391.055 Provisional renewable license.

1. The superintendent of public instruction may issue a provisional 1-year license or endorsement to a person who holds a renewable license issued in this state if he otherwise meets the requirements for licensure, but:

(a) Has a deficiency in credits of 6 semester hours or less;

(b) Is a teacher, licensed and practicing in this state applying for an additional license, other than for the teaching of handicapped pupils, outside his grade level of experience as a student teacher; or

(c) Lacks confirmation from a college that he has completed a school counseling practicum or internship if applying for a school counseling endorsement, but:

(1) Has completed all required course work for the school counseling endorsement;

(2) Has completed 200 hours of the practicum or internship through a regionally accredited college or university, to include a minimum of 100 hours in a school setting at the time of application for licensure; and

(3) Is currently and continuously enrolled in a regionally accredited college or university school counseling practicum or internship program.

2. The board of trustees of the public school or the operator of the private licensed school that is to employ the holder of a provisional 1-year license, who is a teacher, licensed and but who lacks student teaching experience at the proper grade level, must agree in writing:

(a) To specify the process to be used for evaluating the holder of the provisional license during the 1-year period.

(b) To submit documentation to the superintendent of public instruction indicating whether the holder of the provisional license is eligible for reemployment at the conclusion of the first year of teaching.

3. If the holder of a provisional license, who is a teacher, licensed and practicing in this state, but who lacks student teaching experience at the proper grade level, is rated as eligible for reemployment by his employer, and all other requirements for the additional license or endorsement have been met, the superintendent of public instruction shall mail a letter of notification to the holder of the license indicating that the requirement for student teaching has been fulfilled. Experience as a teacher's aide, teacher's assistant, unlicensed instructor of pupils in a junior reserve officers' training corps program or substitute teacher does not meet the requirement for teaching experience or student teaching.

4. Any credits earned by the holder of a provisional license or endorsement to qualify for a full license will not be counted as credits required to renew a license [.] *except for credits earned towards provisional endorsements that require a valid license as a re-requisite to holding the endorsement. For such endorsements, the credits earned may be used for both provisional credit removal and license renewal credit purposes.*
