

**PROPOSED REGULATION OF THE  
BOARD OF WILDLIFE COMMISSIONERS**

**LCB File No. R040-98**

March 11, 1998

EXPLANATION – Matter in *italics* is new; matter in brackets [ ] is material to be omitted.

AUTHORITY: §§1 and 2, NRS 501.181 and 502.030.

**Section 1.** NAC 502.4189 is hereby amended to read as follows:

502.4189 1. [Each] *Except as otherwise provided in subsection 2, each* applicant in a drawing for a tag for a special season receives one additional draw number for each bonus point he has accumulated for that special season. The applicant's lowest randomly assigned draw number is the number used for the drawing.

2. *For special seasons for deer, each applicant in a drawing for a tag receives a number of additional draw numbers that is equal to the number of bonus points that he has accumulated squared, as expressed in the following equation:*

$$n=b^2$$

*where "n" is the number of additional draw numbers and "b" is the number of bonus points. The number of additional draw numbers determines the number of draw numbers for that special season for deer. The applicant's lowest randomly assigned draw number is the number used for the drawing.*

3. Bonus points accumulated by a person for a special season cannot be transferred to any other person or any other special season [.

3.] *unless:*

- (a) *The applicant changes his state of residence;*
- (b) *The applicant requests that the commission transfer those bonus points; and*
- (c) *The commission approves the request for the transfer.*

*Bonus points transferred pursuant to this subsection apply to the same type of hunt to which they applied before for the transfer.*

4. An application to obtain a tag for a special season for more than one person may be submitted only for a deer hunt. The number of bonus points applicable to such an application is the quotient of the total number of points held by the members of the group divided by the number of members in the group, rounded to the nearest whole number.

Sec. 2. NAC 502.42373 is hereby amended to read as follows:

502.42373 1. [Each] *For special seasons for deer, each* applicant in a drawing for a restricted nonresident deer tag receives [one additional draw number for each bonus point] *a number of additional draw numbers equal to the number of bonus points that* he has accumulated [for that special season.] *squared, as expressed in the following equation:*

$$n=b^2$$

*where “n” is the number of additional draw numbers and “b” is the number of bonus points.*

*The number of additional draw numbers determines the number of draw numbers for that*

*special season for deer.* The applicant’s lowest randomly assigned draw number is the number used for the drawing.

2. The bonus points accumulated by a person for a restricted nonresident deer hunt may not be transferred to any other person or applied to any other special season.

3. The number of bonus points applicable to an application submitted by a group of persons applying as a party for restricted nonresident deer tags is the quotient of the total number of points held by the members of the group divided by the number of members in the group, rounded to the nearest whole number.
