Legislative Counsel's Digest:

Under existing law, the Taxicab Authority exercises regulatory authority over taxicabs in any county whose population is 700,000 or more (currently Clark County). (NRS 706.881) The Taxicab Authority may adopt regulations for the administration and enforcement of the provisions of existing law that apply to such taxicabs. (NRS 706.8818) Existing law requires the Nevada Transportation Authority to adopt regulations governing the operation in this State of a transportation network company and each driver who enters into an agreement with a transportation network company to receive connections to potential passengers and provide transportation services. (NRS 706A.100) **Section 3** of this bill ~~[authorizes]~~ **confers concurrent enforcement jurisdiction upon** the Taxicab Authority ~~[to enter into a memorandum of understanding with]~~ **and** the Nevada Transportation Authority ~~[which confers upon the Taxicab Authority concurrent enforcement jurisdiction]~~ over a transportation network company and a person who is a driver for a transportation network company during any period in which the person provides transportation services in the county where the Taxicab Authority has jurisdiction. **Sections 1 and 14-16** of this bill make conforming changes.

Existing law requires payment to the Taxicab Authority of a technology fee in an amount set by the Taxicab Authority by each taxicab certificate holder for each compensable trip of each taxicab of the certificate holder. (NRS 706.8826) The money from the technology fee must be deposited in

the Taxicab Authority Fund, and existing law requires that the money be used to implement technological improvements in safety, reliability and efficiency, including the implementation of a computerized real-time data system to assist with the regulation of taxicabs. (NRS 706.8825) **Section 5** of this bill removes the requirement for the money from the technology fee to be spent on such a system, and authorizes its use for the implementation of technological improvements in safety. **Section 26** of this bill repeals the provision of existing law authorizing the use of a computerized real-time data system.

Existing law requires the Taxicab Authority to approve or disapprove the color scheme, insigne and design of the cruising lights of the taxicabs of a certificate holder, and to ensure that each certificate holder's taxicabs are readily distinguishable from those of another certificate holder. (NRS 706.8833) **Section 6** of this bill retains the requirement that taxicabs of each certificate holder be readily distinguishable from those of each other certificate holder, but removes the requirement for the Taxicab Authority to approve such color schemes, insigne and design of cruising lights. **Section 6** also revises provisions governing the placement of advertisements on the exterior of taxicabs by authorizing the use of the advertisements if the placement of the advertisements does not impair the ability of the driver to operate the vehicle safely.

Under existing law, a certificate holder may only use for a taxicab a new vehicle or a vehicle with 30,000 miles or less on the odometer. A new vehicle used as a taxicab must be removed from service as a taxicab after 67 months of such use, and a vehicle with less than 30,000 miles on it when put into use as a taxicab must be removed from service after 55 months. If the vehicle is a hybrid electric vehicle, the vehicle is allowed an additional 24 months of service. (NRS 706.8834) **Section 7** of this bill provides instead that any vehicle used as a taxicab may only be used as a taxicab for 120 months after the date on which the vehicle was manufactured.

Section 8 of this bill newly requires each taxicab to display a statement indicating whether the certificate holder accepts credit cards and debit cards and, if so, listing the maximum fee a customer will be charged for the convenience of using a credit card or debit card. Existing law provides that the maximum amount of such a fee may be prescribed in regulation by the Taxicab Authority. (NRS 706.88355)

Existing law authorizes the Taxicab Administrator of the Department of Business and Industry to inspect a taxicab at any reasonable time. (NRS 706.8839) **Section 9** of this bill requires **the Taxicab Administrator to conduct** such an inspection ~~[at least]~~ **not more than** once each year.

Existing law authorizes a certificate holder to lease a taxicab to an independent contractor, who may only use the taxicab in a manner authorized by the certificate holder's certificate of public convenience and necessity. (NRS 706.88396) **Section 10** of this bill expands existing law by authorizing the independent contractor to use the taxicab to provide transportation

services pursuant to an agreement with a transportation network company. **Section 10** also requires the certificate holder who leases a taxicab to an independent contractor to inspect the taxicab at least monthly. **Section 10 also limits the number of unexpired leases a certificate holder may have to not more than the number of taxicabs allocated to the certificate holder by the Taxicab Authority.** **Sections 14 and 15** of this bill make conforming changes.

Existing law requires an applicant for a driver's permit to drive a taxicab to prove that he or she has been a resident of this State for at least 30 days. (NRS 706.8841) **Section 11** of this bill requires the applicant to prove instead that he or she is a resident of this State or a state that adjoins the county in which the applicant has applied for the driver's permit. **Section 12** of this bill revises provisions regarding daily trip sheets to allow for the use of **certain** electronic ~~[trip sheets in place of time clocks.]~~ **operating systems.**

Under existing law, a driver of a taxicab is not allowed to take a longer route to a passenger's destination than is necessary, unless specifically requested to do so by the passenger. (NRS 706.8846) **Section 13** of this bill provides that a driver **must take the most direct route and** is not allowed to take a longer **or different** route **intentionally** unless: (1) ~~[specifically]~~ requested **or agreed** to ~~[do so]~~ by the passenger; ~~[(2) the passenger consents after discussing with the driver the distance, time and fare for a longer route compared to the shortest route;]~~ or ~~[(3)]~~ **(2)** the ~~[longer]~~ **different** route is approved by the Taxicab Authority. **Section 13** also provides that the Taxicab Authority may only conduct an investigation for a violation of this provision upon receipt of a complaint by a passenger.

~~[Existing law imposes an excise tax upon each connection by a transportation network company, common motor carrier of passengers or certificate holder of a passenger to a driver, person or operator or taxicab, respectively, to provide transportation to the passenger. (NRS 372B.140-372B.160) Sections 21-23 of this bill require each transportation network company, common motor carrier of passengers and certificate holder to collect the excise tax from a passenger or group of passengers at the time the passengers or group of passengers pay a fare. Section 22 also imposes a similar tax on contract motor carriers.]~~

Under existing law, a person may not operate on the highways of this State any motor vehicle equipped with a dynamic display unless the vehicle is also equipped with a display management system that is configured to prevent the image or content on the dynamic display from changing when the vehicle is moving, in a turnout or in a location where such a change may cause undue distraction to other drivers. Such a dynamic display is also prohibited from projecting moving images or other moving content. (NRS 484D.493) **Section 26** of this bill repeals this provision.

Amendment No. 206.

AN ACT relating to wildlife; requiring the Board of Wildlife Commissioners to establish policies for the conservation of certain wildlife; revising the authorized uses of the fees for the processing of an application for a game tag; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Board of Wildlife Commissioners is required, after first considering the recommendations of the Department of Wildlife, the county advisory boards to manage wildlife and other persons, to establish policies for the management of big and small game mammals, upland and migratory game birds, fur-bearing mammals, game fish, and protected and unprotected mammals, birds, fish, reptiles and amphibians. (NRS 501.181) **Section 1** of this bill requires those policies to also include the conservation of those mammals, birds, fish, reptiles and amphibians.

Existing law requires a person applying for a game tag to pay an additional fee of $3 for processing the application. The money collected from those fees is required to be deposited in the Wildlife Account in the State General Fund and used by the Department of Wildlife for costs related to: (1) developing and implementing an annual program for the management and control of predatory wildlife; (2) wildlife management activities relating to the protection of nonpredatory game animals and sensitive wildlife species; and (3) conducting research necessary to determine successful techniques for managing and controlling predatory wildlife. (NRS 502.253) **Section 3** of this

bill ~~[changes]~~ **expands** the purposes for which the proceeds from those fees are required to be used ~~[to only: (1) developing and carrying out]~~ **by adding** programs for the management and enhancement of ~~[big]~~ game mammals ~~[; and (2)]~~ **, adding wildlife management activities related to wildlife habitat and authorizing** obtaining matching money from the Federal Government which is available for use for those programs ~~[.]~~ **and activities. Section 3 also requires the Department of Wildlife to submit a report, on or before August 31 of each even-numbered year, to the Director of the Legislative Counsel Bureau for transmittal to the Legislature setting forth the expenditures for the programs and activities carried out using the proceeds from those fees.** **Section 4** of this bill specifies that the proceeds from those fees which are deposited for credit to the Wildlife Account on or after July 1, 2017, are only authorized to be used for the new purposes.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Amendment No. 317.

AN ACT relating to financial administration; revising provisions governing the employees of the Office of Grant Procurement, Coordination

and Management of the Department of Administration; eliminating the requirement that priority be given by the Office to certain grants; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Office of Grant Procurement, Coordination and Management of the Department of Administration is required to provide assistance to state agencies with respect to grants, including, without limitation, researching, identifying and writing grants for state agencies and making state agencies aware of grant opportunities. (NRS 232.222-232.227) Existing law requires the Administrator of the Office of Grant Procurement, Coordination and Management to employ two persons to serve in the unclassified service of the State. (NRS 232.223) **Section 1** of this bill removes the limit on the number of employees that the Administrator is required to employ and instead requires that the Administrator, within the limits of money appropriated or authorized to be expended for the purpose, employ such persons in the **classified or** unclassified service as he or she deems necessary.

Existing law requires the Administrator, when researching the availability of grants and writing grant proposals and applications for a state agency, to give priority to grants: (1) for the Department of Health and Human Services; (2) for the Office of Energy; and (3) which may facilitate economic development in this State. **Section 2** of this bill eliminates this prioritization requirement.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 232.223 is hereby amended to read as follows:

232.223 1. The Administrator of the Office of Grant Procurement, Coordination and Management shall ***, within the limits of money appropriated or authorized to be expended for this purpose,*** employ ~~[two]~~ ***such*** persons ***as he or she deems necessary*** to serve in the ***classified or*** unclassified service of the State for the purposes set forth in this section.

2. A person employed pursuant to this section shall, under the direction of the Administrator of the Office of Grant Procurement, Coordination and Management, assist the Administrator in carrying out the provisions of NRS 232.222 to 232.227, inclusive.

Sec. 2. NRS 232.224 is hereby amended to read as follows:

232.224 1. The Administrator of the Office of Grant Procurement, Coordination and Management shall:

(a) Research and identify federal grants which may be available to state agencies.

(b) Write grants for federal funds for state agencies.

(c) Coordinate with the members of Congress representing this State to combine efforts relating to identifying and managing available federal grants and related programs.

(d) If requested by a state agency, research the availability of grants and write grant proposals and applications for the state agency **.** ~~[, giving priority to grants:~~

~~(1) For the Department of Health and Human Services;~~

~~(2) For the Office of Energy; and~~

~~(3) Which may facilitate economic development in this State.]~~

(e) To the greatest extent practicable, ensure that state agencies are aware of any grant opportunities for which they are or may be eligible.

(f) If requested by the director of a state agency, advise the director and the state agency concerning the requirements for receiving and managing grants.

(g) To the greatest extent practicable, coordinate with state and local agencies that have received grants for similar projects to ensure that the efforts and services of those state and local agencies are not duplicated.

(h) Serve as a clearinghouse for disseminating information relating to unexpended grant money of state agencies by compiling and updating periodically a list of the grants and unexpended amounts thereof for which the Office received notification from state agencies pursuant to subsection 3 of NRS 232.225 and making the list available on the Internet website maintained by the Department.

(i) On or before January 1 of each odd-numbered year, submit to the Director of the Legislative Counsel Bureau for transmittal to the Legislature a report regarding all activity relating to the application for, receipt of and use of grants in this State.

2. The Administrator may adopt regulations to carry out the provisions of this section and NRS 232.225 and 232.226.

Sec. 3. This act becomes effective on July 1, 2017.

Assembly Bill No. 286.

Bill read third time.

The following amendment was proposed by Assemblyman Elliot Anderson:

Amendment No. 563.

AN ACT relating to criminal procedure; revising provisions concerning the eligibility of a defendant for assignment to a program for the treatment of veterans and members of the military; authorizing a district court, justice court or municipal court to establish such a program; making various other

changes relating to such a program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a district court to establish an appropriate program for the treatment of veterans and members of the military to which it may assign an eligible defendant. A justice court or municipal court is authorized, upon approval of the district court, to transfer original jurisdiction of a case involving such an eligible defendant to the district court. (NRS 176A.280, 176A.285) **Section 3** of this bill additionally authorizes a justice court or municipal court to establish such a program and revises the provisions concerning the eligibility of a defendant for assignment to such a program. **Section 3** also provides that the assignment of a defendant to such a program must be for a period of not less than 12 months.

Section 2 of this bill provides that a defendant is ineligible for assignment to such a program if he or she: (1) has previously been assigned to such a program; or (2) was discharged or released from the Armed Forces of the United States, a reserve component thereof or the National Guard under dishonorable conditions. **Section 2** also provides that a defendant who was discharged or released from the Armed Forces of the United States, a reserve component thereof or the National Guard under dishonorable conditions may be assigned to such a program if a court determines that extraordinary circumstances exist to warrant the assignment.

Existing law provides that upon violation of a term or condition of such a program, the court may: (1) enter a judgment of conviction and proceed as provided in the section pursuant to which the defendant was charged; and (2) order the defendant to the custody of the Department of Corrections if the offense is punishable by imprisonment in the state prison. (NRS 176A.290) **Section 5** of this bill authorizes the imposition of certain sanctions against a defendant for such a violation.

Existing law provides that upon fulfillment of the terms and conditions of such a program, the court shall discharge the defendant and dismiss the proceedings. (NRS 176A.290) **Section 5** provides that for defendants in the program who were charged with battery constituting domestic violence or driving under the influence, the court may conditionally dismiss the charges. Under **section 6** of this bill, if the charges are conditionally dismissed, then **not sooner than 7 years after such a conditional dismissal and upon the filing of a petition by the defendant,** the court must order that all records relating to the charges be sealed**.** ~~[7 years after such a conditional dismissal.]~~

Under existing law, before accepting a plea from a defendant or proceeding to trial, a justice of the peace or municipal judge must address the defendant personally and ask the defendant if he or she is a veteran or a member of the military. (NRS 4.374, 5.057) **Sections 9 and 10** of this bill require that the justice of the peace or municipal judge must, as soon as possible after a defendant is arrested or cited, attempt to determine whether the defendant is a veteran or a member of the military and, if so, whether the

defendant qualifies for a program for the treatment of veterans and members of the military.

Sections 11 and 12 of this bill provide that: (1) persons who are charged with first misdemeanor offenses of battery constituting domestic violence or driving under the influence are eligible to be assigned to a program for the treatment of veterans and members of the military; and (2) offenses that are conditionally dismissed in connection with successful completion of such a program or a diversionary or specialty court program constitute prior offenses for the purpose of determining whether the person is subject to an enhanced penalty with respect to a subsequent offense.

The remaining sections of this bill make conforming changes.

Sec. 1.2. ***1. The Department shall establish a pilot program to provide competency-based education.***

Existing law makes confidential the employment information collected by the Employment Security Division of the Department of Employment, Training and Rehabilitation and prohibits the release of such information except for limited purposes. (NRS 612.265) Section 4.5

provides that if, in addition to those acts prohibited by existing law, certain persons use information collected by the Division for purposes other than those authorized by the Administrator or by law, or fail to protect and prevent the unauthorized use or dissemination of such information, the person is guilty of a gross misdemeanor.

Amendment No. 395.

AN ACT relating to criminal procedure; authorizing a court in certain circumstances to ~~[~~depart from~~]~~ **reduce** any mandatory ~~[~~sentencing enhancements to be imposed upon~~]~~ **minimum period of incarceration which is required to be served by** a person who is convicted as an adult for an offense committed when he or she was less than 18 years of age **;** ~~[~~and reduce any mandatory minimum period of incarceration that such a person is required to serve; establishing provisions relating to the eligibility for parole of such a person who is convicted of certain subsequent offenses committed when he or she was 18 years of age or older but less than 24 years of age;~~]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that if a person is convicted as an adult for an offense that the person committed when he or she was less than 18 years of age, the court is required to consider, before imposing a sentence upon the person, the differences between juvenile and adult offenders, including, without limitation, the diminished culpability of juveniles as compared to that of adults and the typical characteristics of youth. (NRS 176.017) **Section 1** of this bill authorizes the court, after considering all required factors, to [depart from any mandatory sentencing enhancements and] reduce any mandatory minimum period of incarceration that the person is required to serve by not more than 35 percent if the court determines that such a departure or reduction is warranted given the age of the person and his or her prospects for rehabilitation.

~~[Existing law establishes provisions regarding the eligibility for parole of a prisoner who was sentenced as an adult for an offense that was committed when he or she was less than 18 years of age. If the prisoner was convicted of an offense or offenses that did not result in the death of a victim, the prisoner is eligible for parole after he or she has served 15 calendar years of incarceration, and if the prisoner was convicted of an offense or offenses that resulted in the death of only one victim, the prisoner is eligible for parole after he or she has served 20 calendar years of incarceration. (NRS 213.12135) Section 2 of this bill provides that any such prisoner who is convicted of a subsequent offense or offenses not involving violence that the~~

~~prisoner committed when he or she was 18 years of age or older but less than 24 years of age is eligible for parole after serving the required 15 or 20 calendar years of incarceration, as applicable, regardless of any additional sentence imposed for the subsequent offense or offenses.]~~

Amendment No. 437.

AN ACT relating to economic development; ~~**[**revising the requirements for the State Plan for Economic Development; revising provisions governing the establishment by the Executive Director of the Office of Economic Development of nonprofit corporations for certain economic development purposes; revising provisions governing the confidentiality of certain records, documents and communications;**]**~~ revising the deadline for the submission of certain reports concerning local emerging small businesses by the Office **~~[;]~~ of Economic Development;** repealing provisions requiring the Office to take certain actions concerning the development of inland ports; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~**[** Existing law requires the Executive Director of the Office of Economic Development to submit a State Plan for Economic Development addressing this State's relative competitive strengths and weaknesses. (NRS 231.053) Section 1 of this bill removes the requirement to report this State's weaknesses in the State Plan for Economic Development.~~

~~— Existing law authorizes the Executive Director of the Office to cause the formation of a nonprofit corporation for certain economic development purposes upon approval by the Board of Economic Development and imposes certain requirements on such a nonprofit corporation. (NRS 231.0545) Section 2 of this bill revises this provision so that: (1) those requirements apply only to a nonprofit corporation formed for the purpose of making investments in businesses in this State; and (2) the Office is specifically authorized to provide administrative support to the nonprofit~~

~~corporation. Section 1 further authorizes: (1) the Executive Director to form additional nonprofit corporations after considering the advice and recommendations of the Board of Economic Development; and (2) the Office to provide administrative support to such nonprofit corporations.~~

~~Existing law requires the Office to keep confidential certain records and documents. (NRS 231.069) Section 3 of this bill extends this confidentiality to any communication between an employee or representative of the Office and a client of the Office or representative of such a client that is determined to contain proprietary or confidential information or information related to the business plans or opportunities of the client, proposed contracts or agreements of the client or the special knowledge, skills or expertise of the client. Under section 3, such communications are confidential only until the client: (1) publicly discloses that the client is considering locating the client's business in this State or has decided to locate its business in this State; or (2) submits an application to the Office for an incentive for economic development.~~**]**

Existing law requires the Office **of Economic Development** to submit a report once each year to the Governor and the Legislature or the Interim Finance Committee, as applicable, concerning whether the goals for participation of the local emerging small businesses certified by the Office in certain purchasing and public works contracts are being met. Under existing law this report must include, without limitation, a summary of the information contained in certain biannual reports submitted to the Office by local governments and the Purchasing Division and State Public Works Division of the Department of Administration. (NRS 231.14075) While the Office's deadline for the submission of its annual report is September 15, the deadline for the submission of the biannual report required to be submitted by local governments after the end of the fiscal year is September 28. (NRS 231.14075, 332.201) **Section 4** of this bill revises the deadline for the submission of the Office's annual report concerning local emerging small businesses so that the report must be submitted to the Governor and the Legislature or the Interim Finance Committee, as applicable, on or before December 1 of that year.

Existing law requires the Office to take certain actions concerning the development of inland ports. (NRS 231.075) **Section 7** of this bill repeals this requirement.

Amendment No. 397.

AN ACT relating to mental health; **requiring the court to conduct a hearing as soon as practicable on an application for a writ of habeas corpus relating to a person with mental illness or who is alleged to be a person with mental illness; expanding the definition of "person with mental illness";** revising provisions governing the examination and evaluation by a physician or licensed psychologist of a person alleged to be a person with mental illness; requiring a court to transmit an order for involuntary admission to a law enforcement agency under certain circumstances; establishing a procedure for certain hospitals and mental health facilities to request a copy of a court order for involuntary admission; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Section 1 of this bill requires the court to conduct a hearing as soon as practicable on an application for a writ of habeas corpus by, or on behalf of, a person who is alleged to be a person with mental illness or who has been found to be a person with mental illness.

Existing law defines a person with mental illness to include a person whose capacity is diminished as a result of mental illness to the extent that the person presents a clear and present danger of harm to himself or herself. A person presents a clear and present danger of harm to himself or herself if there exists a reasonable probability that the person will harm himself or herself unless the person is admitted to a mental health facility. (NRS 433A.115) Section 1.3 of this bill revises this definition to provide that the person presents a clear and present danger of harm to himself or herself if there exists a reasonable probability that

the person will harm himself or herself unless the person is required to participate in a program of community-based or outpatient services.

Existing law requires that, after the filing of a petition to involuntarily admit a person alleged to be a person with mental illness to a mental health facility or certain other services, the court shall cause two or more physicians or licensed psychologists, one of whom must always be a physician, to examine the person. A physician or psychologist who examines the person must submit to the court a written summary of his or her findings and evaluation not later than 24 or 48 hours before the hearing on the petition, depending on the circumstances of the admission. (NRS 433A.240) **Section ~~[1]~~ 1.7** of this bill revises these provisions to require the physician or psychologist to submit the written summary of findings and evaluation not later than ~~[the time of]~~ **24 hours before** the hearing on the petition.

Existing law requires that if the court issues an order involuntarily admitting a person with mental illness to a mental health facility or certain other programs of services, the court is required to transmit a record of the order to the Central Repository for Nevada Records of Criminal History. (NRS 433A.310) **Section 2** of this bill requires the court to transmit a record of the order to each law enforcement agency of this State with which the court has entered into an agreement for such transmission for inclusion in certain databases.

Existing law requires a court to seal all court records relating to the admission and mental health treatment of certain persons and establishes procedures by which certain entities may be granted an opportunity to inspect the records. (NRS 433A.715) **Section 3** of this bill establishes a procedure by which a public or private hospital or a mental health facility may request and obtain a copy of a court order of involuntary admission which relates to a person alleged to be a person with mental illness who has been admitted to the hospital or facility.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. **Chapter 433A of NRS is hereby amended by adding thereto a new section to read as follows:**

2. To conduct the examination of a person who is not being detained at a mental health facility or hospital under emergency admission pursuant to an application made pursuant to NRS 433A.160, the court may order a peace officer to take the person into protective custody and transport the person to a mental health facility or hospital where the person may be detained until a hearing is had upon the petition.

3. If the person is not being detained under an emergency admission pursuant to an application made pursuant to NRS 433A.160, the person may be allowed to remain in his or her home or other place of residence pending an ordered examination or examinations and to return to his or her home or other place of residence upon completion of the examination or examinations. The person may be accompanied by one or more of his or her relations or friends to the place of examination.

Sec. 2. NRS 433A.310 is hereby amended to read as follows:

433A.310 1. Except as otherwise provided in NRS 432B.6076 and 432B.6077, if the district court finds, after proceedings for the involuntary court-ordered admission of a person:

(a) That there is not clear and convincing evidence that the person with respect to whom the hearing was held has a mental illness or exhibits observable behavior such that the person is likely to harm himself or herself or others if allowed his or her liberty or if not required to participate in a program of community-based or outpatient services, the court shall enter its finding to that effect and the person must not be involuntarily admitted to a

public or private mental health facility or to a program of community-based or outpatient services.

(b) That there is clear and convincing evidence that the person with respect to whom the hearing was held has a mental illness and, because of that illness, is likely to harm himself or herself or others if allowed his or her liberty or if not required to participate in a program of community-based or outpatient services, the court may order the involuntary admission of the person for the most appropriate course of treatment, including, without limitation, admission to a public or private mental health facility or participation in a program of community-based or outpatient services. The order of the court must be interlocutory and must not become final if, within 30 days after the involuntary admission, the person is unconditionally released pursuant to NRS 433A.390.

2. A court shall not admit a person to a program of community-based or outpatient services unless:

(a) A program of community-based or outpatient services is available in the community in which the person resides or is otherwise made available to the person;

(b) The person is 18 years of age or older;

(c) The person has a history of noncompliance with treatment for mental illness;

(d) The person is capable of surviving safely in the community in which he or she resides with available supervision;

(e) The court determines that, based on the person's history of treatment for mental illness, the person needs to be admitted to a program of community-based or outpatient services to prevent further disability or deterioration of the person which is likely to result in harm to himself or herself or others;

(f) The current mental status of the person or the nature of the person's illness limits or negates his or her ability to make an informed decision to seek treatment for mental illness voluntarily or to comply with recommended treatment for mental illness;

(g) The program of community-based or outpatient services is the least restrictive treatment which is in the best interest of the person; and

(h) The court has approved a plan of treatment developed for the person pursuant to NRS 433A.315.

3. Except as otherwise provided in NRS 432B.608, an involuntary admission pursuant to paragraph (b) of subsection 1 automatically expires at the end of 6 months if not terminated previously by the medical director of the public or private mental health facility as provided for in subsection 2 of NRS 433A.390 or by the professional responsible for providing or coordinating the program of community-based or outpatient services as provided for in subsection 3 of NRS 433A.390. Except as otherwise provided in NRS 432B.608, at the end of the court-ordered period of treatment, the Division, any mental health facility that is not operated by the Division or a

program of community-based or outpatient services may petition to renew the involuntary admission of the person for additional periods not to exceed 6 months each. For each renewal, the petition must include evidence which meets the same standard set forth in subsection 1 that was required for the initial period of admission of the person to a public or private mental health facility or to a program of community-based or outpatient services.

4. Before issuing an order for involuntary admission or a renewal thereof, the court shall explore other alternative courses of treatment within the least restrictive appropriate environment, including involuntary admission to a program of community-based or outpatient services, as suggested by the evaluation team who evaluated the person, or other persons professionally qualified in the field of psychiatric mental health, which the court believes may be in the best interests of the person.

5. If the court issues an order involuntarily admitting a person to a public or private mental health facility or to a program of community-based or outpatient services pursuant to this section, the court shall, notwithstanding the provisions of NRS 433A.715, cause, within 5 business days after the order becomes final pursuant to this section, on a form prescribed by the Department of Public Safety, a record of the order to be transmitted to ~~[the]~~ ***:***

(a) The Central Repository for Nevada Records of Criminal History, along with a statement indicating that the record is being transmitted for inclusion in each appropriate database of the National Instant Criminal Background Check System ~~[.]~~ ***; and***

(b) Each law enforcement agency of this State with which the court has entered into an agreement for such transmission, along with a statement indicating that the record is being transmitted for inclusion in each of this State's appropriate databases of information relating to crimes.

6. As used in this section, "National Instant Criminal Background Check System" has the meaning ascribed to it in NRS 179A.062.

Sec. 3. NRS 433A.715 is hereby amended to read as follows:

If the person who is the subject of the records wishes to oppose the petition, the person must appear before the court at the hearing. 5. ***Upon the request of a public or private hospital or a mental health facility to which a person has been admitted in this State, the court shall:***

(a) Authorize the release of a copy of any order which was entered by the court pursuant to paragraph (b) of subsection 1 of NRS 433A.310 if:

(II) The requested order is necessary to improve the care which is being provided to the person who is the subject of the order.

(b) Place the request in the record under seal.

6. Existing law imposes an annual commerce tax on each business entity engaged in business in this State whose Nevada gross revenue in a fiscal year exceeds $4,000,000 at a rate that is based on the industry in which the business entity is primarily engaged. (NRS 363C.200) Under existing law and regulations, a business entity whose Nevada gross revenue for a fiscal year is $4,000,000 or less must file an informational return with the Department of Taxation that includes an identification of the industry in which the business entity is primarily engaged and an affirmation under penalty of perjury that the Nevada gross revenue of the business entity for the fiscal year was less than $4,000,000. Assemblywoman Neal moved the adoption of the amendment.

Remarks by Assemblywoman Neal.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 298.

Bill read second time.

The following amendment was proposed by the Committee on Natural Resources, Agriculture, and Mining:

Amendment No. 359.

AN ACT relating to water; defining "perennial yield"; **defining "environmental soundness" and "environmentally sound";** authorizing, under certain circumstances, the State Engineer to consider the approval of a monitoring, management and mitigation plan; setting forth certain requirements for a monitoring, management and mitigation plan; requiring the State Engineer to provide notice of a proposed monitoring, management and mitigation plan; authorizing the State Engineer to approve an amendment to a monitoring, management and mitigation plan; defining ~~["environmentally sound" and]~~ "unappropriated water" for certain purposes; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Engineer is required to reject an application for a permit to appropriate water to beneficial use if there is no unappropriated water at the source of supply or if the proposed use of the water or change conflicts with existing rights or protectable interests in existing domestic wells or threatens to prove detrimental to the public interest. (NRS 533.370) **Section 3** of this bill provides that ~~[before rejecting]~~ **when reviewing** an application **,** ~~[because the proposed use conflicts with existing rights or protectable interests,]~~ the State Engineer may consider whether a monitoring, management and mitigation plan will eliminate the conflicts ~~[.]~~ **with existing rights, protectable interests, the public interest or the environmental soundness of an interbasin transfer of groundwater.** **Section 3** also sets forth the requirements for such a plan. **Section 4** of this bill requires the State Engineer to provide notice to certain persons about the proposed plan **.** ~~[and determine whether there is substantial evidence that the plan will eliminate the conflicts.]~~ **Section 5** of this bill sets forth certain requirements if, as part of a monitoring, management or mitigation plan, a person is required to furnish ~~[replacement]~~ **mitigation** water to a holder of existing rights or owner of ~~[a]~~ **an existing** domestic well. **Section 6** of this bill authorizes the State Engineer to ~~[approve]~~ **consider** an amendment to a monitoring, management or mitigation plan. **Section 6 also authorizes the State Engineer, under certain circumstances, to require**

certain changes to the monitoring provisions of a monitoring, management and mitigation plan without complying with the requirements for a proposed amendment. Section 7.5 of this bill provides that it is the policy of this State to address issues and conflicts related to certain applications for water and to encourage the use of monitoring, management and mitigation plans under certain circumstances. Sections 8-19 of this bill make conforming changes.

Existing law: (1) requires the State Engineer to reject an application for a permit to appropriate water if the State Engineer determines that there is no water available from the proposed source of supply without exceeding the perennial yield of that source; (2) authorizes the State Engineer to designate as a critical management area any basin which withdrawals of groundwater consistently exceed the perennial yield of the basin; and (3) requires the State Engineer to designate as a critical management area any basin in which withdrawals of groundwater consistently exceed the perennial yield of the basin upon receipt of certain petitions (NRS 533.371, 534.110) **Sections 2 and 19** of this bill define the term "perennial yield" for these purposes.

When considering whether to approve an application for an interbasin transfer of groundwater, existing law requires the State Engineer to consider whether the proposed interbasin transfer is environmentally sound. (NRS 533.370) **Section ~~[10]~~ 2.5 of this bill** defines the term "environmentally sound" for this purpose.

Existing law requires the State Engineer to reject an application for a permit if there is no unappropriated water in the proposed source of supply. (NRS 533.370) **Section 10** defines "unappropriated water" for this purpose.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

5. The State Engineer shall deny a monitoring, management and mitigation plan if he or she determines that the plan does not eliminate the conflicts.

Sec. 4. *1. ~~[The State Engineer must review a monitoring, management and mitigation plan and determine whether there is substantial evidence that implementation of the plan will eliminate the conflicts with existing rights and protectable interests in domestic wells.~~*

Sec. 7.5. **NRS 533.024 is hereby amended to read as follows:**

533.024 The Legislature declares that:

(c) To encourage the State Engineer to consider the best available science in rendering decisions concerning the available surface and underground sources of water in Nevada.

2. The procedures in this chapter for changing the place of diversion, manner of use or place of use of water, and for confirming a report of conveyance, are not intended to have the effect of quieting title to or changing ownership of a water right and that only a court of competent

jurisdiction has the power to determine conflicting claims to ownership of a water right.

3. The procedures in this chapter regarding the review or approval of a monitoring, management and mitigation plan are not intended to abrogate the authority of the State Engineer to protect existing rights and protectable interests in existing domestic wells.

Sec. 9. NRS 533.353 is hereby amended to read as follows:

(2) Financial ability and reasonable expectation actually to construct the work and apply the water to the intended beneficial use with reasonable diligence.

2. Except as otherwise provided in subsection 10 ~~[,]~~ ***and section 3 of this act,*** where there is no unappropriated water in the proposed source of supply, or where its proposed use or change conflicts with existing rights or with protectable interests in existing domestic wells as set forth in NRS 533.024, or threatens to prove detrimental to the public interest, the State Engineer shall reject the application and refuse to issue the requested permit. If a previous application for a similar use of water within the same basin has been rejected on those grounds, the new application may be denied without publication.

3. In addition to the criteria set forth in subsections 1 and 2 ~~[,]~~ ***and section 3 of this act,*** in determining whether an application for an interbasin transfer of groundwater must be rejected pursuant to this section, the State Engineer shall consider:

(a) Whether the applicant has justified the need to import the water from another basin;

(b) If the State Engineer determines that a plan for conservation of water is advisable for the basin into which the water is to be imported, whether the applicant has demonstrated that such a plan has been adopted and is being effectively carried out;

(c) Whether the proposed action is environmentally sound as it relates to the basin from which the water is exported;

(d) Whether the proposed action is an appropriate long-term use which will not unduly limit the future growth and development in the basin from which the water is exported; and

(e) Any other factor the State Engineer determines to be relevant.

4. Except as otherwise provided in this subsection and subsections 6 and 10 and NRS 533.365, the State Engineer shall approve or reject each application within 2 years after the final date for filing a protest. The State Engineer may postpone action:

(a) Upon written authorization to do so by the applicant.

(b) If an application is protested.

(c) If the purpose for which the application was made is municipal use.

(d) In areas where studies of water supplies have been determined to be necessary by the State Engineer pursuant to NRS 533.368.

(e) Where court actions or adjudications are pending, which may affect the outcome of the application.

(f) In areas in which adjudication of vested water rights is deemed necessary by the State Engineer.

(g) On an application for a permit to change a vested water right in a basin where vested water rights have not been adjudicated.

(h) Where authorized entry to any land needed to use the water for which the application is submitted is required from a governmental agency.

(i) On an application for which the State Engineer has required additional information pursuant to NRS 533.375.

5. If the State Engineer does not act upon an application in accordance with subsections 4 and 6, the application remains active until approved or rejected by the State Engineer.

6. Except as otherwise provided in this subsection and subsection 10, the State Engineer shall approve or reject, within 6 months after the final date for filing a protest, an application filed to change the point of diversion of water already appropriated when the existing and proposed points of diversion are on the same property for which the water has already been appropriated under the existing water right or the proposed point of diversion is on real property that is proven to be owned by the applicant and is contiguous to the place of use of the existing water right. The State Engineer may postpone action on the application pursuant to subsection 4.

7. If the State Engineer has not approved, rejected or held a hearing on an application within 7 years after the final date for filing a protest, the State Engineer shall cause notice of the application to be republished pursuant to NRS 533.360 immediately preceding the time at which the State Engineer is ready to approve or reject the application. The cost of the republication must be paid by the applicant. After such republication, a protest may be filed in accordance with NRS 533.365.

8. If a hearing is held regarding an application, the decision of the State Engineer must be in writing and include findings of fact, conclusions of law and a statement of the underlying facts supporting the findings of fact. The written decision may take the form of a transcription of an oral ruling. The rejection or approval of an application must be endorsed on a copy of the original application, and a record must be made of the endorsement in the records of the State Engineer. The copy of the application so endorsed must be returned to the applicant. Except as otherwise provided in subsection 11, if the application is approved, the applicant may, on receipt thereof, proceed with the construction of the necessary works and take all steps required to apply the water to beneficial use and to perfect the proposed appropriation. If the application is rejected, the applicant may take no steps toward the prosecution of the proposed work or the diversion and use of the public water while the rejection continues in force.

9. If a person is the successor in interest of an owner of a water right or an owner of real property upon which a domestic well is located and if the former owner of the water right or real property on which a domestic well is located had previously filed a written protest against the granting of an application, the successor in interest must be allowed to pursue that protest in the same manner as if the successor in interest were the former owner whose interest he or she succeeded. If the successor in interest wishes to pursue the

protest, the successor in interest must notify the State Engineer in a timely manner on a form provided by the State Engineer.

10. The provisions of subsections 1 to 9, inclusive, do not apply to an application for an environmental permit or a temporary permit issued pursuant to NRS 533.436 or 533.504.

11. The provisions of subsection 8 do not authorize the recipient of an approved application to use any state land administered by the Division of State Lands of the State Department of Conservation and Natural Resources without the appropriate authorization for that use from the State Land Registrar.

12. As used in this section ~~[~~, "domestic~~]~~ ***:***

(a) "Domestic well" has the meaning ascribed to it in NRS 534.350.

(b) ~~[~~"Environmentally sound" means that the use of groundwater for an interbasin transfer of water will not cause:

~~(1) An unreasonable effect on natural resources which depend on groundwater in the basin from which the water is transferred; or~~

~~(2) The inability to sustain, over a 75-year planning period, current or successor plant and wildlife communities in the basin from which the water is transferred.~~

~~(c)]~~ "Unappropriated water" means the quantity of groundwater that is:

(1) Available for appropriation based on the perennial yield of the source of supply ~~[,]~~ which does not require the actual capture of the recharge or discharge from the source of supply; and

(2) Not committed to existing permitted, certificated, federally reserved, decreed or vested water rights.

Sec. 11. NRS 533.371 is hereby amended to read as follows:

533.371 The State Engineer shall reject the application and refuse to issue a permit to appropriate water for a specified period if the State Engineer determines that:

1. The application is incomplete;
2. The prescribed fees have not been paid;
3. The proposed use is not temporary;
4. There is no water available from the proposed source of supply without exceeding the perennial yield ~~[~~or safe yield~~]~~ of that source;
5. The ~~[~~***Except as otherwise provided in NRS 533.353 and sections 3 to 6, inclusive, of this act, the***~~]~~ proposed use conflicts with existing rights ~~[,]~~ ***and the conflict cannot be eliminated through the use of a monitoring, management and mitigation plan;*** or
6. The proposed use threatens to prove detrimental to the public interest.

Sec. 12. NRS 533.410 is hereby amended to read as follows:

533.410 ~~[~~If~~]~~ ***Except as otherwise provided in section 5 of this act, if*** any holder of a permit from the State Engineer fails, before the date set for filing in the permit or the date set by any extension granted by the State Engineer, to file with the State Engineer proof of application of water to beneficial use, and the accompanying map, if a map is required, the State Engineer shall

advise the holder of the permit, by registered or certified mail, that the permit is held for cancellation. If the holder, within 30 days after the mailing of this notice, fails to file with the State Engineer the required affidavit and map, if a map is required, or an application for an extension of time to file the instruments, the State Engineer shall cancel the permit. For good cause shown, upon application made before the expiration of the 30-day period, the State Engineer may grant an extension of time in which to file the instruments.

Sec. 13. NRS 533.450 is hereby amended to read as follows:

533.450 1. Except as otherwise provided in NRS 533.353, any person feeling aggrieved by any order or decision of the State Engineer, acting in person or through the assistants of the State Engineer or the water commissioner, affecting the person's interests, when the order or decision relates to the administration of determined rights or is made pursuant to NRS 533.270 to 533.445, inclusive, ***and sections 3 to 6, inclusive, of this act,*** or NRS 533.481, 534.193, 535.200 or 536.200, may have the same reviewed by a proceeding for that purpose, insofar as may be in the nature of an appeal, which must be initiated in the proper court of the county in which the matters affected or a portion thereof are situated, but on stream systems where a decree of court has been entered, the action must be initiated in the court that entered the decree. The order or decision of the State Engineer remains in full force and effect unless proceedings to review the same are commenced in the proper court within 30 days after the rendition of the order or decision in question and notice thereof is given to the State Engineer as provided in subsection 3.

2. The proceedings in every case must be heard by the court, and must be informal and summary, but full opportunity to be heard must be had before judgment is pronounced.

3. No such proceedings may be entertained unless notice thereof, containing a statement of the substance of the order or decision complained of, and of the manner in which the same injuriously affects the petitioner's interests, has been served upon the State Engineer, personally or by registered or certified mail, at the Office of the State Engineer at the State Capital within 30 days following the rendition of the order or decision in question. A similar notice must also be served personally or by registered or certified mail upon the person who may have been affected by the order or decision.

4. Where evidence has been filed with, or testimony taken before, the State Engineer, a transcribed copy thereof, or of any specific part of the same, duly certified as a true and correct transcript in the manner provided by law, must be received in evidence with the same effect as if the reporter were present and testified to the facts so certified. A copy of the transcript must be furnished on demand, at actual cost, to any person affected by the order or decision, and to all other persons on payment of a reasonable amount therefor, to be fixed by the State Engineer.

5. An order or decision of the State Engineer must not be stayed unless the petitioner files a written motion for a stay with the court and serves the motion personally or by registered or certified mail upon the State Engineer, the applicant or other real party in interest and each party of record within 10 days after the petitioner files the petition for judicial review. Any party may oppose the motion and the petitioner may reply to any such opposition. In determining whether to grant or deny the motion for a stay, the court shall consider:

(a) Whether any nonmoving party to the proceeding may incur any harm or hardship if the stay is granted;

(b) Whether the petitioner may incur any irreparable harm if the stay is denied;

(c) The likelihood of success of the petitioner on the merits; and

(d) Any potential harm to the members of the public if the stay is granted.

6. Except as otherwise provided in this subsection, the petitioner must file a bond in an amount determined by the court, with sureties satisfactory to the court and conditioned in the manner specified by the court. The bond must be filed within 5 days after the court determines the amount of the bond pursuant to this subsection. If the petitioner fails to file the bond within that period, the stay is automatically denied. A bond must not be required for a public agency of this State or a political subdivision of this State.

7. Costs must be paid as in civil cases brought in the district court, except by the State Engineer or the State.

8. The practice in civil cases applies to the informal and summary character of such proceedings, as provided in this section.

9. Appeals may be taken to the appellate court of competent jurisdiction pursuant to the rules fixed by the Supreme Court pursuant to Section 4 of Article 6 of the Nevada Constitution from the judgment of the district court in the same manner as in other civil cases.

10. The decision of the State Engineer is prima facie correct, and the burden of proof is upon the party attacking the same.

11. Whenever it appears to the State Engineer that any litigation, whether now pending or hereafter brought, may adversely affect the rights of the public in water, the State Engineer shall request the Attorney General to appear and protect the interests of the State.

Sec. 14. NRS 533.475 is hereby amended to read as follows:

533.475 The State Engineer and the assistants of the State Engineer shall have power to arrest any person violating any of the provisions of NRS 533.005 to 533.470, inclusive, ***and sections 3 to 6, inclusive, of this act*** and to turn that person over to the sheriff or other competent police officer within the county. Immediately on delivering any such person so arrested into the custody of the sheriff, the State Engineer or assistant making such arrest shall immediately, in writing, and upon oath, make a complaint before the justice of the peace against the person so arrested.

Sec. 15. NRS 533.480 is hereby amended to read as follows:

533.480 Any person violating any of the provisions of NRS 533.005 to 533.475, inclusive, ***and sections 3 to 6, inclusive, of this act*** shall be guilty of a misdemeanor.

Sec. 16. NRS 533.515 is hereby amended to read as follows:

533.515 1. No permit for the appropriation of water or application to change the point of diversion under an existing water right may be denied because of the fact that the point of diversion described in the application for the permit, or any portion of the works in the application described and to be constructed for the purpose of storing, conserving, diverting or distributing the water are situated in any other state; but in all such cases where the place of intended use, or the lands, or part of the lands to be irrigated by means of the water, are situated within this state, the permit must be issued as in other cases, pursuant to the provisions of NRS 533.324 to 533.450, inclusive, ***and sections 3 to 6, inclusive, of this act,*** and chapter 534 of NRS.

2. The permit must not purport to authorize the doing or refraining from any act or thing, in connection with the system of appropriation, not properly within the scope of the jurisdiction of this state and the State Engineer to grant.

Sec. 17. NRS 533.520 is hereby amended to read as follows:

533.520 1. Any person who files an application for a permit to appropriate water from above or beneath the surface of the ground for use outside this State, or to change the point of diversion under an existing water right which has a place of use outside of this State, or to change the place of use of water from a location in this State to a location outside this State under an existing right, must file an application with the State Engineer for a permit to do so pursuant to provisions of NRS 533.324 to 533.450, inclusive, ***and sections 3 to 6, inclusive, of this act,*** and chapter 534 of NRS.

2. The State Engineer may approve such an application if the State Engineer determines that the applicant's use of the water outside this State complies with the requirements of NRS 533.324 to 533.450, inclusive, ***and sections 3 to 6, inclusive, of this act,*** and those provisions of chapter 534 of NRS pertaining to the appropriation of water. In making the determination, the State Engineer shall consider:

(a) The supply of water available in this State;

(b) The current and reasonably anticipated demands for water in this State;

(c) The current or reasonably anticipated shortages of water in this State;

(d) Whether the water that is the subject of the application could feasibly be used to alleviate current or reasonably anticipated shortages of water in this State;

(e) The supply and sources of water available to the applicant in the state in which the applicant intends to use the water;

(f) The demands placed on the applicant's supply of water in the state in which he or she intends to use the water; and

(g) Whether the request in the application is reasonable, taking into consideration the factors set forth in paragraphs (a) to (f), inclusive.

3. The State Engineer may, as a condition to the approval of such an application, require the applicant to file a certificate from the appropriate official in the state in which the water is to be used, indicating to the satisfaction of the State Engineer that the intended use of the water would be beneficial and that the appropriation is feasible.

4. A person who is granted a permit pursuant to this section shall comply with the laws and regulations of this State governing the appropriation and use of water, as amended from time to time, and any change in the point of diversion, manner of use or place of use of water under a permit issued pursuant to this section is subject to the requirements of this section.

5. The State Engineer may, as a condition of the approval of any permit granted pursuant to this section, require that the use of water in another state be subject to the same regulations and restrictions that may be imposed upon the use of water in this State.

6. Upon submittal of an application under this section, the applicant and, if the applicant is a natural person, the personal representative of the person, are subject to the jurisdiction of the courts of this State and to service of process as provided in NRS 14.065.

Sec. 18. NRS 534.090 is hereby amended to read as follows:

534.090 1. Except as otherwise provided in this section ~~[,]~~ ***and section 5 of this act,*** failure for 5 successive years after April 15, 1967, on the part of the holder of any right, whether it is an adjudicated right, an unadjudicated right or a right for which a certificate has been issued pursuant to NRS 533.425, and further whether the right is initiated after or before March 25, 1939, to use beneficially all or any part of the underground water for the purpose for which the right is acquired or claimed, works a forfeiture of both undetermined rights and determined rights to the use of that water to the extent of the nonuse. If the records of the State Engineer or any other documents specified by the State Engineer indicate at least 4 consecutive years, but less than 5 consecutive years, of nonuse of all or any part of a water right which is governed by this chapter, the State Engineer shall notify the owner of the water right, as determined in the records of the Office of the State Engineer, by registered or certified mail that the owner has 1 year after the date of the notice in which to use the water right beneficially and to provide proof of such use to the State Engineer or apply for relief pursuant to subsection 2 to avoid forfeiting the water right. If, after 1 year after the date of the notice, proof of resumption of beneficial use is not filed in the Office of the State Engineer, the State Engineer shall, unless the State Engineer has granted a request to extend the time necessary to work a forfeiture of the water right, declare the right forfeited within 30 days. Upon the forfeiture of a right to the use of groundwater, the water reverts to the public and is available for further appropriation, subject to existing rights. If, upon notice by registered or certified mail to the owner of record whose right has been

declared forfeited, the owner of record fails to appeal the ruling in the manner provided for in NRS 533.450, and within the time provided for therein, the forfeiture becomes final. The failure to receive a notice pursuant to this subsection does not nullify the forfeiture or extend the time necessary to work the forfeiture of a water right.

2. The State Engineer may, upon the request of the holder of any right described in subsection 1, extend the time necessary to work a forfeiture under that subsection if the request is made before the expiration of the time necessary to work a forfeiture. The State Engineer may grant, upon request and for good cause shown, any number of extensions, but a single extension must not exceed 1 year. In determining whether to grant or deny a request, the State Engineer shall, among other reasons, consider:

(a) Whether the holder has shown good cause for the holder's failure to use all or any part of the water beneficially for the purpose for which the holder's right is acquired or claimed;

(b) The unavailability of water to put to a beneficial use which is beyond the control of the holder;

(c) Any economic conditions or natural disasters which made the holder unable to put the water to that use;

(d) Any prolonged period in which precipitation in the basin where the water right is located is below the average for that basin or in which indexes that measure soil moisture show that a deficit in soil moisture has occurred in that basin;

(e) Whether a groundwater management plan has been approved for the basin pursuant to NRS 534.037; and

(f) Whether the holder has demonstrated efficient ways of using the water for agricultural purposes, such as center-pivot irrigation.

➥ The State Engineer shall notify, by registered or certified mail, the owner of the water right, as determined in the records of the Office of the State Engineer, of whether the State Engineer has granted or denied the holder's request for an extension pursuant to this subsection. If the State Engineer grants an extension pursuant to this subsection and, before the expiration of that extension, proof of resumption of beneficial use or another request for an extension is not filed in the Office of the State Engineer, the State Engineer shall declare the water right forfeited within 30 days after the expiration of the extension granted pursuant to this subsection.

3. If the failure to use the water pursuant to subsection 1 is because of the use of center-pivot irrigation before July 1, 1983, and such use could result in a forfeiture of a portion of a right, the State Engineer shall, by registered or certified mail, send to the owner of record a notice of intent to declare a forfeiture. The notice must provide that the owner has at least 1 year after the date of the notice to use the water beneficially or apply for additional relief pursuant to subsection 2 before forfeiture of the owner's right is declared by the State Engineer.

4. A right to use underground water whether it is vested or otherwise may be lost by abandonment. If the State Engineer, in investigating a groundwater source, upon which there has been a prior right, for the purpose of acting upon an application to appropriate water from the same source, is of the belief from his or her examination that an abandonment has taken place, the State Engineer shall so state in the ruling approving the application. If, upon notice by registered or certified mail to the owner of record who had the prior right, the owner of record of the prior right fails to appeal the ruling in the manner provided for in NRS 533.450, and within the time provided for therein, the alleged abandonment declaration as set forth by the State Engineer becomes final.

Sec. 19. NRS 534.110 is hereby amended to read as follows:

534.110 1. The State Engineer shall administer this chapter and shall prescribe all necessary regulations within the terms of this chapter for its administration.

2. The State Engineer may:

(a) Require periodical statements of water elevations, water used, and acreage on which water was used from all holders of permits and claimants of vested rights.

(b) Upon his or her own initiation, conduct pumping tests to determine if overpumping is indicated, to determine the specific yield of the aquifers and to determine permeability characteristics.

3. The State Engineer shall determine whether there is unappropriated water in the area affected and may issue permits only if the determination is affirmative. The State Engineer may require each applicant to whom a permit is issued for a well:

(a) For municipal, quasi-municipal or industrial use; and

(b) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

➥ to report periodically to the State Engineer concerning the effect of that well on other previously existing wells that are located within 2,500 feet of the well.

4. It is a condition of each appropriation of groundwater acquired under this chapter that the right of the appropriator relates to a specific quantity of water and that the right must allow for a reasonable lowering of the static water level at the appropriator's point of diversion. In determining a reasonable lowering of the static water level in a particular area, the State Engineer shall consider the economics of pumping water for the general type of crops growing and may also consider the effect of using water on the economy of the area in general.

5. This section does not prevent the granting of permits to applicants later in time on the ground that the diversions under the proposed later appropriations may cause the water level to be lowered at the point of diversion of a prior appropriator, so long as any protectable interests in existing domestic wells as set forth in NRS 533.024 and the rights of holders

of existing appropriations can be satisfied under ~~[such express conditions.~~ ***the terms of the permit or a monitoring, management and mitigation plan.*** At the time a permit is granted for a well:

(a) For municipal, quasi-municipal or industrial use; and

(b) Whose reasonably expected rate of diversion is one-half cubic foot per second or more,

➥ the State Engineer shall include as a condition of the permit that pumping water pursuant to the permit may be limited or prohibited to prevent any unreasonable adverse effects on an existing domestic well located within 2,500 feet of the well, unless the holder of the permit and the owner of the domestic well have agreed to alternative measures that mitigate those adverse effects.

6. Except as otherwise provided in subsection 7, the State Engineer shall conduct investigations in any basin or portion thereof where it appears that the average annual replenishment to the groundwater supply may not be adequate for the needs of all permittees and all vested-right claimants, and if the findings of the State Engineer so indicate, the State Engineer may order that withdrawals, including, without limitation, withdrawals from domestic wells, be restricted to conform to priority rights.

7. The State Engineer:

(a) May designate as a critical management area any basin in which withdrawals of groundwater consistently exceed the perennial yield of the basin.

(b) Shall designate as a critical management area any basin in which withdrawals of groundwater consistently exceed the perennial yield of the basin upon receipt of a petition for such a designation which is signed by a majority of the holders of certificates or permits to appropriate water in the basin that are on file in the Office of the State Engineer.

➥ The designation of a basin as a critical management area pursuant to this subsection may be appealed pursuant to NRS 533.450. If a basin has been designated as a critical management area for at least 10 consecutive years, the State Engineer shall order that withdrawals, including, without limitation, withdrawals from domestic wells, be restricted in that basin to conform to priority rights, unless a groundwater management plan has been approved for the basin pursuant to NRS 534.037.

8. In any basin or portion thereof in the State designated by the State Engineer, the State Engineer may restrict drilling of wells in any portion thereof if the State Engineer determines that additional wells would cause an undue interference with existing wells. Any order or decision of the State Engineer so restricting drilling of such wells may be reviewed by the district court of the county pursuant to NRS 533.450.

9. As used in this section, "perennial yield" has the meaning ascribed to it in section 2 of this act.

Sec. 20. The Legislature hereby declares that:

1. It has examined the past and present practice of the State Engineer with respect to ~~[existing water rights and protectable interests in existing domestic wells and]~~ the approval of an application to appropriate water or to change the point of diversion, manner of use or place of use subject to the development and implementation of a monitoring, management and mitigation plan and finds that the State Engineer has applied the provisions of Nevada law relating to such actions in a manner consistent with the provisions of this act.

2. The provisions of this act are intended to clarify rather than change the existing application of chapters 533 and 534 of NRS relating to ~~[existing water rights and protectable interests in existing domestic wells and]~~ the approval of an application to appropriate water or to change the point of diversion, manner of use or place of use subject to the development and implementation of a monitoring, management and mitigation plan, and to promote thereby stability and consistency in the administration of chapters 533 and 534 of NRS.

Sec. 21. This act becomes effective upon passage and approval and, to the extent that it applies to applications for a permit to appropriate water or to change the point of diversion, manner of use or place of use submitted to the State Engineer on or before the effective date of this act or to existing water rights or protectable interests in an existing domestic well with a priority date on or before the effective date of this act, shall apply to such applications, water rights and protectable interests retroactively and prospectively.

Amendment No. 219.

AN ACT relating to child care; **requiring the operator of a small child care establishment to register with the Division of Welfare and Supportive Services of the Department of Health and Human Services;** requiring certain persons who are employed at or otherwise present at a small child care establishment to undergo a criminal background check; **authorizing the Division of Public and Behavioral Health of the Department to collect from a child care facility or small child care establishment the costs relating to an investigation of a violation;** requiring the licensee of a child care facility to ensure that each child at the child care facility wears a helmet while using certain devices; providing for the inspection of such an establishment; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "child care facility" to mean an establishment that provides child care to five or more children for compensation and certain other child care establishments. (NRS 432A.024) **Section 2** of this bill defines the term "small child care establishment" to mean an establishment that furnishes child care to not more than four children unrelated to the operator for compensation, outside the home and the presence of the parent or guardian of any of the children and on a regular basis for at least 3 weeks. **Section 3** of this bill requires a person or governmental entity that wishes to operate a small child care establishment to register with the Division of ~~[Public and Behavioral Health]~~ **Welfare and Supportive Services** of the Department of Health and Human Services and

submit certain information to the Division concerning employees and certain residents of the establishment. **Section 9** of this bill authorizes the Division **of Public and Behavioral Health of the Department** to seek an injunction against any person or governmental entity that operates a small child care establishment without registering with the Division ~~[.]~~ **of Welfare and Supportive Services.** **Section 10** of this bill makes it a misdemeanor to operate a small child care establishment without registering with the Division ~~[.]~~ **of Welfare and Supportive Services.**

Existing law requires every applicant for and holder of a license to operate a child care facility, employee of such an applicant or licensee and certain adult residents of a child care facility to undergo a criminal background check conducted by the Division at least once every 5 years. (NRS 432A.170, 432A.175) If a criminal background check reveals that such a person has been convicted of certain crimes, the person must be terminated or otherwise prevented from having direct contact with children at the facility. (NRS 432A.1775) **Sections 7.2-7.6 of this bill make these requirements applicable to operators, employees and certain adult residents of small child care establishments. Section 7.8 of this bill also requires an operator of a small child care establishment to maintain certain records relating to those background checks.** **Section 3** prohibits a person who has been convicted of ~~[those]~~ **certain** crimes from operating a small child care establishment.

~~[Existing law establishes within the Central Repository for Nevada Records of Criminal History a service to conduct a name-based search of records of criminal history of an employee, prospective employee, volunteer or prospective volunteer. (NRS 179A.103) Section 11 of this bill additionally authorizes this service to be used to conduct a name-based search of the records of criminal history of a resident of a small child care establishment. Section 4 of this bill requires the operator of a small child care establishment to use the service to conduct a name-based search of the records of criminal history of employees and certain residents of the establishment at least once every 5 years. Section 4 also requires the operator of a small child care facility to maintain certain records related to those background checks.]~~ **Section 7** of this bill authorizes the State Board of Health to adopt regulations to enforce the requirements for registration and background checks and to ensure the safe operation of small child care establishments. The Division of Public and Behavioral Health is authorized to impose a fine against any small child care establishment that violates the requirements or regulations. (NRS 432A.190)

Section 5 of this bill requires the licensee of a child care facility or the operator of a small child care establishment to ensure that each child at the facility or establishment wears a helmet while riding a bicycle, tricycle, skateboard, scooter, roller skates or any other similar device or toy that renders the child mobile.

Existing law authorizes any authorized member or employee of the Division to enter and inspect any building or premises of a child care facility or the area of operation of an outdoor youth program at any time to secure compliance with or prevent a violation of applicable law. **Section 8** of this bill extends those inspection provisions to include small child care establishments. **If a complaint against a child care facility or small child care establishment is substantiated, section 4.5 of this bill authorizes the Division to collect from the facility or establishment the costs of the Division relating to the violation, including the costs of any necessary inspection or investigation.**

Assembly Bill No. 356.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 407.

AN ACT relating to criminal procedure; ~~[requiring a prosecuting attorney, defense attorney and lead investigating law enforcement officer to meet and exchange discoverable materials before trial in a criminal case; revising provisions governing a request for the disclosure of certain information in a criminal proceeding; revising provisions governing the disclosure of evidence by a prosecuting attorney; revising provisions governing sanctions for the destruction, loss or failure to collect evidence or violating certain provisions governing the discovery of evidence in a criminal proceeding;]~~ **authorizing a prosecuting attorney or an attorney for a defendant to issue subpoenas for witnesses in this State to appear at an evidentiary hearing; revising the procedure for giving instructions to the jury;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[In Brady v. Maryland, 373 U.S. 83, 87 (1963), the United States Supreme Court held that the due process clause of the Fourteenth Amendment of the United States Constitution requires a prosecuting attorney to disclose evidence material either to guilt or to punishment. Existing law requires a prosecuting attorney disclose certain information on request, including evidence that he or she intends to introduce during the case in chief of the State. (NRS 174.235) Section 3 of this bill: (1) requires the prosecuting attorney to disclose such information only if the information is in the actual or constructive possession of the State; (2) provides that the prosecuting attorney is deemed to be in actual or constructive possession of any materials generated, collected or created by any law enforcement agency; and (3) adds to the list of information required to be disclosed by requiring the disclosure of any material that tends to exculpate the defendant, adversely impact a government witness's credibility or evidence's credibility, mitigate the defendant's culpability or mitigate the defendant's potential punishment. In addition, section 3 specifies that the prosecuting attorney has an affirmative obligation to seek out and disclose exculpatory materials to the defendant, regardless of whether the defendant has requested such material. Finally, section 3 requires the court to hold a hearing on a request for such information if the defendant files a motion with the court concerning the request.~~

~~Section 1 of this bill requires the prosecuting attorney, defendant's attorney and lead investigating law enforcement officer to meet and exchange all discoverable materials not less than 30 days before trial. Section 1 also~~

~~requires the prosecuting attorney and defendant to certify compliance with such requirement.~~

~~– Existing law authorizes a court, upon sufficient showing, to order that discovery or inspection of material be denied, restricted or deferred, or make other appropriate orders. (NRS 174.275) Section 4 of this bill specifies that the court is authorized to make such an order upon a sufficient showing that the material subject to discovery or inspection is privileged. Section 4 further requires the court to include in an order declaring material privileged a statement of the reasons for the determination that the material is privileged.~~

~~– Under existing law, a party may request the disclosure of information only within 30 days after arraignment or at such reasonable later time as the court permits. A party is authorized to make a subsequent request only upon a showing of cause why the request would be in the interest of justice. (NRS 174.285) Section 5 of this bill authorizes a party to make a subsequent request if the party learns additional material may exist, which was not known when the party made his or her initial request. Additionally, section 5 requires a request for permission to comply with a request later than 30 days before trial to be made by motion to the court.~~

~~– If a party fails to comply with the provisions of existing law governing discovery in criminal cases, existing law authorizes the court to order the party to permit the discovery or inspection of materials not previously disclosed, grant a continuance or prohibit the party from introducing in evidence the material not disclosed. (NRS 174.295) Section 6 of this bill requires the court to prohibit the party from introducing in evidence the material not disclosed unless the party proves that the material was unknown to the party even though the party diligently complied with the provisions of existing law governing discovery in criminal cases. Section 6 also: (1) requires the court to dismiss the case if it finds that the State has, in bad faith, destroyed, lost or failed to collect evidence subject to the provisions of existing law governing discovery in criminal cases; and (2) requires the court to instruct the jury to infer that destroyed, lost or uncollected evidence would have been favorable to the defendant if the court finds that the destruction, loss or failure to collect evidence was not in bad faith. Finally, section 6 defines "bad faith" for the purposes of determining whether the State has, in bad faith, destroyed, lost or failed to collect evidence.~~]

Existing law authorizes the prosecuting attorney or the attorney for the defendant in a criminal proceeding to issue subpoenas for witnesses within this State to appear before the court at which a preliminary hearing is to be held or an indictment, information or criminal complaint is to be tried. (NRS 174.315) Section 7 of this bill additionally authorizes a prosecuting attorney or an attorney for the defendant to issue subpoenas for such witnesses to appear before the court at which an evidentiary hearing is to be held.

Existing law provides for the issuance of a subpoena to produce books, papers, documents or other objects. (NRS 174.335) Section 8 of this bill

allows such a subpoena to request such production in addition or as an alternative to appearing before the court.

Existing law requires the court to be given a written charge presented by either party if the court thinks it is correct and pertinent. (NRS 175.161) Section 9 of this bill additionally requires the court to believe that the charge is an accurate statement of the law.

(a) Witnesses within the State to appear before the court at which a preliminary hearing is to be held , ~~[or]~~ an indictment, information or criminal complaint is to be tried ~~[.]~~ ***or an evidentiary hearing is to be held.***

(b) Witnesses already subpoenaed who are required to reappear in any Justice Court at any time the court is to reconvene in the same case within 60 days, and the time may be extended beyond 60 days upon good cause being shown for its extension.

3. Witnesses, whether within or outside of the State, may accept delivery of a subpoena in lieu of service, by a written or oral promise to appear given by the witness. Any person who accepts an oral promise to appear shall:

(a) Identify himself or herself to the witness by name and occupation;

(b) Make a written notation of the date when the oral promise to appear was given and the information given by the person making the oral promise to appear identifying the person as the witness subpoenaed; and

(c) Execute a certificate of service containing the information set forth in paragraphs (a) and (b).

4. A peace officer may accept delivery of a subpoena in lieu of service, via electronic means, by providing a written promise to appear that is transmitted electronically by any appropriate means, including, without limitation, by electronic mail transmitted through the official electronic mail system of the law enforcement agency which employs the peace officer.

5. A prosecuting attorney shall orally inform any witness subpoenaed as provided in subsection 1 of the general nature of the grand jury's inquiry before the witness testifies. Such a statement must be included in the transcript of the proceedings.

6. Any subpoena issued by an attorney for a defendant for a witness to appear before the court at which a preliminary hearing is to be held must be calendared by filing a motion that includes a notice of hearing setting the matter for hearing not less than 2 full judicial days after the date on which the motion is filed. A prosecuting attorney may oppose the motion orally in open court. A subpoena that is properly calendared pursuant to this subsection may be served on the witness unless the court quashes the subpoena.

Sec. 9. **NRS 175.161 is hereby amended to read as follows:**

175.161 1. Upon the close of the argument, the judge shall charge the jury. The judge may state the testimony and declare the law, but may not charge the jury in respect to matters of fact. The charge must be reduced to

writing before it is given, and no charge or instructions may be given to the jury otherwise than in writing, unless by the mutual consent of the parties. If either party requests it, the court must settle and give the instructions to the jury before the argument begins, but this does not prevent the giving of further instructions which may become necessary by reason of the argument.

2. In charging the jury, the judge shall state to them all such matters of law the judge thinks necessary for their information in giving their verdict.

3. Either party may present to the court any written charge, and request that it be given. If the court ~~[thinks it correct and]~~ ***believes that the charge is*** pertinent ~~[,]~~ ***and an accurate statement of the law, whether or not the charge has been adopted as a model jury instruction,*** it must be given ***.*** ~~[, if not,]~~ ***If the court believes that the charge is not pertinent or not an accurate statement of law, then*** it must be refused.

4. An original and one copy of each instruction requested by any party must be tendered to the court. The copies must be numbered and indicate who tendered them. Copies of instructions given on the court's own motion or modified by the court must be so identified. When requested instructions are refused, the judge shall write on the margin of the original the word "refused" and initial or sign the notation. The instructions given to the jury must be firmly bound together and the judge shall write the word "given" at the conclusion thereof and sign the last of the instructions to signify that all have been given. After the instructions are given, the judge may not clarify, modify or in any manner explain them to the jury except in writing unless the parties agree to oral instructions.

5. After the jury has reached a verdict and been discharged, the originals of all instructions, whether given, modified or refused, must be preserved by the clerk as part of the proceedings.

6. Conferences with counsel to settle instructions must be held out of the presence of the jury and may be held in chambers at the option of the court.

7. When the offense charged carries a possible penalty of life without possibility of parole a charge to the jury that such penalty does not exclude executive clemency is a correct and pertinent charge, and must be given upon the request of either party.

Amendment No. 410.

AN ACT relating to criminal procedure; revising provisions governing the filing of a complaint after an arrest without a warrant; ~~[revising provisions~~

~~governing the conduct of discovery in criminal actions; requiring the prosecuting attorney, the attorney for the defendant and the lead investigating law enforcement officer to participate in a pretrial discovery conference; revising provisions governing evidentiary sanctions for failure to comply with discovery requirements; authorizing the issuance of subpoenas for witnesses in Nevada to appear for certain hearings and proceedings; requiring the court to give requested jury instructions under certain circumstances;~~**]** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a complaint to be filed forthwith when a person arrested without a warrant is brought before a magistrate. (NRS 171.178) **Section 1** of this bill requires the complaint to be filed within ~~[48]~~ **72** hours after the person is ~~[brought before the magistrate.]~~ **arrested, unless the magistrate extends the time by an additional 48 hours for good cause shown. Thereafter, the magistrate may order additional extensions of 48 hours for good cause shown.**

~~[Section 3 of this bill provides that, for the procedural purposes of discovery and inspection of discoverable materials in a criminal action, the prosecuting attorney is deemed to be in constructive possession of all materials that are created, generated or collected by any and all law enforcement agencies.~~

~~Section 4 of this bill requires the prosecuting attorney, defendant's attorney and lead investigating law enforcement officer to meet and exchange discoverable materials not less than 30 days before trial.~~

~~Existing law requires, with certain exceptions, the prosecuting attorney to permit the defendant, upon request by the defendant, to inspect and copy or photograph certain materials within the possession, custody or control of the State. (NRS 174.235) Section 5 of this bill adds to this requirement material which tends to exculpate the culpability of the defendant, adversely impact the credibility of the State's prospective witnesses or evidence or mitigate the potential punishment of the defendant. Section 5 also imposes on the prosecuting attorney an affirmative duty to seek out and disclose material which tends to exculpate or mitigate the culpability of the defendant, whether or not the defendant has made a request for such material. Finally, section 5 requires the court to perform certain actions upon a written motion of the defendant for the discovery and inspection of certain items.~~

~~Existing law provides that the court may, upon a sufficient showing, order that discovery or inspection of discoverable materials be denied, restricted or deferred or make such other order as is appropriate. (NRS 174.275) Section 7 of this bill provides that the court may make the order upon a sufficient showing that the material otherwise subject to discovery or inspection is privileged. Section 7 also requires the court to state in its order granting relief the reason for its decision.~~

~~Existing law establishes certain periods and limitations for making initial and subsequent discovery requests and for complying with such requests.~~

~~(NRS 174.285) Section 8 of this bill allows a subsequent discovery request to be made only if the party making the request learns of additional, previously unknown material. Section 8 also allows a party to comply with certain discovery requests less than 30 days before trial only upon written motion to the court.~~

~~Existing law imposes upon the parties a continuing duty to disclose discoverable materials and provides the court with the authority to effect certain remedies for failures to comply with discovery requirements. (NRS 174.295) Section 9 of this bill requires the court to prohibit a party that fails to comply with discovery requirements from introducing into evidence material which was not disclosed unless the court believes the existence of the undisclosed material was unknown to the party. Section 9 also requires the court to: (1) dismiss the action against the defendant if the State has, in bad faith, destroyed, lost or failed to collect materials which were subject to disclosure; or (2) instruct the jury that it must draw an inference that is favorable to the defendant if the destruction, loss or failure to collect was not in bad faith.~~

~~Existing law authorizes a prosecuting attorney or an attorney for a defendant to issue subpoenas for witnesses within this State to appear for a preliminary hearing or the trial of an indictment, information or criminal complaint. (NRS 174.315) Section 10 of this bill also authorizes the issuance of a subpoena for such witnesses to appear for any other hearing or proceeding.~~

~~Section 11 of this bill eliminates provisions authorizing the court to direct the production and inspection of certain materials and objects designated in a subpoena.~~

~~Existing law authorizes parties to present to the court, and request the giving to the jury of, written charges. (NRS 175.161) Section 12 of this bill requires the court to give the jury any written charge submitted by a party if the court thinks it is pertinent and an accurate statement of law, whether or not the charge has been issued or adopted by the Nevada Supreme Court or the State Bar of Nevada.]~~

The following amendment was proposed by the Committee on Transportation:

Amendment No. 360.

AN ACT relating to new vehicle dealers; authorizing a new vehicle dealer to file, under certain circumstances, a claim for compensation with a manufacturer of motor vehicles relating to a used vehicle held by the new vehicle dealer which is subject to a stop-sale **order** or do-not-drive **[**~~notification;~~**]** **order;** requiring a manufacturer of motor vehicles to provide compensation to a new vehicle dealer for the used vehicle under certain circumstances; establishing a rate for that compensation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, certain acts or practices by a manufacturer of motor vehicles toward a new vehicle dealer are considered unfair acts or practices. (NRS 482.36371-482.36395) For example, it is an unfair act or practice for a manufacturer to fail to compensate a dealer fairly for labor, parts and other expenses incurred by the dealer under the manufacturer's warranty agreements. (NRS 482.36385) Under federal law, if a new motor vehicle is subject to a recall for a defect related to safety or noncompliance with certain safety standards after the manufacturer has sold the vehicle to a new vehicle dealer, the manufacturer must repurchase the vehicle from the dealer, and pay the dealer reasonable reimbursement of at least 1 percent of the purchase price for each month, or portion thereof, the dealer possessed the car after the recall notice was issued. (49 U.S.C. § 30116)

Section 1 of this bill authorizes a new vehicle dealer **that is franchised to sell new vehicles of the manufacturer** to apply to ~~[a]~~ **the** manufacturer for compensation for each month ~~[, or portion thereof,]~~ that the dealer possesses a used vehicle, manufactured by the manufacturer, that is subject to a stop-sale ~~[notification]~~ **order** or do-not-drive ~~[notification.]~~ **order.** **Section 1** requires the new vehicle dealer to file a claim for compensation with the manufacturer **.** ~~[, and requires the manufacturer to approve the claim if the claim meets certain requirements.]~~ Compensation for a claim filed pursuant to the provisions of this bill must be calculated at a rate of ~~[2.43]~~ **not less than 1** percent of the value of the used vehicle for each month ~~[, or portion thereof.]~~ **that the used vehicle is in the inventory of the dealer, beginning 30 days after the stop-sale order or do-not-drive order is provided to the dealer.** Finally, **section 1** prohibits a manufacturer from taking certain actions to ~~[: (1)]~~ offset or reduce the amount of compensation owed to the dealer ~~[; or (2) retaliate against the dealer]~~ for filing the claim. **Section 3.5 of this bill adds recall service and repair to the list of items for which a manufacturer must fairly compensate a dealer. (NRS 482.36385)** **Section 4** of this bill adds a violation of **section 1** to provisions in existing law that authorize a person who is aggrieved by certain violations to seek injunctive relief, and that authorize a person who is injured in his or her business by such a violation to bring an action to recover certain monetary damages. (NRS 482.36423) **Section 5** of this bill adds a willful violation of **section 1** to the list of violations in existing law for which a civil penalty may apply, and for which the Attorney General may seek injunctive relief. (NRS 482.36425) ~~[Sections]~~ **Section 2** ~~[and 3]~~ of this bill ~~[make]~~ **makes** conforming changes.

Sec. 2. NRS 482.36311 is hereby amended to read as follows:

482.36311 As used in NRS 482.36311 to 482.36425, inclusive, ***and section 1 of this act,*** unless the context otherwise requires, the words and terms defined in NRS 482.36318 to 482.36348, inclusive, have the meanings ascribed to them in those sections.

Sec. 3. ~~[NRS 482.36349 is hereby amended to read as follows:~~

~~2. Only sells at retail new or new and used passenger cars that it manufactures; and~~

~~3. Was selling such passenger cars at retail in this State on or before January 1, 2016.]~~ **(Deleted by amendment.)**

Sec. 3.5. **NRS 482.36385 is hereby amended to read as follows:**

482.36385 It is an unfair act or practice for any manufacturer, distributor or factory branch, directly or through any representative, to:

1. Compete with a dealer. A manufacturer or distributor shall not be deemed to be competing when operating a previously existing dealership temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified person at a fair and reasonable price, or in a bona fide relationship in which a person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions.

2. Discriminate unfairly among its dealers, or fail without good cause to comply with franchise agreements, with respect to warranty reimbursement or authority granted to its dealers to make warranty adjustments with retail customers.

3. Fail to compensate a dealer fairly for the work and services which the dealer is required to perform in connection with the delivery and preparation obligations under any franchise, or fail to compensate a dealer fairly for labor, parts and other expenses incurred by the dealer under the manufacturer's warranty agreements ~~[.]~~ ***or any recall service or repairs.*** The manufacturer shall set forth in writing the respective obligations of a dealer and the manufacturer in the preparation of a vehicle for delivery, and as between them a dealer's liability for a defective product is limited to the obligation so set forth. Fair compensation includes diagnosis and reasonable administrative and clerical costs. The dealer's compensation for parts and labor to satisfy a warranty ***or a recall service or repair*** must not be less than

the amount of money charged to its various retail customers for parts and labor that are not covered by a warranty. If parts are supplied by the manufacturer, including exchanged parts and assembled components, the dealer is entitled with respect to each part to an amount not less than the dealer's normal retail markup for the part. This subsection does not apply to compensation for any part, system, fixture, appliance, furnishing, accessory or feature of a motor home or recreational vehicle that is designed, used and maintained primarily for nonvehicular, residential purposes.

4. Fail to:

(a) Pay all claims made by dealers for compensation for delivery and preparation work, transportation claims, special campaigns and work to satisfy warranties ***and recall service or repairs*** within 30 days after approval, or fail to approve or disapprove such claims within 30 days after receipt;

(b) Disapprove any claim without notice to the dealer in writing of the grounds for disapproval; or

(c) Accept an amended claim for labor and parts if the amended claim is submitted not later than 60 days after the date on which the manufacturer or distributor notifies the dealer that the claim has been disapproved and the disapproval was based on the dealer's failure to comply with a specific requirement for processing the claim, including, without limitation, a clerical error or other administrative technicality that does not relate to the legitimacy of the claim.

➥ Failure to approve or disapprove or to pay within the specified time limits in an individual case does not constitute a violation of this section if the failure is because of reasons beyond the control of the manufacturer, distributor or factory branch.

5. Sell a new vehicle to a person who is not licensed as a new vehicle dealer under the provisions of this chapter.

6. Use false, deceptive or misleading advertising or engage in deceptive acts in connection with the manufacturer's or distributor's business.

7. Perform an audit to confirm a ***claim for compensation pursuant to section 1 of this act,*** warranty repair, sales incentive or rebate more than 9 months after the date on which the claim was made. An audit of a dealer's records pursuant to this subsection may be conducted by the manufacturer or distributor on a reasonable basis, and a dealer's claim for warranty or sales incentive compensation ***or compensation pursuant to section 1 of this act*** must not be denied except for good cause, including, without limitation, performance of nonwarranty repairs, lack of material documentation, fraud or misrepresentation. A dealer's failure to comply with the specific requirements of the manufacturer or distributor for processing the claim does not constitute grounds for the denial of the claim or the reduction of the amount of compensation to the dealer if reasonable documentation or other evidence has been presented to substantiate the claim. The manufacturer or distributor shall not deny a claim or reduce the amount of compensation to

the dealer for warranty repairs to resolve a condition discovered by the dealer during the course of a separate repair.

8. Prohibit or prevent a dealer from appealing the results of an audit to confirm a warranty repair, sales incentive ***, claim for compensation made pursuant to section 1 of this act*** or rebate, or to require that such an appeal be conducted at a location other than the dealer's place of business.

Sec. 4. NRS 482.36423 is hereby amended to read as follows:

482.36423 1. Whenever it appears that a person has violated, is violating or is threatening to violate any provision of NRS 482.36311 to 482.36425, inclusive, ***and section 1 of this act,*** any person aggrieved thereby may apply to the district court in the county where the defendant resides, or in the county where the violation or threat of violation occurs, for injunctive relief to restrain the person from continuing the violation or threat of violation.

2. In addition to any other judicial relief, any dealer or person who assumes the operation of a franchise pursuant to NRS 482.36396 to 482.36414, inclusive, who is injured in his or her business or property by reason of a violation of NRS 482.36311 to 482.36425, inclusive, ***and section 1 of this act*** may bring an action in the district court in which the dealership is located, and may recover three times the pecuniary loss sustained by the dealer or person, and the cost of suit, including a reasonable attorney's fee. The amount of pecuniary loss sustained by a dealer, pursuant to subsection 7 of NRS 482.3638, is the fair market value of the franchised dealership at the time of notification of termination, refusal to continue or unilateral modification of a franchise.

3. Any artificial person created and existing under the laws of any other state, territory, foreign government or the government of the United States, or any person residing outside the State, who grants a franchise to any dealer in this State may be served with any legal process in any action for injunctive relief or civil damages in the following manner:

(a) By delivering a copy of the process to the Director; and

(b) By mailing to the last known address of the manufacturer or distributor, by certified mail, return receipt requested, a copy of the summons and a copy of the complaint, together with copies of any petition or order for injunctive relief.

4. The defendant has 30 days, exclusive of the day of service, within which to answer or plead.

5. The method of service provided in this section is cumulative and may be utilized with, after or independently of all other methods of service.

Sec. 5. NRS 482.36425 is hereby amended to read as follows:

482.36425 1. Any manufacturer or distributor who willfully violates any provision of NRS 482.36311 to 482.36425, inclusive, ***and section 1 of this act*** is subject to a civil penalty of not less than $50 nor more than $1,000 for each day of violation and for each act of violation. All civil penalties recovered must be paid to the State of Nevada.

2. Whenever it appears that a manufacturer or distributor has violated, is violating or is threatening to violate any provision of NRS 482.36311 to 482.36425, inclusive, ***and section 1 of this act,*** the Attorney General may institute a civil suit in any district court of this State for injunctive relief to restrain the violation or threat of violation or, if the violation or threat is willful, for the assessment and recovery of the civil penalty, or both.

Sec. 6. This act becomes effective upon passage and approval.

Amendment No. 414.

AN ACT relating to procedure in criminal cases; requiring the joinder of certain misdemeanors with certain felonies or gross misdemeanors; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that municipal courts have jurisdiction over all misdemeanors committed in violation of the ordinances of their respective cities. (NRS 5.050) Existing law also provides that an indictment or information which is filed with a district court may include charges of two or more related felonies and gross misdemeanors. (NRS 173.115; *State v. This bill also provides that a charge for any such misdemeanor which is erroneously included in a **criminal** complaint that is filed in a municipal court shall be deemed to be void ab initio and must be stricken.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 173.115 is hereby amended to read as follows:

173.115 ***1.*** Two ***[1. Except as otherwise provided in subsection 2, two]*** or more offenses may be charged in the same indictment or information in a separate count for each offense if the offenses charged, whether felonies or ***gross*** misdemeanors or both, are:

SUMMARY— ~~[Provides]~~ **Temporarily provides** for the continued inclusion of certain drugs on the list of preferred prescription drugs to be used for the Medicaid program. (BDR 38-977)

AN ACT relating to health care; ~~[removing]~~ **delaying** the prospective expiration of certain provisions governing the list of preferred prescription drugs to be used for the Medicaid program; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the Department of Health and Human Services is required to develop by regulation a list of preferred prescription drugs to be used for the Medicaid program. The Department is also required to establish a list of prescription drugs that must be excluded from any restrictions that are imposed on drugs that are on the list of preferred prescription drugs. Existing law further requires the Department to include certain specified drugs on the list of drugs excluded from the restrictions. (NRS 422.4025) Before July 1, 2010, the Department was required to exclude certain antipsychotic medications, anticonvulsant medications and antidiabetic medications from the restrictions that are imposed on drugs which are on the list of preferred prescription drugs, but the Legislature suspended this requirement for the period from July 1, 2010, to June 30, 2017. (Chapter 4, Statutes of Nevada 2010, 26th Special Session, p. 35, as last amended by

chapter 382, Statutes of Nevada 2015, 78th Session, p. 2158) This bill ~~[removes]~~ **delays** the prospective expiration of such provisions ~~[.]~~ **to June 30, 2019.**

The following amendment was proposed by the Committee on Transportation:

Amendment No. 362.

AN ACT relating to school buses; revising the definition of a school bus for certain purposes; revising provisions relating to the inspection of school buses; requiring new school buses purchased on or after a certain date be equipped with safety belts; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides a definition of a school bus for the purposes of certain laws regarding traffic laws and rules of the road. (NRS 484A.230) **Section 1** of this bill revises the definition of school bus to specify that such a vehicle must be "designed or used to carry more than 10 passengers in addition to the driver." This definition more closely comports with the definition of a school bus in the Federal Motor Carrier Safety Regulations. (49 C.F.R. § 390.5)

Existing law provides various restrictions on and requirements for a school bus, including required evacuation drills, adoption of a safety program, driver qualifications and training, and standards for how a school bus used to transport pupils must be equipped. (NRS 386.790-386.845) **Section 2** of this bill provides that the revised definition of school bus in **section 1** applies to all such existing laws. The revised definition of school bus in **section 1** also applies to various other uses of the term throughout title 34 of NRS, regarding such topics as the use of transportation funds by a school district to purchase school buses, the extension of the safe and respectful learning

environment to include school buses, the prohibition on bullying and cyber-bullying on school buses, the authorization procedures for a pupil to self-administer certain medications on a school bus and the provision for suspension or expulsion of a pupil for certain behaviors committed on a school bus. (NRS 386.795, 388.132, 388.135, 392.425, 392.466)

Sections 3 and 4 of this bill require that any new school bus which is purchased by a school district on or after July 1, ~~[2017,]~~ **2019,** must be equipped with a shoulder-harness-type safety belt assembly for each permanent seating position for passengers. The safety belts must meet certain federal standards and specifications. **Section 6** of this bill imposes those same requirements on a private school which purchases a new school bus to transport pupils.

Under existing law, agents and employees of the Department of Motor Vehicles are required to inspect school buses to determine if the school buses comply with various equipment and identification requirements, and must report any violations to the superintendent of schools of the school district wherein the school buses are operating. (NRS 386.840) **Section 5** of this bill transfers those requirements to the Department of Public Safety.

Existing law provides that certain laws relating to the condition, equipment and identification of vehicles used for the transportation of pupils, including school buses, apply to private schools. (NRS 394.190) All such vehicles are subject to inspection at all times by the Department of Motor Vehicles, which is required to report any violation to the executive head of the private school. **Section 6** of this bill transfers those requirements to the Department of Public Safety.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1. On and after July 1, ~~[2017,]~~ 2019, with respect to any new school bus which is purchased by a school district to transport pupils, the school bus must be equipped with a shoulder-harness-type safety belt assembly for use in each permanent seating position for passengers on the school bus.

2. Each shoulder-harness-type safety belt assembly required by subsection 1 must meet the applicable minimum standards and specifications which are set forth in the Federal Motor Vehicle Safety Standards of the National Highway Traffic Safety Administration of the United States Department of Transportation and which are in effect on the date the school district purchases the school bus.

Sec. 4. NRS 386.830 is hereby amended to read as follows:

386.830 1. All vehicles used in the transportation of pupils must be:

The installation of such a mechanical device is not required for a school bus which is used solely to transport pupils with special needs who are individually loaded and unloaded in a manner which does not require them to walk in front of the bus. The provisions of this paragraph do not prohibit a school district from upgrading or replacing such a mechanical device with a more efficient and effective device that is approved by the State Board.

2. A driver may stop to load and unload pupils in a designated area without operating the system of flashing red lights required by subsection 1 if the designated area:

(1) Subsection 1 of NRS 386.835 if the bus is purchased on or after January 1, 2016; ~~[and]~~

6. Any person who violates any of the provisions of this section is guilty of a misdemeanor.

Sec. 6. NRS 394.190 is hereby amended to read as follows:

MESSAGE TO THE LEGISLATURE OF NEVADA
SEVENTY-NINTH SESSION, 2017

Good evening. I am so excited to be here and am sorry for the late start. I flew up here and had some business to take care of this morning in southern Nevada. I promise you, I will not be long. I know what this is like; I remember.

It is so good to be back home here in Nevada and in Carson with all of you. Thank you to Lieutenant Governor Hutchison, Senate President Pro Tem Denis, Speaker Frierson, Majority Leader Ford, Majority Leader Benitez-Thompson, Minority Leaders Roberson and Anderson, and all the members of the Senate and Assembly for your service and commitment to the great state of Nevada. I want to thank the Supreme Court Justice for being here; some of our constitutional officers, thank you very much. I am so excited to see you. And thank you to Governor Sandoval. He called me yesterday. He could not be here; he was so sorry he was going to miss it. I look forward to continuing to work with him for the next two years, and I am so proud of the leadership he has shown here in the state of Nevada.

I am proud to be representing all of you in this great state in the United States Senate and to have the opportunity to fight for my home state, just like all of you. Looking around this Chamber, it is fantastic to see such incredibly diverse faces, genders, ages, and races. It is a true reflection of Nevada's burgeoning diversity. We have embraced this diversity and we are undoubtedly stronger because of it.

I do not have to tell all of you that in Nevada, we solve problems for the people of our state—across all levels of government, across all districts and communities, and even across the aisle. You all demonstrate it here in Carson City, and I am committed to doing the same in Washington. I said it on the campaign trail and I will say it again: Washington could use a lesson from Nevada about how to get things done.

We are all here tonight in this Chamber because we love Nevada. We want to serve our state and see Nevadans succeed, now and in the future. There are many different political opinions and beliefs on how we do this, but I believe that at the end of the day, we are united by our shared goals to put Nevada's children and families on the path to success. We are united by our shared goals to create jobs and grow our economy.

In the U.S. Senate, I will work to ensure our children, families, workers, and communities have a pathway to succeed; to support and promote programs that empower Nevadans and Nevada businesses; to make certain we are investing in our state; and to work with all of you to plan for its future. And doing this means protecting Americans' access to safe, affordable health care. I have and I will continue to be a vocal opponent of any efforts to repeal the Affordable Care Act [ACA]. Here in Nevada, we have seen the positive impact of the ACA, and it is wrong to undo this law. I commend our Governor for helping nearly 400,000 Nevadans gain access to health insurance under the law and for standing up and opposing the Administration's efforts to take away these benefits.

If the ACA were repealed, all Nevada's communities would suffer. From our rural communities to our city centers, hospitals and providers could be forced to close their doors, cutting communities off from access to care and forcing layoffs. Hospital administrators, nurses, and doctors should not have to worry about their jobs, and Nevadans should not be forced to choose between paying their medical bills or putting food on the table. Instead of repealing the law, we should be looking at ways to improve it. That is why I have joined with my colleagues in the Senate to call on the Administration to focus on ways to continue lowering costs and expanding access to care instead of starting from scratch.

I will also continue to stand up for women's access to safe, affordable health care. It is time that we stop playing politics with women's health. I am a cosponsor of the Women's Health Protection Act, which protects a woman's constitutional right to choose by preventing laws that target women's health care centers and attempt to force them to shut their doors. I also called on the Administration to stand up for women and families and protect funding for Title X centers that give our rural and low-income communities access to safe and affordable cancer screenings, birth control, family planning, and preventative care. These Title X centers are the solution, not the problem. Thousands of Nevada women rely on these centers, not just in Reno and Las Vegas, but in Fallon, Yerington, Winnemucca, Lovelock, Pahrump, Tonopah—communities all across our state.

We should be focusing on empowering all Nevadans, regardless of gender, race, religion, or sexual orientation, and work to tear down barriers to their success: like ensuring Nevadans in all industries and jobs are paid a fair, living wage; like making it easier for workers to retire with dignity; like increasing access to job training and workforce development programs so that we can close that skills gap; like supporting our families with paid family, sick, and medical leave; like fighting for equality and against discrimination in the workplace, housing, and education; and ensuring women are paid equally to men for the same work.

I want to recognize all of you for making history last month and ratifying the Equal Rights Amendment. And thank you to Pat Spearman for your tireless leadership and commitment to making that happen. We have come a long way on gender equality, but we can go much further, and I am proud that Nevada is a leader in this continued fight.

As leaders in Nevada, we must do everything possible to continue lifting up all of Nevada's families. We do this by continuing to embrace our diversity and ensuring that every child and every family has the support and resources necessary to succeed. We cannot afford to divide our

communities, and pit neighbor against neighbor. Unfortunately, some in Washington do not see it this way.

I am committed to fighting for what is right and will continue to be a voice for immigrants. I am proud that my first bill as a United States Senator was to overturn President Trump's Executive Order that targeted our immigrant communities. I have also cosponsored legislation that would overturn this Administration's actions for mass deportation and a ban on Muslims. I will tell you, it is unacceptable that our immigrants—valuable members of our society and economy—are forced to live in constant fear of being torn apart or being turned away from a country they call home. Like the couple from Henderson who were legal residents of the U.S. and were detained over ten hours when returning from their son's wedding in Iran. That is not the America that I was raised in. The America that I was raised in recognized that our immigrant communities are essential to our success, that we must embrace diversity to remain strong, that we do not shut the door behind us when we have had an opportunity to succeed.

In Nevada alone, tearing apart families and removing undocumented immigrants would cost our state billions of dollars—$9.7 billion in economic activity, $4.3 billion in gross state product, and millions in tax revenue. That is millions that could be used to fix our roads, repair our schools, or care for our veterans. We would lose over 45,000 jobs. Studies have shown that if we bring undocumented workers out of the shadows and put them on a pathway to citizenship, we would reduce the national deficit by $1 trillion and increase our gross domestic product in this country by $832 billion. We would see incomes rise for American families by $470 billion and add hundreds of thousands of jobs across this country. Again, this is not a partisan issue. Embracing our immigrant communities is a commonsense way to grow our economy, create jobs, and ensure our state and our country will continue to succeed.

Another issue that I know we all agree on is supporting our veterans. These brave men and women have dedicated their lives to fighting for our country, and we must continue dedicating our efforts to fighting for them. Our veterans must have timely access to quality care—quality care for their benefits, for the resources. For everything that they have put their lives on the line for us, we should be there for them. This means ensuring that the VA [U.S. Department of Veterans' Affairs] has staff necessary to deal with the backlog of claims and appeals, not being subjected to a blanket hiring freeze that this Administration imposed. Because of that hiring freeze, I joined several of my colleagues in calling on the Administration to exempt the VA from its government hiring freeze, to which they complied. However, I will tell you this: The status quo is not enough. Our VA needs resources to ensure it has state-of-the-art technology and high-quality doctors, nurses, and staff. I know my colleagues on both sides of the aisle will join me in prioritizing our veterans in any future budget and legislation.

We must continue supporting all Nevadans and programs that grow our economy and grow our communities. I do not have to tell all of you that America is still recovering from the Great Recession. I do not know if there is a state where that is more apparent than here in Nevada. We have made incredible progress in building our economy back up, but we still have more to do. Now is not the time to be cutting back programs that have made this community and this state rebound. I do not and will not support any federal budget that slashes billions from or eliminates programs that have been essential to Nevada's recovery—programs that ensure our children can get a quality education regardless of the zip code they live in; programs that support our active service members, military families, and veterans; programs that invest in our small businesses, in urban, rural and tribal communities; programs that allow access to affordable housing for our people with disabilities, families, and seniors; programs that make college affordable and prevent our students from graduating with mountains of debt; programs that invest in our nation's vital infrastructure and protect our natural resources and keep our air and water clean.

I am a member of the Senate Banking and Housing Committee, and I will tell you this: As a member of that Committee, I will make sure that Nevada continues to receive funding to maintain our affordable housing programs. We need to be helping our most vulnerable; this includes people with disabilities, seniors, veterans, and low-income families. If we want to have strong students and strong workers, we must make sure that they have a roof over their head.

I will also make sure that the protections put in place during the Great Recession are not rolled back, because when Wall Street and the big banks crash the economy, it not only harms

consumers, but it endangers our community banks, our credit unions, our small businesses, and taxpayers. I will fight for rules of the road that not only protect homeowners and taxpayers, but that promote community banks and credit unions to better serve Nevada families and businesses. This includes fighting for Nevada's small businesses. I do not have to tell all of you, they are a vital component of our state's economy, accounting for 99 percent of the businesses in our state and creating jobs here in Nevada. In the Senate, I commit to supporting and working to grow our small business community, especially those owned by women and minorities. This means ensuring Nevadans who want to start or expand a small business have access to the capital they need to be successful. That is why I support the Export/Import Bank, which provided Nevada small businesses with $165 million in capital between 2007 and 2015. This means ensuring owners have tools and support and are taking advantage of federal grants and partnerships made available to them. This does not mean slashing the budget for the Small Business Administration, which Trump's Administration wants to do. This does not mean cutting funds for business community development programs and small business grants, as this Administration has proposed. I will fight against any budget that threatens our small business community because small businesses are essential not only to Nevada's economy, but to America's economy.

Another area that I think we can all agree on for our success is making our state a global leader in renewable energy research, development, and production. As a member of the Senate's Energy and Natural Resources Committee, I will work to ensure that Nevada has the support and resources necessary to do just that. As you all know, Nevada is blessed with an incredible abundance of resources in solar, wind, and geothermal, and we must continue to harness these resources. Investing in green energy will create jobs and provide clean, cheap power for houses and businesses, not only in Nevada, but in states across the country. Last month, I attended the ribbon-cutting ceremony for the new solar plant on the Moapa River Indian Reservation in southern Nevada, and on Tuesday, a similar project in Boulder City. The energy from these plants is being used to power homes in Nevada and California. We need to do more of this. I am going to push for legislation that increases investments in our green energy production and incentivizes business owners and homeowners to utilize power from renewable sources.

I will also fight to ensure that we continue to fund research in the renewable energy sector, which is happening right now in Nevada. Clean energy in Nevada has been good for our economy, creating more than 20,000 clean energy jobs. That is 8,700 in the solar industry alone. Nevada's clean energy standards and abundant resources have already attracted more than $6 billion in renewable energy investment, but we are positioned to do more. Nevada is at a critical juncture for even greater clean energy sector expansion and innovation, creating jobs and increasing that investment. I support this progress and hope to see Nevada leading the charge.

Another subject that I know you are well educated on is Yucca Mountain. I am also fighting against cuts or proposals that threaten our public safety and health and risk our environment and natural resources. This includes not turning our state into a nuclear waste dump. Whether others want to believe it or not, Yucca Mountain is dead, and it will continue to remain that way. The Nevada Delegation in Washington is committed to fighting any and all efforts to restore Yucca, and I know many of you know this and feel this in this room. I want to commend Assemblyman Chris Brooks for leading the opposition charge here in the Legislature, and I hope you support his resolution. Only by working together will we keep Nevadans healthy and safe by preventing dangerous waste from being brought into our state.

I do not have to tell all of you, we have been in this fight since 1980. I was the Attorney General for eight years and know that we have pending legislation to continue this fight. We have been united, not only here in the Legislature, but our elected leaders, from the Governor to our Congressional Delegation, to continue down this path of fighting the storage of nuclear waste, and we are not going to give up. Senator Heller and I introduced the Nuclear Waste Informed Consent Act. It was one of the first bills we worked on together and that was to mandate that the Secretary of Energy work with the governor and any key stakeholders in a state before nuclear waste can be sited in that state because that is how it should work. That is what we should be looking at to protect our future, protect our kids' futures, and have a really serious conversation about how we deal with nuclear waste in this country.

Nevada is a beautiful state. It has unique natural lands, and we must make sure that those natural wonders, like Lake Tahoe and Red Rock, are able to be enjoyed by future generations. Our public lands are a gift, and they need to be preserved and protected for future generations to enjoy. This does not start with cutting back environmental protections that keep our water clean, our air safe, and our lands preserved.

As a member of the Commerce, Science, and Transportation Committee, I will push for funding reliability that is essential to Nevada's infrastructure future. Building and repairing our roads, bridges, runways, rail, and smart transportation are commonsense ways to create jobs and grow our economy. I am going to push for my Democratic and Republican colleagues to come to the table and develop a concrete plan to provide more certainty in our longer-term national infrastructure that works for all areas of the country. Investing in our transportation system will improve the connectedness of Nevada's communities. This means increasing access to broadband beyond our urban areas. The Internet has become a necessity in today's society, and no Nevadan should be without access, regardless of where they live. I am working to ensure we expand broadband accessibility to all our rural communities. You should not have to fight to get access to the Internet or any rural broadband.

I am going to tell you a story; my girlfriend will kill me for doing this. She lives in Elko with her family, where she is raising two kids. They live in an area of Elko where they do not have access to broadband. Any time they want to watch a move streaming on Netflix, she has to tell everybody in the family Time to get off the Internet so we can watch a movie. I tell you that story because there are many people across Nevada that are still challenged. It is not just bringing streaming of movies; it is bringing telemedicine, it is bringing education, it is bringing treatment and treatment providers and professionals into those communities so that those individuals living there do not have to drive four hours just to get access to care and treatment that they need. That is what this is about. That is why fighting for rural broadband as part of our infrastructure plan and our infrastructure investment is so important.

Finally, my office recently launched a grants department solely dedicated to bringing more federal dollars to Nevada. We will be working closely with Governor Sandoval's office to ensure Nevada is taking full advantage of all the available funding opportunities. I want to thank Governor Sandoval for ensuring that Nevada's state grants department has the necessary funding. Together, our offices will ensure we do not miss out on any chance to bring dollars back home. I am offering that opportunity to you. If you know of any programs or you hear about them, please contact my office and work with us. We can do this to bring and fight for more resources. I think we leave too many dollars on the table at the federal level that could be brought right here to Nevada to benefit our communities and the businesses and the people that live here. With your help, we can find those dollars.

Regardless of committee or issue, I am not going to stop working hard over the next six years in Washington to do what is best for Nevada—to grow our economy, create jobs, support our families, and ensure our children grow up in a Nevada that is better and brighter than the one today. We know this is possible. It is possible by coming together, working with one another, and doing what is best for our state. That is something we can all agree on.

Thank you so much for letting me join you tonight and staying late for me. I look forward to working with all of you, and good luck on the remaining session.

SECOND READING AND AMENDMENT

Assembly Bill No. 120.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 570.

AN ACT relating to school construction; revising provisions governing the imposition of a residential construction tax; revising provisions relating to the purchase of certain property for school construction; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the board of trustees of a school district whose population is less than 55,000 (currently counties other than Clark and Washoe Counties and Carson City) are authorized to request the board of county commissioners of the county to impose a tax on certain residential construction in the school district. The amount of the tax is limited to $1,600 per unit of certain new construction or development and the proceeds are required to be used to construct, remodel and make additions to school buildings. (NRS 387.331) **Section 1** of this bill requires the board of trustees **of a school district in any county** to provide to the board of county commissioners a statement of the impact on the school district of the proposed construction or development of an apartment house, five or more residential dwelling units or five or more lots for mobile homes within the school district. **Section 1** also extends the authority to request the imposition of the tax to all school districts and requires the board of county commissioners to approve such a request unless the board finds that the request was not justified. ~~[Finally,]~~ **Additionally, section 1 : (1)** expands the purposes for which the proceeds of the residential construction tax may be used to include modernization of school buildings ~~[and the acquisition of furniture, fixtures, equipment]~~ and necessary appurtenances ~~[and incidentals.]~~ **; (2) restricts the area or areas in which proceeds are authorized to be used to only those areas specified in the request for the imposition of the tax; and (3) specifies a deadline for the collection of the tax. Finally, section 1 exempts the construction or development of certain low-income**

housing from the residential construction tax and the requirement of an impact statement.

With certain exceptions, a person who wishes to subdivide land is required under existing law to prepare and file a tentative map with the planning commission of the city or county, as applicable, or its designated representative or, if there is no planning commission, with the clerk of the governing body of the city or the board of county commissioners, as applicable. (NRS 278.330) Within 10 days after such filing, a copy of the tentative map must be forwarded to the board of trustees of the school district within which the proposed subdivision is located. Within 15 days after receipt of the tentative map, the board of trustees is required to notify the planning commission or the governing body of the city or the board of county commissioners, as applicable, if a site for a school is needed within the area of the proposed subdivision. If the board of trustees requests a school site, the subdivider is required under existing law to set aside a site of the size determined by the board of trustees and negotiate the price with the board of trustees. (NRS 278.346) **Section 2** of this bill **requires the subdivider to consult with the planning commission or other applicable representative of the county or city with respect to the setting aside of a site. Section 2** imposes additional qualifications for such a school site, namely that: (1) the location be within the proposed subdivision and appropriate for a school based on public safety and convenience; ~~[and]~~ (2) the physical characteristics are suitable for use as a school site and for construction of a school in a manner that is economically sound and feasible ~~[.]~~ **; and (3) the site is compatible with the adjoining neighborhoods and applicable land use plans and regulations. Section 2** also requires the board of trustees and the subdivider to negotiate over the share of the costs of infrastructure required for the development of a school on the site that benefit the other tracts in the subdivision, which are required to be paid by the subdivider.

In a county whose population is 100,000 or more but less than 700,000 (currently Washoe County), if the school district has not purchased land for a school site from a subdivider within 5 years after the final map that shows the school site is approved, the subdivider is no longer required under existing law to set aside the land for the school district. **Section 2** extends this period for setting aside the land to ~~[10]~~ **8** years.

Under existing law, if land purchased by a school district from a subdivider has not been placed in use as a school site within 10 years after the date of purchase, the land is required to be offered for sale to the subdivider or the successor in interest of the subdivider. (NRS 278.346) **Section 2** extends this period for placing land in use as a school site to ~~[20]~~ **15** years.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 387.331 is hereby amended to read as follows:

387.331 1. The tax on residential construction authorized by this section is a specified amount which must be the same for each:

2. ~~[The]~~ ***Whenever an apartment house or a project involving five or more residential dwelling units or five or more lots for mobile homes is proposed to be constructed or developed, the planning commission of the city or county in which the construction or development is proposed or its designated representative or, if there is no planning commission, the clerk or other designated representative of the city or county, as applicable, shall, within*** ~~*[30]*~~ ***10 days after the filing of an initial application for a permit or other authorization for the proposed construction or development, notify, in writing, the*** board of trustees of ~~[any]~~ ***the*** school district ~~[whose population is less than 55,000]~~ ***within which the proposed construction or development is located. 4. If the board of county commissioners decides that the tax should be imposed, it shall notify the Nevada Tax Commission. If the Commission approves, the board of county commissioners may then impose the tax, whose specified amount must not exceed $1,600.

~~[4.]~~ ***5.*** ~~[The]~~ ***Before the time at which a certificate of occupancy or other final authorization for the construction or development is issued or at such other time as is specified in the ordinance imposing the tax, the*** board ***of county commissioners*** shall collect the tax so imposed, in the areas of the

7. Nothing in this section shall be construed to prevent the planning commission of the city or county in which the construction or development is proposed or its designated representative or, if there is no planning commission, the clerk or other designated representative of the city or county, as applicable, from issuing permits or other authorization for the construction or development during the period in which the determination of whether to impose the tax and, if so, the amount of the tax to be made.

8. The provisions of this section do not apply to the construction or development of residential housing that is affordable to persons of low income on property which is subject to a covenant, condition or restriction contained in a deed, contract or other legal instrument which:

(a) Restricts the property to use for low-income housing for not less than 20 years;

(b) Restricts the amount of rent that may be charged to a tenant who occupies a unit of the residential housing; and

(c) Prohibits the sale, transfer or other conveyance of the property during the term of the covenant, condition or restriction unless the covenant, condition or restriction is binding upon the person to whom the property is conveyed.

Sec. 2. NRS 278.346 is hereby amended to read as follows:

278.346 1. The planning commission or its designated representative or, if there is no planning commission, the clerk or other designated representative of the governing body shall, not more than 10 days after the tentative map is filed pursuant to the provisions of subsection 2 of NRS 278.330, forward a copy of the tentative map to the board of trustees of the school district within which the proposed subdivision is located. Within 15 days after receipt of the copy, the board of trustees or its designee shall, if a school site is needed within the area, notify the commission or governing body that a site is requested.

2. If the board of trustees requests a site:

(a) The subdivider ***, in consultation with the planning commission of the city or county in which the proposed subdivision is located or its designated representative or, if there is no planning commission, the clerk or other designated representative of the city or county, as applicable,*** shall, except as otherwise provided in subsection 8, set aside a site ~~[of]~~ ***within the proposed subdivision:***

(1) Of the size which is determined by the board ~~[.]~~ ***of trustees;***

(2) Which is an appropriate location for a school based on considerations of public safety and convenience; ~~***[and]***~~

(3) The physical characteristics of which are suitable for use as a school site and for construction of a school in a manner that is economically sound and feasible ~~***[.]***~~ ***; and***

(4) Which is compatible with the adjoining neighborhoods and land use plans and regulations applicable to the area.

➥ ***If the board of trustees objects to the site set aside by the subdivider, the planning commission or its designated representative or, if there is no planning commission, the clerk or other designated representative of the governing body shall cause an independent third party with expertise in school facilities to make a determination of the suitability of the site for a school. Such a determination is binding on the board of trustees and subdivider. The cost of the independent third party must be paid by the board of trustees.***

(b) The subdivider and the board of trustees shall, except as otherwise provided in subsections 7 and 8, negotiate for ~~[the]~~ ***:***

(1) The price of the site ~~[,]~~ ***to be paid by the board of trustees,*** which must not exceed the fair market value of the land as determined by an independent appraisal paid for by the board ~~[.]~~ ***of trustees.***

(2) The share of the costs to be paid by the subdivider of any infrastructure required for the development of a school on the site, which must be proportional to the benefits from the infrastructure derived by the other tracts in the subdivision. If the board of trustees and the subdivider cannot reach an agreement on such costs, the planning commission or its designated representative or, if there is no planning commission, the clerk or other designated representative of the governing body shall cause an independent third party with expertise in the business of construction to make a determination of the share of costs. Such a determination is binding on the board of trustees and subdivider. The cost of the independent third party must be paid equally by the board of trustees and the subdivider.

3. 2. Under the existing Nevada Supreme Court Rules:

(a) Rules 205-215 govern the State of Nevada Board of Continuing Legal Education whose powers and duties include, without limitation, providing for programs of continuing legal education.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 568.

AN ACT relating to health care; requiring the State Plan for Medicaid to cover certain preventive health care services and maternity and newborn care; requiring insurers to offer health insurance coverage regardless of the health status of a person; requiring insurers to allow the covered adult child of an insured to remain covered by the health insurance of the insured until 26 years of age; requiring insurers to provide coverage for certain preventive health care services for women, adults and children at no cost; requiring insurers to provide coverage for maternity and newborn care; prohibiting

providers of health care ~~[,]~~ **and** insurers ~~[and the Silver State Health Insurance Exchange]~~ from discriminating against a person on certain grounds; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides that an insurer may not deny, limit or exclude a benefit provided by a health care plan in certain limited circumstances, including, without limitation, when a person has contracted for a blanket policy of accident or health insurance or in certain cases relating to adoption. (NRS 689B.500, 689C.190, 695A.159, 695B.193, 695C.173, 695F.480) The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) prohibits an insurer from establishing rules for eligibility for a health care plan based on sex or certain health status factors, including, without limitation, preexisting conditions, claims history or genetic information, and also prohibits an insurer from charging a higher premium, deductible or copay based on sex or these health status factors. (42 U.S.C. § 300gg-4) **Sections 15, 31, 41, 48, 57, 68, 80, 83 and 94** of this bill align Nevada law with federal law and require all insurers to offer health insurance coverage regardless of the health status of a person and prohibits an insurer from denying, limiting or excluding a benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the insured.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all insurers to extend coverage for the covered adult child of an insured until such child reaches 26 years of age. (42 U.S.C. § 300gg-14) **Sections 16, 25, 34, 49, 58, 69, 81 and 84** of this bill align Nevada law with federal law in this manner.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all health insurance plans to include coverage for maternity and newborn care. (42 U.S.C. § 18022(b)) **Sections 21, 32, 43, 53, 62, 73 and 88** of this bill align Nevada law with federal law in this manner. **Section 5** of this bill also requires the State Plan for Medicaid to include coverage for maternity and newborn care.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) requires all health insurance plans to include coverage, without any higher deductible or any copay or coinsurance, for certain preventive health care services for women, adults and children, including, without limitation, screenings and tests for certain diseases, counseling, contraceptive drugs, devices and services as well as vaccinations. (42 U.S.C. § 300gg-13; 45 C.F.R. § 147.130) **Sections 17-20, 22, 26-30, 35-39, 50-52, 54, 55, 59-61, 63, 64, 70-72, 76, 77, 85-87, 89 and 90** of this bill align Nevada law with federal law in this manner, and extend these requirements to health insurance purchased by local governments and the Public Employees' Benefits Program. **Sections 2, 3, 4, 6 and 7** of this bill also require the State Plan for Medicaid to include these preventive health care services for women, adults and children. **Section 93** of this bill requires the Director of the Department

of Health and Human Services to adopt regulations specifying the preventive health care services which are required to be covered by insurers and that these requirements must include, without limitation, the preventive health care services currently required by federal law.

The Patient Protection and Affordable Care Act (Public Law 111-148, as amended) prohibits a provider of health care or state health insurance exchange who receives federal money from discriminating against a person on the basis of race, color, national origin, sex, age, or disability in providing health care services to the person. The Act also prohibits an insurer who receives federal money from discriminating against a person on those same grounds, as well as gender identity or expression. (42 U.S.C. § 18116; 45 C.F.R. § 92.207) The federal regulation that prohibits insurers from discriminating on the basis of gender identity or expression is no longer enforceable, however, because it was recently held to exceed the statutory authority granted by the Act. (*Franciscan Alliance Inc., v. Burwell*, 2016 WL 7638311 (N.D. Tex. Dec. 31, 2016)) Federal regulations also require providers of health care, state health insurance exchanges and insurers to provide certain assistive services and notice of these nondiscrimination provisions to all persons who receive health care services. (45 C.F.R. §§ 92.8, 92.201, 92.202) **Sections 11 [,] and 12 [and 91]** of this bill **generally** align Nevada law with federal law, **and [**prohibiting**] prohibit** a provider of health care **[,] or** an insurer **[**or the Silver State Health Insurance Exchange**]** from discriminating against a person on these grounds, including, without limitation, discrimination based on gender identity or expression or sexual orientation.

WHEREAS, Passage of the Patient Protection and Affordable Care Act, Public Law 111-148, as amended by Congress in 2010, granted all Nevadans certain rights relating to health insurance coverage and provided greater access to health care benefits in this State; and

WHEREAS, Congress currently is considering the repeal of the Patient Protection and Affordable Care Act; and

WHEREAS, The Nevada Legislature wishes to ensure that all Nevadans continue to have access to certain rights and health care benefits currently guaranteed by the Patient Protection and Affordable Care Act; and

WHEREAS, The Nevada Legislature intends to maintain, not expand, those rights and health care benefits as they existed on January 1, 2017; now, therefore,

Amendment No. 426.

~~[CONTAINS UNFUNDED MANDATE (§ 5)~~
~~(NOT REQUESTED BY AFFECTED LOCAL GOVERNMENT)]~~

AN ACT relating to controlled substances; ~~[authorizing certain health care professionals to issue an order for an opioid antagonist to a public or private school;]~~ authorizing a pharmacist to furnish an opioid antagonist without a prescription under certain circumstances; ~~[providing for public and private schools to obtain and maintain opioid antagonists under certain conditions; providing immunity to certain persons for acts or omissions relating to the acquisition, possession or administration of opioid antagonists in certain circumstances;]~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes certain physicians, physician assistants and advanced practice registered nurses to prescribe and dispense an opioid antagonist to a person at risk of experiencing an opioid-related drug overdose, or to a family member, friend or other person who is in a position to assist a person experiencing an opioid-related drug overdose. (Chapter

453C of NRS, NRS 453C.100) Existing law further provides for the development of standardized procedures and protocols under which a registered pharmacist may furnish an opioid antagonist. (NRS 453C.120) ~~[Section 2 of this]~~ **This** bill authorizes a pharmacist to furnish an opioid antagonist without a prescription from a health care professional authorized to prescribe an opioid antagonist to a person at risk of experiencing an opioid-related drug overdose, or to a family member, friend or other person who is in a position to assist such a person. ~~[Section 2]~~ **This bill** also prohibits the development of standardized procedures and protocols that prevent a pharmacist from dispensing an opioid antagonist without a prescription.

~~[Existing law authorizes certain health care professionals to issue an order for auto-injectable epinephrine to a public or private school to be maintained at the school for the treatment of anaphylaxis that may be experienced by any person at the school. (NRS 630.374, 632.239, 633.707) Section 1 of this bill authorizes certain health care professionals to issue such an order for opioid antagonists to a public and private school for the treatment of an opioid-related drug overdose that may be experienced by any person at the school. Section 1 also provides that a health care professional is not subject to disciplinary action for issuing such an order to a school.~~

~~Existing law requires each public school, including each charter school, to obtain an order from certain health care professionals for auto-injectable epinephrine to maintain the drug at the school. (NRS 386.870) Existing law similarly authorizes a private school to obtain and maintain auto-injectable epinephrine at the school. (NRS 394.1995) Section 5 of this bill enacts a similar requirement on each public school, including each charter school, to obtain and maintain an order for opioid antagonists. Section 8 of this bill similarly authorizes a private school to obtain and maintain opioid antagonists at the school. If a public or private school obtains an order for opioid antagonists, sections 3, 5 and 8 of this bill allow a school nurse or other designated employee of the public or private school, as applicable, who has received training in the storage and administration of opioid antagonists to possess and administer opioid antagonists to a pupil on the premises of the school during the school day who is reasonably believed to be experiencing an opioid-related drug overdose. Sections 6-8 of this bill require training in the storage and administration of opioid antagonists to be provided to designated employees of a public or private school.~~

~~Section 9 of this bill requires a registered pharmacist to transfer an order for an opioid antagonist to another registered pharmacist at the request of a public or private school for which the order was issued. Section 9 also exempts a pharmacist who dispenses an opioid antagonist pursuant to such an order from liability for certain damages relating to the acquisition, possession, provision or administration of an opioid antagonist not amounting to gross negligence or reckless, willful or wanton conduct.]~~

GENERAL FILE AND THIRD READING

Assembly Joint Resolution No. 10.

Resolution read third time.

Remarks by Assemblymen Brooks, Edwards, Marchant, Hansen, Elliot Anderson, and Fumo.

ASSEMBLYMAN BROOKS:

Assembly Joint Resolution No. 10 expresses opposition to the development of a repository for spent nuclear fuel and high-level radioactive waste at Yucca Mountain in the state of Nevada. The resolution protests any attempt by the United States Congress to move forward with the repository for spent nuclear fuel and high-level radioactive waste at the site; calls on the President of the United States to veto legislation that would locate such waste in this state; and calls on the Secretary of Energy to find the proposed repository unsuitable, abandon consideration of Yucca Mountain as a site, and initiate a process to find alternative strategies for dealing with such waste.

As a fourth generation Nevadan, it is disturbing to me that Washington is even considering ignoring years of bipartisan work to end any kind of licensing at Yucca Mountain. This resolution is now more important than ever. Congress needs to understand the severity of the situation. Reviving the licensing process to store nuclear waste at Yucca Mountain is not only dangerous for Nevada's health and safety, but it will be catastrophic for Nevada's tourism economy.

ASSEMBLYMAN EDWARDS:

My professional training as a naval officer included defending against and surviving a nuclear attack on my ship. In fact, it was my job to make sure that happened. The training showed me the real dangers of nuclear power. It also showed me that we could safely control and manage nuclear energy. Suffice it to say that because of my professional education and Navy experience and because of my many friendships with nuclear engineers, I am keenly aware of the fearmongering, political posturing, hype, and gross misinformation that have permeated discussions about Yucca Mountain for years. If honesty is the best policy, then Yucca Mountain discussions have been some of the worst.

Here is the crux of the bill right now, though. The Governor has already spoken in opposition to Yucca. Senator Heller has also spoken against it. Dina Titus has also spoken against it. Nevada has already poked the Washington political bear about this three times, and many times throughout the years. If we keep poking at it, I believe we will get its attention, but probably not in the way you hope. For those who are not President Trump fans—and I am guessing there are 1 or 2 or 27—you need to consider how many pokes he and the Republican Congress will take before they do something. President Trump is a businessman at his core. Leaving tens of billions of dollars sitting in escrow or trust accomplishing nothing will not make sense to him. The law has long required the federal government to find a storage facility. Its failure to do so has resulted in multiple successful lawsuits. These lawsuits are costing us billions of dollars a year. Once President Trump puts these two pieces together, he may very well put those billions of dollars to use, whether we like it or not. Remember, too, that Yucca Mountain is on federal land that we do not control. The feds could force their plans on us and we would have no say. The result might not be a smart or mutually beneficial arrangement.

I believe that to keep Nevada in the decision-making process about Yucca, we should not poke the Administration. Assembly Joint Resolution 10, I believe, diminishes Nevada's role in the conversation and in that decision-making process. We could do a variety of things at Yucca aside from long-term nuclear storage. But if we keep poking the Republican majority and the Administration, we will get a response from an Administration that relishes counterpunching. Do you really want to risk that? There is no good reason for us to do this. This does not serve the interests of our constituents. Nevada has made its point about Yucca Mountain plenty already, and I fear that if we keep pushing, we might get counterpunched. I think it is fair to say that the Trump Administration is like no other. I believe that we need to adapt to the new reality and not poke it. Therefore, I would urge that we all vote no.

ASSEMBLYMAN MARCHANT:

I will also be voting no today, but not because I want Yucca Mountain to be a permanent repository of nuclear waste. I would like to take the opportunity, since President Trump may want to really do something about this, to talk to him about repurposing the plant to something that can benefit Nevada and allow us to make billions of dollars for the state of Nevada. That would be my goal—to convince President Trump to look at it in another way.

ASSEMBLYMAN HANSEN:

I actually rise in support of Assembly Joint Resolution 10. I believe right now that in Nevada, if we were to have a referendum on Yucca Mountain, I do not think there is any question that the citizens of the state of Nevada would oppose having the nuclear dump. I will say that in my own party, I will bet it is closer to 50-50. However, I think there is something very important about this whole issue that is beyond Yucca Mountain.

I think Nevadans have a right to determine how we use the public lands within the borders of the state of Nevada. There is a huge inconsistency in our body on these issues. On the one hand, we are going to say we do not want the federal government forcing Yucca Mountain down our throat, and on the other hand, we say these are federal public lands. There are 330 million Americans that essentially own the public lands in the state of Nevada. There are only 3 million Nevadans. So even if all Nevadans, every single one of them, said no, there are still 327 million Americans that have a right to use the public lands in the state of Nevada. If they decide they want to put all of their garbage into our backyard, that is their right because it is also their backyard. It is the old joke about democracy: What is democracy? It is two wolves and sheep voting on what to eat for lunch. In this case, it is 49 other states determining where to put the trash, and we are the one sheep.

I would say this: If we are going to be consistent, we have to have state control of the public lands within the state of Nevada. Right now in Nevada, we have 3 million acres that are tied up in the nuclear test range; we have 2.5 million acres that are tied up in wilderness study areas; we now have Gold Butte and Basin and Range National Monuments that were created with the stroke of a pen. Over a million acres were pretty much taken away from the rights of Nevadans. The naval test range in the Fallon area is going up to 900,000 acres of public lands that we are no longer going to be able to access.

If we are going to be consistent in this body, in 2013 we passed—and you were here, Mr. Speaker, at the time—we voted for A.B. 227 in which we called for a study for the state of Nevada to determine if it is feasible for us to transfer the public lands in Nevada to some level of state ownership. All 17 counties participated in this; all 17 counties supported it. It is feasible, it is something we should do. If this body is going to be consistent and say no to Yucca Mountain, then we better say yes to the idea of Nevada taking over more control of its own public lands. Frankly, in a democracy when you are sharing the ownership of this land with 330 million other Americans, we really do not have a right to tell them no. They have every bit as much right to the ownership of this land as we do. On behalf of the state of Nevada, I urge my colleagues to vote yes on this, but then in the future when we have these other resolutions, we better be consistent. We cannot, on the one hand, salute the President for using the Antiquities Act to take away a million acres—

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

We have three minutes, but I would also ask you to speak to the resolution and not to other bills.

ASSEMBLYMAN HANSEN:

Very good. I will jump on that, I promise, when that comes up in the next few days, Mr. Speaker. The bottom line is if we are going to be consistent in this body, we need to be consistent on all our public lands policies.

ASSEMBLYMAN ELLIOT ANDERSON:

For me, this issue is pretty simple. I would say to my colleagues that when it comes down to it, we do not get the benefits of energy from nuclear waste because we do not want it, so we should not be forced to take the negative side. The states that have decided to pursue nuclear energy as a policy should be the ones to deal with that nuclear waste. We have determined in our energy portfolio that we want to go with clean energy because we do not create those byproducts. It is only right that the states that have chosen to go with that type of energy policy should deal with the negative effects. It is just a bit of personal responsibility on their part that they need to take that waste and quit jamming it down our throats.

ASSEMBLYMAN FUMO:

I also rise in support of Assembly Joint Resolution 10. I, for one, am not afraid of a fight. I stand in support of A.J.R. 10. I do not see it as poking the Administration; I see it as standing up for what we think is right. It is frustrating to see politicians in Washington, D.C. completely ignoring the will and the safety of Nevadans.

Storing nuclear waste a hundred miles from Las Vegas in an unstable and unsuitable environment is incredibly dangerous, not to mention that it will threaten the lifeblood of our economy in Las Vegas, tourism. I am proud of all the Nevada elected officials for standing united with our federal delegation to work together across party lines to stop this and protect every Nevadan. We need to send a clear message to Congress that we will not stand for our state to be used as a dumping ground for nuclear waste. We need to pass A.J.R. 10.

Remarks by Assemblyman Flores.

ASSEMBLYMAN FLORES:

Assembly Bill 117 requires school districts to adopt a policy ensuring that each student in grades 9 through 12 at a public high school will meet individually with an educational staff member at least once a year to review the student's academic plan. Such a meeting must use the student's academic records and the results of certain tests and assessments, if those results are available, to review areas of the student's academic strengths and weaknesses.

If it is determined that the student requires remediation, the staff member must coordinate with the student and his or her parent or guardian to revise the student's academic plan.

When we are not in this building, I am always visiting high schools and speaking to kids. I am very passionate about it. I think it is incredibly important. Mentoring is very important to me. One of the conversations we often have is what is your end goal, what is your objective after you graduate and they often say college. When I ask them Do you know the process, do you know what you need in order for you to go to whatever university you want, they always say no. They have no idea because they have never sat down and done that roadmap.

I know some colleagues in here are intending to vote no because you think this is an unfunded mandate, but it is not. Already by law, in NRS [*Nevada Revised Statutes*], there must be an academic plan that must be visited every single year. That is already in the law. They have to do that already. All I am saying is, when you meet and have that academic plan reviewed, you

have this conversation about the roadmap to where you are going, whether it is a trade school, or UNLV [University of Nevada, Las Vegas], or Harvard, or UNR [University of Nevada, Reno]. So I urge those of you considering voting no because you think it is an unfunded mandate, it is not. I would really appreciate your support on this bill.

ASSEMBLYWOMAN DIAZ:

Assembly Bill 125 changes provisions related to court interpreters. The Court Administrator is required to adopt regulations for a program to certify or register court interpreters for persons with limited English proficiency who are witnesses, defendants, and litigants. The measure provides that a court interpreter is required to obtain a certificate or registration. In addition, provisions relating to the appointment of alternate court interpreters are removed. Lastly, a court will appoint an interpreter if a certified or registered court interpreter is not available.

I want to clarify for my colleagues that this is a bright line. We as a state are saying that in order for someone to be competent to interpret in a court proceeding, they should be certified or they should be registered. In my eyes, it is not valid for someone who does not have the competency to do the interpreting to be appointed to do so. We as legislators are saying that this is what all courts in our state should strive to provide for limited English proficient people. I would also like to remind my colleagues that through the amendment, I did remove the part about having to be applied to civil proceedings and I hope that everyone supports this measure.

ASSEMBLYMAN ELLIOT ANDERSON:

Assembly Bill 133, among other things, provides that a request for emergency assistance by a tenant does not constitute a nuisance.

It may not be completely clear about why I am doing this based upon reading the measure, so I thought I would speak. This is a bill to protect victims of crime, particularly victims who have suffered domestic violence. In a number of other states and municipalities, landlords have gone after victims of domestic violence for repeatedly calling police, even though they were making those calls in good faith. The bill is supported by local governments, after the amendments. Thank you, and I would appreciate your support.

Remarks by Assemblymen Yeager, Tolles, and Mr. Speaker.

ASSEMBLYMAN YEAGER:

Assembly Bill 135 deals with prosecutions involving driving under the influence of a controlled substance as well as boating under the influence of a controlled substance. The measure does two things. It eliminates urine tests so that blood tests would be required for prosecutions, and the second thing that is does is require that a certain marijuana metabolite be tested for. That is a marijuana metabolite that is scientifically proven to actually impair a driver.

I know there have been some concerns expressed about Assembly Bill 135 as it may relate to workers' compensation. Although this bill deals with prosecutions for driving under the influence, I realize there are some concerns, and I am committed to working with folks that have expressed those concerns to try and have those resolved by the end of session.

Mr. Speaker requested the privilege of the Chair for the purpose of making the following remarks:

I also agreed to provide an opportunity to address the workers' compensation implications as they were not relevant to this particular bill, but something that had a tangential effect that we will certainly address.

ASSEMBLYWOMAN TOLLES:

I also rise in support of Assembly Bill 135 because it does provide law enforcement with a more accurate measure of driving impairments. I do share those concerns about the potential impact on workers' compensation regulations and will join you all in working to address those concerns in legislation relating to those corresponding chapters.

However, reasonable restrictions on the rights of a child may be imposed if those restrictions are necessary to preserve order, security, or safety. A child who believes that his or her rights have been violated is authorized to raise and redress a grievance. ASSEMBLYWOMAN DIAZ:

Assembly Bill 190 expands certain statutory requirements related to the completion of safety and health hazard recognition and prevention training to workers and supervisors at sites related to the entertainment industry. Not later than 15 days after an individual is hired, a worker or supervisory employee is required to obtain a card stating that he or she has completed an approved training course, and the completion card must be presented to the employer. If a worker or supervisory employee fails to do so, the employer must suspend or terminate the employment of the individual. The bill provides that an employer who fails to suspend or terminate an employee, as required, is subject to an administrative fine.

The measure also provides that for the first year after the effective date of the bill, employees may satisfy the safety training requirements by completing an alternative course provided by an employer, and it requires such an employer to maintain certain records. Finally, A.B. 190 requires the Division of Industrial Relations of Nevada's Department of Business and Industry to approve courses for fulfilling the requirements of the bill and directs the Division to establish a registry of providers of approved courses. This bill is effective on January 1, 2018. The provisions of the bill allowing an employee to satisfy the safety training requirements by completing an alternative course provided by an employer expire on December 31, 2018.

All present

Prayer by the Chaplain, Pastor Chase Ward.

Lord, in Your Word it says, "First of all, then, I urge that supplications, prayers, intercessions, and thanksgivings be made for all people, for kings and all who are in high positions, that we may lead a peaceful and quiet life, godly and dignified in every way."

Today we pray for wisdom and direction. For clarity and for what is good. May You lead these public servants as they make decisions for the well-being of our state and its residents. We ask for Your presence and Your blessing. Thank You for leading. In Jesus' Name.

AMEN.

Pledge of allegiance to the Flag.

The following amendment was proposed by the Committee on Transportation:

Amendment No. 353.

AN ACT relating to off-highway vehicles; creating the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources; placing the Commission on Off-Highway Vehicles within the Department; revising provisions regarding the membership and duties of the Commission; reducing the late fee imposed for failure to register an off-highway vehicle; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Commission on Off-Highway Vehicles and authorizes the Commission to award grants of money from the Account for Off-Highway Vehicles to certain applicants for projects relating to off-highway vehicle use and off-highway trails and facilities. (NRS 490.067, 490.068, 490.069) **Sections 4 and 6** of this bill place the Commission within the State Department of Conservation and Natural Resources.

Section 1 of this bill creates the Off-Highway Vehicles Program in the State Department of Conservation and Natural Resources. In administering the Program, the Director of the Department, within the limits of approved funding, is required to: (1) provide certain support and assistance to the Commission on Off-Highway Vehicles; and (2) administer the Account for Off-Highway Vehicles. **Section 1** further requires the Director to include in his or her budget the money necessary, within the limits of legislative appropriations for the Account, for: (1) certain expenses of the Program and the Commission; and (2) a reserve amount.

Under existing law, each member of the Commission on Off-Highway Vehicles is entitled to receive, if money is available for that purpose, the per diem allowance and travel expenses provided for state officers and employees generally. (NRS 490.067) **Section 6** provides that, if money is available for that purpose, any member of the Commission who is not an officer or employee of the State is entitled to receive a salary of not more than $80 per day for each day of attendance at a meeting of the Commission. **Section 6** further provides a procedure for replacing a member of the Commission who fails to attend at least three consecutive meetings.

Under existing law, the Commission on Off-Highway Vehicles is required to solicit nine nonvoting advisors to the Commission from various state and federal agencies. (NRS 490.068) **Section 7** of this bill removes that requirement, and **section 6** also: (1) revises the membership of the Commission; and (2) adds to the Commission four nonvoting, ex officio

members. **Section 7** also sets forth requirements for establishing a quorum of the Commission for transacting business. Finally, **sections 1 and 7** revise provisions requiring a comprehensive report that must be submitted to the Legislature, providing that the report must be prepared by the Director of the State Department of Conservation and Natural Resources, then reviewed and approved by the Chair of the Commission before being submitted to each regular session of the Legislature.

Under existing law, fees paid for titling and registration of an off-highway vehicle are deposited into the Revolving Account for the Administration of Off-Highway Vehicle Titling and Registration. (NRS 490.084) The Department of Motor Vehicles is required to transfer, at least once each fiscal quarter, any amount in excess of $150,000 in that Account into the Account for Off-Highway Vehicles. (NRS 490.085) The Commission on Off-Highway Vehicles is required to administer the money in the Account for Off-Highway Vehicles. (NRS 490.069) **Section 8** of this bill requires the Director of the State Department of Conservation and Natural Resources to administer the Account. **Section 8** also requires a portion of the money in the Account be used to maintain a reserve amount.

Under existing law, if the owner of an off-highway vehicle that is registered in this State fails to renew the registration before it expires, the registration may be reinstated upon payment of the annual renewal fee, a late fee of $25 and, if applicable, the submission of proof of insurance, which is only required for certain larger all-terrain vehicles that are authorized to operate on certain county roads. (NRS 490.082, 490.0825, 490.105) **Section 9** of this bill reduces the late fee to $10.

Amendment No. 16.

AN ACT relating to civil actions; revising certain provisions relating to the proper venue in civil actions; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a court to maintain continuing jurisdiction over certain matters relating to domestic relations, including, without limitation, divorce, child custody and child support matters. (NRS 125.150, 125A.315, 126.191, 130.202, 130.205-130.206) Continuing jurisdiction allows a court to modify its final order, judgment or decree to account for changed circumstances relating to the parties or instances of fraud or mistake. (NRS 125.150, 125A.315) Existing law also requires that a civil action must be removed from a court of this State if venue is not proper and the defendant, before the time for filing an answer to the complaint has expired, demands in writing that the trial be carried out in a court where venue is proper. (NRS 13.050) Existing law does not, however, authorize a change of venue after a trial is complete. (NRS 13.050)

This bill authorizes a court to remove a civil proceeding, including, without limitation, matters relating to domestic relations, to a court in another county after: (1) a final order, judgment or decree has been entered in ~~[the]~~ **a** proceeding ~~[,]~~ **in which the court has continuing jurisdiction;** (2) a party to the final order, judgment or decree ~~[files]~~ **has filed** a subsequent **petition or** motion relating to the proceeding; ~~[and]~~ (3) none of the parties currently reside in the county where the final order, judgment or decree was entered ~~[.]~~ **; and (4) the respondent files a timely demand for the petition or motion to be heard in a county where either party to the proceeding resides or where the child which is the subject of the proceeding resides.** ~~[This bill also authorizes the respondent, before the time for filing a response to the subsequent motion has expired, to file a demand for the motion to be heard in a county where venue is proper. This]~~ **Finally, this** bill authorizes a court to approve ~~[this]~~ **such a** demand and remove the proceeding to another court within this State **where venue is proper and** which is agreed upon by the parties or ordered by the court.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

(a) When the county designated in the complaint ***, petition or motion*** is not the proper county.

(b) When there is reason to believe that an impartial ~~[trial]~~ ***proceeding*** cannot be had therein.

Assembly Bill No. 181.

Bill read second time.

The following amendment was proposed by the Committee on Corrections, Parole, and Probation:

Amendment No. 393.

AN ACT relating to civil rights; revising provisions governing the restoration of civil rights to certain persons who have been convicted of felonies; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, unless a person has been convicted of certain specified felonies, a person who has been convicted of a felony is restored to his or her civil rights by operation of law upon: (1) an honorable discharge from probation; (2) an honorable discharge from parole; or (3) the completion of his or her sentence and release from prison. Conversely, a person must petition a court for the restoration of his or her civil rights if the person was convicted: (1) of a category A felony; (2) of an offense that would constitute a category A felony if committed as of the date of discharge from probation, discharge from parole or release from prison; (3) of a category B felony involving the use of force or violence that resulted in substantial bodily harm; (4) of an offense involving the use of force or violence that resulted in substantial bodily harm and that would constitute a category B felony if committed as of the date of discharge from probation, discharge from parole or release from prison; or (5) two or more times of a felony, except under certain circumstances. (NRS 176A.850, 213.155, 213.157) **Sections 1-3** of this bill provide, respectively, that if the probationer, parolee or person who completed his or her sentence and was released from prison was convicted: (1) two or more times of a felony, his or her right to vote must be restored immediately after discharge from probation, discharge from parole or release from prison; and (2) of any of the other offenses enumerated above, his or her right to vote must be restored 2 years after discharge from probation, discharge from parole or release from prison.

Existing law sets forth circumstances under which a person whose term of probation has expired must be given a dishonorable discharge and precludes the probationer from obtaining the restoration of certain civil rights. (NRS 176A.870) **Section 1** maintains the requirement that such a probationer be given a dishonorable discharge, but **section 5** of this bill eliminates the prohibition on the restoration of civil rights.

Section 4 of this bill provides for the restoration of ~~[the]~~ civil rights ~~[to serve as a juror in a civil action and to vote]~~ to residents of this State who: (1) have not had their **civil** rights ~~[to serve as a juror in a civil action and to vote]~~ restored; (2) are not on probation or parole or serving a sentence of imprisonment on October 1, 2017; and (3) before October 1, 2017, were discharged from probation or parole or released from prison after serving their sentences.

Assemblyman Yeager moved the adoption of the amendment.

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 279.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 491.

AN ACT relating to financial institutions; changing the method by which the Commissioner of Financial Institutions charges and collects fees for providing supervision, audits, examinations, investigations or hearings; requiring the Commissioner to adjust the rate at which such a fee is to be paid by banks and other financial institutions for supervision and examinations in certain circumstances; requiring the Commissioner to publish each year the amount of the fee that is to be paid by banks and other financial institutions for the following year; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Commissioner of Financial Institutions to establish by regulation rates to be paid by banks and other financial institutions for supervision and examinations by the Commissioner or the Division of Financial Institutions of the Department of Business and Industry. (NRS 658.101)

Section 7 of this bill requires the Commissioner to **, at least once per year, review and analyze the proportional utilization of the resources of the Division of Financial Institutions by banks and other financial institutions as compared to the annual budget approved by the Legislature for the Division of Financial Institutions. Section 7 further requires the Commissioner to** adjust ~~[such]~~ **by regulation the** rates ~~[when deemed]~~ **to be paid by banks and other financial institutions if after such review and analysis the Commissioner deems such an adjustment** necessary**.** ~~[by a percentage not to exceed the percentage change in the most recent annual budget approved by the Legislature for the Division of Financial Institutions.]~~ **Section 7** further requires the Commissioner to publish on the Internet website of the Division of Financial Institutions by December 31 of each year the amount of the fee for the following year and defines the term "financial institution" to include a depository institution and any other institution or business regulated by the Division.

Existing law requires the Commissioner to charge and collect from a check-cashing service, or certain loan services, or an issuer of instruments for

transmission or payment of money a fee for supervision and examinations of not more than $80 or $10 per hour, respectively. (NRS 604A.740, 671.170) **Sections 1 and 12** of this bill remove the per hour cap on the fee and instead require the Commissioner to charge and collect the fee at the rate established and, if applicable, adjusted pursuant to **section 7** for any supervision, audit, examination, investigation or hearing.

Existing law requires the costs for additional examinations and investigations of a foreign credit union to be paid by the credit union at an hourly rate that is deemed reasonable by the Commissioner. (NRS 678.3435) **Section 17** of this bill instead requires the credit union to pay the Commissioner for additional examinations and investigations at the rate established and, if applicable, adjusted pursuant to **section 7**.

Existing law authorizes the Commissioner to supervise, audit, examine, investigate or conduct a hearing regarding a bank or other financial institution in order to ensure compliance with the laws governing financial institutions. (NRS 657.210, 675.400, 676A.730) **Sections 5, 14 and 15** of this bill require the Commissioner to charge and collect a fee at the rate established and, if applicable, adjusted pursuant to **section 7** for any such supervision, audit, examination, investigation or hearing. **Section 14** further requires the Commissioner or his or her authorized representatives at least once each year to examine the accounts of the holder of a license to engage in the business of lending so far as they pertain to the business that is licensed.

~~[Existing law exempts various entities from the requirements of the Nevada Administrative Procedure Act. (NRS 233B.039) Section 2 of this bill exempts the Commissioner from the Nevada Administrative Procedure Act when the Commissioner is adjusting the rates upon which the schedule of fees is based pursuant to section 7.]~~

Sections 3, 4, 6, 8-11, 13, 16 and 18 of this bill make conforming changes based on the provisions of **section 7**.

Except as otherwise provided in NRS 159.076, a licensee shall maintain a separate guardianship account for each ward into which all money received for the benefit of the ward must be deposited. Each guardianship account must be maintained in an insured bank or credit union located in this State, be held in a name which is sufficient to distinguish it from the personal or general checking account of the licensee and be designated as a guardianship account. Each guardianship account must at all times account for all money received for the benefit of the ward and account for all money dispersed for the benefit of the ward, and no disbursement may be made from the account except as authorized under chapter 159 of NRS or as authorized by court order.

Records kept pursuant to this subsection must be maintained for at least 6 years after the completion of the last transaction concerning the account. The records must be maintained at the premises in this State at which the licensee is authorized to conduct business.

6. Each licensee shall authorize the Commissioner or his or her designee to examine all books, records, papers and effects of the private professional guardian company.

7. If the Commissioner determines that the records of a licensee are not maintained in accordance with subsections 1 and 2, the Commissioner may require the licensee to submit, within 60 days, an audited financial statement prepared from the records of the licensee by a certified public accountant who holds a certificate to engage in the practice of public accounting in this State. SUMMARY—Prohibits a driver from operating a motor vehicle in the extreme left lane of a **controlled-access** highway under certain circumstances. (BDR 43-154)

AN ACT relating to highways; prohibiting a driver from operating a motor vehicle in the extreme left lane of a **controlled-access** highway under certain circumstances; providing exceptions; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a driver operating a motor vehicle at a speed so slow as to impede the forward movement of traffic proceeding immediately behind the driver on a highway with two or more lanes for traffic traveling in the

same direction must drive in the extreme right lane of the highway. (NRS 484B.627) This bill newly provides that a driver on a **controlled-access** highway with two or more lanes for traffic traveling in the same direction may not continue to operate a motor vehicle in the extreme left lane of the highway if the driver knows, or reasonably should know, that he or she is **driving at a rate of speed that is below the posted speed limit and is** being overtaken in that lane from the rear by a motor vehicle traveling at a higher rate of speed. Exceptions are provided for **[**:**]** **a person driving:** (1) a vehicle in the extreme left lane for the purpose of overtaking another vehicle or preparing for a left turn; (2) a vehicle lawfully operating in a lane designated for high-occupancy vehicles; (3) a vehicle engaged in the construction, maintenance or repair of the highway; (4) when traffic conditions, inclement weather, obstructions, hazards or compliance with an official traffic control device or the directions of a peace officer make it necessary to drive in the extreme left lane; **[**and**]** (5) an authorized emergency vehicle in the course of his or her official duties **[**. A**]** **; and (6) a vehicle within the geographical limits of a city or town. Existing law makes a** violation of the prohibition **[**is**]** a misdemeanor **. [**, and a violator must be punished: (1) for the first offense within the immediately preceding 7 years, by a fine of $50; (2) for a second offense within the immediately preceding 7 years, by a fine of $100; and (3) for a third or subsequent offense within the immediately preceding 7 years, by a fine of $250.**]** **(NRS 484A.900)**

Section 1. Chapter 484B of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in subsection 2, on a controlled-access highway which has two or more clearly marked lanes for traveling in the same direction, a driver may not continue to operate a motor vehicle in the extreme left lane if the driver knows, or reasonably should know, that he or she is traveling at a rate of speed which is less than the posted speed limit for that portion of the controlled-access highway and is being overtaken in that lane from the rear by a motor vehicle traveling at a higher rate of speed.

2. The requirements of subsection 1 do not apply:

(a) To a driver operating a motor vehicle that is:

(1) Overtaking another vehicle proceeding in the same direction;

(2) Preparing for a left turn at an intersection;

(3) Traveling in a lane designated for the use of high-occupancy vehicles pursuant to NRS 484A.460, if the driver complies with the requirements to travel in such a lane; or

(4) Engaged in the construction, maintenance or repair of the highway, including, without limitation, the removal of snow.

(b) When traffic conditions, inclement weather, obstructions or hazards make it necessary to drive in the extreme left lane.

(c) When compliance with an official traffic control device or the directions given by a peace officer makes it necessary to drive in the extreme left lane.

(d) To the driver of an authorized emergency vehicle in the course of his or her official duties.

AN ACT relating to vehicles; ~~**[**authorizing the operation of an unregistered vehicle in certain circumstances; prohibiting the driver of a motor vehicle from intentionally interfering with a person lawfully riding a moped;**]**~~ requiring a person driving a moped to drive ~~**[**to**]**~~ **in** the right ~~**[**side**]**~~ **lane** of the ~~**[**roadway**]**~~ **highway** in certain circumstances; ~~**[**removing the requirement for a person operating an off-highway vehicle on a highway in this State to wear a helmet;**]**~~ providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Existing law requires every owner of a motor vehicle intended to be operated upon the highways of this State to obtain the registration of the motor vehicle, except for certain vehicles such as implements of husbandry, electric bicycles and golf carts. (NRS 482.205, 482.210) A person who has purchased a vehicle from a person who is not a dealer may apply for a permit from the Department of Motor Vehicles to operate the unregistered vehicle for a limited period until the expiration of the permit or the issuance of a new permit or certificate of registration for the vehicle. (NRS 482.396) Section 3 of this bill newly provides that, instead of obtaining a permit from the~~

~~Department, a resident of this State who has purchased a vehicle from a person who is not a dealer may operate the unregistered vehicle for not more than 14 days after the date on which the vehicle is purchased if certain conditions are met. A person operating an unregistered vehicle in such a manner must, upon demand, provide to a peace officer proof of ownership of the vehicle. Section 1 of this bill adds the operation of such an unregistered vehicle to the list of exceptions to the requirement for registration.~~

~~Existing law requires the owner of a motor vehicle to provide certain insurance on a motor vehicle. (NRS 485.185) Existing law also prohibits the owner of the motor vehicle from: (1) operating or knowingly permitting the operation of the motor vehicle without having evidence of insurance in the vehicle; and (2) failing or refusing to surrender, upon demand, the evidence of insurance to a peace officer or an authorized representative of the Department. An exception is provided from those two requirements if the motor vehicle in question is being operated pursuant to a permit issued by the Department authorizing the movement or operation of that vehicle for a limited time. (NRS 485.187) Section 5 of this bill revises that exception to include an unregistered vehicle being operated within 14 days after purchase as authorized in section 3.~~]

Under existing law, a person driving a moped upon the highways of this State is entitled to full use of the traffic lane the moped is occupying and is entitled to all the rights and subject to all the duties applicable to the driver of a motor vehicle as provided by law. (NRS 486.331, 486.341) **Section 7** of this bill requires a person driving a moped, except a police officer in the performance of his or her duty, to drive ~~[as near to]~~ **in** the ~~[right side]~~ **extreme right-hand lane** of the ~~[roadway as is practicable, including, at the discretion of the driver, on the paved shoulder of the roadway.]~~ **highway if the highway has two or more clearly marked lanes for traveling in the same direction in which the driver is traveling.** Exceptions are provided for: (1) when the driver is preparing to turn left; (2) when driving to the right side of the roadway would not be safe; and (3) compliance with the directions of a police officer. Existing law makes a violation of this section a misdemeanor. (NRS 486.381) ~~[Under existing law, a person riding a bicycle or an electric bicycle must ride as near to the right side of the roadway as is practicable, with certain exceptions. (NRS 484B.777) Existing law also provides certain protections from motor vehicles to a person lawfully riding a bicycle or an electric bicycle. (NRS 484B.270) Section 4 of this bill provides those same protections to a person lawfully riding a moped.~~

~~Existing law authorizes a person to operate an off-highway vehicle on a highway in this State under certain circumstances. (NRS 490.090, 490.100, 490.110) A person operating an off-highway vehicle on a highway under those circumstances is required to wear a helmet. (NRS 490.130) Section 8 of this bill removes the requirement to wear a helmet.~~] **Section 6 of this bill makes a conforming change.**

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 382.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 427.

AN ACT relating to health care; requiring certain hospitals, independent centers for emergency medical care and physicians to accept certain rates as payment in full for the provision of emergency services and care to certain patients; providing an exception under certain circumstances; requiring the submission of certain reports relating to policies of health insurance and similar contractual agreements by certain third parties who issue those policies and agreements; requiring certain hospitals and independent centers for emergency medical care to submit reports to the Department of Health and Human Services concerning patient debt and rate increases; requiring the Governor's Consumer Health Advocate to adopt certain regulations; requiring the Commissioner of Insurance to consider certain information when determining the adequacy of a network plan; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a hospital is required to provide emergency services and care and to admit certain patients where appropriate, regardless of the financial status of the patient. (NRS 439B.410) Existing law also requires certain major hospitals to reduce total billed charges by at least 30 percent for hospital services provided to certain patients who have no insurance or other contractual provision for the payment of the charges by a third party. (NRS 439B.260) **Section 17** of this bill requires an out-of-network hospital with 100 or more beds that is not operated by a federal, state or local governmental entity or an out-of-network independent center for emergency

medical care that is operated by a person who also operates such a hospital to accept, under certain circumstances, as payment in full for the provision of emergency services and care, other than services and care provided to stabilize a patient, to certain patients a rate which does not exceed the greater of: (1) the average amount that the third party has negotiated with other hospitals in this State; or (2) one hundred twenty-five percent of the average amount paid by Medicare for the same or similar services in the same geographic area. The Commissioner of Insurance is ~~[authorized]~~ **required** to adopt regulations to interpret these provisions in a manner that is similar to the interpretation of the federal regulation establishing the amount that certain health insurance providers must pay to out-of-network hospitals for emergency services. (29 C.F.R. § 2590.715-2719A) **Such regulations must provide for a system for verifying negotiated contract prices by a third party or out-of-network facility submitted to the Commissioner of Insurance pursuant to sections 17-19 of this bill.** **Section 18** of this bill requires an out-of-network physician on the medical staff of an out-of-network hospital with 100 or more beds or an out-of-network independent center for emergency medical care that is operated by a person who also operates such a hospital to accept as payment in full for the provision of emergency services and care, other than services and care provided to stabilize a patient, a rate which is similarly calculated to that in **section 17**. **Section 19** of this bill requires an out-of-network physician on the medical staff of an in-network hospital with 100 or more beds or an in-network independent center for emergency medical care that is operated by a person who also operates such a hospital to accept as payment in full for the provision of emergency services and care, other than services and care provided to stabilize a patient, a rate which is similarly calculated to that in **sections 17 and 18**. **Sections 17-19** further provide that, if a hospital, center or physician, as applicable, determines that the amount prescribed pursuant to those sections is not sufficient reimbursement for the provision of emergency services and care to a patient, the hospital, center or physician may negotiate a different rate with the third party and may, under certain circumstances, file a complaint and request for mediation with the Governor's Consumer Health Advocate. ~~[Section]~~ **Sections 21.3 and 22** of this bill ~~[requires]~~ **require** the Advocate to establish a procedure for filing and processing such complaints and requests for mediation.

Existing law requires the Commissioner of Insurance to make an annual determination concerning the availability and accessibility of the health care services of any network plan offered for sale in this State. (NRS 687B.490) **Section 20** of this bill requires a third party who wishes to pay the amounts prescribed pursuant to **sections 17-19** to conduct a review of the adequacy of the network of the third party and submit certain reports to the Commissioner and to the Legislative Committee on Health Care. **Section 23** of this bill requires the Commissioner to consider such a report when making a

determination concerning the availability and accessibility of the network plan to which the report pertains.

Section 21 of this bill requires a hospital with 100 or more beds that is not operated by a federal, state or local governmental entity or an independent center for emergency medical care that is operated by a person who also operates such a hospital to annually report certain information concerning the collection of debts, rate increases and negotiated payments for emergency services and care to the Department of Health and Human Services.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 413.

AN ACT relating to juvenile justice; revising provisions governing employment with a department of juvenile justice services; authorizing a department of juvenile justice services to terminate the employment of certain persons ~~[based upon a showing of just cause;]~~ **after providing the employee reasonable time to correct information or resolve certain pending charges;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the board of county commissioners of a county whose population is 700,000 or more (currently Clark County) to establish by ordinance a department of juvenile justice services to administer certain

provisions of existing law relating to juvenile delinquency and the abuse and neglect of children. (NRS 62G.200-62G.240) If the board of county commissioners of such a county has not established a department of juvenile justice services, the juvenile court must establish by court order a probation committee and must appoint a director of the department of juvenile justice services to administer certain functions of the juvenile court. (NRS 62G.300-62G.370)

Existing law requires a department of juvenile justice services to obtain a background investigation of applicants for employment with, and employees of, the department. Existing law also requires a department to obtain a background investigation of each employee of the department at least once every 5 years after the initial investigation. (NRS 62G.223, 62G.353) Existing law authorizes a department of juvenile justice services to deny employment to an applicant, or terminate the employment of an employee, against whom certain criminal charges are pending. Further, existing law requires a department of juvenile justice services to deny employment to an applicant or terminate the employment of an employee who has been convicted of certain crimes. (NRS 62G.225, 62G.355) This bill amends existing law by authorizing, rather than requiring, a department of juvenile justice services to terminate the employment of an employee ~~[based upon a showing of just cause, rather than for cause,]~~ if the employee: (1) has been convicted of certain crimes; or (2) certain criminal charges are pending against the employee. **Before terminating the employee, the department of juvenile justice services is required to allow the employee a reasonable amount of time to: (1) correct information obtained from the background investigation; or (2) resolve certain pending charges against the employee.**

Legislative Counsel's Digest:

The United States District Court for the Northern District of California recently approved two partial consent decrees in litigation between the United States Department of Justice and the Volkswagen Corporation and its subsidiaries regarding the installation and use of emissions testing devices in many vehicles sold and operated in the United States. One provision of the

partial consent decrees requires the Volkswagen Corporation to fund a Mitigation Trust, the money from which will be disbursed to each state based on the number of affected vehicles which were sold in each of those states. The money must be used to defray the cost of projects intended to offset the excess emissions of nitrogen oxides caused by the vehicles. (Partial Consent Decree, *In re* Volkswagen "Clean Diesel" Marketing, Sales Practices and Products Liability Litigation, No. MDL No. 2672 CRB, (N.D. Cal. Sept. 30, 2016) and Second Partial Consent Decree, *In re* Volkswagen "Clean Diesel" Marketing, Sales Practices and Products Liability Litigation, No. MDL No. 2672 CRB, (N.D. Cal. Dec. 20, 2016))

Amendment adopted.

Bill ordered reprinted, engrossed and to third reading.

Assembly Bill No. 32.

Bill read second time.

The following amendment was proposed by the Committee on Natural Resources, Agriculture, and Mining:

Amendment No. 333.

AN ACT relating to pest control; requiring certain persons who engage in pest control, including governmental agencies and their employees, to obtain a **certificate or** license from the Director of the State Department of Agriculture; establishing procedures relating to such **certification and** licensure; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law generally prohibits any person from using pesticides or otherwise engaging in the business of pest control without a license from the Director of the State Department of Agriculture. (NRS 555.280, 555.285) For the purposes of these provisions, "person" is defined to include a

government, governmental agency and political subdivision of a government. (NRS 555.266) **Sections 9-13, 19 and 21** of this bill provide explicitly for the ~~[~~licensure~~]~~ **certification** of any governmental agency and **licensure of** any employee of such an agency who engages in pest control.

Existing law provides exemptions from licensing requirements for certain farmers and landscape-maintenance businesses. Currently, to be exempt, a farmer must not be regularly engaged in the business of applying pesticides or performing pest control "for hire." (NRS 555.277) **Section 22** of this bill removes the "for hire" limitation, with the result that a farmer who is paid for his or her services is still exempt if the other statutory conditions are satisfied. **Section 22** also revises the "landscaping" exemption by making it applicable only to a "gardener" who uses certain pesticides.

Under existing law, a person may not engage "for hire" in certain pest control activities relating to termites and other wood-destroying pests or organisms without a license issued by the Director. (NRS 555.285) **Section 24** of this bill extends the licensure requirement to any person who provides or offers to provide such services without charge.

This bill otherwise provides for the licensure of businesses who engage in pest control and certain natural persons who are owners, officers, partners, members or technicians of such a business. **Section 30 of this bill expands the circumstances under which the Director may investigate a licensee to include certain licensed applicators and government applicators.** **Section 31** of this bill provides that any application for a license submitted by a natural person must be accompanied by a ~~[~~work card issued to the person by the sheriff of the county in which the person resides.~~]~~ **fee in a certain amount. Section 31 also authorizes the applicant, in lieu of submitting his or her fingerprints and written permission to conduct a background check of the applicant, to submit any document or other information required by the Department to perform the background check. The document or other information must be accompanied by any fees required by the Department.** If disciplinary action is initiated against a licensee who is a natural person, **section 32** of this bill ~~[~~generally~~]~~ requires the ~~[~~person~~]~~ **licensee** to ~~[~~obtain and~~]~~ submit **,** ~~[~~a work card~~]~~ within 30 days after receiving notice of disciplinary action **~~[~~. Section 14 of this bill governs the issuance of the required work card.~~]~~ and in accordance with any regulations adopted by the Department, any document or other information required to perform a background check of the licensee. The document or other information must be accompanied by any fees required by the Department. Sections 31 and 32 also revise the types of crimes for which the Director may refuse to issue or revoke, suspend or modify a license to engage in pest control.**

Assembly Bill No. 62.

Bill read second time.

The following amendment was proposed by the Committee on Taxation:

Amendment No. 162.

AN ACT relating to tobacco products; revising provisions governing the reporting and disclosure of certain information relating to sales of cigarettes **, roll-your-own tobacco and smokeless tobacco** in and into this State; requiring the submission of certain monthly reports relating to the sale, transfer, shipment or delivery in or into this State of cigarettes **~~[;]~~ , roll-your-own tobacco and smokeless tobacco;** providing that an importer is jointly

and severally liable for such monthly reports; providing that certain information reported to the Department of Taxation or the Attorney General relating to sales of cigarettes is confidential; requiring a nonparticipating manufacturer to post a bond approved by the Attorney General and revising the amount of such a bond; revising provisions governing the circumstances under which a nonparticipating manufacturer and its brand families may be denied listing in or removed from the directory of manufacturers and brand families created and maintained by the Department; revising provisions relating to the assignment to the State of the interest of a manufacturer in money in a qualified escrow fund; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

On November 23, 1998, leading United States tobacco product manufacturers and the State of Nevada entered into a settlement agreement, entitled the "Master Settlement Agreement," which obligates the manufacturers, in return for a release of past, present and certain future claims against them, to: (1) pay substantial sums to the State; (2) fund a national foundation devoted to the interests of public health; and (3) make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking. In 1999, the Nevada Legislature enacted provisions requiring all manufacturers of tobacco products sold in this State to participate in the Master Settlement Agreement or to place certain money in escrow. (Chapter 370A of NRS) In 2005, the Legislature made a finding that violations of chapter 370A of NRS threatened the integrity of the Master Settlement Agreement and the fiscal soundness of the State and public health, and enacted procedural safeguards to aid in the enforcement of the provisions of chapter 370A of NRS. (NRS 370.600-370.705) This bill generally revises existing, and provides additional, procedures and licensing requirements to aid in the statutory enforcement of the Master Settlement Agreement.

Section 2 of this bill authorizes the Department of Taxation, the Nevada Tax Commission and the Attorney General to share certain information with other entities for the purpose of enforcing the Master Settlement Agreement and ensuring compliance with provisions governing the taxation of sales of cigarettes. **Section 2** also provides that certain data relating to cigarette sales obtained by the Department, the Nevada Tax Commission or the Attorney General is confidential. **Sections 1 and 10** of this bill revise provisions relating to the confidentiality of such information. Existing law authorizes the Department to audit certain licensees to ensure compliance with the Master Settlement Agreement and **section 2** additionally authorizes the Department to investigate the facilities of such licensees and applicants for licenses to ensure compliance. (NRS 370.257)

Section 3 of this bill requires any person, other than a common carrier, who sells, transfers, ships or otherwise delivers cigarettes **, roll-your-own tobacco or smokeless tobacco** in or into Nevada to submit monthly reports

to the Department. **Section 3** sets forth the information which must be included in the reports, provides certain exceptions from the requirement to file the reports and revises the period for which a manufacturer or importer is required to retain the information provided in the reports. **Section 3** also requires a manufacturer or importer, upon request, to provide to the Attorney General copies of similar reports which the manufacturer or importer files in another state. Additionally, **section 3** requires a manufacturer or importer to provide copies or provide for the release of its quarterly federal tax returns **and certain monthly reports required by federal law** to the Attorney General. **Section 6** of this bill provides that an importer is jointly and severally liable for the reports required by **section 3**.

Existing law provides that a nonparticipating manufacturer may, as a condition of being included in the directory of manufacturers maintained by the Department, be required to post a bond for the benefit of the State of Nevada under certain circumstances. (NRS 370.682) **Section 5** of this bill requires the posting of the bond by all nonparticipating manufacturers and revises the minimum amount of the bond.

Existing law sets forth the circumstances under which a nonparticipating manufacturer and its brand families may be denied listing in the directory maintained by the Department or removed from the directory. (NRS 370.698) **Section 8** of this bill provides that a nonparticipating manufacturer and its brand families may be denied listing in the directory or removed from the directory if, in any year, the total nationwide reported sales of cigarettes of the nonparticipating manufacturer on which federal excise tax is paid exceeds by more than 5 percent the amount of cigarette sales reported by the nonparticipating manufacturer or its importers on certain national, interstate or intrastate reports.

Section 9 of this bill revises provisions governing the assignment to the State of a manufacturer's interest in money in certain qualified escrow funds. (NRS 370A.153)

The following amendment was proposed by the Committee on Transportation:

Amendment No. 354.

AN ACT relating to transportation; ~~[revising provisions relating to the confidentiality of certain information in the possession of the Department of Motor Vehicles; revising provisions relating to autonomous vehicles and other vehicles using certain advanced technologies; revising provisions regarding the information required to obtain a driver authorization card;]~~ revising provisions relating to the photograph on a driver's license; revising provisions governing the licensure and operation of schools for training drivers; revising provisions relating to the fees paid by a person 65 years of age or older for an identification card; revising provisions relating to the issuance of a commercial driver's license to a person who is not a resident of this State; **setting forth exceptions to certain restrictions on the placement of advertising on or near certain highways, rights-of-way, bridges or structures;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

~~[Under existing law, the Director of the Department of Motor Vehicles is subject to various restrictions on his or her authority to release personal information from certain files and records of the Department relating to a driver's license, identification card, or title or registration of a vehicle. One such restriction is that the Director is not authorized to provide personal information to individuals or companies for the purpose of marketing extended vehicle warranties, except in the case of activities relating to research or the production of statistical reports, if the personal information will not be published or otherwise redisclosed, or used to contact any person. A person who requests and receives such personal information may sell or disclose that information only for a use permitted by other provisions of the statute, including use in connection with certain civil, criminal,~~

~~administrative or arbitration proceedings, in connection with matters relating to the safety of drivers, safety and theft of motor vehicles, emission from motor vehicles and other similar uses. A person who sells or discloses such information is required to keep a record, for 5 years, of each person to whom the information was provided, and the purpose for which that person will use the information. (NRS 481.063) Section 1 of this bill removes the exception to the provision of personal information to individuals or companies for the purpose of marketing extended vehicle warranties, and expands the applicability of the recordkeeping requirement to other circumstances in which a person may request such information.~~

~~Existing law requires the Department to adopt regulations authorizing the operation of autonomous vehicles on highways within this State. (NRS 482A.100) Such vehicles are equipped with autonomous technology, which has the capability to drive the vehicle without the active control or monitoring of a human operator. (NRS 482A.025, 482A.030) Section 5 of this bill authorizes the Department to adopt regulations authorizing the operation of vehicles which use an "advanced automated vehicle system" on highways and other places within this State. Section 3 of this bill defines an "advanced automated vehicle system" as a combination of technology and equipment that allows a vehicle to: (1) be electronically controlled by an operator; and (2) operate on the highways of this State and in other places, including, without limitation, in the air or in or on the waters of this State. Section 6 of this bill authorizes the Department to adopt regulations authorizing the operation of vehicles which use "driver-assistive truck platooning technology" on highways within this State. Section 4 of this bill defines "driver-assistive truck platooning technology" as an integration of vehicle automation, safety technology, sensor arrays, vehicle to vehicle communication systems and specialized software that allows for the linking of the safety systems, acceleration and braking between two or more trucks or other vehicles as they travel on a road or highway, leaving the steering of each truck or other vehicle under the command and control of the driver of the truck or other vehicle, to the extent that such integration and linking is authorized under any federal laws or regulations adopted by the National Highway Traffic Safety Administration of the United States Department of Transportation. Section 8 of this bill provides that autonomous technology does not include driver-assistive truck platooning technology.~~

~~Existing law requires an applicant for certain instruction permits or a driver authorization card to state their name, date of birth, sex and residence address. (NRS 483.291) Section 9 of this bill requires such an application to instead include the applicant's full legal name, date of birth, sex, address of principal residence and mailing address.]~~

Existing law requires the Department to issue a driver's license which bears a colored photograph of the licensee. (NRS 483.347) **Section 10** of this bill removes the requirement that the photograph be in color.

Existing law requires a person who seeks to operate a school for training drivers or to be an instructor for a school for training drivers to obtain a driver's license from the Department. (NRS 483.700) The Department may cancel, suspend, revoke or refuse to renew the driver's license if the licensee engages in certain acts or practices. (NRS 483.760) **Section 12** of this bill provides that the Department may also refuse to issue a license if the applicant engages in any of those certain acts or practices, and adds to the list of those acts or practices: (1) making a material misstatement on an application; (2) failing or refusing to provide any information requested by the Department regarding an application; and (3) conviction of a crime for a violation of any of the provisions of law governing schools for training drivers and instructors for a school for training drivers. Existing law also requires that each vehicle used for training drivers and operated on a highway is inspected annually. (NRS 483.745) **Section 11** of this bill requires that a vehicle be inspected within 30 days after initial use by the school for training drivers, and then inspected annually thereafter.

Existing law allows certain persons who do not hold a valid driver's license from any state or jurisdiction to obtain an identification card from the Department. (NRS 482.820) A person who is 65 years of age or older must pay a fee of $4 for an original or duplicate identification card. **Section 13** of this bill clarifies that the $4 fee applies to such an identification card which expires on or before the fourth anniversary of the person's birthday and an $8 fee applies to such an identification card which expires on or before the eighth anniversary of the person's birthday.

Existing law requires the Department to adopt regulations providing for the issuance of commercial drivers' licenses, but the regulations may not be more restrictive than the federal regulations adopted pursuant to the Commercial Motor Vehicle Safety Act of 1986, as amended, 49 U.S.C. §§ 31301 et seq. (NRS 483.908) The Department may not issue a commercial driver's license or a commercial learner's permit, which allows a person to operate a commercial motor vehicle on the highways of this State if he or she is accompanied by the holder of a commercial driver's license, to a person unless the person is a resident of this State. (NRS 483.924, 483.934) Existing law prohibits a person who is a resident of this State for 30 days or more from driving a commercial motor vehicle under the authority of a commercial driver's license issued by another jurisdiction. (NRS 483.932) Existing law authorizes the Department to issue a nonresident commercial driver's license or a nonresident commercial learner's permit to a person who is a resident of a foreign jurisdiction which the Federal Highway Administrator has determined does not test drivers and issue commercial drivers' licenses in accordance with federal standards or who is a resident of a state while that state is prohibited from issuing commercial drivers' licenses pursuant to federal regulations. (NRS 483.936) **Section 15** of this bill removes the authorization for the Department to issue a nonresident commercial driver's license or nonresident commercial learner's permit, and

newly provides that the Department may only issue a limited-term commercial driver's license or limited-term commercial learner's permit to a resident of a foreign jurisdiction which the Federal Highway Administrator has determined does not test drivers and issue commercial drivers' licenses in accordance with federal standards. **Section 14** of this bill makes conforming changes to the fees for such a license.

Existing law restricts the placement of advertising on or near certain highways, rights-of-way, bridges or structures, with certain exceptions for benches and shelters for passengers of mass transit and monorail stations. (NRS 405.110, 410.320, 484B.313) Sections 15.3-15.7 of this bill add to the exceptions from those restrictions certain advertisements on a touchdown structure, which is the tower attached to a pedestrian bridge and which houses an elevator.

~~[Section 14 of this bill requires the Department to maintain a permanent, confidential employment record of each licensed employee employed by a school district or charter school.]~~

Section 13 requires any such fee that is collected to be applied toward the fee prescribed for the issuance of a license if the Department determines from the information submitted that the person satisfies the requirements for the issuance of a license. Existing law creates the English Mastery Council and requires the Council to include two members who hold a master's degree to teach English as a second language and meet certain other criteria. (NRS 388.409) Section 1.7 of this bill provides that these two members may hold an endorsement to teach English as a second language instead of holding a master's degree.

Existing law requires the superintendent of schools of each school district and the administrative head of each charter school to submit certain information relating to the arrest of a licensed employee to the Department. (NRS 391.057) **Section 6** of this bill requires the administrative head of each charter school to submit information relating to the arrest of an unlicensed teacher or administrator to the Department.

Existing law provides immunity from civil or criminal liability for any person who makes a report, causes or conducts an investigation, or submits information relating to a licensed employee who is arrested for or convicted of a crime. (NRS 391.059) **Section 7** of this bill extends this immunity from liability to every person who makes a report, causes or conducts an investigation or submits information relating to an unlicensed teacher or administrator who is arrested for or convicted of a crime.

Existing law authorizes the State Board of Education, after notice and an opportunity for a hearing, to suspend or revoke the license of any teacher, administrator or other licensed employee under certain circumstances,

including, without limitation, conviction of the teacher, administrator or other licensed employee of a felony, a crime involving moral turpitude or certain sex offenses. (NRS 391.330) **Section 8** of this bill requires the governing body of a charter school to terminate the employment of any teacher or administrator who is employed by the charter school but is not licensed upon conviction of a felony, a crime involving moral turpitude or certain sex offenses.

Section 27 requires the information submitted by a school district to include the overall performance rating of each licensed employee employed by the school district.

Existing law provides that if an employee's license lapses during a time that school is in session, a certain period must pass before the employee is suspended from employment. (NRS 391.3015) **Section 29** of this bill provides that if the Superintendent denies an application for renewal of a license, the licensee may be suspended immediately.

Under existing law, the membership of the Advisory Council on Parental and Family Engagement, the Commission on Professional Standards in Education, the Teachers and Leaders Council of Nevada and the Statewide Council for the Coordination of the Regional Training Programs includes one or more members who are teachers. (NRS 385.610, 391.015, 391.455, 391A.130) ~~[Sections 1, 18, 30 and 31]~~ **Section 1** of this bill ~~[provide]~~ **provides** that any costs associated with employing a substitute teacher while a member who is a teacher ~~[is attending]~~ **attends** a meeting of ~~[such a body,]~~ **the Advisory Council,** the school district or charter school that employs the member is responsible for such costs. **Sections 18, 30 and 31 of this bill also require the school district or charter school that employs the teacher to pay the cost associated with employing a substitute needed for a teacher**

to serve on one of the other bodies but also allow the organization that submitted the name of the member to the Governor for appointment to pay the cost.

Sections 15-17 of this bill revise provisions governing the membership, terms and officers of the Commission on Professional Standards in Education.

Existing law requires the Commission **on Professional Standards in Education** to adopt regulations governing examinations for the initial licensing of teachers and authorizes the Commission to provide an exemption from such examinations for teachers and other educational personnel from another state under certain circumstances. (NRS 391.021, 391.032) **Section 19 of this bill requires the regulations establishing these qualifications to require an applicant for a license to teach middle school, junior high school or high school to demonstrate proficiency in a field of specialization or area of concentration by successfully completing certain course work or passing a subject matter competency examination prescribed by the Department. Sections 19, 20 , ~~[and]~~ 22 and 25.5** of this bill revise provisions governing ~~[exemptions from the examinations for]~~ initial licensure for teachers and educational personnel from other states who obtain a reciprocal license. ~~[Section 22 also removes the requirement that the regulations adopted by the Commission that provide for reciprocal licensure of educational personnel from other states include provisions regarding persons who obtain a license pursuant to an alternative route to licensure.]~~

Section 23.3 of this bill transfers, from the State Board to the Commission on Professional Standards in Education, responsibility for prescribing standards for approval of a course of study or training offered by an educational institution to qualify a person to be a teacher or administrator or perform other educational functions. Sections 23.5 and 25.7 of this bill make conforming changes.

Section 33.5 of this bill repeals a provision requiring the Superintendent of Public Instruction to file with the clerk of the board of trustees of each school district a directory of all teachers and other educational personnel who are entitled to draw salaries from the county school district fund. Section 1.5 of this bill makes a conforming change.

(Section 2 of chapter 459, Statutes of Nevada 2015, p. 2681) Existing law provided a $150,000 appropriation for the 2015–2017 biennium to the Nevada System of Higher Education for the College of Southern Nevada to hire a geographic information technology specialist, purchase related software and provide other services related to the NV Grow Program. (Section 5 of chapter 459, Statutes of Nevada 2015, p. 2683) Existing law also provides that the NV Grow Program expires by limitation on June 30, 2017. (Section 8 of chapter 459, Statutes of Nevada 2015, p. 2683)

~~[Section 2 of this bill repeals the prospective expiration of the NV Grow Program. Sections 2-6, inclusive, of this bill remove the term "pilot" because the program is ongoing. Section 8 of this bill makes a $300,000 appropriation for the 2017-2019 biennium to the Nevada System of Higher Education to support the NV Grow Program, providing: (1) $150,000 to the Nevada Small Business Development Centers for the operation of the Program; and (2) $150,000 to the College of Southern Nevada to hire counselors to assist small businesses who participate in the Program.]~~ **Sections 1-7 of this bill make the NV Grow Program ongoing by repealing the prospective expiration of the provisions that created the NV Grow Program and make conforming changes to remove the designation of the program as a pilot program. Section 1.5 of this bill designates the NV Grow Act as the short title for the act that establishes the NV Grow Program.**

Section 3 of this bill recognizes the Small Business Development Center in Clark County as a participant in the program and requires cooperation with the geographic information system specialist. Section 3 also requires the Small Business Development Centers in Clark and Washoe Counties to select the lead counselor and manage the NV Grow Program jointly, including: (1) appointing the College of Southern Nevada as administrator of the geographic information system; (2) identifying businesses and business sectors in this State that are ready to expand; (3) determining those businesses and business sectors that will participate in the program; (4) identifying skilled labor in this State and its potential for growth; (5) targeting business sectors and occupations in the State that have demonstrated the ability to grow and stimulate the economy; (6) focusing on utilization of existing resources; (7) harnessing the academic expertise of the College of Southern Nevada; (8) using the geographic information systems to map areas in which retail sales and

Additionally, section 3: (1) adds business mentorship within the program as part of the resources and expertise the Centers provide to businesses in this State; (2) expands the goal of the NV Grow Program from serving 10 businesses to serving 15 businesses in this State every year; and (3) reduces the minimum revenue threshold for participation in the NV Grow Program to businesses that generate at least $50,000 per year.

Section 8 of this bill increases the appropriations to provide grants for program support for business courses and allow the College of Southern Nevada to hire a lead counselor. Section 8 also requires the money appropriated by this bill to be used for direct program expenditures.

Amendment No. 461.

SUMMARY—Revises provisions governing ~~[government contracting.]~~ **state governmental procurement.** (BDR 27-295)

AN ACT relating to ~~[government contracting; requiring certain employers to establish their compliance with certain antidiscrimination provisions of state and federal law as a condition of entry into a governmental contract; requiring the inclusion of certain terms and conditions in such a contract; providing a penalty;]~~ **state governmental procurement; requiring the Administrator of the Purchasing Division of the Department of Administration to establish by regulation a program of certification of**

vendors who pay equal pay for equal work without regard to gender; requiring the Purchasing Division to include the certification of such a vendor in certain records; authorizing a certified vendor to include its certification in advertising and promotional materials; providing a limited bidding preference for certified vendors under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing provisions of state and federal law generally prohibit discrimination in employment on the basis of race, color, creed, sex, sexual orientation, gender identity or expression, religion, age, disability or national origin. (42 U.S.C. §§ 2000e et seq.; NRS 338.125, 613.310-613.435) In particular, an employer is generally prohibited from paying lower wages to an employee than the wages paid to an employee of the opposite sex for equal work performed under similar working conditions. (29 U.S.C. § 206(d); NRS 608.017)

~~[Sections 2, 6, 11 and 19 of this bill prohibit various governmental entities from awarding a contract to an employer, including a public employer, having 50 or more employees unless the employer provides a certificate of pay equity compliance issued to the employer by the Labor Commissioner. Pursuant to section 22 of this bill, the Commissioner is authorized to issue such a certificate only if the employer establishes and the Commissioner determines that the employer provides equal employment opportunity for all employees and applicants for employment regardless of sex, and that male and female employees receive equal pay for equal work. Sections 2, 6, 11 and 19 also authorize those governmental entities to refuse to award a contract to an employer with less than 50 employees unless the employer provides such a certificate. Section 2 applies to a local government with respect to contracts for the purchase of services, supplies, materials or equipment. Section 6 applies to similar contracts awarded by the Administrator of the Purchasing Division of the Department of Administration or another officer or agency in the Executive Department of the State Government. Section 11 applies to a contract for any public work that is financed in whole or in part from public money of this State or its political subdivisions. Section 11 also enacts those provisions with respect to a subcontract between an employer who has been awarded a contract for a public work and any subcontractor. Section 19 applies to contracts for the construction, reconstruction, improvement and maintenance of highways. Section 19 likewise makes similar provisions applicable to any subcontract.~~

~~Section 22 governs the process of obtaining the required certificate from the Labor Commissioner. Section 22: (1) sets forth the information that must be provided by an employer in an application for a certificate; (2) authorizes the Commissioner to issue a provisional certificate pending a review of the information; (3) requires the Commissioner to make certain determinations about the practices of the employer as they relate to male and female employees and applicants for employment; and (4) provides for the issuance~~

~~or denial of a certificate, the cancellation of a provisional certificate and the revocation of a certificate under certain circumstances. Section 22 further requires the Commissioner to adopt regulations as necessary to effectuate this process.]~~

Section 24 of this bill requires the Administrator of the Purchasing Division of the Department of Administration to establish by regulation a program to certify vendors that pay their employees equal pay for equal work without regard to gender. The regulations must include a method for a vendor to self-certify that it pays its employees equal pay for equal work without regard to gender. Section 25 of this bill provides that if the Administrator certifies a vendor: (1) the Purchasing Division is required to include the certification in any information concerning the vendor that the Purchasing Division maintains in its records or makes available on its Internet website; and (2) the vendor is authorized to include the certification in its advertising, marketing or other promotional materials. Section 26 of this bill provides that a vendor that makes a material misstatement or commits a fraudulent act in its self-certification may be prohibited from bidding on state contracts for up to 3 years. Section 27 of this bill requires the Administrator to submit an annual report to the Governor and the Legislature concerning the program of certification.

Existing law establishes procedures for certain purchases of supplies, materials and equipment by the State. (NRS 333.300) Section 28 of this bill gives a limited 5 percent bidder's preference to bidders who are certified vendors under the program of certification established by the Administrator in cases in which the lowest submitted bids are within 5 percent of each other and none is submitted by a bidder who is resident in this State. Section 29 of this bill makes a conforming change. Section 32 of this bill provides that the program established by the Administrator pursuant to this bill expires on June 30, 2021.

Bill read second time.

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 335.

AN ACT relating to guardianships; authorizing a court to require a proposed guardian to file a proposed preliminary care plan and budget; establishing the process by which an attorney may obtain the approval of the court to receive compensation from the assets of a ward for certain services; establishing the ~~[Office of the]~~ State ~~[Public Guardian;]~~ **Guardianship Compliance Office;** replacing the term "incompetent" with the term "incapacitated" for purposes of guardianships and revising the definition thereof; revising various provisions relating to notice given to certain persons; revising provisions concerning the sale of real and personal property of a ward; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "incompetent" for purposes of the provisions of law governing guardianships. (NRS 159.019) **Section 7** of this bill replaces the term "incompetent" with the term "incapacitated" and revises the definition thereof. **Sections 5, 6, 11-17, 20, 22 and 35-43** of this bill make conforming changes.

Existing law generally requires a petitioner in a guardianship proceeding to give notice of the time and place of the hearing on any petition filed in the guardianship proceeding to certain persons, including any minor ward who is 14 years of age or older. (NRS 159.034) **Section 8** of this bill revises this requirement and requires that notice be given to any ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition.

Existing law provides that after the filing of a petition in a guardianship proceeding, the clerk is required to issue a citation setting forth a time and place for the hearing and directing certain persons to appear and show cause why a guardian should not be appointed for the proposed ward. (NRS 159.047) **Section 9** of this bill requires a copy of the petition to be served together with the citation on certain persons, including a proposed ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition, and **section 10** of this bill requires that the proposed ward be served by personal service. **Section 9** also requires a person who serves notice upon the proposed ward to file with the court an affidavit stating that notice was served.

Existing law requires a guardian of the person to file with the court a written report on the condition of the ward and the exercise of authority and

performance of duties by the guardian at certain specified times. (NRS 159.081) **Section 18** of this bill requires that such a report be served on the ward.

Section 21 of this bill requires the guardian of the estate and the guardian of the person to be notified if the ward is a party to any criminal action. **Section 23** of this bill requires that notice be given to a ward upon the filing of certain petitions or any account.

Existing law establishes various provisions concerning transactions involving real and personal property of a ward, including the sale of such property. (NRS 159.127-159.175) **Sections 24-31** of this bill revise certain provisions concerning the sale of real property of a ward, and **section 44** of this bill repeals provisions of law relating to a public auction for the sale of real property. **Sections 32-34** of this bill revise provisions concerning the sale of personal property of a ward. **Section 32 of this bill authorizes a guardian to: (1) sell or dispose of personal property of a ward that has a total value of less than $10,000 if certain notice is given and no objection to the sale or disposal is received; and (2) authorize the immediate destruction of personal property of a ward without notice in certain circumstances. Section 33** of this bill requires that notice of ~~[such]~~ a sale **of the personal property of a ward** be given to a ward who is 14 years of age or older and certain other persons **and, if the gross value of the estate of the ward is $10,000 or more, published in a newspaper** before a guardian may sell the personal property of a ward.

Section 2 of this bill specifies that upon the filing of a petition for the appointment of a guardian, the court may require a proposed guardian to file a proposed preliminary care plan and budget, the format of which and the timing of the filing thereof must be specified by a court rule approved by the Supreme Court.

Section 3 of this bill provides that an attorney is entitled to receive just, reasonable and necessary compensation for services associated with the commencement and administration of a guardianship, but prohibits such compensation from being paid from the assets of a ward without court approval. **Section 3** establishes the process by which an attorney is able to obtain the approval of the court.

Section 4 of this bill establishes the ~~[Office of the]~~ State ~~[Public Guardian.]~~ **Guardianship Compliance Office. Section 4** provides that the State ~~[Public Guardian]~~ **Guardianship Compliance Officer** is appointed by the Supreme Court and serves at the pleasure of the Court. **Section 4** also authorizes the State ~~[Public Guardian]~~ **Guardianship Compliance Officer** to hire two accountants and two investigators to provide auditing and investigative services to the district courts during the administration of guardian proceedings.

(d) Any other information considered relevant to a determination of entitlement to compensation.

➥ Absent approval from all interested persons, any supplemental requests for fees by the attorney cannot be augmented in open court and must be properly noticed in the same manner as the underlying petition requesting compensation.

4. In determining whether compensation is just, reasonable and necessary, the court may consider all the following factors:

(a) The written agreement approved by the court between the attorney and the ward which sets forth the manner in which compensation is to be calculated.

(b) Whether the services actually advanced or attempted to advance the best interests of the ward.

(c) The qualities of the attorney, including, without limitation, his or her ability, training, education, experience, professional standing and skill.

(2) The nature, extent and liquidity of the assets of the ward;

(3) The disposable net income of the ward;

(4) The anticipated future needs and income of the ward;

(5) Any other foreseeable expenses; and

(6) Any other factors that are relevant to the duties of the guardian pursuant to NRS 159.079 or 159.083.

(k) The efforts made by the attorney to reduce and minimize any issues.

(l) Any actions by the attorney that unnecessarily expanded issues or delayed or hindered the efficient administration of the estate.

(m) Any other factor that is relevant in determining whether compensation is just, reasonable and necessary.

5. The court shall not approve compensation for an attorney for:

(a) Time spent on internal business activities of the attorney, including, without limitation, clerical or secretarial support; or

(b) Time reported as a total amount of time spent on multiple tasks, rather than an itemization of the time spent on each task.

If the real property has not been appraised within this period, a new appraisal must be conducted pursuant to NRS 159.086 and 159.0865 at any time before the sale or confirmation by the court of the sale.

159.146 1. At the hearing to confirm the sale of real property, the court shall:

(a) Consider whether the sale is necessary or in the best interest of the estate of the ward; and

(b) Examine the return on the investment and the evidence submitted in relation to the sale.

2. The court shall confirm the sale and order conveyances to be executed if it appears to the court that:

(a) Good reason existed for the sale;

(b) The sale was conducted in a legal and fair manner;

(c) The amount of the offer **[**~~or bid~~**]** is not disproportionate to the value of the property; and

9. The date of the close of escrow must be at least 10 judicial days after the date that the notice of the entry of order confirming the sale is filed with the clerk of the court unless the contract specifies a later date. The parties to the sale may extend the date of the close of escrow by mutual agreement in writing.

10. If the estate owes more than the value of the property and the estate has made an agreement with all lienholders to accept the sale price and waive any deficiency between the sale price and the amount owed to all lienholders, the sale must be confirmed without the potential for bidding in court. All other portions of the confirmation of sale must be adhered to. The valuation by the bank shall be deemed to be sufficient to meet the appraisal requirement for the sale, and the date of the sale is the date on which the bank approves the sale.

Sec. 43. NRS 616C.505 is hereby amended to read as follows:

616C.505 If an injury by accident arising out of and in the course of employment causes the death of an employee in the employ of an employer, within the provisions of chapters 616A to 616D, inclusive, of NRS, the compensation is known as a death benefit and is payable as follows:

1. In addition to any other compensation payable pursuant to chapters 616A to 616D, inclusive, of NRS, burial expenses are payable in an amount not to exceed $10,000, plus the cost of transporting the remains of the deceased employee. When the remains of the deceased employee and the person accompanying the remains are to be transported to a mortuary or mortuaries, the charge of transportation must be borne by the insurer.

2. Except as otherwise provided in subsection 3, to the surviving spouse of the deceased employee, 66 2/3 percent of the average monthly wage is payable until the death of the surviving spouse.

3. If there is a surviving spouse and any surviving children of the deceased employee who are not the children of the surviving spouse, the compensation otherwise payable pursuant to subsection 2 must be paid as follows until the entitlement of all children of the deceased employee to receive compensation pursuant to this subsection ceases:

(a) To the surviving spouse, 50 percent of the death benefit is payable until the death of the surviving spouse; and

(b) To each child of the deceased employee, regardless of whether the child is the child of the surviving spouse, the child's proportionate share of 50 percent of the death benefit and, except as otherwise provided in subsection 11, if the child has a guardian, the compensation the child is entitled to receive may be paid to the guardian.

4. In the event of the subsequent death of the surviving spouse:

(a) Each surviving child of the deceased employee, in addition to any amount the child may be entitled to pursuant to subsection 3, must share equally the compensation theretofore paid to the surviving spouse but not in excess thereof, and it is payable until the youngest child reaches the age of 18 years.

(b) Except as otherwise provided in subsection 11, if the children have a guardian, the compensation they are entitled to receive may be paid to the guardian.

5. If there are any surviving children of the deceased employee under the age of 18 years, but no surviving spouse, then each such child is entitled to his or her proportionate share of 66 2/3 percent of the average monthly wage for the support of the child.

6. Except as otherwise provided in subsection 7, if there is no surviving spouse or child under the age of 18 years, there must be paid:

(a) To a parent, if wholly dependent for support upon the deceased employee at the time of the injury causing the death of the deceased employee, 33 1/3 percent of the average monthly wage.

(b) To both parents, if wholly dependent for support upon the deceased employee at the time of the injury causing the death of the deceased employee, 66 2/3 percent of the average monthly wage.

(c) To each brother or sister until he or she reaches the age of 18 years, if wholly dependent for support upon the deceased employee at the time of the injury causing the death of the deceased employee, his or her proportionate share of 66 2/3 percent of the average monthly wage.

7. The aggregate compensation payable pursuant to subsection 6 must not exceed 66 2/3 percent of the average monthly wage.

8. In all other cases involving a question of total or partial dependency:

(a) The extent of the dependency must be determined in accordance with the facts existing at the time of the injury.

(b) If the deceased employee leaves dependents only partially dependent upon the earnings of the deceased employee for support at the time of the injury causing his or her death, the monthly compensation to be paid must be equal to the same proportion of the monthly payments for the benefit of persons totally dependent as the amount contributed by the deceased employee to the partial dependents bears to the average monthly wage of the deceased employee at the time of the injury resulting in his or her death.

(c) The duration of compensation to partial dependents must be fixed in accordance with the facts shown, but may not exceed compensation for 100 months.

9. Compensation payable to a surviving spouse is for the use and benefit of the surviving spouse and the dependent children, and the insurer may, from time to time, apportion such compensation between them in such a way as it deems best for the interest of all dependents.

10. In the event of the death of any dependent specified in this section before the expiration of the time during which compensation is payable to the dependent, funeral expenses are payable in an amount not to exceed $10,000.

11. If a dependent is entitled to receive a death benefit pursuant to this section and is less than 18 years of age or ~~[incompetent,]~~ ***incapacitated,*** the legal representative of the dependent shall petition for a guardian to be appointed for that dependent pursuant to NRS 159.044. An insurer shall not pay any compensation in excess of $3,000, other than burial expenses, to the dependent until a guardian is appointed and legally qualified. Upon receipt of a certified letter of guardianship, the insurer shall make all payments required by this section to the guardian of the dependent until the dependent is emancipated, the guardianship terminates or the dependent reaches the age of 18 years, whichever occurs first, unless paragraph (a) of subsection 12 is applicable. The fees and costs related to the guardianship must be paid from the estate of the dependent. A guardianship established pursuant to this subsection must be administered in accordance with chapter 159 of NRS, except that after the first annual review required pursuant to NRS 159.176, a court may elect not to review the guardianship annually. The court shall review the guardianship at least once every 3 years. As used in this

subsection, ~~["incompetent"]~~ ***"incapacitated"*** has the meaning ascribed to it in NRS 159.019.

12. Except as otherwise provided in paragraphs (a) and (b), the entitlement of any child to receive his or her proportionate share of compensation pursuant to this section ceases when the child dies, marries or reaches the age of 18 years. A child is entitled to continue to receive compensation pursuant to this section if the child is:

(a) Over 18 years of age and incapable of supporting himself or herself, until such time as the child becomes capable of supporting himself or herself; or

(b) Over 18 years of age and enrolled as a full-time student in an accredited vocational or educational institution, until the child reaches the age of 22 years.

13. As used in this section, "surviving spouse" means a surviving husband or wife who was married to the employee at the time of the employee's death.

Sec. 44. NRS 159.1435 is hereby repealed.

Sec. 45. This act becomes effective on January 1, 2018.

Amendment adopted.

The following amendment was proposed by Assemblyman Yeager:

Amendment No. 336.

AN ACT relating to guardianships; authorizing a court to require a proposed guardian to file a proposed preliminary care plan and budget; establishing the process by which ~~[an attorney]~~ **a person** may obtain the approval of the court ~~[to receive compensation]~~ **for the payment of attorney's fees and costs** from the assets of a ward **;** ~~[for certain services;]~~

establishing the Office of the State Public Guardian; replacing the term "incompetent" with the term "incapacitated" for purposes of guardianships and revising the definition thereof; revising various provisions relating to notice given to certain persons; revising provisions concerning the sale of real and personal property of a ward; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term "incompetent" for purposes of the provisions of law governing guardianships. (NRS 159.019) **Section 7** of this bill replaces the term "incompetent" with the term "incapacitated" and revises the definition thereof. **Sections 5, 6, ~~[11-17,]~~ 11, 12-17, 20, 22 , ~~[and 35-43]~~ 35 and 36-43** of this bill make conforming changes.

Existing law generally requires a petitioner in a guardianship proceeding to give notice of the time and place of the hearing on any petition filed in the guardianship proceeding to certain persons, including any minor ward who is 14 years of age or older. (NRS 159.034) **Section 8** of this bill revises this requirement and requires that notice be given to any ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition.

Existing law provides that after the filing of a petition in a guardianship proceeding, the clerk is required to issue a citation setting forth a time and place for the hearing and directing certain persons to appear and show cause why a guardian should not be appointed for the proposed ward. (NRS 159.047) **Section 9** of this bill requires a copy of the petition to be served together with the citation on certain persons, including a proposed ward who is 14 years of age or older, regardless of whether the ward is considered to have the capacity to understand or appreciate the contents of the petition, and **section 10** of this bill requires that the proposed ward be served by personal service. **Section 9** also requires a person who serves notice upon the proposed ward to file with the court an affidavit stating that notice was served.

Existing law requires a guardian of the person to file with the court a written report on the condition of the ward and the exercise of authority and performance of duties by the guardian at certain specified times. (NRS 159.081) **Section 18** of this bill requires that such a report be served on the ward.

Section 21 of this bill requires the guardian of the estate and the guardian of the person to be notified if the ward is a party to any criminal action. **Section 23** of this bill requires that notice be given to a ward upon the filing of certain petitions or any account.

Existing law establishes various provisions concerning transactions involving real and personal property of a ward, including the sale of such property. (NRS 159.127-159.175) **Sections 24-31** of this bill revise certain provisions concerning the sale of real property of a ward, and **section 44** of this bill repeals provisions of law relating to a public auction for the sale of

real property. **Sections 32-34** of this bill revise provisions concerning the sale of personal property of a ward. **Section 33** of this bill requires that notice of such a sale be given to a ward who is 14 years of age or older and certain other persons before a guardian may sell the personal property of a ward.
