems and devices described in the agreement. Only those mechanical voting systems and mechanical recording devices approved by the Secretary of State may be purchased, leased, or used in Nevada.

All present.
Prayer by the Chaplain, Reverend Chad Adamik.
The following is a prayer attributed to Saint Francis of Assisi:

> Lord, make me an instrument of Your peace: where there is hatred, let me sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy.
>
> O divine Master, grant that I may not so much seek to be consoled as to console, to be understood as to understand, to be loved as to love. For it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life. Amen.

SECOND READING AND AMENDMENT

Assembly Bill No. 183.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 685.

AN ACT relating to hospitals; ~~[restricting the enforcement by a hospital of certain statutory liens;]~~ limiting the amount that a hospital may collect or attempt to collect from a patient or other responsible party under certain circumstances; **establishing provisions relating to statutory liens on a judgment or settlement; requiring a hospital to provide notice of intent to file such a lien in certain circumstances; providing for an award of damages for improperly asserting or perfecting such a lien;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[A hospital has statutory liens for any amount due to the hospital for the reasonable value of the care rendered to a patient. The liens apply to any award of damages or settlement obtained by the patient or the patient's personal representative from a person responsible for the injury causing the hospitalization or, in the case of a county or district hospital, any real property of the patient or other responsible party. (NRS 108.590, 108.662) If a hospital provides care to a person who is covered by a policy of health insurance or may be eligible for coverage under Medicaid, the Children's Health Insurance Program or any other public program which may pay all or part of the hospital bill, existing law generally requires the hospital to submit its bill to the insurer or public program and await a determination concerning payment of the bill before proceeding with any efforts to collect the bill from the patient or other responsible party. (NRS 449.757) Section 1 of this bill provides that the hospital is likewise barred during this period from asserting, perfecting, foreclosing or otherwise enforcing its statutory liens.]~~

Existing law ~~[additionally]~~ limits the collection rights of a hospital if a patient is covered by a policy of health insurance issued by a third party and the hospital has a contract with that party. The hospital may not collect or attempt to collect its charges from an insurer other than a health insurer, including an insurer that provides coverage under a policy of casualty or property insurance. These limitations currently do not apply to Medicaid, the

Children's Health Insurance Program or any other public program which may pay all or part of the hospital bill. (NRS 449.758) **Section 2** of this bill limits the amount that the hospital may collect or attempt to collect from the patient or other responsible party to the lesser of: (1) the amounts payable by or on behalf of the patient under the policy; or (2) the amount provided in the contract between the hospital and the third party. **Section 2** also deletes the specific ~~[references]~~ **reference** to ~~[casualty and]~~ property insurance and removes the exemption for Medicaid, the Children's Health Insurance Program and other public programs.

~~[Finally, where the amount that the hospital may collect or attempt to collect from the patient or other responsible party is limited as described above, sections]~~ **Section 2 additionally requires a hospital that collects or receives any payments from an insurer that provides medical payment coverage under a policy of casualty insurance to return to the patient or the person identified in the hospital bill as the responsible party any amount collected or received that is in excess of the deductible, copayment or coinsurance payable by or on behalf of the patient under the policy of health insurance not later than 30 days after a determination is made concerning coverage.**

Existing law provides that a hospital has statutory liens for any amount due to the hospital for the reasonable value of the care rendered to an injured person. The liens apply to any award of damages or settlement obtained by the injured person or the personal representative of the injured person from a person responsible for the injury causing the hospitalization or, in the case of a county or district hospital, any real property of the injured person or other responsible party. (NRS 108.590, 108.662) Under section 2.5 of this bill, if a hospital provides care to an injured person who has a policy of health insurance issued by a third party and the hospital has a contract with that party and wishes to be able to perfect a statutory lien on a judgment or settlement, the hospital is required to send a notice of intent to file a lien to certain persons after the hospital submits a claim to the third party but not later than 90 days after the termination of the hospitalization of the injured person. After the claim is accepted by the third party or, if the claim is denied, all available appeals have been exhausted, the hospital is required to mail written notice to the injured person or the personal representative of the injured person, specifying the amount due. Section 2.5 authorizes a hospital to perfect the statutory lien for any amount due if, within 30 days after such written notice is mailed, the amount due is not paid or an agreement for a payment plan is not entered into. Section 2.5 additionally provides that if a hospital provides notice of intent to file a lien, the hospital must be provided notice of any judgment, settlement or compromise.

Section 2.7 of this bill provides that a statutory lien on a judgment or settlement is the exclusive method of collection against an injured person

and any amount received pursuant to the lien constitutes complete satisfaction of any debt owed by the injured person to the hospital for the care provided.

Section 2.9 of this bill provides that if a hospital improperly asserts or perfects a statutory lien on a judgment or settlement, the injured person is entitled to damages equal to twice the amount of the lien.

Under section 3.7 of this bill, if a hospital perfects a lien and subsequently receives information that the injured person has a policy of health insurance issued by a third party and the hospital has a contract with that party, the hospital is required to file a claim with the third party and wait for the claim to be adjudicated and all available appeals to be exhausted before the hospital is able to collect any amount under the lien.

Sections 3 and 4 of this bill limit the amount of ~~[the]~~ **a** hospital's statutory liens ~~[accordingly.]~~ **in certain circumstances.**

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 738.

AN ACT relating to procurement; establishing provisions relating to preferences in bidding for certain contracts with Nevada-based businesses for state purchasing; revising provisions relating to ~~[preferences in bidding]~~ **the disclosure of the weight assigned to certain factors used to evaluate proposals** for **certain state purchasing** contracts **; ~~[for certain public works projects;]~~** providing **~~[penalties;]~~ a penalty;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law grants a preference of 5 percent for a bid or proposal for a state purchasing contract which is submitted by a local business owned and operated by a veteran with a service-connected disability. (NRS 333.3361-333.3369) **Sections 2-8** of this bill create a preference of 5 percent for a bid or proposal for a state purchasing contract which is submitted by a Nevada-based business. To qualify for this preference, **section 3** requires such a business to certify that: (1) ~~[at least 50 percent of all workers employed for the state purchasing contract will hold a valid Nevada driver's license or identification card;]~~ **its principal place of business is in this State; or** (2) ~~[all vehicles used primarily for the]~~ **a majority of the goods provided for in a** state purchasing contract ~~[will be either registered]~~ **are produced** in this State **.** ~~[or partially apportioned to this State; and (3) certain records will be maintained and made available for inspection within this State.]~~ **Section 5** establishes that a bid or proposal which qualifies for the preference will be deemed to be 5 percent lower than the bid or proposal actually submitted. **Section 5 also prohibits granting the preference for the award of any contract which uses federal money, unless such a preference is authorized by federal law. Section 6** imposes certain penalties and restrictions upon a business that makes a material misrepresentation or commits a fraudulent act in applying for a preference or fails to comply with the requirements for a preference. **Sections 9 and 10 of this bill make conforming changes.**

Existing law requires each proposal submitted for certain state purchasing contracts to be evaluated based on certain factors to determine whether the proposal is in the best interest of the State. Each factor is assigned a relative weight which must not be disclosed before the proposals are submitted. (NRS 333.335) Section 9.5 of this bill removes the requirement that the weight of each factor must not be disclosed before the proposals are submitted.

~~[Existing law requires that a contractor, applicant to serve as a construction manager at risk or design-build team that wishes to receive a preference in bidding for a contract for a public work submit an affidavit to the public body sponsoring or financing the public work certifying that: (1) at least 50 percent of all workers employed on the public work will hold a valid Nevada driver's license or identification card; (2) all vehicles used primarily for the public work will be either registered in this State or partially apportioned to this~~

~~State; (3) at least 50 percent of all design professionals working on the public work will hold a valid Nevada driver's license or identification card; and (4) certain records will be maintained and made available for inspection within this State. (NRS 338.0117) Sections 12-16 of this bill revise the bidding preference that a contractor, applicant to serve as a construction manager at risk or design-build team who meets these requirements receives for certain public works contracts from 5 percent to 10 percent.~~

~~Existing law prohibits a contractor from being qualified to bid on certain state and local public works if the contractor has, within the preceding year, materially breached a contract for a public work that cost more than $25,000,000 and prohibits a contractor who has materially breached a contract for a public work which exceeds $5,000,000 from receiving a preference in bidding for public works for 5 years. (NRS 338.1379, 338.1382, 338.1389, 338.1415, 338.147, 408.333) Existing law also imposes a penalty of 1 percent of the cost of the contract upon a contractor, applicant or design-build team who is awarded a contract as a result of a bidding preference and subsequently fails to comply with the requirements to receive that preference. (NRS 338.0117) Section 11 of this bill makes a willful failure to comply with the requirements to receive a bidding preference a misdemeanor and creates a separate violation for each worker, vehicle or design professional by which the contractor, applicant or design-build team falls below the requirements. Section 7 creates a similar misdemeanor for a business that receives a preference on a state purchasing contract as a Nevada-based business and willfully fails to comply with the requirements for such a preference.]~~

~~(b) Evaluating and assigning a score to each of the proposals received by the public body based on the factors and relative weight assigned to each factor that the public body specified in the request for proposals.~~

~~3. When ranking the proposals, the panel appointed pursuant to subsection 1 shall assign a relative weight of 5~~ ***10*** ~~percent to the applicant's possession of a certificate of eligibility to receive a preference in bidding on public works if the applicant submits a signed affidavit that meets the requirements of subsection 1 of NRS 338.0117. ~~4. After the panel appointed pursuant to subsection 1 ranks the proposals, the public body or its authorized representative shall, except as otherwise provided in subsection 8, select at least the two but not more than the five applicants whose proposals received the highest scores for interviews.~~

~~5. The public body or its authorized representative may appoint a separate panel to interview and rank the applicants selected pursuant to subsection 4. If a separate panel is appointed pursuant to this subsection, the panel must consist of at least three but not more than seven members, a majority of whom must have experience in the construction industry.~~

~~6. During the interview process, the panel conducting the interview may require the applicants to submit a preliminary proposed amount of compensation for managing the preconstruction and construction of the~~

All presentations made at any interview conducted pursuant to this subsection or subsection 5 may be made only by key personnel employed by the applicant, as determined by the applicant, and the employees of the applicant who will be directly responsible for managing the preconstruction and construction of the public work.~~

~~7. After conducting such interviews, the panel that conducted the interviews shall rank the applicants by using a ranking process that is separate from the process used to rank the applicants pursuant to subsection 2 and is based only on information submitted during the interview process. The score to be given for the proposed amount of compensation, if any, must be calculated by dividing the lowest of all the proposed amounts of compensation by the applicant's proposed amount of compensation multiplied by the total possible points available to each applicant. When ranking the applicants, the panel that conducted the interviews shall assign a relative weight of 5 percent to the applicant's possession of a certificate of eligibility to receive a preference in bidding on public works if the applicant submits a signed affidavit that meets the requirements of subsection 1 of NRS 338.0117. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that work.~~

If the public body or its authorized representative is unable to negotiate a contract with the most qualified applicant for an amount of compensation that the public body or its authorized representative and the most qualified applicant determine to be fair and reasonable, the public body or its authorized representative shall terminate negotiations with that applicant. ~~2. If one or more of the finalists selected pursuant to NRS 338.1725 is disqualified or withdraws, the public body may select a design-build team from the remaining finalist or finalists.~~

~~3. Except as otherwise provided in this subsection, in assigning the relative weight to each factor for selecting a design-build team pursuant to subsection 1, the public body shall assign, without limitation, a relative weight of 5~~ ***10*** ~~percent to the possession of both a certificate of eligibility to receive a preference in bidding on public works by all contractors on the design-build team if the contractors submit signed affidavits that meet the requirements of subsection 1 of NRS 338.0117, and a certificate of eligibility to receive a preference when competing for public works by all design professionals on the design-build team, and a relative weight of at least 30 percent to the proposed cost of design and construction of the public work. If any federal statute or regulation precludes the granting of federal assistance or reduces the amount of that assistance for a particular public work because of the provisions of this subsection relating to a preference in bidding on public works, or a preference when competing for public works, those provisions of this subsection do not apply insofar as their application would preclude or reduce federal assistance for that public work.~~

~~4. A final proposal submitted by a design-build team pursuant to this section must be prepared thoroughly and be responsive to the criteria that the public body will use to select a design-build team to design and construct the public work described in subsection 1. If the public body or its authorized representative is unable to negotiate with the most qualified applicant a contract that is determined by the parties to be fair and reasonable, the public body may terminate negotiations with that applicant. The public body or its authorized representative may then undertake negotiations with the next most qualified applicant in sequence until an agreement is reached and, if the negotiation is undertaken by an authorized representative of the public body, approved by the public body or until a determination is made by the public body to reject all applicants.~~

~~7. If a public body selects a final proposal and awards a design-build contract pursuant to subsection 6, the public body shall:~~

~~(a) Partially reimburse the unsuccessful finalists if partial reimbursement was provided for in the request for preliminary proposals pursuant to paragraph (j) of subsection 2 of NRS 338.1723. ~~(b) Make available to the public the results of the evaluation of final proposals that was conducted and the ranking of the design-build teams who submitted final proposals. The public body shall not release to a third party, or otherwise make public, financial or proprietary information submitted by a design-build team.~~

~~(e) May require the design-build team to defend, indemnify and hold harmless the public body, and the employees, officers and agents of the public body from any liabilities, damages, losses, claims, actions or proceedings, including, without limitation, reasonable attorneys' fees, that are caused by the negligence, errors, omissions, recklessness or intentional misconduct of the design-build team or the employees or agents of the design-build team in the performance of the contract.~~

~~(f) Must require that the design-build team to whom a contract is awarded assume overall responsibility for ensuring that the design and construction of the public work is completed in a satisfactory manner.~~

Amendment No. 666.

SUMMARY—Restricts the authority to ~~[administer]~~ **inject** neuromodulators derived from *Clostridium botulinum* and dermal and soft tissue fillers to certain medical professionals. (BDR 40-677)

AN ACT relating to professions; prohibiting the injection of neuromodulators derived from *Clostridium botulinum*, neuromodulators that are biosimilar to or the bioequivalent of such neuromodulators and dermal and soft tissue fillers by certain persons and under certain conditions; authorizing the imposition of professional discipline against persons who violate such a prohibition; requiring certain persons to receive training before injecting neuromodulators derived from *Clostridium botulinum*, neuromodulators that are biosimilar to or the bioequivalent of such neuromodulators or dermal or soft tissue fillers; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a medical assistant who is directed and supervised by a physician or physician assistant or a licensed dental hygienist who is directed and supervised by a dentist to possess and administer dangerous drugs under certain circumstances. (NRS 454.213) Existing law further requires the Board of Medical Examiners to adopt regulations governing the administration of botulinum toxin, commonly known as Botox, by a medical assistant or any person under the jurisdiction of the Board. (NRS ~~[630.047,]~~ 630.138)

This bill: (1) replaces the term "botulinum toxin" with references to neuromodulators derived from *Clostridium botulinum* or **neuromodulators** that are biosimilar to or the bioequivalent of such neuromodulators; and (2) revises provisions governing the injection of such neuromodulators and dermal or soft tissue fillers. **Section 2** of this bill removes the requirement for the Board of Medical Examiners to adopt regulations governing the administration of botulinum toxin by a medical assistant. Instead, **sections 1 and 1.8** of this bill prohibit: (1) any person other than a physician, physician assistant, dentist, registered nurse, advanced practice registered nurse or podiatric physician ~~[who has received training prescribed by his or her licensing board from injecting]~~ **from injecting** a neuromodulator derived from *Clostridium botulinum*, a neuromodulator that is biosimilar to or the bioequivalent of such a neuromodulator or dermal or soft tissue fillers; (2) such persons from delegating such injection to an unauthorized person; and (3) any person from injecting a neuromodulator derived from *Clostridium botulinum*, a neuromodulator that is biosimilar to or the bioequivalent of such a neuromodulator or dermal or soft tissue fillers outside his or her scope of practice or in a location other than a medical facility or the office of an authorized medical professional. **Sections 1.3, 4 and 6.6** of this bill make conforming changes to clarify that unauthorized medical professionals are prohibited from injecting such neuromodulators and dermal or soft tissue fillers. **Sections ~~[1.9,]~~ 3.3 ~~[, 6.4, 6.9]~~ and 7.2** of this bill require the ~~[Board of Medical Examiners,]~~ Board of Dental Examiners of Nevada ~~[, State Board of Nursing, State Board of Osteopathic Medicine]~~ and **the** State Board of Podiatry, respectively, to prescribe training for ~~[physicians and physician assistants,]~~ dentists ~~[, registered nurses, advanced practice registered nurses, osteopathic physicians and physician assistants]~~ and podiatric physicians, as applicable, ~~[who wish]~~ **which must be completed before a dentist or podiatric physician is authorized** to inject such neuromodulators or dermal or soft tissue fillers.

Existing law generally provides that a violation of the provisions of law governing dangerous drugs is a misdemeanor and grounds for the suspension or revocation of certain professional licenses. (NRS 454.356, 454.361) Existing law further provides that a person who violates a provision of law governing dangerous drugs by using a minor as an agent or who illegally provides a dangerous drug to a minor is guilty of a category B felony. (NRS 454.306) **Sections 1.4-1.6** of this bill make these provisions applicable to the unauthorized injection of or delegation of the injection of a neuromodulator derived from *Clostridium botulinum* or a neuromodulator that is biosimilar to or the bioequivalent of such a neuromodulator. **Section 1.8** of this bill similarly makes the unauthorized injection of or delegation of the injection of dermal or soft tissue fillers a misdemeanor. **Sections 3, 6, 6.8, 7, 7.5 and 7.8** of this bill authorize the Board of Medical Examiners, Board of Dental Examiners of Nevada, State Board of Nursing, State Board of Osteopathic Medicine, State Board of Podiatry and State Board of Cosmetology to

impose disciplinary action against licensees who violate prohibitions on the unauthorized injection of or delegation of the injection of a neuromodulator derived from *Clostridium botulinum* or a neuromodulator that is biosimilar to or the bioequivalent of such a neuromodulator or dermal or soft tissue fillers.

Section 1.2 of this bill updates the definition of the term "dangerous drug" to reflect the current terminology used in federal regulations.

WHEREAS, Neuromodulators derived from *Clostridium botulinum* or that are biosimilar to or the bioequivalent of such neuromodulators are considered dangerous drugs in this State; and

WHEREAS, Only certain medical professionals are authorized under the law of this State to administer dangerous drugs; and

WHEREAS, The improper injection of neuromodulators derived from *Clostridium botulinum*, neuromodulators that are biosimilar to or the bioequivalent of such neuromodulators and dermal and soft tissue fillers can cause significant harmful side effects; and

WHEREAS, Persons who lack the necessary training or proper credentials are currently not restricted from injecting neuromodulators derived from *Clostridium botulinum*, neuromodulators that are biosimilar to or the bioequivalent of such neuromodulators and dermal and soft tissue fillers in this State; and

WHEREAS, To promote the health, safety and welfare of the residents of this State, it is the intent of the Legislature to clearly define the persons who are authorized to inject neuromodulators derived from *Clostridium botulinum*, neuromodulators that are biosimilar to or the bioequivalent of such neuromodulators and dermal and soft tissue fillers, and the conditions under which such injections may occur; now, therefore,

The following amendment was proposed by Assemblyman Frierson:
Amendment No. 760.
SUMMARY—Revises provisions governing the restoration of civil rights for **certain** ex-felons. (BDR 14-720)
AN ACT relating to civil rights; revising provisions governing the restoration of civil rights to certain persons who have been convicted of felonies; and providing other matters properly relating thereto.
Legislative Counsel's Digest:
Under existing law, unless a person has been convicted of certain specified felonies, a person who has been convicted of a felony is restored to his or her civil rights by operation of law upon: (1) an honorable discharge from probation; (2) an honorable discharge from parole; or (3) the completion of his or her sentence and release from prison. Conversely, a person must petition a court for the restoration of his or her civil rights if the person was convicted: (1) of a category A felony; (2) of an offense that would constitute a category A felony if committed as of the date of discharge from probation, discharge from parole or release from prison; (3) of a category B felony involving the use of force or violence that resulted in substantial bodily harm;

(4) of an offense involving the use of force or violence that resulted in substantial bodily harm and that would constitute a category B felony if committed as of the date of discharge from probation, discharge from parole or release from prison; or (5) two or more times of a felony, except under certain circumstances. (NRS 176A.850, 213.155, 213.157) **Sections 1-3** of this bill provide, respectively, that **a probationer, parolee or person who completed his or her sentence and was released from prison is, with certain exceptions, immediately restored to the right: (1) to serve as a juror in a civil action; and (2) to vote. Sections 1-3 provide, respectively, that** if the probationer, parolee or person who completed his or her sentence and was released from prison was convicted ~~[: (1) two or more times]~~ of a **category B** felony ~~[, his or her right to vote must be restored immediately after discharge from probation, discharge from parole or release from prison; and (2) of any of the other offenses enumerated above,]~~ **involving the use of force or violence that did not result in substantial bodily harm to the victim or of an offense involving the use of force or violence that did not result in substantial bodily harm to the victim and that would constitute a category B felony if committed as of the date of discharge from probation, discharge from parole or release from prison,** his or her right to vote must be restored 2 years after discharge from probation, discharge from parole or release from prison.

Existing law sets forth circumstances under which a person whose term of probation has expired must be given a dishonorable discharge and precludes the probationer from obtaining the restoration of certain civil rights. (NRS 176A.870) **Section 1** maintains the requirement that such a probationer be given a dishonorable discharge, but **section 5** of this bill eliminates the prohibition on the restoration of civil rights.

Section 4 of this bill provides for the restoration of civil rights to **certain** residents of this State who: (1) have not had their civil rights restored; (2) are not on probation or parole or serving a sentence of imprisonment on ~~[October]~~ **January** 1, ~~[2017,]~~ **2019;** and (3) before ~~[October]~~ **January** 1, ~~[2017,]~~ **2019,** were discharged from probation or parole or released from prison after serving their sentences.

The following amendment was proposed by Assemblyman Pickard:

Amendment No. 758.

AN ACT relating to education; revising provisions concerning the applicability of the prevailing wage requirements and certain building standards and requirements to construction projects relating to achievement charter schools; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Achievement School District within the Department of Education and authorizes the conversion of certain public schools which demonstrate unsatisfactory pupil achievement and school performance into achievement charter schools. (NRS 388B.100, 388B.200) With certain exceptions, existing law requires that mechanics and workers employed on public works be paid at least the wage prevailing for the type of work that the mechanic or worker performs in the locale in which the public work is located, as determined by the Labor Commissioner. (NRS 338.020) The Labor Commissioner is required to set the prevailing wage on public works of school districts and the Nevada System of Higher Education at 90 percent of the rate of prevailing wage that other public bodies are required to pay. (NRS 338.030) Existing law exempts charter schools, including achievement charter schools, from compliance with prevailing wage requirements. (NRS 338.080, 388A.635, 388B.250)

This bill eliminates the exemption of achievement charter schools from the prevailing wage requirements and specifically makes those requirements applicable to a contract or other agreement for the construction of, improvement of, repair to, demolition of or reconstruction of an improvement to any building, structure or property that is used or will be used by an achievement charter school ~~[.]~~ **if the construction, improvement, repair, demolition or reconstruction is paid in whole or in part from money in the capital improvement fund of a school district.** Any such contract or agreement is required to include the contractual provisions and stipulations that are required to be included in a contract for a public work relating to prevailing wage requirements. Any person or governmental entity that enters into such a contract or agreement and the contractor who is awarded the contract or enters into the agreement to perform the construction, improvement, repair, demolition or reconstruction, and any subcontractor who performs any portion of the contract or agreement is required to comply with the prevailing wage requirements in the same manner as if a public body had undertaken the construction, improvement, repair, demolition or reconstruction or had awarded the contract.

Under existing law, school districts are required to comply with various requirements with respect to the design, construction and alteration of school buildings and facilities. (NRS 278.585, 393.110) This bill requires that any construction of, improvement of, repair to, demolition of or reconstruction of an improvement to any building, structure or property that is used by or will be used by an achievement charter school must comply with the same

engineering, design, safety and other building standards and requirements with which school buildings and facilities in the same county must comply.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 388B of NRS is hereby amended by adding thereto a new section to read as follows:

1. The provisions of NRS 338.013 to 338.090, inclusive, apply to a contract or other agreement for the construction of, improvement of, repair to, demolition of or reconstruction of an improvement to any building, structure or property that is used or will be used by an achievement charter school ~~*[.]*~~ ***if the construction, improvement, repair, demolition or reconstruction is paid in whole or in part from money in the capital improvement fund of a school district.***

2. If the Achievement School District, a governing body of an achievement charter school, a charter management organization, educational management organization or other person who operates an achievement charter school or any other person or governmental entity enters into any contract or other agreement for the construction of, improvement of, repair to, demolition of or reconstruction of an improvement to any building, structure or property that is used or will be used by an achievement charter school ~~*[:]*~~ ***and the construction, improvement, repair, demolition or reconstruction is paid in whole or in part from money in the capital improvement fund of a school district:***

(a) The Achievement School District, governing body of the achievement charter school, charter management organization, educational management organization or other person who operates the achievement charter school or other person or governmental entity shall include in the contract or other agreement the contractual provisions and stipulations that are required to be included in a contract for a public work pursuant to the provisions of NRS 338.013 to 338.090, inclusive.

(b) The Achievement School District, governing body of the achievement charter school, charter management organization, educational management organization or other person who operates the achievement charter school or other person or governmental entity and the contractor who is awarded the contract or enters into the agreement to perform the construction, improvement, repair, demolition or reconstruction, and any subcontractor who performs any portion of the contract or agreement, shall comply with the provisions of NRS 338.013 to 338.090, inclusive, in the same manner as if a public body had undertaken the construction, improvement, repair, demolition or reconstruction or had awarded the contract.

3. Any construction of, improvement of, repair to, demolition of or reconstruction of an improvement to any building, structure or property that is used by or will be used by an achievement charter school must

comply with the same engineering, design, safety and other building standards and requirements with which school buildings and facilities in the same county must comply.

Sec. 2. NRS 388B.250 is hereby amended to read as follows:

388B.250 1. Except as otherwise provided in this section, the provisions of chapter 388A of NRS are not applicable to an achievement charter school.

3. The governing body of an achievement charter school may submit a written request to the Superintendent of Public Instruction for a waiver from the requirements of paragraphs (f) to (k), inclusive, of subsection 1 of NRS 388A.366 or subsection 2 of that section or, except with regard to a program supported with Title I money, NRS 388A.518, 388A.521 or 388A.524. The Executive Director may grant such a request if the governing body demonstrates to the satisfaction of the Superintendent of Public Instruction that circumstances justify the waiver and that granting the waiver is in the best interest of the pupils enrolled in the achievement charter school.

Sec. 3. NRS 338.080 is hereby amended to read as follows:

338.080 ***1.*** None of the provisions of NRS 338.020 to 338.090, inclusive, apply to:

~~[1.]~~ ***(a)*** Any work, construction, alteration, repair or other employment performed, undertaken or carried out, by or for any railroad company or any person operating the same, whether such work, construction, alteration or repair is incident to or in conjunction with a contract to which a public body is a party, or otherwise.

Remarks by Assemblymen Bilbray-Axelrod, Tolles, and Flores.

ASSEMBLYWOMAN BILBRAY-AXELROD:

Senate Bill 176 expands to all law enforcement agencies the requirement that certain peace officers wear a portable event recording device while on duty and requires that video recordings be retained by the law enforcement agency for not less than 15 days.

The bill also expands to all counties the authority of the respective boards of county commissioners to impose a surcharge to be used for the enhancement of the telephone system for reporting an emergency in the county and authorizes the surcharge to also be used to purchase and maintain portable event recording devices and vehicular event recording devices. The maximum amount of the surcharge that may be imposed is increased from 25 cents to $1 each month for each access line to the local exchange of a telecommunications provider.

This measure is effective upon passage and approval for the purpose of adopting regulations and performing any necessary preliminary administrative tasks and on July 1, 2018, for all other purposes.

ASSEMBLYWOMAN TOLLES:

I received a lot of emails in regards to 9-1-1 funds being possibly diverted. I wondered if the sponsor could help me answer that question about the 9-1-1 funds, because I am certainly supportive of the concept.

ASSEMBLYMAN FLORES:

That is correct; that is my understanding. This is permissive language that will allow the counties to impose whatever fee they think is necessary. It will be used through what we pay now in our cell phones for 9-1-1. What that amount may be is yet to be known. It is permissive, so we do not know until the counties take it upon themselves to do it.

Among other provisions, the bill revises the circumstances under which murder of the first degree may be aggravated by adding the circumstance if the murder was committed upon the person because of his or her actual or perceived gender identity or expression. It prohibits a polygraph examiner or intern from inquiring about the sexual orientation or gender identity or expression of the person examined unless such information is germane to the issue under investigation and the inquiries are made at the request of the examinee and prohibits an insurer that uses a consumer credit report from calculating an insurance score based on a person's sexual orientation or gender identity or expression.

REMARKS FROM THE FLOOR

Assemblyman Thompson requested that the following remarks be entered in the Journal.

ASSEMBLYMAN THOMPSON:

I am so pleased to announce that Nevadans will be coming together this month to begin a study focusing on senior nutrition services. They seek to address the fundamental question: How do we prevent seniors from falling through the cracks as they seek services for their health and nutritional needs today and in the future?

Joining me today and being very patient, by the way, are three people who have been instrumental to the development of this study: Jodi Tyson, Three Square Food Bank of Nevada; Shane Piccinini, Food Bank of Northern Nevada; and Laura Urban, Department of Health and Human Services' Office of Food Security. Laura also serves as staff for the Governor's Council on Food Security. Our First Lady, Kathleen Sandoval, chairs the Governor's Council on Food Security, and while she could not be here with us today, we express our gratitude to her for including this study as one of the top projects under her leadership.

Why is a study needed to streamline nutrition services for seniors? Nutrition is a vital health service, and the connections between nutrition and health services have not been a focus. As we plan for a growing senior population in Nevada, now is the time to address this issue.

In 2016, according to the America's Health Rankings Report, approximately 14 percent of senior adults in Nevada aged 60 years and older struggled because they lacked the financial and social resources needed to secure an adequate supply of food to remain healthy and independent, otherwise known as food insecurity. Seniors at risk of hunger are 60 percent more likely to experience depression, 53 percent more likely to report a heart attack, and 40 percent more likely to report an experience of congestive heart failure.

In Nevada, food pantries are supplementing the nutrition needs of more than 46,000 seniors each year. More than 17,000 congregate meals are served to seniors each year, mostly through senior centers, to increase nutrition access as well as daily social interaction. Home-delivered meals attend to the needs of more than 6,600 homebound seniors and the disabled with two nutritious meals a day.

Projections suggest senior food insecurity will continue to be a crisis for the United States. Estimates from the Nevada State Demographer's Office illustrate much of Nevada's population growth over the next ten years will be among the 60-years-and-older age groups. Nevada's shifting demographics and population projections indicate that Nevada needs a focused plan to address senior food insecurity, health, and independent living among this population. Nevada senior nutrition programs need a plan to ensure sustainable programming, infrastructure, and resources to meet the impending need for services.

Please look out for this report, which will be delivered in November of 2017, and hopefully we can make some strong policy recommendations for the next legislative session.

Legislative Counsel's Digest:

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) provides a refundable federal income tax credit and cost-sharing reductions to certain eligible persons who earn not more than 400 percent of the federally designated poverty level in order to offset the cost of certain health care plan premiums. (26 U.S.C. § 36B, 42 U.S.C. § 18071; 45 C.F.R. § 155.305) The Act further requires that such credits and cost-sharing reductions only be made available to purchase health insurance which is offered on a state health insurance exchange, which includes, without limitation, the Silver State Health Insurance Exchange established by this State in 2011. (26 U.S.C. § 36B, 42 U.S.C. § 18071; NRS 695I.200) Existing federal law authorizes the Secretary of the United States Department of Health and Human Services to waive certain Medicaid requirements or provisions of the Act to promote state health care innovation. (42 U.S.C. §§ 1315, 18052)

Existing federal law states that the purpose of the Medicaid program is to promote access to health insurance for certain low-income persons. (42 U.S.C. § 1396) Existing law authorizes this State to enroll Medicaid recipients in a managed care program provided by a health maintenance organization pursuant to a contract with the Nevada Department of Health and Human Services. (42 U.S.C. § 1396u-2; NRS 422.273) Existing federal law also authorizes a state to receive its Federal Medical Assistance Percentage (FMAP) allotment of money from the Federal Government to reimburse providers of health care for medical services which are provided as part of a managed care program. (42 U.S.C. §§ 1396d, 1396u-2) Existing law requires this State to develop a State Plan for Medicaid which includes, without limitation, a list of the medical services provided to Medicaid

recipients. (42 U.S.C. § 1396a; NRS 422.063) Existing law also prohibits a state from using FMAP or other federal Medicaid money to reimburse a provider of health care for medical services which are provided to a person who earns more than 138 percent of the federally designated poverty level or for other expenses which are unrelated to the administration of Medicaid. (42 U.S.C. §§ 1396a, 1396b(a)(7); 42 C.F.R. 433.15(b))

Section 2 of this bill requires the Director of the Nevada Department of Health and Human Services to seek any necessary waiver of certain provisions of federal law to allow ~~[a Medicaid managed care program]~~ **the Nevada Care Plan, if established pursuant to section 3 of this bill,** to be offered **by certain insurers or** for purchase through the Silver State Health Insurance Exchange to persons who are otherwise ineligible for Medicaid. Additionally, **section 2** ~~[of this bill]~~ requires the Director to seek any necessary federal waiver to allow persons to use the federal income tax credits and cost-sharing reductions authorized by the Act to purchase coverage through ~~[a Medicaid managed care program which is made available for purchase from the Department or on the Silver State Health Insurance Exchange.]~~ **the Nevada Care Plan. Section 5** of this bill revises the definition of "qualified health plan" to include the ~~[Medicaid managed care program]~~ **Nevada Care Plan** so that it may be offered for purchase in the same manner as other health plans through the Silver State Health Insurance Exchange ~~[.]~~ **, if established.**

Section 3 of this bill requires the Department, to the extent allowed by federal law, to **establish the Nevada Care Plan within Medicaid and** make coverage through the ~~[Medicaid managed care program]~~ **Plan** available for purchase to any person who is not otherwise eligible for Medicaid. ~~[To purchase such coverage, the person must apply to the Division or may purchase coverage through the Silver State Health Insurance Exchange if the waiver has been obtained from the Secretary of the United States Department of Health and Human Services. Section 3 requires the annual premium charged for such coverage to be set at an amount which represents 150 percent of the median expenditure paid on behalf of a Medicaid recipient during the immediately preceding fiscal year.]~~ **Section 3** further requires the benefits offered ~~[in such a managed care program]~~ **by the Nevada Care Plan** to be the same as those provided to ~~[other]~~ Medicaid recipients ~~[. Finally, section 3 prohibits the Nevada Department of Health and Human Services from using any federal money to carry out the provisions of that section.]~~ **who do not participate in the Medicaid managed care program, except that transportation services that are provided when there is not an emergency are not required to be covered.**

Section 5.5 of this bill makes an appropriation to the Division of Health Care Financing and Policy of the Department for costs associated with establishing and administering the Nevada Care Plan.

Amendment No. 743.

AN ACT relating to controlled substances; requiring the uploading of certain information to the database of the program developed by the State Board of Pharmacy and the Investigation Division of the Department of Public Safety to monitor prescriptions for certain controlled substances; authorizing **an employee of a law enforcement agency or** a coroner, medical examiner or deputy thereof who meets certain requirements to access the database of the program; expanding the scope of the program to include certain additional controlled substances; requiring a practitioner to obtain a patient utilization report before prescribing certain controlled substances; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Pharmacy and the Investigation Division of the Department of Public Safety to develop a computerized program to track each prescription for a controlled substance listed in schedule II, III or IV filled by a pharmacy or dispensed by a practitioner registered with the Board. The program is required to be designed to provide information regarding: (1) the inappropriate use by a patient of certain controlled substances to pharmacies, practitioners and appropriate state and local governmental agencies to prevent the improper or illegal use of such controlled substances; and (2) statistical data relating to the use of those controlled substances. (NRS 453.162) **Sections 2-3** of this bill expand the scope of the program to also track each prescription for a controlled substance listed in schedule V.

Existing law requires the Board to allow certain law enforcement officers to have Internet access to the database of the program only for the purpose of investigating a crime related to prescription drugs. (NRS 453.165) **Section 4 of this bill instead requires the Board to allow an employee of a law enforcement agency to have Internet access to the database of the program under certain circumstances only for certain purposes.**

Section 1.3 of this bill requires a law enforcement officer who ~~[encounters certain situations involving]~~ **has probable cause to believe that a violation of chapter 453 of NRS concerning** prescribed controlled substances **has occurred** or who receives a report of a stolen prescription for a controlled substance while acting in his or her official capacity and in the regular course of an investigation to report certain information to his or her employer. **Section 1.3** requires a coroner, medical examiner or deputy thereof who determines, as the result of an investigation of the death of a person, that the person died as the result of using a prescribed controlled substance, to upload certain information to the database of the program or, if the coroner, medical examiner or deputy thereof does not have such access, report such information to a coroner, medical examiner or deputy thereof who has access to the database. **Section 1.3** also requires the employer of the law

enforcement officer or a coroner, medical examiner or deputy thereof to upload such reported information to the database of the program as soon as practicable after receiving the information except where the employer of a law enforcement officer determines that uploading the information will interfere with an active criminal investigation. In that case, the employer may postpone uploading the information until after the conclusion of the investigation. **Section 1.3** further provides that each law enforcement officer, employer of a law enforcement officer, coroner, medical examiner or deputy of a coroner or medical examiner who makes a good faith effort to comply with **section 1.3**, or a regulation adopted pursuant thereto, is immune from civil and criminal liability for any act or omission relating to the transmission of information pursuant to **section 1.3**. **Section 1.6** of this bill authorizes a coroner, medical examiner or deputy thereof who meets certain requirements to access the database of the computerized program to: (1) upload information concerning the death of a person due to using a prescribed controlled substance; or (2) investigate the death of a person. **Section 4 authorizes an employee of a law enforcement agency to access the database of the program to upload the information required by section 1.3.**

Existing law requires a practitioner to obtain a patient utilization report from the computerized program before initiating a prescription for a controlled substance listed in schedule II, III or IV. **Section 5.5** of this bill additionally requires a practitioner to obtain such a report before initiating a prescription for an opioid that is a controlled substance listed in schedule V.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 765.

AN ACT relating to common-interest communities; establishing the requirements for a written notice to request ~~[an owner or a tenant to cure]~~ **the curing of** a violation of the governing documents of an association without imposition of a fine; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

If an owner or a tenant or an invitee of the owner or tenant violates a provision of the governing documents of an association, existing law allows the executive board of the common-interest community to prohibit the owner, tenant or invitee from voting on matters related to the common-interest community or using the common elements. Existing law also permits

the executive board to impose a fine on the owner, tenant or invitee for each such violation under certain circumstances. (NRS 116.31031) This bill authorizes an executive board to send a written notice to cure an alleged violation of a provision of the governing documents to an owner and ~~[a tenant]~~ **, if different, a person responsible for curing the alleged violation,** without the imposition of a fine. This bill also requires that any such written notice meet certain requirements.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 116.31031 is hereby amended to read as follows:

116.31031 1. Except as otherwise provided in this section, if a unit's owner or a tenant or an invitee of a unit's owner or a tenant violates any provision of the governing documents of an association, the executive board may, if the governing documents so provide:

(a) Prohibit, for a reasonable time, the unit's owner or the tenant or the invitee of the unit's owner or the tenant from:

(1) Voting on matters related to the common-interest community.

(2) Using the common elements. The provisions of this subparagraph do not prohibit the unit's owner or the tenant or the invitee of the unit's owner or the tenant from using any vehicular or pedestrian ingress or egress to go to or from the unit, including any area used for parking.

(b) Impose a fine against the unit's owner or the tenant or the invitee of the unit's owner or the tenant for each violation, except that:

(1) A fine may not be imposed for a violation that is the subject of a construction penalty pursuant to NRS 116.310305; and

(2) A fine may not be imposed against a unit's owner or a tenant or invitee of a unit's owner or a tenant for a violation of the governing documents which involves a vehicle and which is committed by a person who is delivering goods to, or performing services for, the unit's owner or tenant or invitee of the unit's owner or the tenant.

➥ If the violation poses an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents. If the violation does not pose an imminent threat of causing a substantial adverse effect on the health, safety or welfare of the units' owners or residents of the common-interest community, the amount of the fine must be commensurate with the severity of the violation and must be determined by the executive board in accordance with the governing documents, but the amount of the fine must not exceed $100 for each violation or a total amount of $1,000, whichever is less. The limitations on the amount of the fine do not apply to any charges or costs that may be collected by the association pursuant to this section if the fine becomes past due.

(c) Send a written notice to cure an alleged violation, without the imposition of a fine, to the unit's owner and, if different, the ~~[tenant of the unit's owner requesting]~~ person responsible for curing the alleged violation . ~~[be cured without the imposition of a fine.]~~ Any such written notice must:

(1) Include an explanation of the applicable provisions of the governing documents that form the basis of the alleged violation;

(2) Specify in detail the alleged violation and the proposed action to cure the alleged violation;

(3) Provide a clear and detailed photograph of the alleged violation, if the alleged violation relates to the physical condition of the unit or the grounds of the unit or an act or a failure to act of which it is possible to obtain a photograph; and

(4) Provide the unit's owner or the tenant a reasonable opportunity to cure the alleged violation before the executive board may take additional actions, including, without limitation, other remedies available pursuant to this section.

2. The executive board may not impose a fine pursuant to subsection 1 against a unit's owner for a violation of any provision of the governing documents of an association committed by an invitee of the unit's owner or the tenant unless the unit's owner:

(a) Participated in or authorized the violation;

(b) Had prior notice of the violation; or

(c) Had an opportunity to stop the violation and failed to do so.

3. If the association adopts a policy imposing fines for any violations of the governing documents of the association, the secretary or other officer specified in the bylaws shall prepare and cause to be hand-delivered or sent prepaid by United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit's owner, a schedule of the fines that may be imposed for those violations.

4. The executive board may not impose a fine pursuant to subsection 1 unless:

(a) Not less than 30 days before the alleged violation, the unit's owner and, if different, the person against whom the fine will be imposed had been provided with written notice of the applicable provisions of the governing documents that form the basis of the alleged violation; and

(b) Within a reasonable time after the discovery of the alleged violation, the unit's owner and, if different, the person against whom the fine will be imposed has been provided with:

(1) Written notice:

(I) Specifying in detail the alleged violation, the proposed action to cure the alleged violation, the amount of the fine, and the date, time and location for a hearing on the alleged violation; and

(II) Providing a clear and detailed photograph of the alleged violation, if the alleged violation relates to the physical condition of the unit

or the grounds of the unit or an act or a failure to act of which it is possible to obtain a photograph; and

(2) A reasonable opportunity to cure the alleged violation or to contest the alleged violation at the hearing.

➥ For the purposes of this subsection, a unit's owner shall not be deemed to have received written notice unless written notice is mailed to the address of the unit and, if different, to a mailing address specified by the unit's owner.

5. The executive board must schedule the date, time and location for the hearing on the alleged violation so that the unit's owner and, if different, the person against whom the fine will be imposed is provided with a reasonable opportunity to prepare for the hearing and to be present at the hearing.

6. The executive board must hold a hearing before it may impose the fine, unless the fine is paid before the hearing or unless the unit's owner and, if different, the person against whom the fine will be imposed:

(a) Executes a written waiver of the right to the hearing; or

(b) Fails to appear at the hearing after being provided with proper notice of the hearing.

7. If a fine is imposed pursuant to subsection 1 and the violation is not cured within 14 days, or within any longer period that may be established by the executive board, the violation shall be deemed a continuing violation. Thereafter, the executive board may impose an additional fine for the violation for each 7-day period or portion thereof that the violation is not cured. Any additional fine may be imposed without providing the opportunity to cure the violation and without the notice and an opportunity to be heard required by paragraph (b) of subsection 4.

8. If the governing documents so provide, the executive board may appoint a committee, with not less than three members, to conduct hearings on alleged violations and to impose fines pursuant to this section. While acting on behalf of the executive board for those limited purposes, the committee and its members are entitled to all privileges and immunities and are subject to all duties and requirements of the executive board and its members.

9. A member of the executive board shall not participate in any hearing or cast any vote relating to a fine imposed pursuant to subsection 1 if the member has not paid all assessments which are due to the association by the member. If a member of the executive board:

(a) Participates in a hearing in violation of this subsection, any action taken at the hearing is void.

(b) Casts a vote in violation of this subsection, the vote is void.

10. The provisions of this section establish the minimum procedural requirements that the executive board must follow before it may impose a fine. The provisions of this section do not preempt any provisions of the governing documents that provide greater procedural protections.

11. Any past due fine must not bear interest, but may include any costs incurred by the association during a civil action to enforce the payment of the past due fine.

12. If requested by a person upon whom a fine was imposed, not later than 60 days after receiving any payment of a fine, an association shall provide to the person upon whom the fine was imposed a statement of the remaining balance owed.
