2. Category A weeds are weeds that are generally not found or that are limited in distribution throughout the State. Such weeds are subject to:

- (a) Active exclusion from the State and active eradication wherever found.
- (b) Active eradication from the premises of a dealer of nursery stock.

3. Category B weeds are weeds that are generally established in scattered populations in some counties of the State. Such weeds are subject to:

(a) Active exclusion where possible.

(b) Active eradication from the premises of a dealer of nursery stock.

4. Category C weeds are weeds that are generally established and generally widespread in many counties of the State. Such weeds are subject to active eradication from the premises of a dealer of nursery stock.
