INFORMATIONAL STATEMENT  
LCB FILE NO. 025-00

**The following statement is submitted for adopted amendments to Nevada Administrative Code, Chapter 482:**

The Department of Motor Vehicles and Public Safety noticed and held public hearings on April 3, 2000 to solicit opinion on the development and manufacturing of the Circa 1982 Replica License Plate as established in NRS 482.266.

The notices of public hearings and the proposed regulations were posted on or before February 11, 2000 at the Nevada State Library and Archives, each office of the Department of Motor Vehicles and Public Safety and the main Libraries in counties where the Department does not have an office. Additionally, the Department of Motor Vehicles and Public Safety posted the notice on the department's web page.

Public hearings were held on April 3, 2000 in the Carson City office of the Department of Motor Vehicles and Public Safety. No public or written testimony was provided during the hearing regarding the proposed regulations.

There is no adverse economic effect, either immediate or long term of the adopted regulations, on either the business community or general public. A fee of \$25.00 per set of license plates will be charged for the manufacture of the Circa 1982 Replica License Plate. The fees collected by the department are deposited with the state treasurer to the credit of the motor vehicle fund, and allocated to the revolving account for the issuance of special license plates created pursuant to NRS 482.1805 to defray the costs of manufacturing license plates.

The manufacturing cost of the Circa 1982 Replica License Plate will be offset by the \$25.00 plate fee with no additional cost to the department.

These proposed regulations do not overlap, duplicate or make more stringently any other state, government or federal regulation.
