

**PROPOSED REGULATION OF THE  
STATE BOARD OF HEALTH**

**LCB File No. R046-97**

September 9, 1997

EXPLANATION--Matter in italics is new; matter in brackets [ ] is material to be omitted.

AUTHORITY: NRS 439.200.

**Section 1.** NAC 453.610 is hereby amended to read as follows:

453.610 *1.* The operation of a methadone maintenance program is subject to the review of the health division. Approval for the program may be withdrawn at any time it is determined that the conditions of NAC 453.600 and applicable federal regulations are not being fulfilled. *Notice of denial of an application for approval of a program or withdrawal of approval for a program must comply with the requirements set forth in NAC 439.300 to 439.440, inclusive.*

*2. An applicant for approval of a program or an operator of an approved program who is aggrieved by the denial of his application or by the withdrawal of approval for the program he is operating may appeal that action in the manner set forth in NAC 439.300 to 439.440, inclusive.*
