

**ADOPTED REGULATION OF THE DIRECTOR OF THE
DEPARTMENT OF MOTOR VEHICLES**

LCB File No. R134-09

Effective January 28, 2010

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §1, NRS 481.051.

A REGULATION relating to motor vehicles; revising certain requirements for outdoor signs required to be posted at motor vehicle body shops; and providing other matters properly relating thereto.

Section 1. NAC 487.150 is hereby amended to read as follows:

487.150 1. At least one outdoor sign *that is created from a template* provided by the Department *pursuant to subsection 2* must be displayed at a licensed body shop stating that the body shop is licensed by the Department. The sign must be posted so that it is visible from the center of the nearest roadway adjacent to the body shop.

2. ~~[For each such sign posted by a licensed body shop, the]~~ *The* Department will ~~[collect from the licensed body shop a fee based upon the actual costs incurred by the Department to produce the sign.]~~ *maintain and make available upon request a template to be used to create the outdoor sign required pursuant to subsection 1.*

3. *The outdoor sign required pursuant to subsection 1 must:*

(a) Be at least 23 inches in width and 30 inches in height;

(b) Have dark royal blue as the background color;

(c) Contain white letters displaying the words:

(1) “Nevada Licensed Body Shop” in print which is at least 2 1/8 inches in height; and

(2) “Department of Motor Vehicles” in print which is at least 1 1/8 inches in height;

and

(d) Be made of either:

(1) Aluminum that is at least 0.063 inch in thickness; or

(2) Twelve gauge steel.

4. The outdoor sign required pursuant to subsection 1 may be single-sided with all of the information included on one side of the sign or double-sided with all of the information included on both sides of the sign.

5. The licensed body shop shall pay the costs of ~~repairing~~ *producing* and maintaining all such signs which are in its control.

~~4.~~ 6. A business that has ceased to operate as a licensed body shop shall remove and return to the Department all such signs within 2 business days after ceasing to operate.

NOTICE OF ADOPTION OF REGULATION

The Department of Motor Vehicles adopted regulations assigned LCB File No. R134-09, which pertain to chapter 487 of the Nevada Administrative Code on December 31, 2009. A copy of the regulation as adopted is attached hereto.

LEGISLATIVE REVIEW OF ADOPTED REGULATIONS AS REQUIRED BY NRS 233B.066 LCB FILE R134-09

The following statement is submitted for adopted amendments to Nevada Administrative Code (NAC) Chapter 487.

1. A description of how public comment was solicited, a summary of public response, and explanation how other interested persons may obtain a copy of the summary.

Copies of the proposed regulation, notices of Public Workshop and Hearing and notices of intent to act upon the regulation were sent by U.S. mail and email to all interested persons who have requested notification of proposed regulation amendments. The documents relating to the proposed regulation amendments were made available on the Department of Motor Vehicles website at: www.dmvnv.com/publicmeetings.htm. The proposed regulation amendment documents were posted at all county libraries in Nevada where there is not a Department of Motor Vehicles Office and at the following Department locations:

Department of Motor Vehicles
555 Wright Way
Carson City, Nevada 89701

Department of Motor Vehicles
305 Galletti Way
Reno, Nevada 89520

215 West Bridge Street #9
Yerington, Nevada 89447

A Public Workshop was noticed on June 17, 2009 and held on July 13, 2009, regarding proposed amendments to Chapter 487 of the Nevada Administrative Code. The proposed regulation amendments address a change to the process of obtaining signs required to be displayed at licensed Body Shops. No member of the general public, government agency or affected business industry provided any comment or testimony during the Public Workshop. The Department did not receive written comment from any member of the public, government agency or affected business industry.

After the Public Workshop was held on July 13, 2009, the Department of Motor Vehicles discovered that the proposed regulation did not include the type of material to be used in the manufacture of the Body Shop Signs. A request to revise the proposed regulation, to include the types of material the Body Shop signs were to be manufactured of was submitted to the Legislative Council Bureau. A revised copy of the proposed regulation was returned to the Department in November 2009.

A Public Hearing was noticed on October 27, 2009 and held on December 11, 2009, regarding the revised proposed amendments to the regulation for obtaining signs required to be displayed at licensed Body Shops. No member of the general public, affected business industry or government agency provided any comment or testimony during the Public Hearing. The Department did not receive written comment from any member of the public, government agency or affected business industry.

A copy of the minutes for the public workshop held on July 13, 2009 and public hearing held on December 11, 2009 may be obtained by contacting the Department of Motor Vehicles Compliance Enforcement Division, 555 Wright Way, Carson City Nevada 89701, (775) 684-4805, or email to iharper@dmv.nv.gov

2. The number persons who:

- (a) Attended the July 13, 2009 workshop: 9**
- (b) Provided comment at the July 13, 2009 workshop: 0**
- (c) Attended the December 11, 2009 hearing: 6**
- (d) Provided testimony at the December 11, 2009 hearing: 0**
- (e) Submitted written comment to the agency: 0**

- 3. A description of how comment was solicited from affected businesses, a summary of their response and an explanation how other interested persons may obtain a copy of the summary:**

Comments were solicited from affected businesses in the same manner as they were solicited from the public. The summary may be obtained as instructed in the response to question #1.

- 4. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.**

The permanent regulation was adopted on December 31, 2009 using the revised proposed language.

- 5. List the estimated economic effect of the adopted regulation on the businesses that it is to regulate and on the public. These must be stated separately, and each case must include:**

(a) Both adverse and beneficial effects; and

(b) Both immediate and long-term effects.

(a) Both adverse and beneficial effects

The regulation amendments shall have no adverse or beneficial economic effect. All signs currently displayed at existing body shop locations meet regulatory specifications and will remain in use. The amendments found in LCB File No. R134-09 will allow new body shop licensees to obtain required outdoor signs from anyone they choose. A sign template shall be provided upon request by the Department which will be used to produce the sign. Based upon discussion with sign producers, the Department expects that licensees will pay about ten dollars more for one individual sign than the Department's per sign cost for a large order of signs.

(b) Both immediate and long-term effects

Body shop operators currently doing business will not be affected by this regulation amendment. Signs that current body shop operators now display will continue to be suitable for display. Only new body shop licensees will be required to obtain the required signage from any private sign producer they choose to conduct business with.

- 6. List the estimated cost to the agency for enforcement of the adopted regulation.**

There is no additional cost to the agency for enforcement of this regulation.

- 7. List a description of any regulations of other state or government agencies that the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, list the name of the regulating federal agency.**

There are no other state or federal government agency regulations that the proposed amendments duplicate.

8. If the regulation includes provisions that are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.

There are no federal regulations that regulate the same activity as addressed in the adopted regulation.

9. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.

This regulation does not provide or involve a new fee. A total fee amount is not expected to be collected or used.

10. Is the proposed regulation likely to impose a direct and significant economic burden upon a small business, or directly restrict the formation, operation or expansion of a small business? What methods did the agency use in determining the impact of the regulation on a small business?

Based upon sign pricing information provided to the Department of Motor Vehicles by a producer of signs, the agency has determined that the proposed regulation does not impose a direct and significant economic burden upon a small business or restrict the formation, operation or expansion of a small business.

All outdoor signs now posted at existing body shops will continue to be acceptable, and will not require replacement. The change in regulation will affect new body shop licensees, or currently licensed body shops that want to replace or add outdoor signs at their business locations.
