A REGULATION relating to state personnel; revising certain provisions concerning family and medical leave; and providing other matters properly relating thereto.

Section 1. NAC 284.5811 is hereby amended to read as follows:

284.5811 1. Except as otherwise provided in subsection 2, an employee who is entitled to take leave pursuant to the Family and Medical Leave Act is limited to a total of 12 weeks of such leave during a rolling 12-month period. The rolling 12-month period is measured backward from the date an employee uses any leave pursuant to the Family and Medical Leave Act.

2. An employee who is entitled to take leave pursuant to the Family and Medical Leave Act to care for a covered service member is limited to a total of 26 weeks of such leave during a single 12-month period.

3. To calculate eligibility for leave pursuant to the Family and Medical Leave Act, each hour that an employee is in paid status in the 12-month period immediately preceding the leave must be considered as time worked.

4. Except as otherwise provided in ~~subsection~~ *subsections 5 and 6*, an employee who meets the requirements for eligibility for and who is taking leave pursuant to the Family and Medical Leave Act must exhaust all the accrued sick leave, accrued annual leave, accrued

compensatory time and catastrophic leave that the employee is eligible to use based on the nature of the absence before using leave without pay. Any accrued sick leave, accrued annual leave, accrued compensatory time, catastrophic leave and holiday pay to which the employee is entitled pursuant to NAC 284.255 runs concurrently with the leave granted pursuant to the Family and Medical Leave Act if the employee is otherwise eligible for that sick leave, annual leave, compensatory time, catastrophic leave or holiday pay.

5. If an employee is absent from work as the result of a work-related injury or illness and meets the requirements for eligibility for leave due to a serious health condition pursuant to the Family and Medical Leave Act:

(a) Any amount of time that the employee is absent from work during that period will be designated as leave pursuant to the Family and Medical Leave Act; and

(b) The employee may elect to use paid leave or leave without pay for the portion of time that he or she is not being compensated for the work-related injury or illness.

6. *If an employee is absent from work as the result of a non work-related injury or illness, the employee is receiving compensation for the injury or illness from a disability benefit plan and the employee meets the requirements for eligibility for leave due to a serious health condition pursuant to the Family and Medical Leave Act:*

(a) Any amount of time that the employee is absent from work during that period will be designated as leave pursuant to the Family and Medical Leave Act; and

(b) The employee may use paid leave for the time that the employee is being compensated for the non-work related injury or illness if the employee has entered into an agreement with the appointing authority to use the paid leave. If the employee and the appointing authority

have not entered into such an agreement, the employee may not elect to use and the appointing authority may not require the employee to use paid leave for that time.

7. An appointing authority may require an employee to provide medical or other appropriate documentation to support his or her need for leave pursuant to the Family and Medical Leave Act.
