SECRETARY OF STATE**

Dear Fellow Nevadan:

You will soon be taking advantage of one of your most important rights as an American citizen: the right to vote! As Secretary of State and the state's Chief Election Officer, I take the job of informing the public about various statewide ballot questions very seriously. An informed and knowledgeable electorate is a cornerstone to fair and just elections.

With that in mind, the Secretary of State's office has prepared this booklet detailing the statewide questions that will appear on the 2004 General Election Ballot. The booklet contains "Notes to Voters," a complete listing of the exact wording of each question, along with a summary, arguments for and against each question's passage, and, where applicable, a fiscal note. Any fiscal note included in this booklet explains only adverse impacts and does not note any possible cost savings.

I encourage you to carefully and thoughtfully review the ballot questions listed in the booklet. As a voter, your actions on these ballot questions can create new laws, amend existing laws or amend the Nevada Constitution.

On the 2004 General Election Ballot, there are eight statewide questions. Ballot Question Numbers 7 and 8 appear on the ballot through the actions of the Nevada State Legislature. Ballot Question Numbers 1 through 6 qualified for this year's ballot through the initiative petition process.

You can also view these ballot questions on the Secretary of State's web site at [www.secretaryofstate.biz](http://www.secretaryofstate.biz). If you require further assistance or information, please feel free to contact my office at 775/684-5705.

Respectfully,

A handwritten signature in black ink that reads "Dean Heller".

# NOTE TO VOTERS

## NOTE TO VOTERS

### **Streamlined Sales Tax Project**

Ballot Question No. 8 seeks to simplify the state and local tax base by making it uniform as required by the Streamlined Sales Tax Project. The Streamlined Sales Tax Project was created by state governments throughout the United States, with input from local governments and the private sector, to standardize and modernize sales and use tax collection. The goal of streamlining the tax base is to facilitate the collection of sales and use taxes for out-of-state sales and sales over the internet and to ensure that the tax revenues that support state and local governments are not reduced as a result of an increase in such sales.

Currently, certain exemptions from the portion of the Sales and Use Tax that is distributed to the State differ from the exemptions from the portion of the tax that is distributed at the local level. If Ballot Question No. 8 is approved, the exemptions from the portion of the Sales and Use Tax that is distributed to the State will be amended so that they are identical to the exemptions from the portion of the tax that is distributed at the local level. If the question is not approved, the exemptions from the portion of the Sales and Use Tax that is distributed at the local level will be amended so that they are identical to the portion of the tax that is distributed to the State. Regardless of whether the question is approved or not approved, the exemptions for all portions of the Sales and Use Tax will become identical as required by the Streamlined Sales Tax Project.

### **Sales and Use Tax**

Nevada's statewide sales tax consists of three separate parts levied at different rates on the sale and use of tangible personal property in the State. The current combined rate that applies to each county within the State is 6.50 percent. In addition to these three parts, each county also may impose additional taxes subject to the approval of the voters or governing body in that county. These additional taxes have, in nine counties, increased the rate of the sales tax above the 6.50 percent rate imposed statewide.

The tax includes:

	<u>Tax</u>	<u>Rate</u>
1.	The State Sales and Use Tax.....	2.00 percent
2.	The Local School Support Tax (LSST) .....	2.25 percent
3.	The City-County Relief Tax (CCRT) .....	2.25 percent
4.	Optional local taxes—currently not more than.....	1.00 percent

The State Sales and Use Tax may be amended or repealed only with the approval of the voters. The Local School Support Tax (LSST) and the City-County Relief Tax (CCRT) may be amended or repealed by the Legislature without the approval of the voters.

# QUESTION NO. 1

## Amendment to the Nevada Constitution

### CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to require the Nevada Legislature to fund the operation of the public schools for kindergarten through grade 12 before funding any other part of the state budget for the next biennium?

Yes.....☒ 446,965  
No.....☐ 342,173

### EXPLANATION (Ballot Question)

The proposed amendment, if passed, would create five new sections to Section 6 of Article 11 of the Nevada Constitution. The amendment would provide that during a regular session of the Legislature, before any appropriation is enacted to fund a portion of the state budget, the Legislature must appropriate sufficient funds for the operation of Nevada's public schools for kindergarten through grade 12 for the next biennium, and that any appropriation in violation of this requirement is void. The appropriation requirement also applies to certain special sessions of the Legislature.

The following arguments for and against and rebuttals for Question No. 1 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

### ARGUMENT IN SUPPORT OF QUESTION NO. 1

Question One seeks a constitutional amendment changing the process by which public school education is funded at the state Legislature.

Education first ensures our state's public school system will be funded, before any other program for the next fiscal biennium, during each legislative session, by an appropriation the Legislature deems to be sufficient to fund the operation of our public schools for the student population reasonably estimated for that biennium.

Education First preserves the Legislature's ability to first fund the cost of the legislative session or an emergency measure demanding immediate action. Education First does not determine the level or source of funding public school education receives, so there is no fiscal impact to the state.

Education First will substantially enhance Nevada's credibility as a stable environment for students and teachers. As the fastest growing state in the nation, that is critical if Nevada is to keep pace with its growing student population.

For example, for the 2002-03 school year, Nevada hired over 2300 new teachers. Most new teachers are hired from out-of-state because Nevada's University and Community College System cannot meet our state's demand for teachers. Teachers make a serious commitment

when they choose to move and teach here. Education First will help ensure Nevada is equally committed.

The budget deadlock we experienced during the 2003 legislative sessions must never be repeated. The consequences for our schools, our teachers and our children were significant. Schools opened late, new teachers could not be hired, and special programs were jeopardized as those teachers were designated for reassignment to the general classroom. School administrators could not adequately plan for the coming school year, a process that typically begins each January. Education First prevents that from ever happening again.

As long as public school education is allowed to be the last major budget bill considered, special sessions and court intervention could easily become the norm in the legislative process. When education is first, that won't happen, as it did in 2003. Education First will ensure that the funding of education in Nevada will be given the status intended by the framers of our Constitution and will help prevent another Supreme Court ruling that negates the Gibbons tax restraint portion of our Constitution.

Take the politics out of funding Nevada's public schools. A YES vote on Question One will put education and Nevada's children first in line at budget time.

### **REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 1**

The Education Funding Crisis of the 2003 Legislative session is the first in 73 regular sessions of the Nevada legislature. It was generated for political reasons to push a huge tax increase. Voters have an opportunity in this election to punish those guilty without changing the constitution. One failure in 73 sessions is insufficient reason to change the constitution.

A "NO" vote on Question 1 will force legislators to do the job we elect them to do. A "YES" vote will NOT correct the grave disregard for the Nevada Constitution by the Nevada Supreme Court during 2003. The Court showed blatant disregard for the people's will of the original Gibbons' petition and there is no reason to believe this will improve their attention to their oath of office. Make Representative government work by voting "NO" on Question 1.

### **ARGUMENT AGAINST QUESTION NO. 1**

The last legislative session showed that education funding can become a political football and few would agree that scenario should ever be repeated; however, a single event should not be a reason to compromise the public health and safety of Nevadans by detrimentally removing the Legislature's and our Governor's ability to determine our state's priorities.

1. The education budget is such a large portion of the budget that it cannot be determined until after the final meeting of the Economic Forum. The Economic Forum is a panel of experts appointed by Nevada elected officials to formulate detailed projections regarding our state's revenue. The Economic Forum's projections would not be done until just prior to April 30<sup>th</sup>.
2. In the normal 120 day legislative process, the small budgets with little or no changes are processed starting weeks before the end of the legislative session. This allows the

legislative workload to remain reasonable and matters to be handled in a logical manner. Holding all those budgets until the education budget can be decided may actually impede the process of closing budgets and make special sessions more likely, adding unnecessarily to taxpayer expense. Thus, this measure is likely to cause an adverse fiscal impact.

3. Under the current system the smaller budgets come through early providing lawmakers that do not sit on the Assembly Ways and Means or Senate Finance Committees with the time to review these budgets and ask questions. If those budgets are held until the education budget is decided, then the review by other legislators will be lost in the rush to close the session. Public health, safety and the protection of our environment will necessarily be compromised because of the limited time to review non-education budget matters that are equally important to our state's welfare.
4. Further it might be much easier for a lawmaker on the money committees to add “pork” to some budgets without the check and balance time and review process to stop potential wasteful spending.
5. While we agree that the entire budgeting and funding process in Nevada needs to be reviewed to encourage fiscal responsibility and accountability by the legislators and all with budgets within the executive branch, this measure seems to complicate the matter rather than actually improve and simplify the process.

We urge voters not to make the budget process more difficult by passing this measure.

#### **REBUTTAL TO ARGUMENT IN OPPOSITION TO QUESTION NO. 1**

1. Public education is one of five major budget bills. According to the Legislative Counsel Bureau, no budget can be closed prior to release of the Economic Forum’s final report. This does not change. When budget bills are enrolled, education will be first.
2. The way the state budget is crafted does not change. The legislative workload is unaffected. The process becomes more logical when such a large component is dealt with first. The Legislature is responsible for managing its workload and adhering to a 120-day session. The status quo is more likely to result in special sessions.
3. Lawmakers not on money committees still participate. Issues are engaged in the same manner as now. Any impact should the Legislature not do its job as required by the state Constitution is its responsibility. Public health, safety, welfare and the environment are not compromised by Education First.
4. Adding pork will always be tempting. Education First does not make it easier. If checks and balances aren’t done, regardless of where in the process, legislators would be derelict in their duties.
5. When public education is no longer the budget’s sacrificial lamb, the process is brought into check, improving accountability and simplicity.

## QUESTION NO. 2

### Amendment to the Nevada Constitution

#### CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to require that the annual per-pupil expenditure for Nevada's public elementary and secondary schools equals or exceeds the national average?

#### EXPLANATION

Yes	381,045
No ✓	404,173

The proposed amendment, if passed, would create four new sections to Section 2 of Article 11 of the Nevada Constitution. The amendment would require the Legislature, commencing July 1, 2012, to ensure that in each fiscal year the annual per-pupil expenditure for public elementary and secondary schools equals or exceeds the national average.

The following arguments for and against and rebuttals for Question No. 2 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

#### ARGUMENT IN SUPPORT OF QUESTION NO. 2

Question 2 asks the voters to amend the Nevada Constitution to require the Nevada Legislature to bring per pupil expenditures for K-12 education in Nevada to or above the national average beginning in 2012.

Nevada's ranking in the level of per pupil funding has fallen from 35<sup>th</sup> in 1993 to 45<sup>th</sup> in the nation today and there is no indication that this trend will reverse without passage of this petition.

Nevada's per pupil expenditures have declined, creating a negative impact on the ability to support class-size reduction, the number of available textbooks and classroom materials, as well as providing remediation and tutoring and the expansion of kindergarten programs. In addition, teacher's salaries are insufficient to keep or recruit the best educators. This has led to a critical teacher shortage in Nevada.

**By supporting Question 2, Nevada's citizens will be making the importance of funding education to the national average a clear priority for the Nevada Legislature. The proponents of this petition believe that 8 years is a fair and reasonable length of time to implement this policy.**

We ask the voters of Nevada to send a strong message to the Nevada Legislature in support of education funding. It is no longer acceptable for Nevada's children to so significantly lag behind the national average on this measure of educational expenditures per student.

## REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 2

**Already Nevada taxpayers fund our schools very near the national average. Yet money spent per pupil is not what produces superior educational results.**

**Consider New York, New Jersey and the District of Columbia. They all spend huge amounts. But their results—according to national measures of educational progress—are far inferior to low-spending states like Utah, which rank at the bottom of per-pupil spending.**

Class-size reduction programs are no answer. They sound good, but research has shown them to make little difference. Twenty *times* more effective is providing students with skilled teachers who know their subjects. Blocking this in Nevada are current collective-bargaining agreements that ignore teacher performance and reward mere longevity.

State lawmakers have repeatedly approved funds specifically for books and classroom materials—only to find that school officials, in collective bargaining, have diverted these funds into salaries.

Nevada hires over 2,000 teachers per year, so our problem is *not* attracting teachers. Average teacher pay here is *above* the national average. It's Nevada schools' performance that is near the bottom.

Send a message to Nevada's educational establishment: Tell them you want *systematic reform* before you authorize another big increase in Nevada taxes.

Vote "NO" on this constitutional amendment.

## ARGUMENT AGAINST QUESTION NO. 2

This amendment would increase per-pupil spending in Nevada *far above* the national average.

It would also require a tax increase of about \$1,100 per year for a Nevada family of four. Otherwise, huge cuts in other important state programs—prisons, human services, mental health, etc.—will have to be made. A bill in the 2003 Legislature to meet the "national average" now would have cost taxpayers \$1.135 billion biennially, so costs in 2012 would be much higher.

**This amendment prevents the billions of dollars that Nevada taxpayers pay for school construction and bond debt service from being counted in "annual per-pupil expenditures." This is unfair to Nevada taxpayers, who spend more for new schools than taxpayers in almost any other state in the nation—about twice the national average for both construction and debt service.**

Approval of this measure would actually delay needed reforms to Nevada K-12 education. It would pour huge new taxpayer resources into the current wasteful

system without requiring any new levels of performance, productivity or accountability. It would strengthen the hold on the system of the bureaucrats and unions who continually block the reforms that parents and teachers desire.

This proposal will damage the ability of Nevada citizens to direct the education of their children. It does this by writing into the state constitution a blank-check commitment to whatever set of accounting definitions happen to be selected by federal government bureaucrats in Washington, D.C. Nevada voters will have to *amend* the state constitution to adjust these funding formulas. The proposal would also take even more of school funding decisions out of local hands.

A “national average” approach is an extremely poor basis upon which to make important public policy decisions. The whole reason that Nevada has local school boards is because *local* needs are critically important and differ significantly.

This measure would create a treadmill with no “off” switch for taxpayers. Yet it promises no improvement for Nevada students.

Vote *NO* on this proposed constitutional amendment.

## **REBUTTAL TO ARGUMENT AGAINST QUESTION NO. 2**

Revenue from tourism and businesses operating in the state generate the majority of tax dollars. Residents of Nevada contribute to education funding primarily through sales tax. Nevadans may well be called upon to pay more taxes if this amendment is approved, although it is misleading to suggest that this cost will be borne entirely or primarily by Nevada families.

Through the No Child Left Behind law and other legislation, the federal government and the Nevada Legislature have imposed strict accountability requirements on the public schools. But they have *not* provided the money needed to meet those standards, and this amendment will help fill that gap.

Nevada taxpayers spend more for new schools because we build more new schools than almost any other state in the nation. Unfortunately, we are failing to provide basic needs such as textbooks and technology.

There is no proof that the current system in Nevada is wasteful and if the public is paying for these increased costs, than the public will have a say in how the money is spent by communicating their priorities to their legislators. Additional funds can only improve a currently underfunded system.

## **FISCAL NOTE**

### **Financial Impact – Yes.**

Because the average annual per-pupil expenditure of Nevada is currently lower than the national average annual per-pupil expenditure, it is likely the proposal would result in significant increases in the expenditures necessary to support public elementary and secondary schools in Nevada.

Using the latest projections of the national average per-pupil expenditures provided by the National Center for Education Statistics and projections of the average annual per-pupil expenditure of Nevada, it is possible to estimate the cost the proposal would have had for the current fiscal year if the proposal had been in effect. If the proposal were in effect for this fiscal year (Fiscal Year 2004-2005), the difference in the national average and the Nevada average per-pupil expenditures could be approximately \$1,700 per pupil. Based on this projected difference, the cost to increase Nevada's average per-pupil expenditures to the national average in Fiscal Year 2004-2005 would have been approximately \$681 million, which would have been an increase of approximately 25 percent from the projected Fiscal Year 2004-2005 expenditures for public elementary and secondary schools in Nevada.

It is important to note that the proposal does not require Nevada average per-pupil expenditures to be equal to or greater than the national average per-pupil expenditures until the fiscal year that begins on July 1, 2012 (Fiscal Year 2012-2013). The impact the proposal would have in Fiscal Year 2012-2013 depends on the extent to which Nevada's average per-pupil expenditures are below the national average at that time and, if Nevada's average per-pupil expenditures are below the national average at that time, the number of students enrolled in Nevada public schools at that time. Due to these variables, the financial impact of the proposal in Fiscal Year 2012-2013 cannot be determined with any level of certainty.

## QUESTION NO. 3

### Amendment to Titles 1 and 3 of the Nevada Revised Statutes

#### CONDENSATION (ballot question)

Shall Title 1 of the Nevada Revised Statutes governing attorneys, and Title 3 of the Nevada Revised Statutes governing actions for medical or dental malpractice and damage awards, be amended to limit the fees an attorney could charge a person seeking damages against a negligent provider of health care in medical malpractice actions, limit the amount of noneconomic damages a person may recover from a negligent provider of health care in medical malpractice actions, eliminate joint liability of providers of health care in medical malpractice actions, shorten the statute of limitations in medical malpractice actions, prohibit third parties who provided benefits as a result of medical malpractice from recovering such benefits from a negligent provider of health care, and allow negligent providers of health care to make periodic payments of future damages?

Yes.....	<input checked="" type="checkbox"/>	468,059
No.....	<input type="checkbox"/>	320,129

#### EXPLANATION

If passed, the proposal would limit the fees an attorney could charge a person seeking damages against a negligent provider of health care in a medical malpractice action. Professional negligence means a negligent act, or omission to act, by a provider of health care that is the proximate cause of a personal injury or wrongful death. A provider of health care means a physician licensed under Chapters 630 and 633 of the Nevada Revised Statutes, a dentist, licensed nurse, dispensing optician, optometrist, registered physical therapist, podiatric physician, licensed psychologist, chiropractor, doctor of Oriental medicine, medical laboratory director or technician, or a licensed hospital and its employees.

The law currently provides that a person seeking damages in a medical malpractice action is limited to recovering \$350,000 in noneconomic damages from each defendant, with two exceptions. Noneconomic damages is money paid to the injured person to compensate for pain, suffering, inconvenience, physical impairment, and disfigurement, while economic damages is money paid to compensate for the injured person's medical treatment, care or custody, loss of earning and loss of earning capacity. The two current exceptions to the \$350,000 cap on noneconomic damages allow an injured person to receive more than \$350,000 if: (1) the wrongdoer committed gross malpractice, or (2) exceptional circumstances justify an award in excess of the cap. The proposal, if passed, would remove the two statutory exceptions to the existing \$350,000 cap, and limit the recovery of noneconomic damages to \$350,000 per action.

Currently, damages that an injured person is allowed to recover in a medical malpractice action may be reduced by benefits the person received from a third party, such as Medicaid, private insurance, or workers' compensation. If passed, the proposal would not change the reduction of the injured person's damages, but the third parties would no longer be permitted to recover from the wrongdoer the expenses they have paid on behalf of a medical malpractice victim. One

effect of this provision could be an increased burden on the state Medicaid fund, which consists of taxpayer dollars.

Current law provides that each one of multiple defendants in medical malpractice actions is severally, but not jointly liable for noneconomic damages. This means that a single defendant among multiple defendants in a medical malpractice action is required to pay the injured person only the share of noneconomic damages attributable to that defendant's wrongful conduct and would not have to pay the share attributable to the wrongful conduct of another defendant. However, the current law treats economic damages differently, and provides that each defendant is not only severally liable, but also jointly liable for payment of economic damages; a defendant that is jointly liable could be required to pay the injured person for not only his wrongful conduct, but also for the wrongful conduct of all other defendants. The proposal, if passed, would change the current law by repealing joint and several liability for economic damages and treat liability for recovery of economic damages in medical malpractice cases the same as for noneconomic damages, such that defendants are only severally, but not jointly liable. This imposes the risk of nonpayment to the injured party if a defendant is not able to pay his percentage of damages, such as when that defendant has insufficient insurance or assets to pay his share.

The proposal also revises the statute of limitations for the filing of actions. The current law that requires an injured person to file a medical malpractice lawsuit within 3 years of the date of injury remains unchanged. The current law also provides that if the injury was not immediately apparent, the injured person has 2 years from the time the person discovers or should have discovered the injury to file the lawsuit. The proposal would reduce this time from 2 years to 1 year.

Finally, the proposal would make changes to how certain damages are paid by health care providers who have been found negligent, and provides for other matters properly related thereto. It requires that when an award equals or exceeds \$50,000 in future damages, the court must allow the same to be paid in periodic payments instead of a lump sum, if requested by either party.

The following arguments for and against and rebuttals for Question No. 3 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

### **ARGUMENT IN SUPPORT OF QUESTION NO. 3**

Physicians continue to leave Nevada, and medical malpractice insurers continue to pull out of the Nevada market, at an alarming rate despite the medical malpractice litigation reforms passed by the Nevada legislature in 2002. Why? Because the 2002 legislation does not provide enough specific protection for doctors and their insurers from astronomical jury verdicts, making it impossible to plan for the challenges associated with practicing medicine. As a result, some Nevada doctors pay more than double for liability insurance compared to doctors in Los Angeles. (AMA press release, March 17, 2004). What does this mean to your doctors? They are having difficulty keeping their practices open. What does this mean to you? When you need a doctor, you may have difficulty finding one.

The Keep Our Doctors In Nevada (KODIN) initiative provides several protections to doctors, patients, and their insurers, while still allowing people who have genuinely been injured as a result of physician negligence to recover economic losses. First, KODIN ensures that a higher percentage of an award in a medical malpractice case goes to the injured person, not to attorneys. Second, KODIN provides that, if multiple health care providers are found at fault in a malpractice case, each provider is only responsible for payment of her own share of liability and can't be forced to pay anyone else's share. Third, KODIN stops "double-dipping" by informing juries if plaintiffs are receiving money from other sources for the same injury. Fourth, KODIN allows a health care provider who has been found negligent to make payments to the injured plaintiff over a scheduled period of time instead of all at once. Finally, KODIN sets a \$350,000 limit on the amount a medical malpractice plaintiff can recover for noneconomic damages, like "pain and suffering." KODIN will help stabilize medical malpractice premiums—and help your doctor stay in Nevada.

According to the AMA, Nevada is among a dozen states facing a "full-blown medical liability crisis." KODIN will stabilize Nevada's health care crisis and provide protection for both doctors and patients.

If passed, this initiative will have no impact on the environment. The committee has not identified any fiscal impact on the state budget. The health, safety, and welfare of the public will be improved because physicians of all specialties will be more likely to stay in Nevada to practice medicine.

### **REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 3**

The Truth:

1. Doctors are not leaving Nevada. In the last 3 years, the State of Nevada has licensed 1,112 new doctors and 355 of those were licensed in the last 8 months! The number of doctors actively practicing in Nevada actually *increased* each year, including the number of OB/GYNs.
2. Reform of insurance laws is the only way to reduce doctors' insurance rates.
3. The initiative is unfair to patients and victims of malpractice:
  - \$350,000 is not fair compensation for being paralyzed, brain damaged, or killed by medical negligence.
  - It is not fair to make the patient, or taxpayers through Medicaid, pay the cost of medical care for injuries caused by medical malpractice.
  - It is not fair for insurance companies and negligent healthcare providers to make a patient wait years for money they are owed.
  - It is not fair to tell the jury about the patient's insurance coverage, but not about the doctor's malpractice insurance. Current law already prevents "double-dipping."
  - It is not fair to limit the fees for lawyers representing patients/victims of malpractice while allowing unlimited fees for lawyers representing doctors and insurance companies.

Protect your rights from being sacrificed for insurance companies and negligent doctors!  
Vote NO!!

### **ARGUMENT AGAINST QUESTION NO. 3**

If you or a family member are injured by medical malpractice, are you ready to limit your legal rights and access to the courts?

Are you ready to give insurance companies and negligent healthcare providers broad, new and unfair legal protections that would allow them to escape responsibility for injuries to you and your family?

As a taxpayer, are you ready to pay the costs of treating patients who are the victims of medical malpractice, while letting negligent healthcare providers and their insurance companies walk away from their responsibilities?

If your answer to these questions is NO, then you should vote NO on Question 3 – because Question 3 substantially limits your current rights if you or a family member are injured by medical malpractice.

It's time to look at the facts:

Question 3 does nothing to solve the problem of high insurance rates.

Insurance rate reduction and reform of insurance laws are the only way to control the cost of insurance to doctors and patients.

Two years ago, the Nevada Legislature passed tort reform laws to put limitations on medical malpractice lawsuits, including a cap of \$350,000 for pain and suffering awards, yet insurance companies have still not reduced doctors' insurance rates.

The insurance industry admits that tort reform measures have not resulted in lower premiums. While doctors have threatened to leave the state in order to persuade consumers to give up their legal rights, there are actually more doctors in Nevada than ever before. There were 335 new doctors licensed in Nevada between 1999 and 2002. A 2004 report by the U.S. Congressional Budget Office found that many reported reductions in the supply of doctors around the country could not be proven.

This initiative shifts the costs of treating injuries caused by medical malpractice to the taxpayers and away from insurance companies and negligent healthcare providers. Healthcare consumers who suffer serious injuries and cannot work or afford to pay their medical bills will have to resort to Medicaid to pay for their care which is funded by taxpayer dollars.

Negligent healthcare providers and their insurance companies should pay for their mistakes, not taxpayers.

Don't give away your legal rights! Vote NO on Question 3.

## REBUTTAL TO ARGUMENT AGAINST QUESTION NO. 3

KODIN's opponents are incorrect in arguing that KODIN "shifts the cost of treating injuries caused by medical malpractice to the taxpayers." You don't give up the legal right to be compensated for your injuries if you vote YES on KODIN. Nothing in KODIN changes the rights of injured people to be compensated by negligent healthcare providers for their *economic* damages—their past and future medical bills, their time off work, their expected reduction in future income. KODIN only limits *noneconomic* damages, like those for "pain and suffering," to \$350,000. KODIN also provides that, if a malpractice plaintiff has already undergone medical treatment paid for by a third party (like a health insurer), the jury can be told about those payments and use that information in deciding what to award to the plaintiff. Currently, Nevada law forbids attorneys from mentioning this information to the jury. This is unfair to defendants when a jury uses the plaintiff's medical expenses as a factor in determining the damages it awards, but the plaintiff may not have paid some or all of the bills. In conclusion, KODIN is a common-sense measure that protects injured people and their doctors, too.

### FISCAL NOTE

#### Financial Impact – Cannot be determined.

Although the portion of the proposal that would eliminate joint and several liability for providers of health care could potentially impact the State of Nevada's ability to recoup Medicaid costs, the amount of the reduction in recouped costs cannot be determined. Although the amount of the reduction cannot be determined with any level of certainty, it would appear that the reduction would not be a significant portion of the State's Medicaid budget, which is approximately \$1.1 billion annually.

AN ACT relating to medical malpractice; limiting attorney's fees in actions against providers of health care; eliminating the exceptions pertaining to noneconomic damages; making changes concerning the payment of damages; revising the statute of limitations for the filing of actions; eliminating joint and several liability; making various other changes concerning such actions; and providing for other matters properly relating thereto.

WHEREAS, There exists a major health care crisis in this state attributable to the skyrocketing cost of medical malpractice insurance; and

WHEREAS, Such skyrocketing medical malpractice insurance costs have resulted in a potential breakdown in the delivery of health care in this state, severe hardships concerning the availability of health care for the medically indigent, a denial of access to health care for the economically marginal, and the depletion of physicians such as to substantially worsen the quality of health care available to the residents of this state; and

WHEREAS, It is necessary to provide an adequate and reasonable remedy to address this health care crisis and to protect the health, welfare and safety of the residents of this state; now, therefore,

The People of the State of Nevada do enact as follows:

**Section. 1.** Chapter 7 of NRS is hereby amended by adding thereto a new section to read as follows:

*1. An attorney shall not contract for or collect a fee contingent on the amount of recovery for representing a person seeking damages in connection with an action for injury or death against a provider of health care based upon professional negligence in excess of:*

- (a) Forty percent of the first \$50,000 recovered;*
- (b) Thirty-three and one-third percent of the next \$50,000 recovered;*

*2. The limitations set forth in subsection 1 apply to all forms of recovery, including, without limitation, settlement, arbitration and judgment.*

*3. For the purposes of this section, "recovered" means the net sum recovered by the plaintiff after deducting any disbursements or costs incurred in connection with the prosecution or settlement of the claim. *4. As used in this section:*

*(a) "Professional negligence" means a negligent act or omission to act by a provider of health care in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death. The term does not include services that are outside the scope of services for which the provider of health care is licensed or services for which any restriction has been imposed by the applicable regulatory board or health care facility.*

*(b) "Provider of health care" means a physician licensed under chapter 630 or 633 of NRS, dentist, registered nurse, dispensing optician, optometrist, registered physical therapist, podiatric physician, licensed psychologist, chiropractor, doctor of Oriental medicine, medical laboratory director or technician, or a licensed hospital and its employees.*

**Sec. 2.** Chapter 41A of NRS is hereby amended by adding thereto the provisions set forth as sections 3 to 6, inclusive, of this act.

**Sec. 3.** *"Professional negligence" means a negligent act or omission to act by a provider of health care in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death. **Sec. 6. 1.** *In an action for injury or death against a provider of health care based upon professional negligence, each defendant is liable to the plaintiff for economic damages and noneconomic damages severally only, and not jointly, for that portion of the judgment which represents the percentage of negligence attributable to the defendant.*

*2. This section is intended to abrogate joint and several liability of a provider of health care in an action for injury or death against the provider of health care based upon professional negligence.*

**Sec. 7.** NRS 41A.003 is hereby amended to read as follows:

41A.003 As used in this chapter, unless the context otherwise requires, the words and terms defined in NRS 41A.004 to 41A.013, inclusive, *and sections 3 and 4 of this act* have the meanings ascribed to them in those sections.

**Sec. 8.** NRS 41A.097 is hereby amended to read as follows:

41A.097 1. Except as otherwise provided in subsection 3, an action for injury or death against a provider of health care may not be commenced more than 4 years after the date of injury or 2 years after the plaintiff discovers or through the use of reasonable diligence should have discovered the injury, whichever occurs first, for:

(a) Injury to or the wrongful death of a person occurring before October 1, 2002, based upon alleged professional negligence of the provider of health care;

(b) Injury to or the wrongful death of a person occurring before October 1, 2002, from professional services rendered without consent; or

(c) Injury to or the wrongful death of a person occurring before October 1, 2002, from error or omission in practice by the provider of health care.

2. Except as otherwise provided in subsection 3, an action for injury or death against a provider of health care may not be commenced more than 3 years after the date of injury or [2 years] *1 year* after the plaintiff discovers or through the use of reasonable diligence should have discovered the injury, whichever occurs first, for:

(a) Injury to or the wrongful death of a person occurring on or after October 1, 2002, based upon alleged professional negligence of the provider of health care;

(b) Injury to or the wrongful death of a person occurring on or after October 1, 2002, from professional services rendered without consent; or

(c) Injury to or the wrongful death of a person occurring on or after October 1, 2002, from error or omission in practice by the provider of health care.

3. This time limitation is tolled for any period during which the provider of health care has concealed any act, error or omission upon which the action is based and which is known or through the use of reasonable diligence should have been known to him.

4. For the purposes of this section, the parent, guardian or legal custodian of any minor child is responsible for exercising reasonable judgment in determining whether to prosecute any cause of action limited by subsection 1 or 2. If the parent, guardian or custodian fails to commence an action on behalf of that child within the prescribed period of limitations, the child may not bring an action based on the same alleged injury against any provider of health care upon the removal of his disability, except that in the case of:

(a) Brain damage or birth defect, the period of limitation is extended until the child attains 10 years of age.

(b) Sterility, the period of limitation is extended until 2 years after the child discovers the injury.

[5. As used in this section, "provider of health care" means a physician licensed under chapter 630 or 633 of NRS, dentist, registered nurse, dispensing optician, optometrist, registered physical therapist, podiatric physician, licensed psychologist, chiropractor, doctor of Oriental medicine, medical laboratory director or technician, or a licensed hospital as the employer of any such person.]

**Sec. 9.** Chapter 42 of NRS is hereby amended by adding thereto a new section to read as follows:

*1. In an action for injury or death against a provider of health care based upon professional negligence, if the defendant so elects, the defendant may introduce evidence of any amount payable as a benefit to the plaintiff as a result of the injury or death pursuant to the United States Social Security Act, any state or federal income disability or worker's compensation act, any health, sickness or income-disability insurance, accident insurance that provides health benefits or income-disability coverage, and any contract or agreement of any group, organization, partnership or corporation to provide, pay for or reimburse the cost of medical, hospital, dental or other health care services. If the defendant elects to introduce such evidence, the plaintiff may introduce evidence of any amount that the plaintiff has paid or contributed to secure his right to any insurance benefits concerning which the defendant has introduced evidence.*

*2. A source of collateral benefits introduced pursuant to subsection 1 may not:*

*(a) Recover any amount against the plaintiff; or*

*(b) Be subrogated to the rights of the plaintiff against a defendant.*

*3. In an action for injury or death against a provider of health care based upon professional negligence, a district court shall, at the request of either party, enter a judgment ordering that money damages or its equivalent for future damages of the judgment creditor be paid in whole or in part by periodic payments rather than by a lump-sum payment if the award equals or exceeds \$50,000 in future damages.*

4. *In entering a judgment ordering the payment of future damages by periodic payments pursuant to subsection 3, the court shall make a specific finding as to the dollar amount of periodic payments that will compensate the judgment creditor for such future damages. As a condition to authorizing periodic payments of future damages, the court shall require a judgment debtor who is not adequately insured to post security adequate to assure full payment of such damages awarded by the judgment. Upon termination of periodic payments of future damages, the court shall order the return of this security, or so much as remains, to the judgment debtor.*

5. *A judgment ordering the payment of future damages by periodic payments entered pursuant to subsection 3 must specify the recipient or recipients of the payments, the dollar amount of the payments, the interval between payments, and the number of payments or the period of time over which payments will be made. Such payments must only be subject to modification in the event of the death of the judgment creditor. Money damages awarded for loss of future earnings must not be reduced or payments terminated by reason of the death of the judgment creditor, but must be paid to persons to whom the judgment creditor owed a duty of support, as provided by law, immediately before his death. In such cases, the court that rendered the original judgment may, upon petition of any party in interest, modify the judgment to award and apportion the unpaid future damages in accordance with this subsection*

6. *If the court finds that the judgment debtor has exhibited a continuing pattern of failing to make the periodic payments as specified pursuant to subsection 5, the court shall find the judgment debtor in contempt of court and, in addition to the required periodic payments, shall order the judgment debtor to pay the judgment creditor all damages caused by the failure to make such periodic payments, including, but not limited to, court costs and attorney's fees.*

7. *Following the occurrence or expiration of all obligations specified in the periodic payment judgment, any obligation of the judgment debtor to make further payments ceases and any security given pursuant to subsection 4 reverts to the judgment debtor.*

8. *As used in this section:*

(a) *"Future damages" includes damages for future medical treatment, care or custody, loss of future earnings, loss of bodily function, or future pain and suffering of the judgment creditor.*

(b) *"Periodic payments" means the payment of money or delivery of other property to the judgment creditor at regular intervals.*

(c) *"Professional negligence" means a negligent act or omission to act by a provider of health care in the rendering of professional services, which act or omission is the proximate cause of a personal injury or wrongful death. The term does not include services that are outside the scope of services for which the provider of health care is licensed or services for which any restriction has been imposed by the applicable regulatory board or health care facility.*

(d) *"Provider of health care" means a physician licensed under chapter 630 or 633 of NRS, dentist, licensed nurse, dispensing optician, optometrist, registered physical therapist, podiatric physician, licensed psychologist, chiropractor, doctor of Oriental medicine, medical laboratory director or technician, or a licensed hospital and its employees.*

**Sec. 10.** NRS 41A.031, 41A.041 and 42.020 are hereby repealed.

**Sec. 11.** If any provision of this act, or the application thereof to any person, thing or circumstance is held invalid, such invalidity shall not affect the provisions or application of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

**Sec. 12.** The amendatory provisions of sections 5, 6, and 8 of this act apply only to a cause of action that accrues on or after the effective date of this act.

# QUESTION NO. 4

## Amendment to the Nevada Constitution

### CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to add provisions governing insurance rates and practices in Nevada?

Yes.....	<input type="checkbox"/>	274,752
No.....	<input checked="" type="checkbox"/>	516,216

### EXPLANATION

The proposed amendment, if passed, would create a new Article of the Nevada Constitution. The amendment requires that: premiums charged for casualty insurance be rolled back to the amount charged on December 1, 2005, and reduced an additional 20%; insurers justify future rate increases to ensure rates are maintained at fair levels; insurers be subject to all laws applicable generally to other Nevada businesses, including consumer protection and antitrust; motor vehicle insurers provide a 20% good driver discount; any statute in effect on December 1, 2006 which limits compensation provided by juries to victims of medical negligence by certain health care providers are void unless insurance companies lower malpractice premiums as a result of such limitations; the Governor appoint an Insurance Commissioner for oversight and regulation of the industry, and; one or more persons be appointed to represent the interests of the Nevada public related to insurance.

The following arguments for and against and rebuttals for Question No. 4 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

### ARGUMENT IN SUPPORT OF QUESTION NO. 4

End excessive and unfair insurance rates.

If you're fed up with paying some of the highest insurance premiums in the country, now you can finally do something about it! Vote "YES" on Question 4 to bring your insurance rates back down to earth.

Question 4 was carefully drafted by experts. The same reforms have slashed rates in other states. Right next door in California, voters got \$1.2 billion in premium refunds when they passed insurance reform in 1988. The average refund check was \$171. The average automobile insurance premium actually dropped 22% between 1988 and 2001. Here in Nevada, it skyrocketed 37%! California's initiative has saved motorists over \$23 billion, according to the Consumer Federation of America.

Consumers like you put Question 4 on the ballot to end excessive and unfair insurance rates. Insurance company lobbyists are simply too influential for politicians to take action on this issue so it's time for us consumers to take matters into our own hands.

Question 4 will save every consumer hundreds of dollars each year on insurance premiums. It will:

1. Cut automobile, homeowner and business insurance premiums by 20% and freeze them at the lower rate for one year.
2. Give safe drivers an additional, permanent 20% Good Driver Discount.
3. Force insurance companies to open their books to justify rate increases before they take effect.
4. Stop overcharging, waste and fraud in the insurance system that eat up over twenty-five cents of every premium dollar you pay.
5. Force insurance companies to compete by eliminating their unfair exemption from the antitrust laws.
6. Require insurance companies to obey Nevada's consumer protection laws.

This law will even help keep our doctors in Nevada by making sure the insurance industry doesn't rip off Nevada's doctors, hospitals and patients. Limits on patients' legal rights were enacted two years ago to reduce medical malpractice insurance premiums for doctors. The insurance companies still haven't reduced the doctors' insurance rates. This law says they have to do so or the limits will be removed.

Best of all, Question #4 will cost taxpayers nothing. It requires insurance companies to pay a fee to cover its costs. And, by lowering the price of insurance, cities and counties will save taxpayers' money.

Beware of false advertising. The insurance companies will spend millions to defeat this initiative. Read the initiative and make your own decisions. Vote YES on Question 4.

#### **REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 4**

Personal injury attorneys are using the phony promise of insurance reform to repeal laws that helped keep doctors from leaving Nevada because of frivolous lawsuits.

Consumers ultimately pay the cost of unnecessary lawsuits and exorbitant legal fees when we pay our health insurance premiums. As those premiums increase, employers are forced to increase out-of-pocket costs, cut wages or drop coverage for their employees.

When the cost of medical malpractice insurance becomes intolerable, physicians move where they can afford to practice. OB-GYN and emergency room doctors are especially vulnerable to frivolous lawsuits, so women and trauma victims are the first to suffer from a doctor shortage.

That's what happened before, and that's what we can expect again if Question 4 passes. If personal injury lawyers really want to help doctors and small business, why would the Nevada State Medical Association, the Las Vegas Chamber of Commerce and other groups oppose Question 4?

Question 4 is a cynical attempt to deceive voters into repealing sensible medical malpractice reforms. This proposal would add nearly 2,000 words to the Nevada Constitution and bypass public debate and scrutiny by Nevada's citizen legislature. Vote NO on Question 4!

#### **ARGUMENT AGAINST QUESTION NO. 4**

Question 4 will not lower insurance rates. Federal courts declared a similar insurance rollback in Nevada unconstitutional.

Even though insurance rates would not be reduced, one part of this amendment would negatively impact the availability of healthcare. Buried deep inside Question 4 is language intended to wipe out reforms that were enacted to keep doctors in Nevada and protect our access to health care.

The purpose of Question 4 is clearly spelled out in a Nevada Trial Lawyers Association letter dated March 8, 2004, which states they wrote this Initiative, "...building a constitutional wall against (Question 3's medical malpractice reforms for) this election..."

This is a deceptive trick by personal injury lawyers. They know voters would not knowingly prohibit reforms to limit frivolous lawsuits, so the lawyers stuck that provision into this "insurance" question.

It wasn't that long ago when trauma centers closed and doctors were leaving Nevada. Emergency services were cut. Women's health was compromised by an exodus of OB-GYN specialists.

High malpractice insurance costs mean higher healthcare costs for everyone. Employers are forced to increase out-of-pocket costs that their employees pay, while some drop coverage altogether. Insurance for those who pay for it themselves becomes unaffordable.

That's what we can expect if the reforms passed by the Legislature in 2002 are repealed by Question 4.

Question 4 also creates a huge new state bureaucracy. Insurance companies are supposed to pay fees to support the new bureaucrats, but nothing in Question 4 prevents them from passing on those costs to consumers. California passed a similar regulatory scheme and the size of its Department of Insurance grew over 500 percent. The last thing Nevada needs is more bureaucrats!

It is wrong to clutter Nevada's Constitution with a hodge-podge of provisions such as these. With approximately 2,000 words, Question 4 is the longest constitutional amendment in Nevada history. It has not been subject to thorough public debate and scrutiny in the way that most laws are.

Any mistakes or unintended consequences of Question 4 will be locked into our constitution where not even the governor or legislature can fix them.

Insurance reform is not the real objective of the personal injury lawyers backing Question 4. Killing common sense legal reform is their objective. Stop personal injury lawyers from using the Nevada Constitution to line their own pockets at the expense of Nevada consumers. Vote NO on Question 4.

#### **REBUTTAL TO ARGUMENT AGAINST QUESTION NO. 4**

The greedy insurance companies don't want you to vote for Question 4. The reason is simple: Question 4 will force these East Coast corporations to lower your insurance rates by 20%.

Question 4 is based on reforms passed by California voters sixteen years ago and upheld by the courts as constitutional – reforms that have saved every Californian thousands of dollars.

Question 4 will lower the cost of health care in Nevada. The California law forced insurers to refund over \$75 million to doctors. It blocked \$45.6 million in rate increases for physicians and hospitals last year alone.

Question 4 also reinforces the malpractice caps passed by our legislature. It will force the insurance companies to return money that belongs to doctors or patients.

No new government bureaucracy will be necessary – *none*. Just a new set of rules that create a competitive marketplace and prohibit insurance companies from charging excessive rates. Question 4 won't cost taxpayers *anything*.

Question 4 was put on the ballot by Nevadans fed up with excessive insurance rates. Don't buy the insurance industry's lies – they're designed to protect the insurance industry's excessive profits that cost us all.

Please vote YES on Question 4.

## FISCAL NOTE

### **Financial Impact – Yes.**

If the proposal is approved, holders of casualty insurance policies could see their premiums reduced by 20 percent beginning December 1, 2006. Holders of automobile insurance policies who qualify for a good driver discount may also see their premiums reduced by an additional 20 percent beginning December 1, 2006. Because approval of the proposal could result in a decrease in insurance premiums, the proposal could result in a significant loss of revenues received by the State from the Insurance Premium Tax. If the proposal has the intended impact on insurance premiums, revenues from the Insurance Premium Tax could be reduced by approximately \$40 million in the first full fiscal year after the mandatory reductions in premiums go into effect (Fiscal Year 2007-2008). This compares to Insurance Premium Tax collections of approximately \$194 million in Fiscal Year 2003-2004.

The proposal would also place additional duties on the Division of Insurance of the Department of Business and Industry. The increased duties of the Division would include: reviewing and approving rate filings for casualty insurance; levying and collecting an assessment on insurers to cover the costs of the proposal; and determining whether recently imposed medical malpractice damage limitations have reduced medical malpractice claims and medical malpractice premiums. Additionally, the proposal would require the Legislature to provide by law for the appointment of one or more persons to represent the interests of the public related to insurance. The new duties set forth in the proposal would result in significant increases in personnel and operating expenses for the Division and in increased state expenses for the new positions representing the interest of the public related to insurance. Although the proposal provides that these increased expenses would be funded through a fee upon each insurer that conducts business in this State, the cost of the fee could possibly be passed on to policy holders through increased premiums once the rates are allowed to increase under the terms of the proposal.

State of Nevada

### The Insurance Rate Reduction and Reform Act

**Explanation** – Matter in ***bolded italics*** is new; matter between brackets [omitted material] is material to be omitted.

  - (c) Insures shall be subject to all laws that are generally applicable to other businesses in the State of Nevada, including consumer protection and antitrust laws;
  - (d) Motor vehicle insurers shall provide an additional 20 percent discount for good drivers;

- (e) Limitations placed on the compensation provided by juries to victims of medical negligence shall be void unless insurance companies lower medical malpractice premiums as a result of such limitations; and
- (f) A fee shall be charged to insurers to cover the cost of administering these reforms so that these reforms will cost taxpayers nothing.

Sec. 3. The Constitution of the State of Nevada is hereby amended by adding thereto a new article to be designated article 20, to read as follows:

***2. An affiliate of an insurer that is established on or after December 1, 2006, and before December 1, 2007, is subject to the provisions of this section and shall set the rates charged so that the premiums for policies of casualty insurance are reduced to an amount equal to at least 20 percent less than the premiums that were in effect on December 1, 2005, for an insurer of similarly situated risks.***

***3. If, on or after December 1, 2006, and before December 1, 2007, a person applies to an insurer for the first time for a policy of casualty insurance, the insurer shall set the rates charged so that the premium for such insurance is reduced to an amount equal to at least 20 percent less than the premiums that were in effect on December 1, 2005, for similarly situated risks.***

***4. ## QUESTION NO. 5

### Amendment to the Nevada Constitution

#### CONDENSATION (ballot question)

Shall the Nevada Constitution be amended to penalize lawyers willfully involved in vexatious and frivolous litigation, and to prohibit certain changes to limits on recovery of monetary damages?

Yes.....☐ 294,415  
No.....☒ 497,406

#### EXPLANATION

The proposed amendment, if passed, would create a new section of the Nevada Constitution. The amendment provides that a lawyer willfully involved in vexatious and frivolous litigation is personally responsible for attorney's fees, court costs, and expenses of an aggrieved party, in addition to any other sanction that may be imposed. "Vexatious and frivolous" means filing or defending a lawsuit solely to harass the opposing party or to seek economic gain unrelated to the merits of the lawsuit. The amendment also voids any changes made to Nevada law between January 1, 2004, and December 1, 2006, that decrease the dollar amount of damages persons may recover for losses and harm caused to them as a result of the negligent or wrongful conduct of another person. The amendment does not prohibit the Legislature from: (1) increasing the amount of monetary damages a person may recover caused by the negligent or wrongful conduct of another; or (2) repealing laws which limit damages. Any other changes to such laws are deemed void.

The following arguments for and against and rebuttals for Question No. 5 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

#### ARGUMENT IN SUPPORT OF QUESTION NO. 5

For years, insurance companies have said that "frivolous lawsuits" cost consumers astronomical increases in their insurance premiums. Solution? Stop frivolous lawsuits. A "YES" vote on Question 5 will do just that. Vote "YES" on Question 5 and the Nevada Constitution will be amended to hold the lawyers and corporations who file frivolous lawsuits directly responsible for the financial cost of their unfounded lawsuits.

By directly punishing the lawyer or corporation responsible for actually filing the lawsuit, two things are accomplished: (1) the real cost burden is placed on the party truly responsible for the frivolous lawsuit – the lawyer or corporation, and (2) imposing these financial burdens on the responsible parties will publicly discourage other lawyers and corporations from pursuing other frivolous lawsuits.

As a result of passing Question 5, the insurance companies will not have to pay for frivolous suits against them and their clients and the savings will be realized in reduced premiums for consumers.

Question 5 provides that any lawyer who knowingly participates in perpetuating a frivolous lawsuit or defending a lawsuit for frivolous reasons will be held personally liable for the attorney fees, court costs and expenses incurred by the other side in defending against that vexatious or frivolous lawsuit.

Question 5 also makes it clear that every citizen will continue to have the right to pursue real, legitimate claims. Individuals should not be restricted or curtailed in any way to pursue their legitimate claims.

Just as an insurance company has a right to file legitimate claims, so should individuals. Just as an insurance company has a right to hire any attorney they want to hire, so should any citizen have that same right in order to seek justice under the law, without government interference.

These are the rights of every Nevadan and Question 5 recognizes these rights.

Question 5 is a pro-consumer measure designed to protect an individual's right to pursue legitimate claims while placing the financial responsibility for frivolous lawsuits directly and exclusively on those who pursue frivolous lawsuits.

Question 5 protects your rights – and the rights of all Nevadans. Vote YES on Question

### **REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 5**

Nevada's personal injury attorneys say they qualified Question 5 to put an end to frivolous lawsuits.

Who do they think they're kidding? They're the ones who **FILE** frivolous lawsuits!

Lawyers collect nearly one-half of all the money awarded in lawsuits, which explains why there are so many frivolous suits. Question 5 would prevent the legislature from ever correcting this injustice. Question 5 also prohibits judges from reducing outrageous jury awards or cutting attorneys' fees to make sure the victim's lawyer doesn't walk off with more money than an injured party.

Existing law already allows judges to punish attorneys for bringing frivolous lawsuits. This proposal would actually make it easier for attorneys to file these lawsuits because it makes it harder for a judge to declare them frivolous.

Nevada has been plagued with a host of problems related to unnecessary lawsuits against contractors, cities, counties, schools, non-profit organizations, nursing homes, hospitals

and doctors. Question 5 was put on the ballot to stop lawmakers from doing their job of preventing consumers and taxpayers from being gouged by frivolous lawsuits.

Don't use our constitution to give lawyers a blank check. Vote NO on Question 5.

### **ARGUMENT AGAINST QUESTION NO. 5**

Nearly one-half of the money awarded in lawsuits goes to pay lawyers and legal expenses. Question 5 locks this unfair practice into the Nevada constitution, preventing the legislature from ever limiting excessive attorneys' fees or court awards. Personal injury lawyers win. Consumers lose.

Do personal injury attorneys really expect voters to believe they paid to put Question 5 on the ballot because it will limit frivolous lawsuits?

Question 5 does exactly the opposite. It encourages frivolous lawsuits because it adds a provision to the constitution that only cases determined to be 100% frivolous are subject to sanctions. A lawyer cannot be sanctioned for filing a lawsuit that is only 95% frivolous.

Isn't it just like the personal injury lawyers to write something that does the opposite of what they claim?

Here are the facts about Question 5:

Legal fees and jury awards have driven the cost of malpractice insurance in Nevada to among the highest in the nation. As a result, doctors have left the state, and Nevada ranks near the bottom nationally in number of doctors per resident. This shortage will grow as our population grows. With fewer healthcare providers, people cannot get medical treatment they need.

Higher medical malpractice costs mean higher healthcare costs for everyone. Fewer employers will be able to provide healthcare coverage to their employees; out-of-pocket costs for employees increase; fewer people will be able to afford coverage for themselves.

What's the real reason personal injury attorneys put Question 5 on the ballot? In 2002, the state legislature capped the fees that attorneys can collect in medical malpractice cases. To make certain their hefty fees are never limited, personal injury lawyers qualified Question 5 for the ballot.

Question 5 also prohibits judges from reducing grossly inflated jury awards or attorneys' fees. Remember the woman who sued McDonalds after spilling coffee in her lap? If Question 5 becomes part of our constitution, there would be nothing a judge could do to reduce outrageous awards or excessive attorneys' fees. If Question 5 becomes part of our

constitution, lawyers can walk away with more money than the person for whom the award was intended.

Lawsuits already cost each and every Nevadan \$809 per year. Question 5 will result in fewer doctors, higher healthcare costs, less access to healthcare, more lawsuits and higher attorney fees. It has no place in the Nevada Constitution. Vote NO on Question 5.

### **REBUTTAL TO ARGUMENT AGAINST QUESTION NO. 5**

Why are the big East Coast insurance companies and other special interests lying about Question 5?

Because they don't want a fair and impartial system of justice.

*They want to take away your right to protect yourself when they rip you off.*

**Example:** If you have fire damage to your home, and your insurance company “low-balls” you by refusing to pay in full, you can take your insurer to court and a jury can order the company to pay. But insurance companies say that such lawsuits are “frivolous.” They are lobbying the politicians to eliminate your legal rights -- even your right to hire a lawyer!

**Question 5 improves Nevada's legal system by punishing bad lawyers and truly frivolous lawsuits. But it also preserves your right to bring a legitimate case before a jury – a right that's been in the State Constitution since 1864.**

**Question 5 safeguards your right to:**

**Hire an attorney without interference from the government;**

**A fair trial before a jury of your fellow citizens;**

**Full compensation for injuries caused by negligent corporations and individuals.**

**Defend Nevada's Constitution against the greedy special interests. Please vote YES on Question 5.**

### **FISCAL NOTE**

**Financial Impact – Cannot be determined.**

Although the proposal to amend the *Nevada Constitution* would provide that a lawyer willfully involved in vexatious and frivolous litigation is personally responsible for attorney's fees, court costs and expenses of the aggrieved party, the financial impacts, if

any, of this proposal on a particular individual or business willfully involved in vexatious and frivolous litigation cannot be determined.

## **QUESTION NO. 6**

### **Amendment to the Nevada Constitution**

#### **CONDENSATION (ballot question)**

Shall the Nevada Constitution be amended to raise the minimum wage paid to employees?

Yes.....☒ 545,490  
No.....☐ 252,162

#### **EXPLANATION (ballot question)**

The proposed amendment, if passed, would create a new section to Article 15 of the Nevada Constitution. The amendment would require employers to pay Nevada employees \$5.15 per hour worked if the employer provides health benefits, or \$6.15 per hour worked if the employer does not provide health benefits. The rates shall be adjusted by the amount of increases in the federal minimum wage over \$5.15 per hour, or, if greater, by the cumulative increase in the cost of living measured by the Consumer Price Index (CPI), with no CPI adjustment for any one-year period greater than 3%.

The following arguments for and against and rebuttals for Question No. 6 were prepared by a committee as required by Nevada Revised Statutes (NRS) 293.252.

#### **ARGUMENT IN SUPPORT OF QUESTION NO. 6**

All Nevadans will benefit from a long-overdue increase in the state's minimum wage through a more robust economy, a decreased taxpayer burden and stronger families.

Low-income workers who do not currently earn enough to cover the basic costs of living for their families – housing, health care, food and child care – will clearly benefit. Many low-income Nevada families live in poverty even though they have full-time jobs. A Nevada worker at the current minimum wage for 40 hours per-week — every week, all year – makes only \$10,712. If the minimum wage had been increased to keep up with rising prices over the last 25 years, it would now bring in \$15,431 per-year – not \$10,712. At the current \$5.15 an hour, many minimum wage workers in Nevada have incomes below the federal poverty line. We want to encourage people to work and be productive members of society. It's economic common sense.

Taxpayers will benefit as an increased minimum wage allows low-income working families to become more financially able to free themselves from costly taxpayer-provided services such as welfare, childcare and public health services.

Our state's economy will benefit as we develop a workforce that will earn more spendable income and put dollars directly into local stores and businesses.

Raising the minimum wage one dollar affirms Nevada's beliefs that we value work, especially the difficult jobs performed by nursing home employees, childcare workers, and restaurant employees.

Minimum wage workers are not just teenagers working part-time to pay for movies, CDs and fast food. The vast majority of minimum wage workers in Nevada are adults (79% are 20 and older). Most work full-time. Six out of 10 minimum wage earners are women. Twenty-five percent are single mothers. And altogether they are the parents of 25,000 children. The paycheck these workers bring home accounts for about half of their families' earnings.

No matter what special interests and big corporations who oppose a fair minimum wage tell you, virtually *every* reputable economic study has found that workers don't get fired when minimum wages are passed or increased. In fact, employment increases. Eight of the eleven states that had a minimum wage above the federal level in 2003 are producing more jobs than the United States as a whole.

Raising the minimum wage makes sense for *all* of Nevada. Cast a vote for Nevada working people, Nevada taxpayers, Nevada values and a stronger Nevada economy.

#### **REBUTTAL TO ARGUMENT IN SUPPORT OF QUESTION NO. 6**

Contrary to claims by those eager to change Nevada's constitution, the most credible economic research for over 30 years has shown that minimum wage hikes hurt, rather than help, low-wage workers.

A recent example is the study, *The Effects of Minimum Wages Throughout the Wage Distribution*, by David Neumark, National Bureau of Economic Research; Mark Schweitzer, Federal Reserve Bank of Cleveland; and William Wascher, Board of Governors of the Federal Reserve - Division of Research and Statistics: "The evidence indicates that workers initially earning near the minimum wage are adversely affected by minimum wage increases.... Although wages of low-wage workers increase, their hours and employment decline, and the combined effect of these changes is a decline in earned income." *National Bureau of Economic Research, Working Paper 7519, 5/8/2000.*

The same year, Stanford University's Thomas MaCurdy & Frank McIntyre showed that the effect of a minimum wage increase is very similar to a "sales tax levied only on selective commodities" and conclude: "... three in four of the poorest workers *lose* from shouldering the costs of higher prices resulting from the wage increase. When these benefits and costs are considered, the minimum wage is *ineffective* as an anti-poverty policy."

#### **ARGUMENT AGAINST QUESTION NO. 6**

This constitutional amendment would actually *increase* poverty in Nevada, rather than fight it.

Suffering the most would be single mothers with little education, and other unskilled workers who are just entering the job market.

Today, such entry-level employees are paid not just with wages, but also the chance to learn new job skills. With those new skills—and the work habits they learn—they are able to climb the job ladder and make better lives for themselves and their families.

But if government forces entry-level wages artificially higher, fewer businesses will be able to hire these unskilled workers. That's because their *total* cost to the company—their pay, plus their training costs—will often be greater than these workers contribute to the company. So some workers will be let go, and others will never be hired.

Nevada has long been known as a state where businesses enjoy economic opportunities they cannot find elsewhere. But this constitutional amendment would end all that.

It would suddenly place Nevada at a big economic disadvantage to many other states—states without these high wage requirements. Under this amendment, wages paid in Nevada must, from now on, exceed the federal minimum wage by about \$1 an hour. This would seriously damage Nevada businesses—especially small mom and pop businesses, which usually have fewer resources to work with.

This proposal also would discriminate against non-union companies—which means against the great majority of small businesses in Nevada. It would give labor union officials the power, under the law, to permit *union* companies to hire new employees at rates *below* the new minimum wage. This is unfair to both companies and union members. It is also a virtual invitation to union corruption.

The key to fighting poverty—and to achieving higher wages for *all* workers—is long-term economic growth. Artificially higher wages imposed by government will only obstruct such growth.

This proposed constitutional amendment should be rejected.

Fiscal impact: Negative.

Environmental impact: Neutral.

Public health, safety and welfare impact: Negative.

## **REBUTTAL TO ARGUMENT AGAINST QUESTION NO. 6**

Raising the minimum wage in Nevada will decrease poverty as it increases people's participation in the State's economy. If increased wages actually made people poorer – as the special interests opposed to this amendment ridiculously claim – *nobody* in Nevada would ever ask for a raise.

Single mothers, as well as anyone else working a minimum wage job, will see an increase in their wages that will actually allow them to pay for housing, healthcare, food and childcare.

All available economic studies show that *everyone* wins when the minimum wage is increased. Low-income workers earn more, become less dependent on welfare and other public programs which eases the burden on taxpayers, and have more money to spend on local goods and services -- which strengthens the economy and generates more jobs.

There is *nothing* in the amendment to raise the minimum wage that would exempt union companies – it's a federal minimum that all companies must follow.

Raise low-income workers' wage. Spur Nevada's economic growth. Generate more buying power to support Nevada businesses. Create jobs. Move low-wage workers away from dependence on public programs and ease taxpayers' burden.

You can achieve *all* of these goals by voting YES on the minimum wage amendment.

## **FISCAL NOTE**

### **Financial Impact – Cannot be determined.**

Although the proposal to amend the *Nevada Constitution* to increase the minimum wage in Nevada could result in additional costs to Nevada's businesses, the impact on a particular business would depend on the number of employees working at a wage below the new requirement, the amount by which the wages would need to be increased and any actions taken by the business to offset any increased costs associated with the increased wage requirement.

The proposal would, however, result in beneficial financial impacts for employees who receive a wage increase as a result of the proposal and who are not impacted adversely by any actions taken by the business to offset the increased costs associated with the increased wage requirement.

In addition, if the proposal results in an increase in annual wages paid by Nevada's employers, revenues received by the State from the imposition of the Modified Business Tax would also increase.

### RAISE THE MINIMUM WAGE FOR WORKING NEVADANS

**Explanation** – Matter in ***bolded italics*** is new; matter between brackets [deleted material] is material being deleted.

### THE PEOPLE OF THE STATE OF NEVADA DO ENACT AS FOLLOWS:

#### Section 1. Title.

This Measure shall be know and may be cited as “**The Raise the Minimum Wage for Working Nevadans Act.**”

#### Section 2. Findings and Purpose

The people of the State of Nevada hereby make the following findings and declare their purpose in enacting this Act is as follows:

1. No full-time worker should live in poverty in our state.
2. Raising the minimum wage is the best way to fight poverty. By raising the minimum wage form \$5.15 an hour to \$6.15 an hour, a full-time worker will earn an additional \$2,000 in wages. That’s enough to make a big difference in the lives of low-income workers to move many families out of poverty.
3. For low –wage workers, a disproportionate amount of their income goes toward cost of living expenses. Living expenses such as housing, healthcare, and food have far outpaced wage levels for Nevada’s working families.
4. In our state, 6 out of 10 minimum wage earners are women. Moreover 25 percent of all minimum wage earners are single mothers, many of whom work full-time.
5. At \$5.15 an hour, minimum wage workers in Nevada make less money than they would on welfare. When people choose work over welfare, they become productive members of society and the burden on Nevada taxpayers is reduced.
6. Raising the minimum wage from \$5.15 an hour to \$6.15 an hour affirms Nevadan’s beliefs that we value work, especially the difficult jobs performed by hotel maids, childcare workers, and nursing home employees. We need to make sure the workers who are the backbone of our economy receive fair paychecks that allow them and their families to live above the poverty line.

### Section 3.

Article 15 of the Constitution of the State of Nevada is hereby amended by adding thereto a new section to read as follows:

#### *Sec. 16. Payment of minimum compensation to employees.*

- A. Each employer shall pay a wage to each employee of not less than the hourly rates set forth in this section. The rate shall be five dollars and fifteen cents (\$5.15) per hour worked, if the employer provides health benefits as described herein, or six dollars and fifteen cents (\$6.15) per hour if the employer does not provide such benefits. Offering health benefits within the meaning of this section shall consist of making health insurance available to the employee for the employee and the employee's dependents at a total cost to the employee for premiums of not more than 10 percent of the employee's gross taxable income from the employer. These rates of wages shall be adjusted by the amount of increases in the federal minimum wage over \$5.15 per hour, or, if greater, by the cumulative increase in the cost of living. The cost of living increase shall be measured by the percentage increase as of December 31 in any year over the level as of December 31, 2004 of the Consumer Price Index (All Urban Consumers, U.S. City Average) as published by the Bureau of Labor Statistics, U.S. Department of Labor or the successor index or federal agency. No CPI adjustment for any one-year period may be greater than 3%. The Governor or the State agency designated by the Governor shall publish a bulletin by April 1 of each year announcing the adjusted rates, which shall take effect the following July 1. Such bulletin will be made available to all employers and to any other person who has filed with the Governor or the designated agency a request to receive such notice but lack of notice shall not excuse noncompliance with this section. An employer shall provide written notification of the rate adjustments to each of its employees and make the necessary payroll adjustments by July 1 following the publication of the bulletin. Tips or gratuities received by employees shall not be credited as being any part of or offset against the wage rates required by this section.*
- B. The provisions of this section may not be waived by agreement between an individual employee and an employer. All of the provisions of this section, or any part hereof, may be waived in a bona fide collective bargaining agreement, but only if the waiver is explicitly set forth in such agreement in clear and unambiguous terms. Unilateral implementation of terms and conditions of employment by either party to a collective bargaining relationship shall not constitute, or be permitted, as a waiver of all or any part of the provisions of this section. An employer shall not discharge, reduce the compensation of or otherwise discriminate against any employee for using any civil remedies to enforce this section or otherwise asserting his or her rights under this section. An employee claiming violation of this section may bring an action against his or her employer in the courts of this State to*

*enforce the provisions of this section and shall be entitled to all remedies available under the law or in equity appropriate to remedy any violation of this section, including but not limited to back pay, damages, reinstatement or injunctive relief. An employee who prevails in any action to enforce this section shall be awarded his or her reasonable attorney's fees and costs.*

- C. As used in this section, "employee" means any person who is employed by an employer as defined herein but does not include an employee who is under eighteen (18) years of age, employed by a nonprofit organization for after school or summer employment or as a trainee for a period not longer than ninety (90) days. "Employer" means any individual, proprietorship, partnership, joint venture, corporation, limited liability company, trust, association, or other entity that may employ individuals or enter into contracts of employment.*
- D. If any provision of this section is declared illegal, invalid or inoperative, in whole or in part, by the final decision of any court of competent jurisdiction, the remaining provisions and all portions not declared illegal, invalid or inoperative shall remain in full force or effect, and no such determination shall invalidate the remaining sections or portions of the sections of this section.*

## QUESTION NO. 7

Amendment to the *Nevada Constitution*  
Assembly Joint Resolution No. 3 of the 71<sup>st</sup> Session

### CONDENSATION (ballot question)

Shall the *Nevada Constitution* be amended to change the provision that prohibits an “idiot or insane person” from voting to refer instead to “a person who has been adjudicated mentally incompetent, unless restored to legal capacity” and to repeal a provision relating to the election of United States Senators by the Legislature that was made obsolete by the adoption of the 17<sup>th</sup> Amendment to the *United States Constitution*?

Yes.....	<input checked="" type="checkbox"/>	418,857
No.....	<input type="checkbox"/>	351,982

### EXPLANATION

Currently, the *Nevada Constitution* provides that no “idiot or insane person” shall be entitled to vote in Nevada. The proposed amendment would change this language to provide that no person “who has been adjudicated mentally incompetent, unless restored to legal capacity,” shall be entitled to vote in Nevada. A “Yes” vote is a vote to remove language from Section 1, Article 2 of the *Nevada Constitution* referring to an idiot or insane person and replace it with language referring to persons who have been adjudicated mentally incompetent and not restored to legal capacity. A “No” vote is a vote to allow the language of this provision to remain unchanged.

Section 34, Article 4 of the *Nevada Constitution* provides that the Legislature shall elect Nevada’s United States Senators in joint convention of both Houses of the Legislature. This section also states that a vacancy in the office of United States Senator must be filled by the Legislature in a joint convention. The provision was nullified in 1913 with the adoption of the 17<sup>th</sup> Amendment to the *United States Constitution*, which provides for the direct, popular election of United States Senators and the filling of vacancies in the office of United States Senator through a vote of the people. A “Yes” vote is a vote to repeal this provision. A “No” vote is a vote to allow the language of this provision to remain unchanged.

### ARGUMENTS FOR PASSAGE

The use of the terms “idiot” and “insane” is inaccurate and archaic and may be offensive to those individuals suffering from a brain disorder or mental illness. This terminology is no longer recognized in modern legal and medical contexts. Other States have removed this language from their Constitutions.

The second part of the question concerns the election of United States Senators through joint convention of the Legislature. This provision in the *Nevada Constitution* is obsolete

because the election and replacement of United States Senators by direct, popular election is provided for in the 17<sup>th</sup> Amendment to the *United States Constitution*. This provision in the *Nevada Constitution* should be removed because it is erroneous and confusing.

### **ARGUMENTS AGAINST PASSAGE**

Amendment of the *Nevada Constitution* should be a rare undertaking and constitutional language should not be changed simply to respond to uses of terminology which may be outdated or go in and out of favor over time. Although the use of the terms “idiot” and “insane” could be seen as objectionable by modern standards, the use of this language was nevertheless acceptable at the time the provision was written, and the meaning of these terms is still clear. A change to this provision may also result in the State creating a legal classification of “mentally incompetent” for the purpose of voting. This legal classification could apply to persons whose mental conditions do not affect their ability to vote.

Although the *Nevada Constitution* provides for a different method of electing United States Senators, the direct, popular vote of United States Senators pursuant to the 17<sup>th</sup> Amendment to the *United States Constitution* has occurred since 1913. There is no need to repeal Section 34, Article 4 of the *Nevada Constitution* because that provision is obviously superseded by the 17<sup>th</sup> Amendment to the *United States Constitution*.

### **FISCAL NOTE**

#### **Financial Impact – No.**

The proposal to amend the *Nevada Constitution* would revise the terminology of certain provisions governing the right to vote and repeal provisions concerning the election of United States Senators by the Legislature. Approval of this proposal would have no adverse fiscal impact.

## FULL TEXT OF THE MEASURE

### Assembly Joint Resolution No. 3—Committee on Constitutional Amendments

ASSEMBLY JOINT RESOLUTION—Proposing to amend the Constitution of the State of Nevada to revise provisions governing the right to vote and to repeal an obsolete provision relating to the election of United States Senators.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA,

JOINTLY, That section 1 of article 2 of the Constitution of the State of Nevada be amended to read as follows:

Section 1. All citizens of the United States (not laboring under the disabilities named in this constitution) of the age of eighteen years and upwards, who shall have actually, and not constructively, resided in the state six months, and in the district or county thirty days next preceding any election, shall be entitled to vote for all officers that now or hereafter may be elected by the people, and upon all questions submitted to the electors at such election; *provided*, that no person who has been or may be convicted of treason or felony in any state or territory of the United States, unless restored to civil rights, and no ~~idiot or insane~~ person *who has been adjudicated mentally incompetent, unless restored to legal capacity*, shall be entitled to the privilege of an elector. There shall be no denial of the elective franchise at any election on account of sex. The legislature may provide by law the conditions under which a citizen of the United States who does not have the status of an elector in another state and who does not meet the residence requirements of this section may vote in this state for President and Vice President of the United States.

And be it further

RESOLVED, That section 34 of article 4 of the Constitution of the State of Nevada is hereby repealed.

## QUESTION NO. 8

Amendment to the Sales and Use Tax Act of 1955  
Assembly Bill No. 514 of the 72<sup>nd</sup> Session

### CONDENSATION (ballot question)

Shall the Sales and Use Tax Act of 1955 be amended to revise the exemption from the tax for the sale or use of used vehicles; to provide exemptions from the tax for the sale or use of prescription ophthalmic and ocular devices and appliances, farm machinery and other agricultural equipment, works of fine art for public display, and professional racing vehicles and parts; and to revise the exemption from the tax on the sale or use of aircraft and parts of aircraft used by commercial air carriers?

Yes.....	<input type="checkbox"/>	285,501
No.....	<input checked="" type="checkbox"/>	469,268

### EXPLANATION

The proposed amendment to the Sales and Use Tax Act of 1955 would exempt from the tax: (1) the value of any used vehicle taken in trade on the purchase of another vehicle and remove the exemption from the tax for occasional sales of vehicles except where such sales are between certain family members; (2) the sale or use of ophthalmic or ocular devices or appliances prescribed by a physician or optometrist; (3) the sale or use of farm machinery and equipment employed for the agricultural use of real property; (4) the sale or use of works of fine art for public display; and (5) the sale or use of engines and chassis, including replacement parts and components for the engines and chassis, of professional racing vehicles that are owned, leased or operated by professional racing teams.

The proposed amendment would also revise and clarify the criteria used to determine which aircraft and parts of aircraft are exempt from the tax, including removing the requirement that an air carrier must be based in Nevada to be eligible for the exemption, and providing an exemption for certain machinery and equipment used on eligible aircraft and parts of aircraft.

The proposals set forth in the question may not be voted upon individually. The exemptions and other provisions listed in the above explanation apply to the portion of the Sales and Use Tax that is distributed at the local level (currently between 4.5 percent and 5.5 percent), but do not apply to the portion that is distributed at the State level (2

percent). (See **NOTE TO VOTERS** on page 2 regarding the Streamlined Sales Tax Project and Nevada's sales tax.)

**A “Yes” vote approves all of the proposals set forth in the question. The exemptions and other provisions will apply to both the local portion and the State portion of the Sales and Use Tax.**

**A “No” vote disapproves all of the proposals set forth in the question. The exemptions and other provisions will not apply to the local portion of the Sales and Use Tax and will be deleted from the State portion of the Sales and Use Tax.**

### **ARGUMENTS FOR PASSAGE**

If this proposal is approved, all of the exemptions and other provisions listed above will be added to the State portion of the Sales and Use Tax Act provisions. The Legislature has previously enacted laws to include the exemptions and other provisions listed above in the portion of the Sales and Use Tax that is distributed at the local level. In providing these exemptions and other provisions at the local level, the Legislature determined that those exemptions and provisions served an important social and economic purpose. Therefore, these provisions should be extended to apply to the portion of the Sales and Use Tax that is distributed at the State level.

In addition, only through the passage of this proposal will those who are currently receiving the exemptions from the local portion of the Sales and Use Tax continue to receive them.

### **ARGUMENTS AGAINST PASSAGE**

If this proposal is not approved, the exemptions and other provisions will be deleted from the portion of the Sales and Use Tax that is distributed at the local level. The revenue available for distribution at the local level, including revenue distributed for the support of local schools, may be increased.

Although the Legislature has already granted these exemptions from the portion of the Sales and Use Tax that is distributed at the local level, legislation that enacted those provisions either did not require the submission of a question to the voters regarding including the identical provision in the state portion of the Sales and Use Tax, or the legislation required the submission of a question to the voters and the question was not approved.

In addition, passage of this proposal will reduce sales and tax revenues available to State government. Although State law already contains several exemptions from the Sales and Use Tax, if the reduction in revenues from exemptions becomes significant, the need to collect those revenues from other sources may result in an increased tax burden for those who are not eligible for an exemption.

## FISCAL NOTE

### Financial Impact – Yes.

Regardless of the outcome of this proposal, government revenues will be impacted in some manner. According to data provided by the Department of Taxation from Fiscal Year 2003, State government revenues will likely decrease by more than \$8.5 million if the proposal is approved. Conversely, if the proposal is not approved, revenues received by local governments will likely increase by more than \$22.1 million.

The table below indicates the increase or decrease in revenue that could result from each of the proposals described in the above explanation:

<b>Subject</b>	<b>State Revenue Loss if Question is Approved</b>	<b>Local Revenue Gain if Question is Not Approved</b>
Motor Vehicle Trade-Ins and Occasional Sales	-\$6,636,000	\$17,440,000
Ophthalmic or Ocular Devices	-\$1,338,000	\$3,485,000
Farm Machinery and Equipment	-\$440,000	\$1,013,000
Works of Fine Art for Public Display	Indeterminate	Indeterminate
Aircraft and Aircraft Parts and Machinery	-\$69,000	\$171,000
Professional Racing Vehicles and Parts	-\$4,000	\$12,000
<b>Total</b>	<b>-\$8,487,000</b>	<b>\$22,121,000</b>

The impact of the question on the average voter would depend on the extent to which the voter participates in transactions affected by the proposal. An explanation of the manner in which each proposal could impact voters is set forth below:

#### Motor Vehicle Trade-Ins and Occasional Sales

Currently, a person who applies the trade-in value of his vehicle to the purchase of a new vehicle is required to pay the portion of the Sales and Use Tax that is distributed at the State level (2 percent) on the entire sales price of the new car without a deduction for the trade-in allowance. However, that person is authorized to deduct from the sales price the trade-in allowance for the purposes of the portion of the Sales and Use Tax that is distributed at the local level (currently between 4.5 percent and 5.5 percent). If the question is approved, the purchaser of a new car will be able to deduct a trade-in allowance from the sales price of the new car for the purposes of the portion of the Sales and Use Tax that is distributed at the State level and the portion that is distributed at the local level. If the question is not approved, the purchaser of a new car will be required to

pay the portion of the Sales and Use Tax that is distributed at the State level and the portion that is distributed at the local level on the entire sales price of the new car without a deduction for the trade-in allowance.

Currently, the purchaser of a motor vehicle that is sold by someone who is not in the business of selling such vehicles may be exempt from the requirement to pay the portion of the Sales and Use Tax that is distributed at the State level (2 percent); however, such a purchaser would be required to pay the portion of the Sales and Use Tax that is distributed at the local level (currently between 4.5 percent and 5.5 percent) unless the vehicle is a used vehicle and the sale is between certain family members. If the question is approved, occasional sales of vehicles would be exempt from the State and local portions of the Sales and Use Tax only if the vehicle is a used vehicle and the sale is between certain family members. If the question is not approved, occasional sales of vehicles would be exempt from both the State and local portions of the Sales and Use Tax regardless of whether the vehicle was used or whether the sale is between family members.

#### Aircraft and Aircraft Parts and Machinery

Currently, gross receipts from the sale or use of aircraft, aircraft engines or component parts of aircraft or aircraft engines and machinery, tools and other equipment and parts used to repair or remodel aircraft are exempt from the portion of the Sales and Use Tax that is distributed at the local level (currently between 4.5 percent and 5.5 percent). In comparison, only the gross receipts from the sale or use of aircraft and major components of aircraft are exempt from the portion of the Sales and Use Tax that is distributed at the State level (2 percent). If the question is approved, the aircraft exemption would be expanded to ensure that the component parts of aircraft engines and machinery, tools and other equipment and parts used to repair or remodel aircraft are exempt from both the State and local portions of the Sales and Use Tax.

#### Other Proposals Set Forth in the Question

Currently, the gross receipts from the sale or the use of the following items are exempt from the portion of the Sales and Use Tax that is distributed at the local level (currently between 4.5 percent and 5.5 percent), but are not exempt from the portion of the Sales and Use Tax that is distributed at the State level (2 percent):

- Ophthalmic or ocular devices or appliances prescribed by a physician or optometrist;
- Farm machinery and equipment employed for the agricultural use of real property;
- Works of fine art for public display; and
- Engines and chassis of professional racing vehicles that are owned, leased or operated by professional racing teams.

If this question is approved, the exemption would be expanded to include the portion of the tax that is distributed at the State level and would decrease the cost of those items by 2 percent. If the question is not approved, the exemption would be eliminated from the portion of the tax that is distributed at the local level and the cost for these items would increase by between 4.5 percent and 5.5 percent.

### **Assembly Bill No. 514-Committee on Taxation**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 360.300 is hereby amended to read as follows:

2. One or more deficiency determinations may be made with respect to the amount due for one or for more than one period.

3. In making its determination of the amount required to be paid, the Department shall impose interest on the amount of tax determined to be due, calculated at the rate and in the manner set forth in NRS 360.417, unless a different rate of interest is specifically provided by statute.

4. The Department shall impose a penalty of 10 percent in addition to the amount of a determination that is made in the case of the failure of a person to file a return with the Department.

5. When a business is discontinued, a determination may be made at any time thereafter within the time prescribed in NRS 360.355 as to liability arising out of that business, irrespective of

whether the determination is issued before the due date of the liability.

**Sec. 2.** NRS 360.489 is hereby amended to read as follows: 360.489 1. In determining the amount of ~~of sales~~ :

*(a) Sales* tax due on a sale at retail, the rate of tax used must be the sum of the rates of all taxes imposed upon sales at retail in :

*(2) If those provisions do not apply to the sale,* the county in which the property is or will be delivered to the purchaser or his agent or designee.

~~(2. In determining the amount of use)~~

*(2) If those provisions do not apply to the purchase,* the county in which the property is first used, stored or consumed.

*2. In determining the amount of taxes due pursuant to subsection 1:*

*(a) The amount due must be computed to the third decimal place and rounded to a whole cent using a method that rounds up to the next cent if the numeral in the third decimal place is greater than 4.*

*(b) A retailer may compute the amount due on a transaction on the basis of each item involved in the transaction or a single invoice for the entire transaction.*

3. On or before January 1 of each year the Department shall transmit to each retailer to whom a permit has been issued a notice which contains the provisions of subsections 1 and 2 and NRS 372.365.

**Sec. 3.** NRS 360.510 is hereby amended to read as follows:

360.510 1. If any person is delinquent in the payment of any tax or fee administered by the Department or if a determination has been made against him which remains unpaid, the Department may:

(a) Not later than 3 years after the payment became delinquent or the determination became final; or

(b) Not later than 6 years after the last recording of an abstract of judgment or of a certificate constituting a lien for tax owed, give a notice of the delinquency and a demand to transmit personally or by registered or certified mail to any person, including, without limitation, any officer or department of this state or any political subdivision or agency of this state, who has in his possession or under his control any credits or other personal property belonging to the delinquent, or owing any debts to the delinquent or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or that person. In the case of any state officer, department or agency, the notice must be given to the officer, department or agency before the Department presents the claim of the delinquent taxpayer to the State Controller.

2. A state officer, department or agency which receives such a notice may satisfy any debt owed to it by that person before it honors the notice of the Department.

3. After receiving the demand to transmit, the person notified by the demand may not

transfer or otherwise dispose of the credits, other personal property, or debts in his possession or under his control at the time he received the notice until the Department consents to a transfer or other disposition.

4. Every person notified by a demand to transmit shall, within 10 days after receipt of the demand to transmit, inform the Department of, and transmit to the Department all such credits, other personal property, or debts in his possession, under his control or owing by him within the time and in the manner requested by the Department. Except as otherwise provided in subsection 5, no further notice is required to be served to that person.

5. If the property of the delinquent taxpayer consists of a series of payments owed to him, the person who owes or controls the payments shall transmit the payments to the Department until otherwise notified by the Department. If the debt of the delinquent taxpayer is not paid within 1 year after the Department issued the original demand to transmit, the Department shall issue another demand to transmit to the person responsible for making the payments informing him to continue to transmit payments to the Department or that his duty to transmit the payments to the Department has ceased.

6. If the notice of the delinquency seeks to prevent the transfer or other disposition of a deposit in a bank or credit union or other credits or personal property in the possession or under the control of a bank, credit union or other depository institution, the notice must be delivered or mailed to any branch or office of the bank, credit union or other depository institution at which the deposit is carried or at which the credits or personal property is held.

7. If any person notified by the notice of the delinquency makes any transfer or other disposition of the property or debts required to be withheld or transmitted, to the extent of the value of the property or the amount of the debts thus transferred or paid, he is liable to the State for any indebtedness due pursuant to this chapter, or chapter **360B**, 362, 364A, 369, 370, 372, 372A, 374, 377, 377A or 444A of NRS, NRS 482.313, or chapter 585 or 680B of NRS from the person with respect to whose obligation the notice was given if solely by reason of the transfer or other disposition the State is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

**Sec. 4.** Chapter 360B of NRS is hereby amended by adding thereto the provisions set forth as sections 5 to 24, inclusive, of this act.

**Sec. 5.** *“Purchaser” means a person to whom a sale of tangible personal property is made.*

**Sec. 6.** *“Registered seller” means a seller registered pursuant to section 9 of this act.*

**Sec. 7.** *“Retail sale” means any sale, lease or rental for any purpose other than for resale, sublease or subrent.*

**Sec. 8.** *“Tangible personal property” means personal property which may be seen, weighed, measured, felt or touched, or which is in any other manner perceptible to the senses.*

**Sec. 9. 1.** *The Department shall, in cooperation with any other states that are members of the Agreement, establish and maintain a central, electronic registration system that allows a seller to register to collect and remit the sales and use taxes imposed in this state and in the other states that are members of the Agreement.*

**2.** *A seller who registers pursuant to this section agrees to collect and remit sales and use taxes in accordance with the provisions of this chapter, the regulations of the*

*Department and the applicable law of each state that is a member of the Agreement, including any state that becomes a member of the Agreement after the registration of the seller pursuant to this section. The cancellation or revocation of the registration of a seller pursuant to this section, the withdrawal of a state from the Agreement or the revocation of the Agreement does not relieve a seller from liability pursuant to this subsection to remit any taxes previously or subsequently collected on behalf of a state.*

*3. When registering pursuant to this section, a seller may:*

*(a) Elect to use a certified service provider as its agent to perform all the functions of the seller relating to sales and use taxes, other than the obligation of the seller to remit the taxes on its own purchases;*

*(b) Elect to use a certified automated system to calculate the amount of sales or use taxes due on its sales transactions;*

*(c) Under such conditions as the Department deems appropriate, elect to use its own proprietary automated system to calculate the amount of sales or use taxes due on its sales transactions; or*

*(d) Elect to use any other method authorized by the Department for performing the functions of the seller relating to sales and use taxes.*

*4. A seller who registers pursuant to this section agrees to submit its sales and use tax returns, and to remit any sales and use taxes due, to the Department at such times and in such a manner and format as the Department prescribes by regulation.*

*5. The registration of a seller and the collection and remission of sales and use taxes pursuant to this section may not be considered as a factor in determining whether a seller has a nexus with this state for the purposes of determining his liability to pay any tax imposed by this state.*

**Sec. 10.** *1. The Department shall post on a website or other Internet site that is operated or administered by or on behalf of the Department:*

*(a) The rates of sales and use taxes for this state and for each local government in this state that imposes such taxes. The Department shall identify this state and each local government using the Federal Information Processing Standards developed by the National Institute of Standards and Technology.*

*(b) Any change in those rates.*

*(c) Any amendments to the statutory provisions and administrative regulations of this state governing the registration of sellers and the collection of sales and use taxes.*

*(d) Any change in the boundaries of local governments in this state that impose sales and use taxes.*

*(e) The list maintained pursuant to section 11 of this act.*

*(f) Any other information the Department deems appropriate.*

*2. The Department shall make a reasonable effort to provide sellers with as much advance notice as possible of any changes or amendments required to be posted pursuant to subsection 1 and of any other changes in the information posted pursuant to subsection 1. Except as otherwise provided in section 12 of this act, the failure of the Department to provide such notice and the failure of a seller to receive such notice does not affect the obligation of the seller to collect and remit any applicable sales and use taxes.*

**Sec. 11.** *1. The Department shall maintain a list that denotes for each five-digit and nine-digit zip code in this state the combined rates of sales taxes and the combined*

*rates of use taxes imposed in the area of that zip code, and the applicable taxing jurisdictions. If the combined rate of all the sales taxes or use taxes respectively imposed within the area of a zip code is not the same for the entire area of the zip code, the Department shall denote in the list the lowest combined tax rates for the entire zip code.*

*2. If a street address does not have a nine-digit zip code or if a registered seller is unable to determine the nine-digit zip code of a purchaser after exercising due diligence to determine that information, that seller may, except as otherwise provided in subsection 3, apply the rate denoted for the five-digit zip code in the list maintained pursuant to this section. For the purposes of this subsection, there is a rebuttable presumption that a registered seller has exercised due diligence if the seller has attempted to determine the nine-digit zip code of a purchaser by using software approved by the Department which makes that determination from the street address and five-digit zip code of the purchaser.*

*3. The list maintained pursuant to this section does not apply to and must not be used for any transaction regarding which a purchased product is received by the purchaser at the business location of the seller.*

**Sec. 12.** *The Department shall waive any liability of a registered seller and a certified service provider acting on behalf of a registered seller who, as a result of his reasonable reliance on the information posted pursuant to section 10 of this act or his compliance with subsection 2 of section 11 of this act, collects the incorrect amount of any sales or use tax imposed in this state, for:*

*1. The amount of the sales or use tax which the registered seller and certified service provider fail to collect as a result of that reliance; and*

*2. Any penalties and interest on that amount.*

**Sec. 13.** *As used in sections 13 to 18, inclusive, of this act:*

*1. "Receive" means taking possession of or making the first use of tangible personal property, whichever occurs first. The term does not include possession by a shipping company on behalf of a purchaser.*

*2. "Transportation equipment" means:*

*(a) Locomotives and railcars used for the carriage of persons or property in interstate commerce.*

*(b) Trucks and truck-tractors having a manufacturer's gross vehicle weight rating of more than 10,000 pounds, and trailers, semi trailers and passenger buses that are:*

*(1) Registered pursuant to the International Registration Plan, as adopted by the Department of Motor Vehicles pursuant to NRS 706.826; or*

*(2) Operated under the authority of a carrier who is authorized by the Federal Government to engage in the carriage of persons or property in interstate commerce.*

*(c) Aircraft operated by an air carrier who is authorized by the Federal Government or a foreign government to engage in the carriage of persons or property in interstate or foreign commerce.*

*(d) Containers designed for use on and component parts attached or secured to any of the items described in paragraph (a), (b) or (c).*

**Sec. 14.** *1. Except as otherwise provided in this section, for the purpose of determining the liability of a seller for sales and use taxes, a retail sale shall be deemed to take place at the location determined pursuant to sections 13 to 18, inclusive, of this*

*act.*

*2. Sections 13 to 18, inclusive, of this act do not:*

*(a) Affect any liability of a purchaser or lessee for a use tax.*

*(b) Apply to:*

*(1) The retail sale or transfer of watercraft, modular homes, manufactured homes or mobile homes.*

*(2) The retail sale, other than the lease or rental, of motor vehicles, trailers, semi trailers or aircraft that do not constitute transportation equipment.*

**Sec. 15.** *Except as otherwise provided in sections 13 to 18, inclusive, of this act, the retail sale, excluding the lease or rental, of tangible personal property shall be deemed to take place:*

*1. If the property is received by the purchaser at a place of business of the seller, at that place of business.*

*2. If the property is not received by the purchaser at a place of business of the seller:*

*(a) At the location indicated to the seller pursuant to any instructions provided for the delivery of the property to the purchaser or to another recipient who is designated by the purchaser as his donee; or*

*(b) If no such instructions are provided and if known by the seller, at the location where the purchaser or another recipient who is designated by the purchaser as his donee, receives the property.*

*3. If subsections 1 and 2 do not apply, at the address of the purchaser indicated in the business records of the seller that are maintained in the ordinary course of the seller's business, unless the use of that address would constitute bad faith.*

*4. If subsections 1, 2 and 3 do not apply, at the address of the purchaser obtained during the consummation of the sale, including, if no other address is available, the address of the purchaser's instrument of payment, unless the use of an address pursuant to this subsection would constitute bad faith.*

*5. In all other circumstances, at the address from which the property was shipped or, if it was delivered electronically, at the address from which it was first available for transmission by the seller.*
