LEGISLATIVE REVIEW OF ADOPTED REGULATIONS AS REQUIRED BY
NRS 233B.066
LCB File #R009-11

The following statement is submitted for amendments to Nevada Administrative Code (NAC) 284.

1. A description of how public comment was solicited, a summary of public response, and an explanation how other interested persons may obtain a copy of the summary.

Copies of the proposed regulations, notices of workshop, and notices of intent to act upon a regulation were sent by email to persons who were known to have an interest in the subject of proposed personnel regulation changes as well as any person who had specifically requested such notice. These documents were also made available on the website of the Department of Personnel (DOP), <http://dop.nv.gov/>, mailed to all county libraries in Nevada and posted at the following locations:

Department of Personnel	Grant Sawyer State Office Bldg.
Blasdel Building	555 E. Washington Blvd

Attached are excerpts from the minutes from the workshop that apply to these regulations.

A Regulation Workshop was conducted by the Department of Personnel on June 2, 2011 and a public hearing was held by the Nevada Personnel Commission on September 28, 2011.

2. The number of persons who:

- (a) **Attended each hearing:** June 2, 2011 – 42; September 28, 2011 – 57
- (b) **Testified at each hearing:** June 2, 2011 – 6; September 28, 2011 – 1
- (c) **Submitted written comments:** None

3. A description of how comment was solicited from businesses, a summary of their response, and an explanation how other interested persons may obtain a copy of the summary.

Comments were not solicited, as the regulations do not affect businesses.

4. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.

Clarification was given in regards to questions about test screening standards, test methods, protocol and procedures. Other comments were in support of the amendment; there was no opposition to the proposed language changes.

- 5. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately, and each case must include:**
- (a) Both adverse and beneficial effects; and
 - (b) Both immediate and long-term effects.

These regulations do not have a direct economic effect on either a regulated business or the public.

- 6. The estimated cost to the agency for enforcement of the adopted regulation:**

There is no additional cost to the agency for enforcement of these regulations.

- 7. A description of any regulations of other State or governmental agencies which the regulation overlaps or duplicates and a statement explaining why the duplication or overlap is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.**

This amendment will allow the adoption of procedures and supplementary standards that reflect the State's unique testing challenges while maintaining a basis for the testing program with the United States Department of Health and Human Services standards.

- 8. If the regulation includes provisions that are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.**

These regulations could potentially allow for testing for substances that are not on the federal controlled substance schedules but have been placed on the State of Nevada controlled substance schedule.

- 9. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.**

No fees are associated with these regulations.

- 10. Is the proposed regulation likely to impose a direct and significant economic burden upon a small business or directly restrict the formation, operation or expansion of a small business? What methods did the agency use in determining the impact of the regulation on a small business?**

These regulations are specific to State government agencies and has no impact on small businesses.

Shelley Blotter: Opened the meeting at 9:00 a.m. and welcomed everyone. She asked everyone in attendance to sign the sign in sheet and stated the purpose of the workshop was to solicit comments from affected parties for proposed permanent regulations. These regulations will be going to Legislative Counsel Bureau for pre adoption and then to the Personnel Commission meeting in August.

Mark Evans: I will be addressing two proposed amendments that pertain to the State's rules on testing for the use of alcohol and drugs. These regulation changes were recently proposed as temporary amendments and are now being presented for permanent adoption.

In Item P section 16, the Department of Personnel is proposing a permanent amendment to NAC 284.882. The U.S. Department of Health and Human Services guidelines provide standards on issues to include, for example, cutoff testing levels and laboratories. The standard regarding laboratories is consistent with NRS 284.4067 that requires screening tests to be performed by a laboratory that is certified by the United States Department of Health and Human Services. However, also adopting the procedures does not allow for flexibility in the State's drug and alcohol testing program. This amendment will allow the Personnel Commission to adopt procedures and supplementary standards that reflect the State's unique testing challenges while maintaining bases for the testing program with the federal standards. This could potentially allow for testing for substances that are not on the federal controlled substance schedules but have been placed on the State of Nevada controlled substance schedule. The Department of Personnel is currently researching procedures and standards used by other public entities.

Kevin Ranft: Is there a standard of screening test that is already established and is it posted?

Mark Evans: All the drug standards are set by the Department of Health and Human Services and they are national standards and alcohol is set by the State. We were allowing if there were other standards for drugs we could include them.

Shelley Blotter: This was to provide for additional drugs that were not included.

Ron Dreher: What kind of testing would be given? Blood, urine, breathe?

Mark Evans: Urine for drugs. .Breath for alcohol. In the case of an accident or if employee was unconscious, it could be blood.

Shelley Blotter: Closed the workshop.
