TEXT OF REPEALED SECTIONS

612.015 “Eligibility period” interpreted.

1. The administrator of the employment security division interprets “eligibility period,” as that term is used in NRS 612.392, to mean:

- (a) “Benefit year,” as defined in NRS 612.030; and
- (b) “Eligibility period,” as defined in subsection 8 of NRS 612.377.

2. The administrator will deny extended benefits to a person who refuses to accept an offer of suitable work during the eligibility period, as defined in subsection 1, unless the person is

subsequently employed for 4 weeks and earns at least four times the weekly amount of the extended benefit.

612.095 Conditions of eligibility: Participation in services to assist in reemployment.

1. An unemployed person who has been determined to be likely to exhaust regular benefits and to need services to assist in his reemployment, pursuant to a system of profiling established by the administrator in accordance with the provisions of 42 U.S.C. § 503, is eligible to receive benefits with respect to any week only if he participates in those services, unless the administrator determines that:

- (a) The person has completed his participation in those services; or
- (b) There is justifiable cause for the person's failure to participate in those services.

2. For the purposes of this section, "regular benefits" has the meaning ascribed to it in NRS 612.377.

612.140 Partial unemployment: Predetermination; forms for claims; eligibility during total unemployment.

1. Immediately after the termination of any pay period in which an employer has furnished any person in his employ less than the normal customary full-time weekly hours of work in any calendar week, the employer shall file with the administrative office of the employment security division an employer's request for a predetermination of the person's rights to unemployment benefits for partial unemployment on a form provided by the administrator, containing the name of the person, his social security account number, and any other information that may be required. This request must be filed not later than 30 days after the end of the calendar week.

2. Upon receipt of this form the division will promptly notify each person and the employer of the person's potential rights to partial benefits.

3. A claim for partial benefits may not be filed or determined without the written consent of the employee.

4. After an employer has been notified of the predetermination of the rights of any person in his employ, the employer, until otherwise notified, shall, immediately after the customary pay day for the pay period containing the ending day of each week which begins within the validity period of the predetermination and with respect to which the person's earnings fall below his weekly benefit amount because of lack of work in the week, furnish each eligible person with a copy of a form for claiming partial benefits provided by the administrator, setting forth the information required to file a claim for partial benefits, including the person's name and social security account number, the ending date of each week, the wages earned and a proper certification as to his having worked less than his normal customary full-time hours because of lack of work in the week.

5. A claimant who has been receiving benefits for partial unemployment may continue to file claims as if he were a partially unemployed worker for the first 4 consecutive weeks of total unemployment immediately following his period of partial unemployment as long as a continuing relationship exists with his regular employer.

612.150 Partial unemployment: Filing of claims; records of employer.

1. A claim for partial benefits filed by any person with the employment security division constitutes the person's notice of unemployment and registration for employment with respect to each week of partial unemployment covered by the claim. Except as provided in subsection 2, a claim is not valid if it is filed more than 14 days after the person has been furnished by his employer with information as to his earnings in any week as provided in NAC 612.140.

2. If the administrator finds that the failure of any person to register and file a claim for partial unemployment benefits within the required time was due to failure on the part of the employer to comply with any of the provisions of this section or NAC 612.140 or to coercion or intimidation exercised by the employer to prevent the prompt filing of the claim, or to failure by the division to discharge its responsibilities promptly in connection with the partial unemployment, the administrator will extend the period during which the claim may be filed to a date which is not less than 1 week after the person received appropriate notice of his potential rights to benefits and his earnings during the period of partial unemployment. No claim will be accepted after 13 weeks subsequent to the end of the benefit year during which the week of unemployment occurred.

3. In addition to the requirements of NAC 612.020, each employer shall keep his payroll records in a form so that it is possible from an inspection to determine, with respect to each person in his employ, who may be eligible for partial benefits. The records must indicate:

- (a) Wages earned, by weeks;
- (b) Whether any week was in fact a week of less than full-time work; and
- (c) Time lost, if any, by each person due to his lack of ability or lack of availability for work.

4. A partially unemployed claimant who becomes totally unemployed for 4 consecutive weeks must immediately register for work in a public employment office. To be eligible to receive unemployment benefits following 4 consecutive weeks of total unemployment, the claimant must complete an application for employment during the fifth week of total unemployment if an active application for employment is not already on file for him, unless good cause for not so doing can be shown. No week of unemployment will be paid if the active

application for employment is not on file within 14 days after the end of the fourth consecutive week of total unemployment.

612.300 Employment security fund. Commencing with July 1, 1973, and on the first day of each quarter thereafter:

1. The administrator will determine the balance of money on hand in the employment security fund.
2. Any balance of money in excess of \$200,000 remaining in the employment security fund must be transferred to and deposited in the unemployment compensation fund.

INFORMATIONAL STATEMENT

**Department of Employment, Training and Rehabilitation
Employment Security Division**

Informational Statement

**Submitted with adopted regulations pursuant to NRS 233B.066
LCB File No. R094-00**

I Description of how public comment was solicited

Copies of the proposed regulations, Notice of Intent to Act Upon Regulations, Notice of Workshop, and Notice of Public Hearing were submitted to the Legislative Counsel Bureau and the Nevada State Library on June 21, 2000, as required by NRS 233B.063 and NRS 233B.0607.1, providing at least 30 days notice of the Employment Security Division's intention to amend or repeal the regulations in compliance with NRS 233B.060.1. The notice included a statement of the need and purpose of the regulations. It further specified times and locations for a workshop and public hearing at which interested individuals would be given an opportunity to present their views, and to submit any oral or written comments. Notices were sent to all persons who are presently on a mailing list kept by the division for this purpose. Copies were posted at numerous offices of the Employment Security Division throughout the state, and were mailed to public libraries in each of the counties, in compliance with NRS 241.020. Notice also appeared on the Legislative Counsel Bureau web site.

Workshop

Pursuant to NRS 233B.061, a workshop was held on July 10, 2000 at the Department of Transportation, 1263 South Stewart Street, Room 314, Carson City, Nevada. The workshop was teleconferenced to the Department of Transportation Training Room , 123 East Washington Street, Las Vegas, Nevada, and to 1951 Idaho Street, Elko, Nevada. Employment Security Division Administrator, Birgit Baker, presided over the workshop, which was attended by division legal counsel, and seven staff members.

Public hearing

A public hearing was held on August 2, 2000 at the Department of Transportation, 1263 South Stewart Street, Room 314, Carson City, Nevada. The hearing was teleconferenced to the Department of Transportation Training Room, 123 East Washington Street, Las Vegas, Nevada, to 1951 Idaho Street, Elko, Nevada, and to 310 Galletti Way, Sparks Nevada. Division Administrator, Birgit Baker, presided over the hearing, which was attended by division legal counsel and seven staff members.

Members of the public may obtain copies of this summary, as well as minutes from the workshop and public hearing, from the Department of Employment, Training and Rehabilitation, Employment Security Division, 500 East Third Street, Carson City, Nevada 89713.

II Description of how comment was solicited from affected businesses

Comment from affected businesses was solicited in the same manner as from the general public. A number of businesses, organizations, and employer agents are on the Employment Security Division mailing list. Members of the business community may obtain copies of this summary, as well as minutes from the workshop and public hearing, from the Department of

Employment, Training and Rehabilitation, Employment Security Division, 500 East Third Street, Carson City, Nevada 89713.

Summary of response from public

No one from the general public appeared at either the workshop or the public hearing to testify or submit comments. Two staff members and division legal counsel testified at the workshop and at the public hearing.

Written comments were received on August 7, 2000 from the Northern Nevada Chapter of Alliance for Workers' Rights. The comments did not address any of the specific issues proposed in the regulations, but expressed concern for a number of appeals processes for unemployment benefit claimants. Comments were sent to appropriate Employment Security Division staff for further review.

Summary of response from affected businesses

No one from the employer community appeared at either the workshop or the public hearing to testify or submit comments. Jim Nelson, Executive Director of the Nevada Association of Employers, telephoned the Employment Security Division, indicating he had no objection to the proposed regulations.

III Reasons for adopting regulation without change

Proposed amendments to NAC 612.070, concerning the value of meals and lodging, were withdrawn after concern was expressed at the workshop that they may be inequitable for some employers. Since no objections were received, all other proposed regulations were adopted as revised by the Legislative Counsel Bureau on July 26, 2000.

IV Estimated economic effect

There is no estimated economic effect of the amendment and repeal of the regulations on the businesses which they are to regulate, or on the public.

Adverse and beneficial effects

No adverse effect is anticipated for either employers or the general public. The amendments resulted from a review of regulations pursuant to NRS 233B.050. It is anticipated that the beneficial effects for both employers and the public are fewer, simpler, and more understandable regulations.

Immediate and long-term effects

The beneficial effects are both immediate and long-term.

V Estimated cost for enforcement

There is no estimated cost to the Employment Security Division to enforce the proposed regulations.

VI Overlap or duplication of other regulations

The amendments apply to unemployment compensation, and do not overlap or duplicate any regulations of other state or federal government agencies.

VII Regulations more stringent than federal regulations

There are no federal regulations which regulate the same activities as the adopted regulations.

VIII New fee or increase of an existing fee

The proposed regulations do not provide a new fee or increase an existing fee.
