#### **NAC 426.750 Determination of financial eligibility; formula for determining portion of cost paid by recipient if not exempt; payment of costs by contractor. (NRS 426.173)**

1. An applicant is not eligible to receive financial assistance pursuant to subsection 1 of NAC 426.670 if his gross monthly income, less the expenses set forth in paragraphs (a) to (d), inclusive, of subsection 2, is more than 800 percent of the federally designated level signifying poverty, divided by 12, for the size of family applicable to the applicant, as determined by the United States Department of Health and Human Services and published annually in the Federal Register.

2. In determining the financial eligibility of an applicant, the gross monthly income of the applicant and the applicant's spouse, or, if the applicant is a dependent child or adult who has no income and is financially supported by his family, the gross monthly income of the applicant's family, must be counted. From the total must be deducted any amount paid directly by the applicant or, if the applicant is a dependent child or adult who has no income and is financially supported by his family, by the applicant's family that is not reimbursed by any other source for:

(a) Medicine prescribed for the applicant by a physician;

(b) Medical care provided to the applicant by a doctor, hospital or other medical facility;

(c) Special equipment, services or supplies to help the applicant do what a person who is not disabled can do; and

(d) Health insurance and the benefits thereof, including, without limitation, the payment of premiums and copayments.

As used in this subsection, “medical facility” has the meaning ascribed to it in NRS 449.0151 and includes a facility for the rehabilitation of physically disabled persons.

3. A recipient whose gross monthly income, less the expenses set forth in paragraphs (a) to (d), inclusive, of subsection 2, is less than 200 percent of the federally designated level signifying poverty, divided by 12, is not required to pay any of the cost for essential personal care. Except as otherwise provided in this section, a recipient whose gross monthly income, less the expenses set forth in paragraphs (a) to (d), inclusive, of subsection 2, is 200 percent or more of the federally designated level signifying poverty, divided by 12, but not greater than 800 percent of the federally designated level signifying poverty, divided by 12, shall pay a portion of the total cost to provide essential personal care to him according to the following formula:

$$\text{Monthly amount of recipient's payment for essential personal care} = \frac{(A-(B+C))}{(A-B)} \times (D)$$

where “A” is the recipient’s gross monthly income; “B” is the sum, on a monthly basis, of the recipient’s expenses, if any, set forth in paragraphs (a) to (d), inclusive, of subsection 2; “C” is the amount that equals 200 percent of the federally designated level signifying poverty, divided by 12, for the size of family applicable to the recipient; and “D” is the cost of providing services for essential personal care, on a monthly basis, for that recipient.

4. Notwithstanding the formula set forth in subsection 3, in no case may the recipient’s payment for essential personal care, on a monthly basis, exceed 25 percent of the amount that equals the difference between A and the sum of B and C.

5. If there are compelling and urgent circumstances, including, without limitation, the circumstance in which payment of any portion of the cost to provide essential personal care to the recipient will cause severe hardship to the recipient, the contractor, with the approval of the ~~administrator~~ *Bureau Chief*, may pay 100 percent of the cost of the essential personal care of a recipient.

**NAC 426.760 Grounds for termination of care.** Care provided by a personal care attendant to a recipient may be terminated if the recipient:

1. Fails to pay his share of the *cost of care* ~~attendant’s wages~~;
2. Fails to provide documents needed for reevaluation;
3. Willfully defrauds the program; or
4. Fails to comply with the requirements of NAC 426.720.
