The following information is provided pursuant to the requirements of NRS 233B.0603:

1. This temporary regulation is necessary to update current regulations to be compliant with the Medicare Improvements for Patients and Providers Act of 2008 (MIPPA) and the Genetic Information Nondiscrimination Act of 2008 (GINA); and to avoid federal oversight of Medicare Supplement policies.
2. This temporary regulation prohibits the sale of Medicare Supplement Plans E, H, I, J and High Deductible J; removes the At Home Recovery and Preventive Care benefits from all plans; changes the Part B Excess Charges from 80% to 100% in Plan G; adds Plans M and N; and makes other administrative changes for consistency.
3. Estimated economic effect of the temporary regulation:

On the business which is to be regulated: The proposed temporary regulation will require Medicare Supplement insurers to file new forms and rates to be compliant with MIPPA and GINA.

On the public: The proposed temporary regulation should have no economic impact on the public.

4. There should only be a minimal cost to the Division to review forms updated to comply with the temporary regulation.
5. The proposed temporary regulation duplicates a federal regulation.
6. This temporary regulation is required by the federal laws MIPPA and GINA.
7. The temporary regulation does not include provisions which are more stringent than a

8. The proposed temporary regulation does not establish a new fee or increase an existing fee.
 9. The Division of Insurance regulates the insurance industry. These carriers are not small businesses. Consequently, there would not be any impact on small businesses in Nevada.

Persons wishing to comment upon the proposed action of the Division may appear at the scheduled public hearing or may address their comments, data, views or arguments, in written form, to the Division, 788 Fairview Drive, Suite 300, Carson City, Nevada 89701. Written submissions must be received by the Division on or before **March 19, 2009**. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Division may proceed immediately to act upon any written submissions.

A copy of this notice and the temporary regulation to be adopted will be on file at the State Library, 100 Stewart Street, Carson City, Nevada, for inspection by members of the public during business hours. Additional copies of the notice and the temporary regulation to be adopted will be available at the offices of the Division, 788 Fairview Drive, Suite 300, Carson City, Nevada 89701, and 2501 East Sahara Avenue, Suite 302, Las Vegas, Nevada 89104, and in all counties in which an office of the agency is not maintained, at the main public library, for inspection and copying by members of the public during business hours. Copies of this notice and the proposed temporary regulation will also be mailed to members of the public upon request. A reasonable fee may be charged for copies if it is deemed necessary. This does not apply to a public body subject to the Open Meeting Law.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, and incorporate therein its reason for overruling the consideration urged against its adoption.

**PROPOSED TEMPORARY REGULATION OF THE
COMMISSIONER OF INSURANCE**

**PROPOSED REGULATION CONCERNING
MEDICARE SUPPLEMENT PLANS**

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§1-13, NRS 679B.130 and 687B.430.

A REGULATION relating to insurance; revising provisions governing policies supplementary to Medicare; and providing other matters properly relating thereto.

Section 1. Chapter 687B of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 7 of this regulation.

Sec. 2. *"Pre-Standardized benefit plan to supplement Medicare," "Pre-Standardized benefit plan" or "Pre-Standardized plan" means a group or individual policy of insurance to supplement Medicare issued prior to January 1, 1992.*

Sec. 3. *"1990 Standardized benefit plan to supplement Medicare," "1990 Standardized benefit plan" or "1990 plan" means a group or individual policy of insurance to supplement Medicare issued on or after January 1, 1992 and prior to June 1, 2010 and includes policies to supplement Medicare and certificates renewed on or after that date which are not replaced by the issuer at the request of the insured.*

Sec. 4. *"2010 Standardized benefit plan to supplement Medicare," "2010 Standardized benefit plan" or "2010 plan" means a group or individual policy of insurance to supplement Medicare issued on or after June 1, 2010.*

Sec. 5. *The following standards are applicable to all policies to supplement Medicare or certificates delivered or issued for delivery in this state on or after June 1, 2010:*

1. *No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a policy to supplement Medicare or certificate unless it complies with these benefit standards.*

2. *No issuer may offer any 1990 Standardized benefit plan to supplement Medicare for sale on or after June 1, 2010.*

3. *Benefit standards applicable to policies to supplement Medicare and certificates issued before June 1, 2010 remain subject to the requirements of NAC 687B.225, NAC 687B.226, NAC 687B.227, NAC 687B.290 and NAC 687B.295.*

4. *The following standards apply to policies to supplement Medicare and certificates and are in addition to all other requirements of this regulation:*

(a) *A policy to supplement Medicare or certificate shall not exclude or limit benefits for losses incurred more than 6 months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.*

(b) *A policy to supplement Medicare or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.*

(c) *A policy to supplement Medicare or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any*

changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

(d) No policy to supplement Medicare or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(e) Each policy to supplement Medicare shall be guaranteed renewable.

(1) The issuer shall not cancel or nonrenew a policy solely on the ground of health status of the individual.

(2) The issuer shall not cancel or nonrenew a policy for any reason other than nonpayment of premium or material misrepresentation.

(3) If the policy to supplement Medicare is terminated by the group policyholder and is not replaced as provided under subparagraph 5 of paragraph (e) of subsection 4 of section 5 of this regulation, the issuer shall offer certificate holders an individual policy to supplement Medicare which, at the option of the certificate holder:

(I) Provides for continuation of the benefits contained in the group policy; or

(II) Provides for benefits that otherwise meet the requirements of this subsection.

(4) If an individual is a certificate holder in a group policy to supplement Medicare and the individual terminates membership in the group, the issuer shall

(I) Offer the certificate holder the conversion opportunity described in subparagraph 3 of paragraph (e) of subsection 4 of section 5 of this regulation; or

(II) At the option of the group policyholder, offer the certificate holder continuation of coverage under the group policy.

(5) If a group policy to supplement Medicare is replaced by another group policy to supplement Medicare purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(f) Termination of a policy to supplement Medicare or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(g) (1) A policy to supplement Medicare or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period not to exceed 24 months in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance.

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(3) Each policy to supplement Medicare shall provide that benefits and premiums under the policy shall be suspended for any period that may be provided by federal regulation at the request of the policyholder if the policyholder is entitled to benefits under section 226 (b) of the Social Security Act and is covered under a group health plan as defined in section 1862 (b)(1)(A)(v) of the Social Security Act. If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated, effective as of the date of loss of coverage, if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

(4) Reinstitution of coverage as described in subparagraphs (2) and (3):

(I) Shall not provide for any waiting period with respect to treatment of preexisting conditions;

(II) Shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and

(III) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

5. Every issuer of insurance benefit plans to supplement Medicare shall make available a policy or certificate including only the following basic “core” package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other insurance benefit plans to supplement Medicare in addition to the basic core package, but not in lieu of it.

(a) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period;

(b) Coverage of Part A Medicare eligible expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used;

(c) Upon exhaustion of the Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of 100% of the Medicare Part A eligible expenses for hospitalization paid at the applicable prospective payment system (PPS) rate, or other appropriate Medicare standard of payment, subject to a lifetime maximum benefit of an additional 365 days. The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance;

(d) Coverage under Medicare Parts A and B for the reasonable cost of the first 3 pints of blood, or equivalent quantities of packed red blood cells, as defined under federal regulations, unless replaced in accordance with federal regulations;

(e) Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible;

(f) Coverage of cost sharing for all Part A Medicare eligible hospice care and respite care expenses.

6. The following additional benefits shall be included in benefit plans B, C, D, F, F with High Deductible, G, M, and N to supplement Medicare as provided by section 6 of this regulation.

(a) Coverage for 100% of the Medicare Part A inpatient hospital deductible amount per benefit period.

(b) Coverage for 50% of the Medicare Part A inpatient hospital deductible amount per benefit period.

(c) Coverage for the actual billed charges up to the coinsurance amount from the 21st day through the 100th day in a Medicare benefit period for post-hospital skilled nursing facility care eligible under Medicare Part A.

(d) Coverage for 100% of the Medicare Part B deductible amount per calendar year regardless of hospital confinement.

(e) Coverage for all of the difference between the actual Medicare Part B charges as billed, not to exceed any charge limitation established by the Medicare program or state law, and the Medicare-approved Part B charge.

(f) Coverage to the extent not covered by Medicare for 80% of the billed charges for Medicare-eligible expenses for medically necessary emergency hospital, physician and medical care received in a foreign country, which care would have been covered by Medicare if provided in the United States and which care began during the first 60 consecutive days of each trip outside the United States, subject to a calendar year deductible of \$250, and a lifetime maximum benefit of \$50,000. For purposes of this benefit, “emergency care” shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

Sec. 6. *The following standards are applicable to all policies to supplement Medicare or certificates delivered or issued for delivery in this state on or after June 1, 2010:*

1. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a policy to supplement Medicare or certificate unless it complies with these benefit plan standards.

2. Benefit plan standards applicable to policies to supplement Medicare and certificates issued before June 1, 2010 remain subject to the requirements of NAC 687B.225, NAC 687B.226, NAC 687B.227, NAC 687B.290 and NAC 687B.295.

3. (a) An issuer shall make available to each prospective policyholder and certificate holder a policy form or certificate form containing only the core benefits, as defined in subsection 5 of section 5 of this regulation.

(b) If an issuer makes available any of the additional benefits described in subsection 6 of section 5, or offers standardized benefit Plans K or L as described in paragraphs (h) and (i) of subsection 7 of section 6 of this regulation, then the issuer shall make available to each prospective policyholder and certificate holder, in addition to a policy form or certificate form with only the core benefits as described in paragraph (a) of subsection 3 of section 6, a policy form or certificate form containing either standardized benefit Plan C as described in paragraph (c) of subsection 7 of section 6 of this regulation or standardized benefit Plan F as described in paragraph (e) of subsection 7 of section 6 of this regulation.

4. No groups, packages or combinations of benefits to supplement Medicare other than those listed in this section shall be offered for sale in this state, except as may be permitted in subsection 8 of section 6 of this regulation and in NAC 687B.346.

5. Benefit plans shall be uniform in structure, language, designation and format to the standard benefit plans listed in this subsection and conform to the definitions in sections 2 - 4 of this regulation. Each benefit shall be structured in accordance with the format provided in

subsections 5 and 6 of section 5 of this regulation; or, in the case of plans K or L, in paragraphs (h) and (i) of subsection 7 of section 6 of this regulation and list the benefits in the order shown. For purposes of this section, “structure, language, and format” means style, arrangement and overall content of a benefit.

6. In addition to the benefit plan designations required in subsection 5 of this section, an issuer may use other designations to the extent permitted by law.

Sec. 7. 1. An issuer of a policy to supplement Medicare or certificate;

(a) Shall not deny or condition the issuance or effectiveness of the policy or certificate, including the imposition of any exclusion of benefits under the policy based on a preexisting condition, on the basis of the genetic information with respect to such individual; and

(b) Shall not discriminate in the pricing of the policy or certificate, including the adjustment of premium rates, of an individual on the basis of the genetic information with respect to such individual.

2. Nothing in subsection 1 of this section shall be construed to limit the ability of an issuer, to the extent otherwise permitted by law, from

(a) Denying or conditioning the issuance or effectiveness of the policy or certificate or increasing the premium for a group based on the manifestation of a disease or disorder of an insured or applicant; or

(b) Increasing the premium for any policy issued to an individual based on the manifestation of a disease or disorder of an individual who is covered under the policy. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the group.

3. An issuer of a policy to supplement Medicare or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.

4. Subsection 3 of this section shall not be construed to preclude an issuer of a policy to supplement Medicare or certificate from obtaining and using the results of a genetic test in making a determination regarding payment as defined for the purposes of applying the regulations promulgated under part C of title XI and section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time, and consistent with subsection 1 of this section.

5. For purposes of carrying out subsection 4 of this section, an issuer of a policy to supplement Medicare or certificate may request only the minimum amount of information necessary to accomplish the intended purpose.

6. Notwithstanding subsection 3 of this section, an issuer of a policy to supplement Medicare may request, but not require, that an individual or a family member of such individual undergo a genetic test if each of the following conditions is met:

(a) The request is made pursuant to research that complies with part 46 of title 45, Code of Federal Regulations, or equivalent Federal regulations, and any applicable state or local law or regulations for the protection of human subjects in research.

(b) The issuer clearly indicates to each individual, or in the case of a minor child, to the legal guardian of such child, to whom the request is made that:

(1) Compliance with the request is voluntary; and

(2) Non-compliance will have no effect on enrollment status or premium or contribution amounts.

(c) No genetic information collected or acquired under this subsection shall be used for underwriting, determination of eligibility to enroll or maintain enrollment status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.

(d) The issuer notifies the Secretary of the United States Department of Health and Human Services in writing that the issuer is conducting activities pursuant to the exception provided for under this subsection, including a description of the activities conducted.

(e) The issuer complies with such other conditions as the Secretary of the United States Department of Health and Human Services, may by regulation, require for activities conducted under this subsection.

7. An issuer of a policy to supplement Medicare or certificate shall not request, require, or purchase genetic information for underwriting purposes.

8. An issuer of a policy to supplement Medicare or certificate shall not request, require, or purchase genetic information with respect to any individual prior to such individual's enrollment under the policy in connection with such enrollment.

9. If an issuer of a policy to supplement Medicare or certificate obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of subsection 8 of this section if such request, requirement, or purchase is not in violation of subsection 7 of this section.

The term “genetic test” does not mean an analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes; or an analysis of proteins or metabolites that is directly related to a

manifested disease, disorder, or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved.

687B.220 1. Except as otherwise provided in paragraphs (a) and (b) of subsection 2 of NAC 687B.226, ~~and~~ paragraphs (a) and (b) of subsection 2 of NAC 687B.227~~;~~ *and paragraph (a) of subsection 4 of section 5 of this regulation*, a policy or certificate may not be advertised, solicited or issued for delivery in this State as a policy to supplement Medicare if the policy or certificate contains limitations or exclusions on coverage that are more restrictive than those of Medicare.

2. A policy to supplement Medicare or a certificate must not use a waiver to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions.

3. A policy to supplement Medicare or a certificate must not contain benefits that duplicate the benefits provided by Medicare.

4. A policy to supplement Medicare with benefits for outpatient prescription drugs in existence before January 1, 2006, must be renewed for current policyholders who do not enroll in Medicare Part D at the option of the policyholder.

5. A policy to supplement Medicare with benefits for outpatient prescription drugs must not be issued after December 31, 2005.

6. After December 31, 2005, a policy to supplement Medicare with benefits for outpatient prescription drugs may not be renewed after the policyholder enrolls in Medicare Part D unless:

(a) The policy is modified to eliminate outpatient prescription drug coverage for expenses of outpatient prescription drugs incurred after the effective date of the person's coverage under a Medicare Part D plan; and

(b) Premiums are adjusted to reflect the elimination of outpatient prescription drug coverage at the time of Medicare Part D enrollment, accounting for any claims paid, if applicable.

Sec. 9. Section 1 of LCB File No. R066-07 is hereby amended to read as follows:

687B.225 1. A policy of insurance or subscriber contract must not be advertised, solicited or issued for delivery in this State as a policy or certificate to supplement Medicare before July 16, 1992, if it fails to meet the standards established by this section. These are minimum standards and do not preclude the inclusion of other provisions or benefits that are not inconsistent with these standards.

2. A policy to supplement Medicare or a certificate issued for delivery in this State before July 16, 1992, must not:

(a) Deny a claim for losses incurred more than 6 months after the effective date of coverage for a preexisting condition.

(b) Define a preexisting condition more restrictively than as a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.

(c) Indemnify against any loss resulting from sickness on a different basis than for a loss resulting from an accident.

3. A policy to supplement Medicare or a certificate must provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, *copayment, or coinsurance amounts* ~~[amount and copayment percentage factors]~~. Premiums may be modified to correspond with such changes.

4. A “noncancellable,” “guaranteed renewable” or “noncancellable and guaranteed renewable” policy must not:

(a) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premiums; or

(b) Be cancelled or denied renewal by the insurer solely on the grounds of deterioration of health.

5. Termination of a policy to supplement Medicare or of a certificate must be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits.

6. A policy to supplement Medicare that is subject to the minimum standards adopted pursuant to the Medicare Catastrophic Coverage Act of 1988 must provide at least the following benefits:

(a) Coverage of Medicare Part A eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period.

(b) Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount.

(c) Coverage of Medicare Part A eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days.

(d) Upon exhaustion of all Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization that are not covered by Medicare, subject to a lifetime maximum benefit of an additional 365 days.

(e) Coverage under Medicare Part A for the reasonable cost of the first 3 pints of blood, or an equivalent quantity of packed red blood cells, as defined by federal regulations, unless replaced in accordance with federal regulations or already paid for pursuant to Part B. Plans K and L provide for 50 percent and 75 percent coverage of the cost, respectively.

(f) Coverage for the coinsurance amount, or, for services from a hospital outpatient department paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount that is equal to the Medicare Part B deductible.

(g) Coverage under Medicare Part B for the reasonable cost of the first 3 pints of blood, or equivalent quantities of packed red blood cells, as defined by federal regulations, unless replaced in accordance with federal regulations or already paid for pursuant to Part A, subject to the Medicare deductible amount. Plans K and L provide for 50 percent and 75 percent coverage of the cost, respectively.

7. For the purposes of this section:

(a) “Medicare eligible expenses” means expenses for health care of the kind covered by Medicare, to the extent recognized as reasonable by Medicare. Payment of benefits by an insurer for such expenses may be conditioned upon the same or less restrictive conditions of payment, including determinations of medical necessity, as are applicable to Medicare claims.

(b) “Policy to supplement Medicare” means a group or individual policy of accident and sickness insurance, or a subscriber contract of one or more hospital and medical service associations or health maintenance organizations, that is advertised, marketed or designed primarily as a supplement to the reimbursement provided under Medicare for the hospital, medical or surgical expenses of one or more persons eligible for Medicare by reason of age.

Sec. 10. Section 2 of LCB File No. R066-07 is hereby amended to read as follows:

687B.226 1. A policy or certificate must not be advertised, solicited, originally delivered or issued for delivery, or renewed in this State as a policy or certificate to supplement Medicare on or after July 16, 1992, and before July 30, 1992, if it fails to meet or exceed the minimum standards established by this section. These standards do not preclude the inclusion of other provisions or benefits that are not inconsistent with these standards.

2. A policy to supplement Medicare or a certificate originally delivered or issued for delivery, or renewed, in this State on or after July 16, 1992, and before July 30, 1992, must not:

(a) Exclude or limit benefits for losses incurred more than 6 months after the effective date of coverage because of a preexisting condition.

(b) Define a preexisting condition more restrictively than as a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.

(c) Indemnify against any loss resulting from sickness on a different basis than for a loss resulting from an accident.

3. A policy to supplement Medicare or a certificate must provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, *copayment, or coinsurance amounts* ~~[amount and copayment percentage factors]~~. Premiums may be modified to correspond with such changes.

4. A “noncancellable,” “guaranteed renewable” or “noncancellable and guaranteed renewable” policy must not:

(a) Provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premiums; or

(b) Be cancelled or denied renewal by the insurer solely on the grounds of deterioration of health.

5. Except as otherwise authorized by the Commissioner, an issuer shall not cancel or refuse to renew a policy to supplement Medicare or a certificate for any other reason than the nonpayment of premiums or for a material misrepresentation.

6. If a group policy to supplement Medicare or a certificate is terminated by the group policyholder and is not replaced as provided in subsection 8, the issuer shall offer to each certificate holder:

(a) An individual policy to supplement Medicare currently offered by the issuer that provides comparable benefits to those contained in the terminated policy; or

(b) An individual policy to supplement Medicare that provides only those benefits as are required by *subsection 5 of section 5 of this regulation* ~~[NAC 687B.290]~~.

7. If a certificate holder is provided coverage under a group policy to supplement Medicare or a certificate and he terminates his membership in the group, the issuer shall:

(a) Offer the certificate holder an individual policy to supplement Medicare pursuant to subsection 6; or

(b) At the request of the group policyholder, continue coverage for the certificate holder under the group policy to supplement Medicare.

8. If a group policy to supplement Medicare or a certificate is replaced by another group policy to supplement Medicare or another certificate which is purchased by the same person, the issuer of the replacement policy or certificate shall offer coverage to all persons who are covered under the policy or certificate that is being replaced on the date it is terminated. The replacement policy or certificate may not provide for the exclusion of coverage for preexisting conditions that were covered under the policy or certificate that is being replaced.

9. Termination of a policy to supplement Medicare or of a certificate must be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

10. If a policy to supplement Medicare eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, Public Law 108-173, 117 Stat. 2066, December 8, 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this section.

11. A policy to supplement Medicare that is subject to the minimum standards must provide at least the following benefits:

(a) Coverage of Medicare Part A eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period.

(b) Coverage for either all or none of the Medicare Part A inpatient hospital deductible amount.

(c) Coverage of Medicare Part A eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days.

(d) Upon exhaustion of all Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization that are not covered by Medicare, subject to a lifetime maximum benefit of an additional 365 days.

(e) Coverage under Medicare Part A for the reasonable cost of the first 3 pints of blood, or an equivalent quantity of packed red blood cells, as defined by federal regulations, unless replaced in accordance with federal regulations or already paid for pursuant to Part B. Plans K and L provide for 50 percent and 75 percent coverage of the cost, respectively.

(f) Coverage for the coinsurance amount, or, for services from a hospital outpatient department paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount that is equal to the Medicare Part B deductible. This coverage must include coverage for Medicare eligible expenses for drugs used by an outpatient for immune suppressive therapy.

(g) Coverage under Medicare Part B for the reasonable cost of the first 3 pints of blood, or equivalent quantities of packed red blood cells, as defined by federal regulations, unless replaced in accordance with federal regulations or already paid for pursuant to Part A, subject to the Medicare deductible amount. Plans K and L provide for 50 percent and 75 percent coverage of the cost, respectively.

Sec. 11. NAC 687B.227 is hereby amended to read as follows:

687B.227 1. A policy or certificate must not be advertised, solicited, originally delivered or issued for delivery, or renewed in this State as a policy or certificate to supplement Medicare on or after July 30, 1992 ~~[and prior to June 1, 2010]~~, if it fails to comply with the requirements set forth in this section.

2. A policy to supplement Medicare or a certificate originally delivered or issued for delivery, or renewed, in this State on or after July 30, 1992 ~~[and prior to June 1, 2010]~~, must not:

(a) Exclude or limit benefits for losses incurred more than 6 months after the effective date of coverage because of a preexisting condition.

(b) Define a preexisting condition more restrictively than as a condition for which medical advice was given or treatment recommended by or received from a physician during the 6 months immediately preceding the effective date of coverage.

(c) Indemnify against any loss resulting from sickness on a different basis than for a loss resulting from an accident.

3. A policy to supplement Medicare or a certificate must provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, *copayment, or coinsurance amounts* ~~[amount and copayment percentage factors]~~. Premiums may be modified to correspond with such changes.

4. A policy to supplement Medicare or a certificate must not provide for the termination of coverage of a spouse solely because of the occurrence of an event specified for the termination of coverage for the insured, other than the nonpayment of premiums.

5. A policy to supplement Medicare or a certificate must be guaranteed renewable. The issuer may not cancel or refuse to renew the policy or certificate solely because of the health of the

insured or for any other reason than the nonpayment of premiums or for a material misrepresentation.

6. Termination of a policy to supplement Medicare or a certificate must be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, and limited to the duration of the policy benefit period, if any, or to the payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

7. Benefits and premiums must be suspended at the request of the policyholder or certificate holder for the period, not to exceed 24 months, during which the holder has applied for and is determined to be eligible for medical assistance under Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 et seq., if the holder notifies the issuer of the policy or certificate within 90 days after the date he becomes eligible for such assistance.

8. If benefits and premiums are suspended pursuant to subsection 7 and the policyholder or certificate holder loses his eligibility for assistance under Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 et seq., the policy to supplement Medicare or the certificate must be automatically reinstated effective as of the date the holder is no longer eligible for assistance if he:

- (a) Gives notice of his loss of eligibility to the issuer within 90 days; and
- (b) Pays the premium attributable to his period of eligibility.

9. Benefits and premiums must be suspended at the request of the policyholder or certificate holder for any period that may be provided by federal regulation, during which the holder is entitled to benefits under section 226(b) of the Social Security Act, 42 U.S.C. § 426, and is covered under a group health plan, as that term is defined in section 1862(b)(1)(A)(v) of the Social

Security Act, 42 U.S.C. § 1395y(b)(1)(A)(v). If benefits and premiums are suspended pursuant to this subsection and the policyholder or certificate holder loses coverage under the group health plan, the policy to supplement Medicare or the certificate must be automatically reinstated effective as of the date of loss of coverage if the policyholder or certificate holder provides notice of loss of coverage within 90 days after the date of the loss *and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.*

10. If a policy to supplement Medicare or a certificate is reinstated pursuant to subsection 8 or 9:

(a) A waiting period for the treatment of any preexisting condition must not be required;

(b) The coverage provided must be substantially equivalent to the coverage in effect before the benefits and premiums were suspended. *If the suspended policy to supplement Medicare provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension;* and

(c) The terms for the classification of premiums must be at least as favorable to the policyholder or certificate holder as the terms in effect before the benefits and premiums were suspended.

11. If an issuer makes a written offer to the Medicare Supplement policyholders or certificate holders of one or more of its plans, to exchange during a specified period from his or her 1990 Standardized plan, as described in NAC 6887B.295, to a 2010 Standardized plan, as described in section 6 of this regulation, the offer and subsequent exchange shall comply with the following requirements:

(a) An issuer need not provide justification to the Commissioner if the insured replaces a 1990 Standardized policy or certificate with an issue age rated 2010 Standardized policy or certificate at the insured's original issue age and duration. If an insured's policy or certificate to be replaced is priced on an issue age rate schedule at the time of such offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to the pre-funding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the Commissioner pursuant to NAC 687B.229.

(b) The rating class of the new policy or certificate shall be the class closest to the insured's class of the replaced coverage.

(c) An issuer may not apply new preexisting condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 Standardized policy or certificate of the insured, but may apply preexisting condition limitations of no more than 6 months to any added benefits contained in the new 2010 Standardized policy or certificate not contained in the exchanged policy.

(d) The new policy or certificate shall be offered to all policyholders or certificate holders within a given plan, except where the offer or issue would be in violation of state or federal law.

Sec. 12. Section 3 of LCB File No. R066-07 is hereby amended to read as follows:

[‡]—The High Deductible Benefit Plans F and J offer benefits similar to the benefits offered by the Standardized Benefit Plans F and J except that the high deductible benefit plans require a higher deductible. The annual deductibles for the High Deductible Benefit Plans F and J are subject to change. For the current deductibles, please consult the most current version of the *Guide to Health Insurance for People with Medicare*, which must be provided by an issuer to an applicant pursuant to NAC 687B.240. The cover page of the outline of coverage which must be provided to an applicant by an issuer pursuant to this section must specify the current amount of the deductible. The annual deductibles for the High Deductible Benefit Plans F and J may be adjusted annually by the Secretary of the United States Department of Health and Human Services to reflect the change in the Consumer Price Index for All Urban Consumers published by the United States Department of Labor for the calendar year ending on July 31 of the immediately preceding year, and rounded to the nearest multiple of \$10. Benefits for the High Deductible Benefit Plans F and J begin after the insured has paid the annual deductible for expenses that would ordinarily be paid by the plans, including, without limitation, the Medicare Part A deductible and the Medicare Part B deductible. The annual deductible must be paid in addition to

the premium and in addition to any other deductibles relating to a specific benefit, including, without limitation, the deductible for prescription drugs, if applicable, and the deductible for emergency care received in a foreign country.
